## Rotary To Sponsor Spring Concert

The Clarkston Rotary Club has made arrangements to present a Spring Concert in the Clarkston High School Auditorium on May 6th.

The artists from The Detroit Municipal Opera Company, of Detroit, featuring many of the stars of opera, stage, radio and television, will bring many of your favorite songs in a modern operatic concert that will thrill the entire family.

Keep this date in mind—better still—purchase your tickets now from any Rotary member—and attend what promises to be a full evening of fine music.

Due to circumstances the speaker scheduled for last Monday evening's meeting failed to appear. The time generally given to the program was spent by the committees in planning for the concert.

A fine chicken dinner was served by the ladies of the Seymour Lake Methodist Church.

## Operetta, Today At Sashabaw

This afternoon, Thursday, April 15th, at 3:30 P. M., in the Sashabaw Presbyterian church, the second and third grades of Sashabaw Elementary School will present an operetta "The Easter Bunny", under the direction of Miss Yvonne McKenney. Acting as the Easter bunny will be Kenneth Brewer, whose magical powers change white eggs to colored ones and make the children happy.

Following the operetta, sacred Easter music will be sung by the fourth, fifth and sixth grades. Miss Margaret Savage will be accompanist for the groups.

The numbers will include: "God My Father" by David Williams; "Legend", Tchaikowsky; "Once There was a Garden Fair", Roberta Bitgood; "Christ the Lord Is Risen Today", Llanfair (the text of this song is taken from Psalm 90).

The children invite the public to attend.

Mr. and Mrs. Nelson Clark of Watkins Lake are enjoying a vacation in the southland. They are spending considerable time in New Orleans. Last Friday they had dinner at the famous Antoine's Restaurant, the oldest French restaurant in New Orleans. Others from this area who are visiting New Orleans and who dined at Antoine's on Tuesday are the M. D. Valentines of Dixie Highway, returning from spending the winter in Hollywood, Florida.

## The Proof

With balmy days and daffodils, And crocus all in bloom; With carpets green upon the hills, Farewell to winter gloom. I felt it strike the other day, It penetrated deep, Its grave effect won't go away I'm restless when I sleep. I crave to labor in the soil, And let my fingers feel God's mellow earth whenever I toil,

And know His gifts are real. All fragrant ways I would ignore, And let my feet go free; I'd leave my shoes and socks in-door

Where they won't bother me. I'd prune some trees and plant some seeds, Then watch them bloom and grow;

I'd cultivate and pull the weeds, And care for what I saw. I'd praise my maker all anew For wonders He has wrought, And know the Easter story's true By lessons nature's taught.

Sun. Mon. Tues. April 18-19-20 Easter Special for the whole family.

Dean Martin, Jerry Lewis in MONEY FROM HOME in Technicolor

## Junior Play A Big Success

On Friday and Saturday evenings of last week the Junior Class of the Clarkston High School presented John G. Fuller's "A Connecticut Yankee in King Arthur's Court". The play provided a fine evening of entertainment. The story, which most people are familiar with, was not only amusing but interesting.

The Juniors and their director Miss June Cooper are to be commended for a job well done. The characters were well chosen; the make-up by Mr. Bonner was exceptional and the committees in charge of stage set-up, lighting, wardrobes, programs, etc., all helped to make this annual affair a real success.

The main parts—the Connecticut Yankee portrayed by Jack Brooks, Vern Carman as King Arthur, Arlene Gaynor as Guenevere, the magician, Don Turek, and Morgan LeFay played by Shirley DeConinck—were very well done. These young people had many lines to memorize and they needed very little prompting, if any. Their poised as actors was amazing and they appeared to be really living the story as they went along. The other parts played by Jackie Hadley, Laura Ruggles, Larry McNeil, Roger Johnson, Dorothy McEvoy, Lanny Leak, Wilma Miner and Larry Johnson were equally as well portrayed as the lead parts and all Juniors involved were a real credit to their class.

Between acts Richard Johnston, in behalf of his classmates, presented Miss Cooper with a corsage. They appreciated her help, her patience and her courage for undertaking a presentation with such a large cast and guiding them in this their one big event of the year which helps to build up their treasury.

## Clarkston Locals

Mrs. Frank Stauter is a patient in Pontiac General Hospital where she underwent surgery, the first part of last week. Her room number is 422.

The merchants and shoppers in Clarkston this week have enjoyed seeing and hearing the band from the Clarkston School. Mr. Connor, the leader, is giving the band members a good workout each morning. They march from the school west to Main St., and then around the business block and back to the school. The stirring music and the enthusiasm displayed by these young musicians is much appreciated by the townsfolk.

## Plans Progressing For Vaccine Trials

Plans for the mass polio vaccine trials progressed today with reassurances of Dr. Robert J. Mason, president of the Oakland County Medical Society, and Dr. John D. Monroe of the County Health Department that all possible steps are being taken to assure safety of the serum.

Dr. Mason stated that not one drop of the vaccine will be given any child here if there's the least danger it may harm that youngster. He added that none would be vaccinated until "we get a written statement from the U. S. Health Service that it's absolutely safe."

All vaccine used in the field trials must first pass triple tests by the manufacturer, Dr. Jonas E. Salk's laboratory and the National Institutes of Health. County parents were assured that the vaccine reaching the school clinics had been certified safe by all 3 testing laboratories.

Meanwhile, the county will go ahead with plans to start the field trials the last week of April. Nearly 35,000 children in first, second and third grades are scheduled to take part.

No child will be given either the vaccine or the inactive control substance unless his parents have given written request that he take part in the test. Test children, called "Polio Pioneers" will receive certificates and buttons at completion of the series of three shots.

No one taking part in the trials, not even the doctors giving the shots, know which child receives the vaccine and which receives the substitute. This is recorded in coded identifications which will be interpreted when the results are studied later. The health records of all participating children will be compared in the scientific evaluation of the polio vaccine's effectiveness.

## Oldtimers To Hear Noted Naturalist

Walter P. Nickell, Cranbrook Naturalist, will entertain with colored slides and tell about birds, wildflowers, mammals, reptiles, amphibians and insects at the Oldtimers Party at the Clarkston Community Center on Thursday, April 22nd. Mr. Nickell is world famous as a naturalist and is well known as a clever photographer.

Luncheon will be served at 12:30. All oldtimers are asked to bring along a carton of powdered milk to be sent to Korea. For transportation call MAple 5-2981.

## Mrs. Fred Warrick Hostess To Circle

On Thursday of last week Mrs. Fred Warrick served a delicious luncheon to the Martha Circle of the Methodist Woman's Society of Christian Service, at her home on Allen Road, with Mrs. J. P. Hubbard assisting.

A short business meeting was held at which time a letter from Mrs. Frank Jewell who is caring for her mother who is ill, was read. Good wishes were extended to Mrs. Jewell.

This being the last meeting of this group, they enjoyed the remainder of the afternoon reminiscing.

## B. & P. W. Club Met Tuesday

The Waterford Township Business and Professional Women's Club met on Tuesday evening at the C. A. I. Building. Dinner was served by the Waterford Women's Club at seven o'clock. The tables were attractive with an Easter egg tree centering the officers' table and Easter baskets, bunnies and colored eggs being used on the other tables.

Before the business meeting guests were introduced and the speaker for the evening, Mrs. Hazel Trumble, was presented. Mrs. Trumble who has been associated with newspaper work for the past ten years gave a sketch of the problems that confront an editor and his co-workers. She gave her listeners some idea of the many questions that must be answered in regard to why a newspaper does this or that, and she also explained that an editor strives to give full news coverage regardless of his personal feelings on any subject. The group enjoyed Mrs. Trumble's talk and being business and professional women they decided that there were 'ups and downs' in whatever line of work you pursued.

Following the talk many committee reports were heard. The District Meeting on May 2nd, at Bulman School, on Delaware at Puritan in Detroit, was announced and members were urged to attend. Reservations for the one o'clock luncheon must be in by April 23rd to Marian Slaughter, 15498 MacArthur, Detroit. An invitation to attend International Night at the London Hotel in London, Ontario, on Saturday evening, May 1st, was read. The group was reminded of the card party and style show being sponsored by the City Federation on May 5th, at the Elks Temple in Pontiac.

Delegates to the State Convention at the Hotel Statler in Detroit on May 21-23 are: Mrs. John Landon, Mrs. Royal Pazik, Mrs. Harry Ault, Mrs. R. F. Hoag, Mrs. Florence Schlosser and Mrs. W. H. Stamp. Alternates are Mrs. H. A. Mitchell and Mrs. J. W. Walter.

Mrs. R. B. Munro, who attended the meeting to plan for the mobile chest x-ray unit in Waterford Township, gave a report and it was decided that the B. & P. W. Club would assist at the Huron Center for the three days, May 21, 24, and 25, from 12 noon until 3:00 P. M.

Six persons were voted into membership and will be welcomed at the next meeting.

The members were asked to bring magazines to the next business meeting, suitable for distribution at the Veterans' Hospital in Dearborn.

Program Night will be held at the home of Mrs. Royal Pazik, 1120 Cass Lake Road, on Tuesday evening, April 27th, at 8 o'clock. At this meeting the women will busy themselves sewing cancer pads. Each person is asked to furnish her own needle, white thread and thimble.

## Localite In Recital In Detroit, April 21

The Detroit Institute of Musical Art, affiliated with the University of Detroit, will present Adele Thomas in a program of two-piano music on Wednesday evening, April 21st, at 8:30, at the Recital Hall, 52 Putnam Ave. Also on the program will be Charlotte McCray, soprano. At the second piano will be Henry Kolbe.

The largest part of the program will be drawn from the original two-piano literature of the 20th century.

Adele Thomas of Clarkston is a teacher of music theory and language diction at the Detroit Institute of Music.

Charlotte McCray and Henry Kolbe are both on the faculty of Detroit Institute of Music and are well known in Detroit music circles—Mrs. McCray through her opera and television work and Dr. Kolbe through his concert and chamber music activities.

There is no admission charge for this recital and everyone is welcome.

## NOTICE

The ladies of the Davisburg Methodist Church will not serve the regular monthly dinner this month on account of the date falling on Good Friday.

## Gregory Curry Is One Year Old

On Thursday, April 8th, Mrs. John Curry entertained at the home of her parents, Mr. and Mrs. E. L. Porritt, to celebrate the first birthday of her son, Gregory. Refreshments consisting of cake and ice cream were enjoyed. Gregory was quite thrilled with all his pretty gifts and the grown-ups present were amused at all the antics of the little tot.

Among the guests were Mrs. Kenneth Craft and Karen, Mrs. William Howland and Charli and Billie Jean, Mrs. William Porritt and Richard and Cindy and Mrs. Gary DeVar with Roddie. Others were Mrs. John Adams, Mrs. Stan Nivelt and Mrs. Robert Sharrock.

## Program Outlined For Michigan Week

A schedule of seven special days for Michigan Week has been announced by Jay D. Runkle, general chairman of Michigan Week. Each day of the week, May 2-8, will be devoted to a state-wide observance of a different aspect of Michigan life.

The days, their titles and meanings as set up by the Michigan Week program committee are:

Sunday—"Michigan Spiritual Foundations Day. A day devoted by the people of all faiths, in their churches, to the spiritual values of life in Michigan, to thanksgiving and to the encouragement of good understanding among the citizens of this state".

Monday—"Our Heritage Day. Attention to the traditions and the history that have produced the community and the state of which each Michigan citizen is proud today".

Tuesday—"Our Livelihood Day. In each community, examination of and reflection upon how the people of the community make their living".

Wednesday—"Exchange of Mayors Day. A general exchange of heads of municipal government for one day among the towns of Michigan as a means of getting Michigan communities better acquainted with one another and of dramatizing the purposes of Michigan Week".

Village President Russell Colton will leave here Wednesday, May 5, for a one-day tour of duty at Stanwood, Mich. On the same day Stanwood's Village President will take over the government reins in Clarkston.

Thursday—"Michigan Hospitality Day. Accenting one of the state's greatest assets, the natural friendliness and courtesy of Michigan people, which has helped to make our state a tourist favorite and contributed to the prosperity of all Michigan people through our huge tourist industry".

Friday—"Education Day. Open house and special Michigan appreciation activities for students, teachers and public in schools and colleges throughout the state".

Saturday—"United Michigan Day. Accompanying the groundbreaking for the bridge across

## Chest X-Ray To Visit Clarkston

On Friday, April 23rd, there will be a meeting at the Township Community Center at one o'clock, to make plans to have the Mobile Chest X-Ray Unit visit Clarkston on May 11 and 12. Leslie Greene, Superintendent of Schools will act as temporary chairman. All clubs and organizations are asked to have a representative at this meeting.

## Sashabaw P. T. A. Installs Officers

The Sashabaw P. T. A., held its meeting on Monday evening, April 12th. Mrs. Campbell, art teacher, reported on the progress of her pupils. She had on exhibition several ceramic pieces, tile and other art work which the children had made.

The Mothersingers of Drayton Plains entertained the group with several good numbers, after which all joined in community singing.

The following officers for the coming year were installed by Past President Mrs. H. Staley: Mrs. J. Frankenberg, Mrs. Gean Frechette, Mrs. Lippert and Mr. Marsh.

Dainty refreshments were served.

## Clarkston Locals

Ivan Rouse is still in a serious condition in Pontiac General Hospital. He has undergone the second operation on his leg.

The children who attend the Deer Lake Farm Nursery School had an Easter breakfast at the school this morning at 8:30. Following the breakfast the little tots had a good time dyeing eggs. There will be no school on Good Friday.

Mr. and Mrs. C. O. Lanning of N. Holcomb St., have returned home after spending the winter in Tampa, Florida. Mrs. Lanning's sister, Mrs. Marguerite Miller, who has been with them in Tampa for the past three weeks, returned with them.

On Tuesday evening of last week several neighbors and friends gathered at the home of Mr. and Mrs. Joseph P. Hubbard to help celebrate the birthdays of Mr. Hubbard and Arnold Mann. It was a real surprise for the two men but they enjoyed it. Centering the refreshment table was a large birthday cake on the top of which was inscribed the names of the honorees.

## ADULT EDUCATION ASSOCIATION WILL BE FORMED MAY 7

Months of advance planning and discussion will come to an end in East Lansing on Friday, May 7, when the constitutional assembly to form the Adult Education Association of Michigan is held.

The invitation is extended to any person interested in adult education to attend or for organizations to send delegates to the meeting, which is scheduled for the Union Building on the Michigan State College Campus.

The association is being formed to replace the Michigan Council on Adult Education. Its aim will be to coordinate and expand activities in adult education in the state. The May 7th meeting will start at 9:30 A. M.

The Straits of Mackinac which will link Upper Peninsula and Lower Peninsula into one state indivisible.

Michigan Week is being observed for the first time this year. Its purpose, is to remind Michigan residents of their state's great resources, heritage and opportunities. Theme of the week is "This Is Your Michigan".

May the promise of eternal life lift your spirit and may your heart find peace and contentment at the coming of this Holy Day.

## Local 4-H Boys Receive Awards

Five of the boys of the Clarkston 4-H Club who exhibited at the 4-H Achievement Exhibition at the Lincoln Junior High School in Pontiac last Saturday received recognition. Larry and Donald Moran received a blue ribbon on farm planning and Lee Perry, Bill Brian and Alan Walton received one first and three seconds on their soil samples.

These boys are now eligible to go to Higgins Lake on a field trip to complete their projects on May 22-25.

The leader of the Clarkston 4-H Club is Mrs. Ralph Walton.

## By The Way . . .

Financial item of the week: The Buckner Finance Company of Drayton Plains will open their offices, across from the Post Office today. . . Ray Graessle, who is well known in Clarkston and vicinity is now operating a new home decorating service. Representing Berry Brothers, with their complete line of paints and varnishes and a well known line of wallpaper, he will call at your home so that you can make your selection in the room you wish decorated, and you can do the work yourself with his suggestions. . . Friday night should decide the hockey championship and Tuesday marked the opening of the baseball season for this year. Believe it or not the year is slipping by rapidly. . . For those of you who wish to know where some of your money goes you can review the statement of the Township of Independence on page six of this issue. . . Purely personal: Received a card from the M. D. Valentines that they had visited Antoine's in New Orleans on our recommendation. Well, the Oysters Rockefeller and Crepe Suzettes there are worth talking about. . . The fire departments of Independence and Waterford Townships have generally called before this to ask us to remind you to watch the grass fires. Last Sunday the constant siren blowing was evidence that the fires were again with us. . . Spring is here so—Last winter when it was below zero, a girl told her sweetheart that she couldn't think of marrying him until he had saved at least a thousand dollars. Recently with spring bursting out all over, she inquired how much he had saved. He had saved \$35.00. "That's near enough", she remarked. . . And now we approach the end of Lent, Good Friday and Easter. Most of the churches will have special services. Plan to attend the church of your choice.

Man's spiritual unity with God, as taught and lived by Christ Jesus, will be brought out in Christian Science services Sunday in the Lesson-Sermon entitled "Doctrine of Atonement".

Keynoting the Lesson-Sermon is the Golden Text from I Timothy: "There is one God, and one mediator between God and men, the man Christ Jesus; Who gave himself a ransom for all, to be testified in due time" (2:5,6).

The following passage will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"We acknowledge Jesus' atonement as the evidence of divine, efficacious Love, unfolding man's unity with God through Christ Jesus the Way-shower; and we acknowledge that man is saved through Christ, through Truth, Life, and Love as demonstrated by the Galilean Prophet, in healing the sick and overcoming sin and death" (497:13).

From the Bible the following verses will be among those read: "Therefore if any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new. And all things are of God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation; . . . Now then we are ambassadors for Christ, as though God did beseech you by us: we pray you in Christ's stead, be ye reconciled to God"

Waterford

Mr. and Mrs. Leland Bunyan and two daughters are spending this month in Florida.

Mrs. Ed. Hague is now home from the University Hospital at Ann Arbor and is progressing nicely following major surgery. Mike Siegman is spending the

Easter vacation at the home of his parents, the O. L. Stegmans. He is a student at St. Michael's College in Toronto, Ontario.

The Phil Stites family recently purchased a home in Holly and are now living there. Phil is working in Flint where he has his own stone business.

The Robert Materna family accompanied by Carol Lynn Hillman and Richard Helman, were at their cabin at Platte Lake for the weekend.

Sally Eaton, a teacher in the Reading, Michigan school, spent the weekend at her home. She and a teacher friend are spending Easter in New York City.

Pvt Pete Hawke has been on furlough from his base in San Diego, and has now gone to Florida for further training in aviation school. His brother Bill who is in the navy arrived home on Monday for a month's leave. They are the sons of Mr. and Mrs. R. L. Hawke of Williams Lake.

Mrs. Percy Hunt will entertain the ladies of the Good Will Club at a one o'clock luncheon on Thursday, April 22nd. Mrs. Lyman Girst will assist the hostess.

The Waterford Women's Club will meet tonight (Thursday) at the C. A. I. building. Final plans for the Club's outing will be made. This will be a bus trip to Detroit with dinner on the way down followed by the group attending George Gershwin's production "Porgy and Bess" at the Cass Theatre next Thursday, April 22nd. All members are welcome to go but reservations must definitely be made at once.

Mrs. O. L. Duguid will be hostess for the Waterford Birthday Club when it meets at the C. A. I. building Wednesday noon, April 21st.

Due to Easter the Book Review Group meeting has been postponed a week, until April 26th, at which time it will meet at the home of Mrs. Karl Kreitz at Watkins Lake. Mrs. Eugene Cleland will review "Merry Hall" by Beverly Nichols.

Good Friday service at Christ Lutheran Church will be held at 8:00 P. M. The Senior Choir will sing "The Seven Last Words of Christ" by Dubois. Easter services at the church begin at 7:00 A. M. with an early morning Easter service. The Luther League will serve an Easter breakfast at 8 o'clock. The Sunday School service is at 9:30 with an Easter gift for every pupil. The Easter worship service is at 11:00 A. M. with special Easter music. The

HEALTH HORIZONS

The Child Who "Can't Learn to Read"

If your child has difficulty in learning to read, it may be a sign that he is in trouble, physically or emotionally. Reading disability is often a distress signal, just like fever or pain—and like them, it calls for diagnosis and treatment, advises Spectrum, the weekly news service prepared for physicians by Chas. Pfizer & Co. Like fever, reading disability may be due to any number of causes. But one thing is sure. The child who can't keep up with his class in reading is not happy. Whatever his I.Q., he feels inferior. Scolding or coaxing will only make him feel more of an outcast. Educable is even worse. Like a sick child, he needs help.

First, See Your Doctor A good starting point for intelligent help is your family doctor. A complete physical check-up will disclose whether or not the child's difficulties are due in any way to ill health or some unsuspected defect. Eyesight and hearing should be tested particularly. But the physical examination, whether it uncovers any handicap or not, is only a beginning in most cases of reading disability. Very often the boy or girl who can't learn to read is troubled emotionally, investigators have found. Growing up is a difficult process in many ways, and children have more problems than most parents suspect.

Other Experts May Help Obviously, a troubled child needs help by someone especially trained in children's problems. That's a task for an educational psychologist or a child psychiatrist. It

service of Holy Baptism is at 3:30 in the afternoon and closing the day will be an Easter Evening Communion at 6:30.

There were 18 present for the meeting of last week at the home of Mr. and Mrs. Elmer Davis. Mrs. William Granger conducted the business meeting and Henry Mehler was in charge of the lesson. The group voted to help with the flowers for the Easter services at the Church. Mrs. Ella Shook and Mrs. Mehler assisted with the refreshments.

EASTER TIME SERVICES AT WATERFORD COMMUNITY CHURCH

Easter weekend services at the Waterford Community Church will begin with a Candlelight Communion Service on Friday, April 16, at which time the Lord's Supper will be observed in memory of Christ's death for our sins. The service will be deeply devotional, and will include choral selections of hymns accompanied by the organ.

On Easter Sunday services will begin early, with a Sunrise Service at 7 A. M. "We Know He Arose" will be the theme of this gathering, featuring testimonies by Christians who have the full assurance that Jesus arose from the dead.

Sunday School will be held at the regular time, 9:45 A. M., followed by the Easter Morning Worship Service, with the pastor, Rev. W. VanPlew preaching the sermon on the subject, "The Reality of the Resurrection". A Junior Worship service held at the same time under the direction of Miss Esther Banghart, will present the Easter story in a beautifully colored film strip entitled, "The Footsteps of the Risen Christ". Nursery care for small children is provided during the morning worship hour.

The Annual Sunday School Easter program, under the direction of Miss Betty Jencks, will be given on Sunday evening at 7 o'clock. Scholars from all parts of the Sunday School will participate.

A cordial invitation is extended to all in the community who have no church home to join with the happy services of this glad Easter season at Waterford Community Church.

GOOD NEWS CLUB HONOR ROLL

During the months of February and March the following boys and girls of the Good News Clubs, sponsored by the Waterford Community Church, earned special recognition for their achievements in their Clubs: One month: Diane Bailey, Marianne MacLarty, Jenny Gidcomb, Paul David II, Margaret Keech, Tom Keech, John Mahan, David Pickup, Peggy Underwood, Judith Warner, Rebecca Warner, Susan Lanpher, David Kurtz, Sharon Norton, Cheryl Couturier, Michael Meschen, Linda Vore, Larry Wallace, Loretta Morgan, Carolyn Powell, Viva Jean Ryden, Norma Williamson, Judith Brien, Jimmy Brien, Gloria Garland, Cheryl Portwood, Carolyn Klender

Two months: Lorann Jehle Dottie Jehle, Linda Shephard, Bettlu Maxwell, Virginia Studebaker, Judy Wallace, Vance Meyer.

Highest honor was received by Vance Meyer of the Maceaday Gardens Club.

SECOND MARINE DIVISION STARTS EDUCATION FUND

A special tenth anniversary edition of Robert Sherrod's memorable "Tarawa—The Story of a Battle" will be published during the month of April as a practical tribute to those gallant Marines who lost their lives on its beaches.

The anniversary edition will lay the foundation for a fund with which the Second Marine Division Association will finance college education for deserving sons and daughters of the Division's heroic dead.

According to Brigadier General David M. Shoup, who won the Medal of Honor on Tarawa, a portion of the price of every book sold will be ear-marked specifically for that purpose. Additional direct contributions to the fund will be accepted and placed one hundred percent to the credit of the fund. Plans for management of the fund already are being worked out.

One feature of the Tenth Anniversary Edition will be a new foreword by the author, in which the famed correspondent sums up his reaction from the perspective of today.

Another feature will be the

thoughts—"after 10 years"—of Fleet Admiral Chester W. Nimitz, Lieutenant General Julian C. Smith, Major General Merritt A. Edson, General Shoup, Colonel Henry P. Crowe, and a score of others who played a vital role in that historic battle.

As Admiral Nimitz says, "Never before was such a tough job done so completely in such a short time".

Ten years later, the job of building a fund for the children of fallen comrades promises to be done just as completely. Copies of the Tenth Anniversary Edition may be ordered from The Tarawa Book Fund Association, c/o Brigadier General D. M. Shoup, P. O. Box 2042 Potomac Station, Alexandria, Virginia.

11:45 and arrived home at 5:00. We enjoyed our trip very much and saw many interesting things. Some of us had time to visit the Historical Museum also. We'd like to thank all the mothers who made it possible for us to go by providing transportation for us. The plants in our garden are growing very well.

In our spelling contest in the room Jackie Powell's team is ahead of Larry Miles' team by 10 points.

At the district spelldown at Davisburg last Friday Donna Ruggles represented our school. Although she didn't win we are very proud of her.

Jackie Powell has gone to the hospital and we do hope she will be able to return to school soon.

We are looking forward to our Easter vacation and we hope you have a very happy Easter.

Richard Mansfield

**THE WABAHAS**

Edited by the Sixth Grade

**INDEPENDENCE TOWNSHIP**  
(continued)

Determined upon his capture, the brave hunter attacked him with his knife. Now ensued a mortal combat, unwitnessed by human eyes, but which, judging from the fearful manner in which the Indian was lacerated, must have been terrible. Day followed day, and We-me-gan returned not to his home, although the storms of the season had now set in. Alarmed for the safety of their father, his three sons, Ke-o-gum, Mashquet, and As-a-bum began a search. For some days they looked in vain, as the drifting snow had covered up his tracks, until they found evidence of his pursuing some wild animal. The indications were soon unmistakable, and ere long they found tracks of blood. Following these they at last came to the lifeless form of Wa-me-gan, reposing against the trunk of a tall pine tree in the Sashabaw Plains. He had dressed his wounds, and then, exhausted, had drawn his blanket over his head to await death which was sure to follow his injuries. The young men bore his remains to Silver Lake, where they laid them by the side of Sashabaw, and then returned to the Plains to avenge their father's death.

**FOURTH GRADE Mrs. Mann**

Anita Wepfer brought some very pretty pussy willows. Joel Edmonds and James Bolan left us.

We have two new fish. They are a Neon Petra and a full grown Betta. We are working on an Easter bulletin board.

We are studying ranch life in geography.

**FIFTH GRADE Mrs. Hedden**

We are going to sell garden

seeds at P. T. A. on April 12. The money we make will be used on our trip to Bob-Lo.

Sandra Swansey is our Queen and Ronald Lundy, King for the Spring Fair. Jackie Woodall was runner-up for Queen and Johnnie Hicks for King.

There are several cases of mumps in our room at the present time.

**BAILEY LAKE Mrs. Burley**  
Mrs. Campbell took us on a trip to the Art Museum in Detroit yesterday.

Patsy Swain came back today. She had the mumps for two weeks. We are glad to have her back.

We are working on lettering in Art. We made all kinds of flowers and put them up along the blackboard. Our next project will be basket weaving.

We elected Carolyn Talmage for our Queen and Tim Jockwig for King.

**BAILEY LAKE Mrs. Rowley**  
Music—it's practicing for the Easter program.

Geography—we're studying the countries of South America - Venezuela is in the spotlight right now.

Arithmetic—multiplication of fractions, mixed numbers, improper fractions, multiplication by cancellations! I will we ever get all these terms straightened out.

We were a little disappointed that our Mary Brewer lost to Sashabaw's Jackie Phelan in the spelling bee for school champion last Monday. However, we stand to shout from the housetops, your victory, Jackie, at Davisburg, on April 9th.

We elected Sharon Marx for our Queen and Douglas St. Clair, our King for the Spring Fair.

**SIXTH GRADE Mrs. Wepfer**  
Gay Parks and Richard Caverly were elected Queen and King for the Spring Fair.

Jackie Phelan will be going to Davisburg Friday to represent our school in the district spelling bee. Good luck, Jackie.

Robert Richardson moved to Lake Orion; Ophelia Bolan to Pontiac, and Dian McDonald to Mississippi.

Frieda Sherrill and Gay Talmage have returned to school after having the mumps. Several are absent with them now.

**SCOUT TROOPS INVITED TO "YOUTH DAYS"**

Boy Scout Troops, Girl Scout Troops and other youth groups in the Detroit metropolitan area have been invited to attend Goodwill Industries "Youth Days" on Monday, April 19, and Saturday, April 24, it was announced today.

Refreshments and souvenirs will be given to all members of any youth organization. The only requisite is that each group be accompanied by an adult leader. A tour through the Goodwill Industries plant, 6522 Brush, Detroit, will be made showing how discarded items are cleaned and renovated by handicapped workers.

The interest that Detroit youth groups have shown in the Goodwill program has made it necessary to have two days set aside. Last year an estimated 2,500 boys and girls made the tour of Goodwill Industries.

**PROGRESS TO DATE ON MACKINAC STRAITS BRIDGE**

Progress to date on the Mackinac Straits Bridge was described this week by Prentiss M. Brown, Bridge Authority Chairman.

According to Brown, Merritt-Chapman and Scott, foundation contractors have mobilized their field forces in St. Ignace and will complete the erection of their field offices by next week. Space for the Authority and the consulting engineer will be provided. Commitments have been made for a construction site on the St. Ignace side and work is now underway on dock facilities. A railroad siding and dock facilities are also being built on the Mackinac City side.

Survey crews have been in the area since early March and land survey towers are now being erected, a 65 foot tower at the north end, and a 35 foot tower at the south end. It is expected that these towers and the mapping should be far enough advanced so that borings can start in mid-April.

The foundation contractor already has enough floating equipment in the Straits area to commence construction of the survey platforms as soon as the ice goes out of the Straits. About \$3,000,000 worth additional equip-

ment has been ordered and will be delivered in time to get the earliest possible start on construction.

Brown pointed out that D. B. Steinman, consulting engineer, and his staff checked and approved the contractor's shop drawings for the construction of the caissons and the cofferdams. These have all been ordered from the American Bridge Division of the U. S. Steel Corporation, and work is already underway on the caisson for the south cable bent pier. Delivery in late April is expected.

"We have splendid teamwork and cooperation among our engineers, contractors and ourselves. Work is progressing smoothly and rapidly, so that estimated date of completion has been advanced two months to September 1, 1957", said Brown.

He added that contracts had been completed between Stein-

man and the F. B. Farquharson and the University of Washington to design wind models and equipment to make all additional wind tunnel tests with preliminary results expected on or about July 1, 1954.

One of the unfortunate developments concerning the bridge has been the rapid-fire spread of misinformation concerning employment at the Straits. Brown pointed out that the initial labor force would only be about three to four hundred men, most of whom would be skilled workers provided through unions. Trucking, earth moving, grading and such activity would not be carried out until 1957 when the bridge approaches will be placed under contract.

"Merritt-Chapman & Scott had the contract for laying the pipeline across the Straits last year and were able to draw most of their employees from the immediate surrounding areas. Consequently, I would not advise anybody to pull stakes and go looking for work at the Straits unless he had some written guarantee", said Brown.

an invisible quantity of DDT in the wool to ward off insects.

Treatment with EQ-53 protects wool in storage for a year or more but also is especially convenient for blankets, sweaters or socks in use the year around. EQ-53 protects them for a season, unless they are washed or dry cleaned. Then they will need re-treatment.

Directions for using this product are given in detail in the publication, "Clothes Moths and Carpet Beetles" (HG-24). Single copies are free on request from the Office of Information, U. S. Department of Agriculture, Washington 25, D. C.

**MSC SPRING TERM ENROLLMENT 13,176**

Student registration for the Michigan State College spring term totals 13,176, Registrar Robert S. Linton reported. Late-com-

ers are expected to boost the figure finally to 13,400.

Linton said the 13,176 figure is 386 greater than spring term a year ago and is a normal decrease of 786 from winter term.

Of the number registered 8,566 are men and 4,610 are women. Linton said the figure includes 372 new students—51 of them doing graduate work.

Men, students with service records include 1,095 veterans of the Korean war and 470 veterans of World War II.

Butter is just one of the many dairy products made from the "almost perfect food"—milk. It contains the fat and Vitamin A of milk and has some Vitamin D, too. Because it is a fat, it is a good energy food and USDA nutritionists say each person should have one pound of butter or other fat each week for a well balanced diet.

**EXTENSION SERVICE NEWS**

by Mrs. Josephine H. Lawyer Home Demonstration Agent

**MOTHPROOFING MADE EASY**

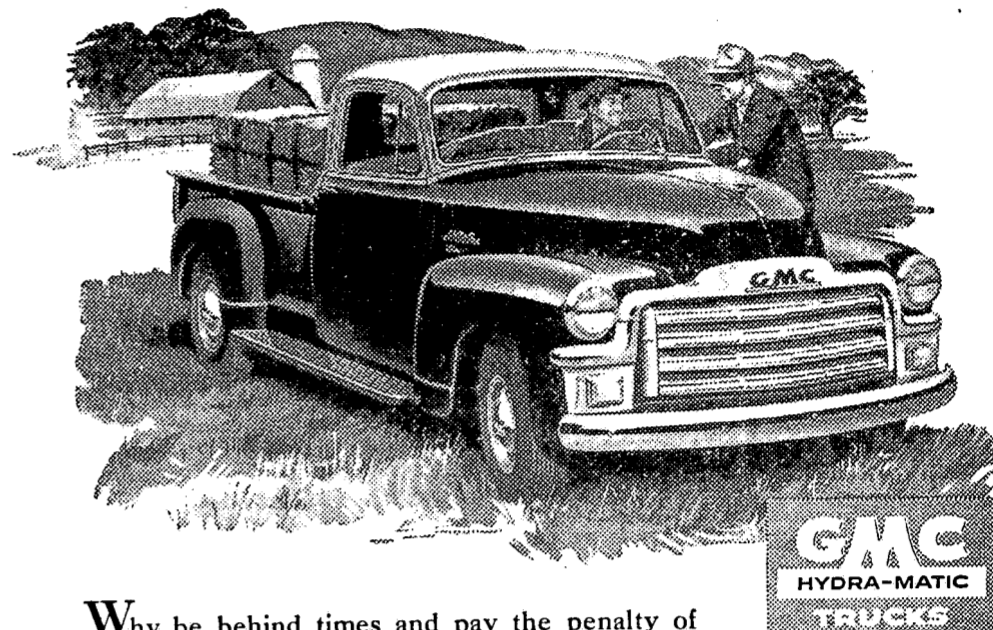

Remember EQ-53? It is the liquid product for mothproofing wool during laundering that made its debut in stores only a year ago, reminds Mrs. Josephine H. Lawyer, home demonstration agent for Oakland County.

Now as the spring season for laundering blankets, sweaters, scarfs and other wool washables has come around again, more than 80 firms are manufacturing it. It sells under various trade names, but EQ-53 appears in prominent print on most containers, says Mrs. Lawyer.

This product was developed by U. S. Department of Agriculture entomologists to meet the home-maker's need for an easy, economical, effective way to treat washable woollens against clothes moths and carpet beetles. It is the first insecticide to take a regular place among home laundering supplies. Its unique advantage is that it permits pestproofing by hand or machine. A few spoonfuls in the wash or rinse water leaves

**NEW MARRIED HOUSING APPROVED FOR MSC**

Construction of a million-dollar apartment project for married students at Michigan State College has been approved by the State Board of Agriculture, M.

S. C.'s governing body. Nine buildings—containing a total of 108 apartments—are to be completed by October of this year. The first three buildings are to be finished in 147 days. A total "lump sum" bid of \$582,694 by the Christman firm

of Lansing was accepted by the board for construction of the buildings. The company's bid was the lowest of five submitted. A bid of \$35,355.01 from the Sablain Company, also of Lansing, was accepted for sewer construction. This was the lowest of seven bids.

Construction of the nine buildings will bring to 12 the number of new apartment dwellings for married students on the M. S. C. campus, and will make available a total of 144 apartments.

Three "pilot model" units—also containing 12 apartments each—were built in 1953 in the college program of replacing the campus "trailer village".

More than 1,000 married students live on the Spartan campus annually.

**MSC CENTENNIAL THEME SELECTED**

A quotation from Lincoln's Gettysburg address has been selected from among 400 entries for Michigan State College's 1955 Centennial theme.

The phrase, "It is for us the living . . . to be dedicated here to the unfinished work", was submitted by Dr. H. J. Stafseth, director of the division of biological science at M. S. C., according to James H. Denison, chairman of the Centennial committee.

"We feel that this theme is particularly appropriate because Founders' Day, Feb. 12, also is Lincoln's birthday", Denison said. It also was Lincoln who signed in 1862 the Morrill Act, which created the national system of land-grant colleges and universities on the Michigan State pattern.

**NEWS LINERS BRING RESULTS**

Shown above is the emblem recently chosen to represent Michigan Week. Posters, decals, and advertisements will carry the green and yellow emblem throughout the state during the May 2-8 observance. This year's official theme for Michigan Week is "This is Your Michigan."

**Precious Gem Minerals Are Rare In Michigan, Says Wayne Geologist**

Examining a specimen of amethyst crystals are Dr. Willard H. Parsons, chairman of Wayne University's geology department, and Helen Kertes of Fort Huron, a senior in Wayne's College of Liberal Arts.

Precious gems were perhaps man's earliest cherished possessions. What is a gem? What makes a gem precious? Do gem quality minerals occur in Michigan?

Dr. Willard H. Parsons, chairman of the geology department at Wayne University, says that a gem must have the following characteristics: (1) Beauty—a gem must have a pleasing color and a certain amount of transparency. (2) Durability—a gem must hold up under hard wear. It must be hard enough to resist scratching and tough enough to resist breakage. (3) Rarity to be highly prized, a gem must be rare. In Michigan, gem variety minerals are a rarity, indeed. Although three or four diamonds have been found in glacial gravels in scattered localities, no large deposits of gem stones have been discovered in Michigan. However, there are a number of minerals which have unusual color markings but are not well-known or "fashionable" enough to be considered gem quality. Michigan agate which has red and white banded coloring is found on the shores of the Keweenaw Peninsula in Upper Michigan. Thomsonite, greenstone, and dat-

lite are minerals which occur only in Michigan, in the Lake Superior-Isle Royale district. Petoskey stone, found along the beach near Petoskey, is a fossil coral. It is solid and takes a high polish. Quite soft and easily scratched, however, it is used primarily for decorative objects.

Gems may be classified into three groups—natural occurring gem materials, synthetic gem stones, and imitations. Synthetic gem stones, according to Dr. Parsons, are man-made but contain the same properties and composition as the natural material. Imitations are those "gems" which are made of glass, plastics, or ceramics. Some organic materials, such as pearl and coral, are considered gem quality. It takes a trained eye and special equipment to distinguish most synthetics and many imitations from a genuine gem stone. Unless, Dr. Parsons says, a prospective buyer has special training, he should avoid "shady deals" and depend on a reliable jeweler.

Dr. Parsons is appearing on a current Wayne University television series over WJBE-TV in Detroit about the origin, industry, and care of gems called "Nature's Treasure Trove."

**SELECT FAT SUITABLE FOR THE JOB**

How do you select cooking fats? For best results in frying or baking, you'll select fats with some thought regarding the job they are to do, advises Elizabeth Osman of the foods and nutrition department at Michigan State College.

A solid fat, to be used for pastry or biscuits, should have the capacity to coat the flour, to spread well and to be rolled or pressed into thin layers.

When oils are used to make these foods, you must use methods designed especially for them points out Miss Osman. When you want to bake a cake, you need a fat with creaming quality—able to entrap and hold tiny air bubbles. The ability of the fat to mix well with other ingredients, particularly the liquid, is also important.

And, of course, the shortening power (ability to spread over the flour and produce a tender product) is just as necessary for cakes as for pies and biscuits.

When you choose a fat for fry-

ing, you need one which will stand high temperatures without smoking. Some fats are better than others in this respect but all of them need care, Miss Osman emphasizes.

Overheating should be avoided. All fats break down to some extent and smoke at a lower temperature after they have been used for some time. But they last much longer when excessive heating is avoided.

After use, they should be strained to remove foreign matter which also hastens decomposition. Then they should be stored in a cold place out of contact with light and air.

Such storage is a good rule for any fat, says Miss Osman.

While modern technology has developed fats with far better keeping qualities than were previously known, few will withstand exposure to light and air at ordinary temperatures and none will be hurt by refrigeration.

This applies to fats which are solids at ordinary temperatures and to cooking oils, which are merely fats in liquid form at ordinary temperatures.

My recipe for **SPICY RAISIN TORTE** ...

always successful in my

**ELECTRIC RANGE**

Energetic Mrs. Harry R. Smith crowds civic projects, selling real estate, club activities and home-making into her busy life. And she thrives on it. She loves to entertain, too. When friends call she often serves this Spicy Torte. It's delicious . . . and so simple to make with the help of her dependable electric range.

It's easy to be a good cook with the help of a modern electric range. There's no guesswork, watching or waiting—you simply snap a switch for the exact heat needed for every cooking job. Why wait? Change to electric cooking now.

**SPICY RAISIN TORTE**

- 1 cup brown sugar
- 1 1/2 cups hot water
- 2 tbsps. shortening
- 1 cup raisins or dates
- 1/4 tsp. cloves
- 1/4 tsp. nutmeg
- 1 cup sifted pastry flour
- 1/2 tsp. soda
- 1/2 tsp. salt
- 1 cup quick-cooking oats
- 1/2 cup chopped nuts

Combine sugar, water, shortening, raisins and spices. Boil 5 minutes. Cool. Sift flour, soda, salt, and add to cool mixture. Fold in rolled oats and nut meats. Bake in an 8 x 8 greased pan at 350°F. for 35-45 minutes. Serve warm with whipped cream or ice cream. May be reheated.

**News Liners Bring Fast Results**

**New strength and stamina! Lower upkeep costs!**

**New Chevrolet Trucks...**

do more work per day . . . more work per dollar!

**You save hours on the road.** Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

**You save time on deliveries.** With new truck Hydra-Matic transmission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on 1/2-, 3/4- and 1-ton Chevrolet trucks.

**You save extra trips.** That's because of the extra load space you

get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

**You save with lower upkeep, too.** Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton models . . . bigger clutches in light- and heavy-duty models . . . stronger frames in all models.

**You save on operating costs.** New power saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235" and

the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

**And your savings start the day you buy.** In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

**Come in and see all the wonderful new things you get in America's number one truck.** We'll be glad to give you all the money-saving facts.

### The Grist Mill

By Ed Aichin  
County Agricultural Agent

Soil testing for spring crops is at an all-time high at the Oakland County Extension Office. Many farmers are finding the service to be of great benefit over a period of years. Presently, we are recommending for oats and seedlings along with a few samples for corn. I would urge farmers not to delay in getting their samples in for corn since, even though we are working at top speed, we are still unable to keep ahead of the samples.

Nitrogen on wheat has come up for a lot of discussion this spring. Generally this thumb rule will apply: "If you plow down a good legume sod or 5 to 10 loads of manure per acre on wheat, wheat will not respond to nitrogen fertilizer". Some folks with seedings of wheat, where

soil is in good condition, can set up a lot of competition for seeding by the application of nitrogen. This is especially true if quack grass is put on the field. Many farmers have been successful in getting seeding in August after wheat is harvested by cutting the stubble and taking up the straw for bedding and working the field with a field cultivator or disc. Then planting 200 lbs. or so of starter fertilizer.

Just another word of caution on working wet clay soils—"Don't do it". You may have better crop yields by waiting an extra few days.

**COUNTY EXTENSION NEWS**  
by Mrs. Frieda Bennett  
Ass't Home Demonstration Agent  
**ADD ZEST TO YOUR VEGETABLES**  
Modern transportation provides fresh and frozen vegetables for us to enjoy throughout the whole

year. Just think how much color vegetables add to your table. Let us be kitchen artists and appreciate the scarlet of tomatoes—the tissue paper whiteness of Bell-mushrooms—the crimson of radishes—the pale amethyst of turnips—the deep purple of egg plant and the warm grey of mushrooms. Then there are the greens varying from emerald to jade. Pondering thoughts such as these help take the monotony out of meal planning.

Many homemakers tell about the wild greens they gather—lamb's quarter, dandelion, and purslane. Then later there will be spinach, chard, mustard, kale and beet greens from the garden. Kale is the most nutritious of all greens.

No woman wants to admit that her cooking methods are responsible for rejected dishes. But it can happen. The family will enjoy greens if you cook them quickly with the cover slightly

tipped. This means the steam of the first few minutes cooking can escape so the greens will retain a brighter color. Cooking time varies but is usually about ten minutes, depending on the tenderness of the greens and the quantity in the kettle.

Try scalloped kale with hard cooked eggs and cheese in a casserole. For four pounds of fresh kale you may expect three cups of cooked kale. You will need one cup of white sauce for this.

Add zest to vegetables by cooking correctly. Write Roberta Hershey, Home Economics Extension Service, Michigan State College for free bulletin—Green Vegetables in Everyday Meals.

**Legal Notice**

**ESTES & COONEY, Attorneys,**  
312 Pontiac State Bank Bldg.,  
Pontiac 15, Michigan  
No. 62,582  
STATE OF MICHIGAN—in the Probate

Court for the County of Oakland. In the Matter of the Estate of George E. Sherman, Deceased. At a session of said court, held at the Probate Court in the City of Pontiac, in said County, on the 1st day of April, A. D. 1954.

Present: Hon. ARTHUR E. MOORE, Judge of Probate.  
**ORDER APPOINTING TIME FOR HEARING CLAIMS**  
Notice is hereby given and it is hereby ordered that the time and place for hearing on claims against the above estate shall be the 12th day of April, 1954, at nine o'clock in the forenoon, at the Probate Court in the Court House at the City of Pontiac, Michigan.  
All creditors or claimants against the above estate are further notified and ordered to prove their claims at said hearing and prior to said hearing to file written claim therefor, with this Court and with the fiduciary of this estate, under oath, containing sufficient detail reasonably to inform the fiduciary of the nature and amount of the claim.

Pontiac, Michigan April 8-15-52

**Board of Springfield Township, Oakland County, Michigan, duly appointed to office by Arthur E. Moore, Judge of Probate, Oakland County, Michigan, by virtue of Section 4, Act 184 of the Public Acts of the State of Michigan for the year 1943 as amended, did adopt recommendations as to a zone plan for said Township of Springfield, establishing zoning districts including the boundaries thereof, text of a zoning ordinance with necessary maps and zoning regulations and manner of administration and enforcing said zoning ordinance. Said zoning ordinance to be known as Zoning Ordinance No. 2 of the Township of Springfield, Oakland County, Michigan, and also known as Springfield Township Zoning Ordinance.**

Whereas, Section 9 of said Public Act 184 provides for Public Hearing of such recommendation, notice is hereby given that such Public Hearing will be held at the Springfield Township Hall, Davidsburg, Michigan, on Monday, April 19, 1954, at 8 o'clock p. m.

Text of said tentative zoning ordinance and proposed zoning maps may be examined at the time and place of said public meeting and copies thereof will be available at that time and place.

Fred L. Tucker, Trustee  
Clark E. Souby, Trustee

**AUDITOR'S CERTIFICATE**

I have made an examination of the cash transactions recorded in the books and records of the Treasurer of Independence Township for the period beginning March 14, 1953 and ended March 15, 1954.

Cash balances at the beginning and end of period were verified by bank confirmation. Treasury Bonds were verified by inspection.

Cash receipts of delinquent tax and redemption collections were traced to remittance statements from the County Treasurer, and sufficient tests were made by reference to tax receipts to satisfy me that all receipts of 1954 tax collections were deposited in bank.

Cash disbursements supported by invoices, proper authorization orders issued by the township clerk or warrants issued by treasurers of the school districts were vouched by cancelled checks.

Therefore, I hereby certify that, in my opinion, the accompanying statement is a full, fair and complete report of the cash transactions of the treasurer for the period above stated.

**FINISH BEEF TO MAKE TOP MARKET PRICE**

Michigan cattle feeders will find it an advantage to put a good finish on their feeder cattle this season because of the substantial price differential between finished and unfinished cattle in the same grade.

**Card Of Thanks**

The family of the late Gordon Beach wishes to extend heartfelt thanks to all who were so kind during their recent bereavement. The floral tributes and other expressions of sympathy were so greatly appreciated.

That is pointed out by George A. Branaman, a Michigan State College animal husbandman. He urges the feeding of plenty of protein supplement because cattle not getting enough are lacking proper finish.

Although protein supplement is slightly higher priced than last year, he stresses, the benefit in the form of finished cattle is more than worth the expense.

Branaman also advises shopping around for the best buy in protein supplement of similar quality. For instance, he points out, cottonseed meal is at an attractive price in comparison with some others.
