

Waterford

Mr. and Mrs. Ralph Grey and small daughter of Eldorado, Ill., are visiting the W. K. Ryans of Andersonville Road and the Bill Ryans of Pontiac. Mrs. Grey is Mrs. Ryan's niece.

Dr. and Mrs. Ashton Emery flew to New York City last week where they attended a convention. They returned home on Sunday evening.

Mrs. Will King has returned from Florida after spending some time with her son-in-law and daughter, Mr. and Mrs. Harold

Wormley in Fort Lauderdale. Mrs. Sherman Randall spent four days this week at the Pythian Recreation Center at Burt Lake.

Mrs. Percy Wood, Mrs. Gale Grafmiller, Mrs. Gertrude Kenfick, Mrs. Albert Parnley, Mrs. Lester Howe and Mrs. Jack Tremper attended the State Bowling Tournament at Traverse City over the past weekend.

Mr. and Mrs. G. L. Root went to East Lansing on Saturday to attend Parents' Day at Michigan State College where their daughter, Janice, is a senior.

Among the many ill with mumps are Jimmie Rogers, Rickety Kenyon, Beverly Banghart, Margaret Rose Enden and Mrs. William Chase.

Mrs. Will Hunt spent Mother's Day in Clarkston with her daughter, Mrs. Edward O'Roark.

Mother's Day visitors at the Roy Pammenter home included their daughters and families: Mr. and Mrs. Richard Burch and two children from Tawas City and Mr. and Mrs. Thomas Joseph and two children from Grand Ledge.

Mrs. Ida Beattie will observe her 79th birthday on May 14th.

Mr. and Mrs. Arthur Walter went to Sarnia, Ontario, over the weekend to see her father who is ill in the hospital.

Mr. and Mrs. Roland J. Smith and daughter, Sue, visited their mothers in Indiana over the weekend.

The Waterford Birthday Club will meet with Mrs. Joseph Helman on Wednesday, May 19th. There will be a pot-luck luncheon at noon.

Mrs. Beatrice Stevens went to Ann Arbor on Sunday with her son-in-law and daughter, Mr. and Mrs. Waldo Rockey. She was their Mother's Day guest at dinner at The Old Farm near Ann Arbor.

The Waterford Book Review Group will meet Monday afternoon, May 17th, at the home of Mrs. A. C. Arnold on Desmond Drive at Williams Lake. Mrs. Cleland will review "Rainbow on the Road" by Esther Forbes. She will also give a short review of "Robert Browning, a Patriot" by Betty Miller. All women who are interested are cordially invited to attend and the time is one o'clock.

The Ladies Auxiliary of the Community Church met last Thursday at the home of Mrs. Thomas Corbin. The 26 ladies present were served their luncheon in the recreation room of the Corbins' new home. Mrs. Fred Bruska, Mrs. William Weix, Mrs. Hugo Magnuson and Mrs. Don Williams were in charge of the luncheon. During the afternoon the ladies worked on cancer pads and completed 100. A "Come As You Are" breakfast will be held the latter part of May at the home of Mrs. Arthur Davis. Proceeds will go toward the organ fund. The June meeting will be held at the parsonage.

The Sunday School visitation and pot-luck supper will be held on May 17th at 6 o'clock at the Waterford Community Church. On the 20th the Sunday School Council will meet at 7:30 at the church.

just when everything looks rosy something is bound to happen. Last week's snow and cold sure did put a crimp in farm activities in Oakland County. Damage, however, was not as extensive as could have been expected with only a few crops really hurt and none of these were wide-spread.

By the way it is too late for planting oats. We can not expect more than 1/2 normal yields after the first of May. So if you are planning for oats for grain better not plant this late.

Last week we harped at great length on fertilizing corn and how soil management pays off. Well here is another tip that will pay off in better yields, better weed control, and just better crops all the year around. Try to plant at least 16,000 plants per acre. Now we realize this is a real round figure so here's what you can expect. If your planter is using a bushel of medium flat seeds for five acres, you are going to get close to 16,000 plants per acre. This will put your seeds about 10 inches apart in the row. We have some new dope on

weed control which we will try to bring out next week. This is the time of the year when you should be thinking about weed control programs for crops, etc.

EXTENSION SERVICE NEWS

When you store winter clothing, you'll want to be sure it is protected from moths and carpet beetles.

Mrs. Frieda Bennett, Assistant Home Demonstration Agent for Oakland County, advises you to be sure all wool clothing is completely clean before you put it away. Insects prefer soiled garments to clean ones.

Clothes that don't need dry cleaning or washing should be thoroughly aired and brushed before they are stored. Brush the cuffs, pockets, folds and seams; then sun both the inside and outside of the garments. Insect larvae missed in the brushing will fall to the ground when exposed to light.

Brush the clothing again just before you bring it into the house to be sure carpet beetles flying

around out of doors haven't snuggled into the garment after the preliminary brushing.

Once wool clothing is clean and aired, store it as fast as you can. Be sure the box or bag in which you store it is airtight. Seal the tiny cracks or openings you'll find near the zippers on some storage bags. Gummed paper is good for this purpose.

To doubly protect clothing against insect damage, spray with an insecticide or put paradichlorobenzene or naphthalene flakes or balls into the storage

container. Moth-repellant flakes and balls vaporize in time, and you may have to replenish the supply every few months.

EQ53, a new liquid product for moth-proofing wool during laundering, is sold under various trade names. It permits pest-proofing to combine with laundering. EQ53 protects woollens in storage for a year or more and will protect woollens in use until laundered or dry cleaned.

A Hydra-Matic GMC pays you back 6 ways

SURE, GMC's Truck Hydra-Matic Drive costs extra on some light-duty models. But man—how it pays you back!

You save gasoline—because GMC Hydra-Matic cuts the high consumption of fuel in stop-go use.

You save tires—because GMC Hydra-Matic's velvet-smooth getaways prolong tire life—by as much as three times in some operations.

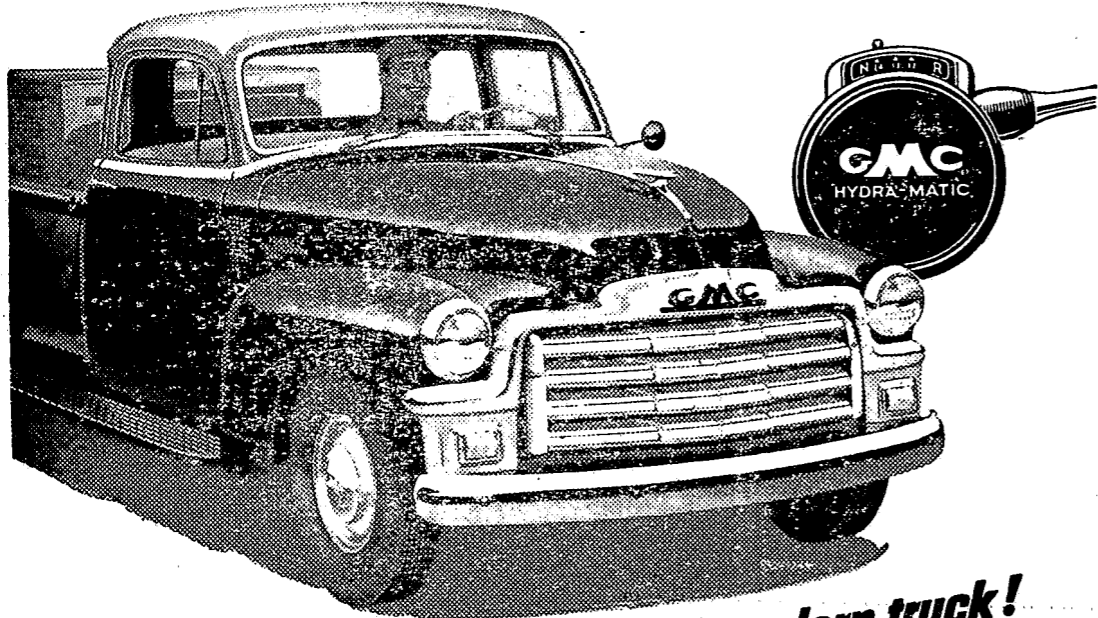

You save maintenance—because GMC Hydra-Matic ends all clutch costs—prevents shock-loading damage.

You save time—because at every start, GMC Hydra-Matic ends shifting lags, gets up to road speed quicker.

You save yourself—because GMC Hydra-Matic frees you of all clutching and shifting chores. And being fresher, more alert, you're quicker to avoid hazards that could be costly.

You save at trade-in time—because a Hydra-Matic GMC will rate a higher price than old-type hand-shifted trucks.

Are you a shrewd buyer? Then drop in at our showroom. We'll prove that a Hydra-Matic GMC is your best truck investment.

Get a modern truck!

How far away is a helping hand?

Mr. George Cronin of Detroit found out recently. When he arrived home from his nighttime job at 3 A.M., he sat down to read for a while. His wife was visiting in Chicago so he was alone in the house.

When he got up to go to bed he felt a tingling in his arm. Seconds later he collapsed to the floor with a stroke.

Although he was barely conscious, Mr. Cronin knew he must somehow reach the telephone many feet away. With tremendous effort, inch by agonizing inch, he finally made it.

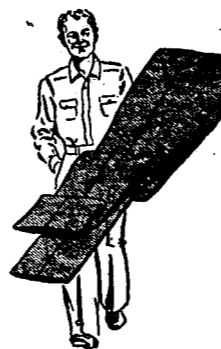

The operator who answered was Rosa Gies. Speaking with great difficulty he mumbled the telephone number of a friend. Miss Gies telephoned the friend who soon was at Mr. Cronin's side. Meanwhile, the operator remained on the line in case she could be of further help.

Mr. Cronin is now well on the way to recovery. After the incident he expressed his gratitude in person to Miss Gies. For her helping hand and his telephone had spared him hours of discomfort.

Your telephone is worth a lot more than it costs

the Gold Diggers and the Sabers. At the present time the Sabers are ahead.

In arithmetic we are going to begin decimals.

SIXTH GRADE Mr. Mack

The sixth graders have worked out two familiar scenes on a mural. The two scenes make up sights that the girls and boys see about them every day in the countryside.

The girls have a mural showing all the beautiful flowers that are found in the locality. The boys made a mural showing all the common birds in our area.

The coloring on the murals was done with moistened colored pencils and this gave it an interesting color.

Also some of the boys and girls have started to raise flowers and vegetables in various containers and this gives them an idea about growing seeds.

THE WABAHAS

Edited by the Sixth Grade

KINDERGARTEN Mrs. Beck Mrs. Lockhart

We have been busy learning about the coming of Spring. Mrs. Beck's class made a spring mural of flowers and birds.

Mrs. Lockhart's groups made imaginary birds and placed them on branches. This makes an attractive centerpiece for the library table.

Mother's Day gifts are being busily made. We are making baskets of paper strips and then painting them.

FIRST GRADE Mrs. Houlding

Carol Sue Spicer is a new pupil in our room.

Ann Marie Banjoff is in the Pontiac General Hospital.

Richard Coffey, James Clark, Larry Goans, Virginia Luth and John Wilberg are ill at home.

FIRST GRADE Mrs. Draker Miss Scholtz

The children have been very busy finishing reading books and workbooks.

They were sorry to see Ray Briggs and Gary Jones leave their room last week.

Their children have received the second in the series of polio vaccine.

SMILE A WHILE

Riddle: What word starts with a "T", ends with a "T", and has "T" in the middle?

Answer: A teapot, and it has "tea" in the middle.

SECOND GRADE Mrs. Tompkins

Mrs. Barrett came to their room on her birthday and they all gave her a birthday spanking.

They have received many plants and flowers to decorate their room.

They are planning a train trip to Detroit on May 19.

Jimmy O'Neal is home from the hospital and they wish him a speedy recovery.

SECOND GRADE Mrs. Crowley

They are preparing for their train trip to Detroit. This is going to be a nice experience for most of them.

Everyone in their room is making a gift for Mother's Day. They hope mother will like it.

Melvin Spicer is a new student in their room.

Edna Barlow and Marilyn Brown celebrated birthdays this week.

HUNTER SCHOOL

THIRD GRADE Mrs. Howland

The Lions have started their new reader "Building Our Town".

Everyone is writing a book report on one of the library books they have read this year. We enjoy our new books and appreciate having the mothers come every Wednesday.

We made an apple tree with green leaves and pink and white blossoms on our bulletin board.

On Monday afternoon Mrs. Petty, Mrs. Darling, Mrs. Weber and Mrs. Howland took us on a field trip to Porritt Dairy. Before we left we filled our board with questions about a dairy. When we came back we were able to answer all of our questions. We are very grateful to Porritt Dairy for our interesting trip. We also thank the mothers who drove.

Our room had a popcorn sale last week. Mrs. Dennis and Mrs. Montreuil popped the corn and delivered it to us from Sashabaw School.

We also thank all the parents

who worked so hard on our fish pond at the Fair.

Mrs. Cobb is leader of a Brownie Troop in our room. The girls like it very much.

MUSIC Miss McKenney

First graders are learning some new singing games and doing the ones they have already learned.

Second graders have learned the singing parts to "The Three Billy Goats Gruff" which is beautifully illustrated in our Ginn books.

Third graders are using the new Ginn books for a short time to learn some new songs and to help us find "do" in all of the songs.

MICHIGAN IN LEAD IN FARM ELECTRICITY

Michigan leads the nation in the percentage of farms which receive central station electricity service, Senator Homer Ferguson reported today.

He said 99.9 percent of Michigan farms were receiving electricity as of June 30, 1953. Indiana ranked second with 99.3 percent of its farms receiving electric service.

The Michigan Senator said the figures were furnished him by Ancher Nelsen, Administrator of the Rural Electrification Administration, in connection with the work of the Senate Appropriations Subcommittee on Agriculture, of which Senator Ferguson is a member.

Farms in the state which are electrified total 155,505, and they receive electricity both from utility companies and REA cooperatives.

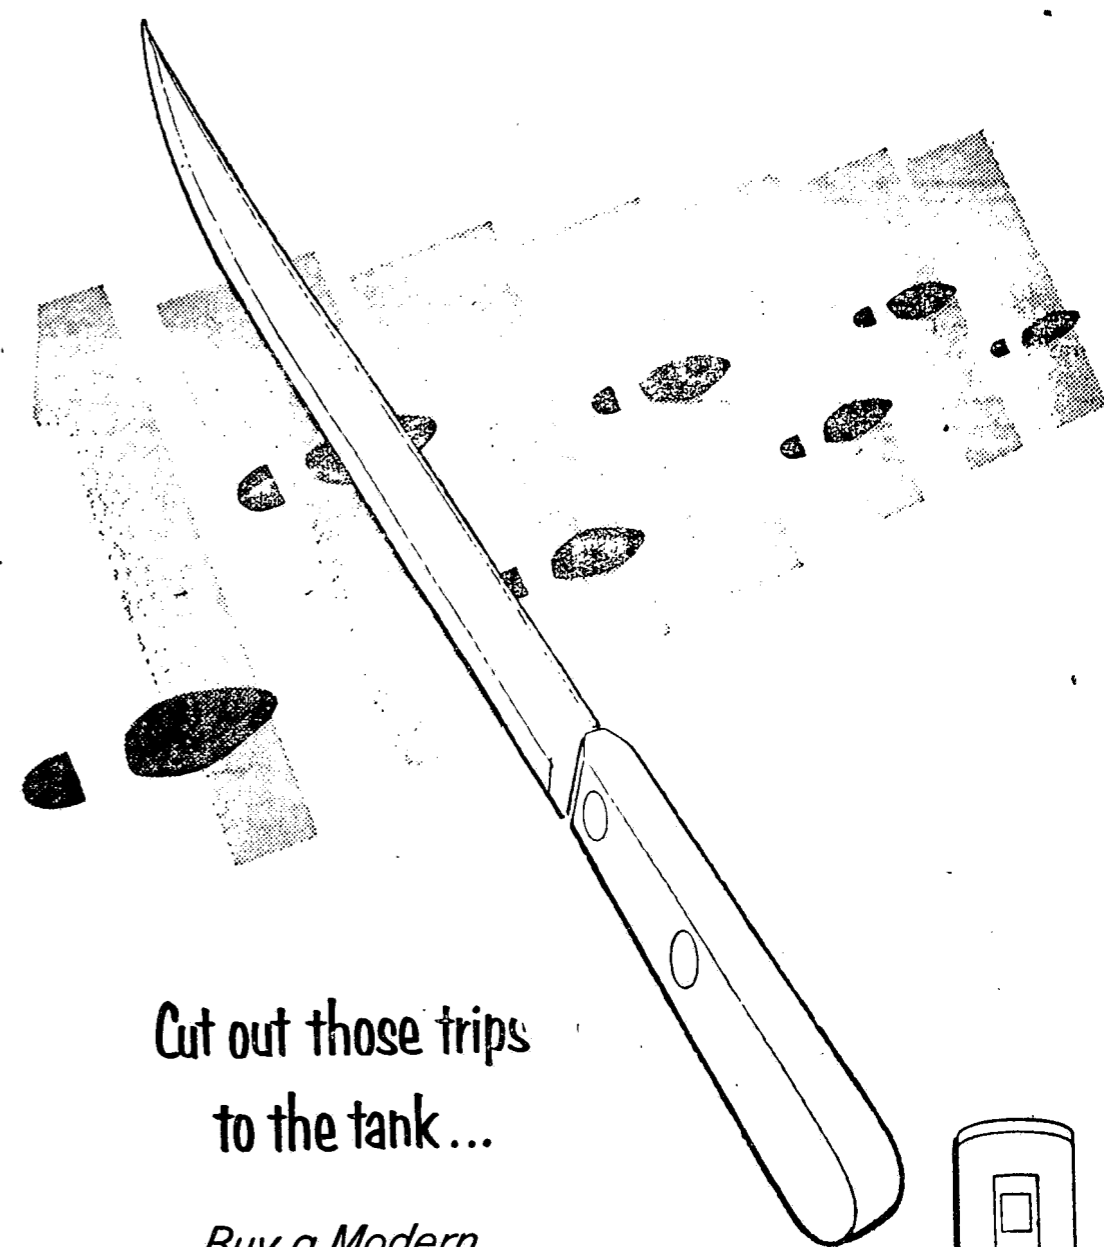

"Michigan's top status in this matter is a tribute to vision and ability of the farm people of Michigan and to the suppliers of electric energy for their initiative and drive in providing the service," Senator Ferguson said.

The percentage of electrified farms in Michigan has risen from 69.9 in 1940 to 94.2 in 1950, and to 99.9 in 1953. The national average for those years was 30.4 in 1940; 77.2 in 1950 and 90.8 in 1953.

Nevada trails the nation with only 66.8 percent of its farms receiving electricity.

Textile specialists at Michigan State College suggest that you

invest in only one nylon sheet until after you've tried sleeping on it. Many individuals like the luxurious feel of the sheets, but others say they feel like they are slipping off of the bed. You may find the sheets are not too comfortable in hot, humid weather either.

From where I sit... by Joe Marsh

The "Write" Prescription

Noticed three half-finished letters lying on the counter down at Jones' Drug Store last week. "Writing three at once, Doc?" I asked.

"No," Doc said, "you are—you and the rest of the town. Those are for the boys from our town who are at the National Guard encampment."

"Everyone who comes in adds a line or two, and when a couple of pages are filled, I mail them. That way the boys hear from folks who might not write otherwise. They sure do enjoy it."

From where I sit, little things can add up pretty big. A few short notes make a letter. Boys from our little town help build up a strong National Guard to protect our freedom. Even freedom is made up of a lot of things—living where we like, voting the way we think is right, choosing between coffee, tea, or beer at dinner. And anything that adds up to freedom gets my stamp of approval.

Joe Marsh

HOW TO GROW TOP QUALITY TOMATOES

Want to grow tomatoes that look like a color adv in a slick magazine?

The job can be done, but it takes a lot more than just setting out plants... If you want to grow tomatoes the correct way, a new publication from Michigan State College horticulturists will show you how.

The publication, Extension Folder F-142, "Tomato Growing in Michigan," tells you about recommended varieties, how you should treat your soil, how to prepare the soil, how to start seedlings and how to set out plants so they'll produce top quality fruit. The folder also discusses cultivation, irrigation and mulching, how to improve early set by spraying, staking and pruning, how to get the best insect and disease control, and how to harvest and market the crop for the best profit. Your county agricultural agent will give you a copy.

CHEAP TURKEY IN PROSPECT FOR HOLIDAYS

Michigan families will be eating much cheaper turkey during the 1954 holiday season than last year if turkey raisers don't cut their production. That's the word from J. M. (Mac) Moore, extension poultryman at Michigan State College.

Moore cites figures compiled by the U. S. Department of Agriculture turkey industry committee which show about 10 per cent more heavy breed turkeys than in 1953. This indicated crop, Moore points out, will be larger than the market can take at prices profitable to growers.

If feed prices stay where they are now, the USDA industry committee says, production costs will be up at least 3 cents a pound over last year—on a live weight basis. That's besides the expected increase in the crop which could cut off several more cents a pound. So the committee recommends that: 1. Growers market flocks of heavy breeds as soon as possible; 2. Hatcherymen cut down on hatchings of heavy breed poults as quickly as they can and close their season as soon as practicable; 3. Growers reduce production of late turkeys (heavies); 4. Industry and USDA do everything they can to get people to eat more turkey.

The only existing manuscript copy of Thomas Jefferson's original sketch map of his plan to divide the Northwest Territory into states is in the Clements Library at the University of Michigan. This plan largely was followed when the actual division of land took place. The original map no longer exists.

is your "best buy"
in the lowest-price field!

Recently a 1954 Plymouth and current models of the other two best-known low-price cars were taken apart by Plymouth engineers and compared, part by part. Standard "stock" models were used. We've listed some typical findings below.

Plymouth is "best buy" in many ways. Here are just a few!

Front Wheel Brakes
Plymouth engineers provide two hydraulic brake cylinders in each front wheel to ensure smooth stops without "grabbing." The other two low-price cars have only one.

Seat Springs
Plymouth uses coil seat springs, for longer lasting support. The "other two" have a zigzag platform type. Also, Plymouth's "springs-on-springs" design adds more comfort.

Piston Rings
Plymouth has four rings on each piston; the "other two" have three. Result: decreased carbon deposit, more consistent power output. Increased oil economy, too!

Micronic Oil Filter
Standard on most Plymouth models. Keeps abrasive dirt out of the engine, reducing wear and achieving greater oil economy. Extra cost on the other two low-price cars.

And dozens of other part-by-part comparisons prove Plymouth is your "best buy"! See us today... and get the facts!

Ask us for the big illustrated booklet that shows how Plymouth leads in frame construction... engine design... performance... economy... comfort... safety.

Fun for the whole family! Enjoy "That's My Boy" each week on CBS-TV. See TV page for time and station.

 That man can gain health, happiness, and immortality by relying on the spiritual facts of God and man taught by Christ Jesus will be emphasized at Christian Science services Sunday.

The Lesson-Sermon entitled "Mortals and Immortals" includes the account from the Bible of how Christ Jesus restored to life the only son of the widow of Nain (Luke 7:11-16).
 Explaining the basis of Christ Jesus' healing power, the following passage will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:
 "Jesus never asked if disease were acute or chronic, and he never recommended attention to laws of health, never gave drugs, never prayed to know if God were willing that a man should live. He understood man, whose life is God, to be immortal, and knew that man has not two lives, one to be destroyed and the other to be made indestructible" (369:16).

Is he in business "to stay?"
 When you buy a used car from a Ford Dealer, you're dealing with an established businessman who has a large investment and his good name at stake. We're here today, and we'll be here tomorrow!

Does he really know cars?
 Ford Dealers are in the service business, too; work with cars day in and day out. We know how to spot trouble fast. And, our expert Ford mechanics have the equipment and "know-how" to handle any service job.

Are his prices really fair?
 Ford Dealers handle used cars and trucks as a service to customers. We get a lot of trade-ins. We keep them moving to free our working capital. That's why we offer used cars and trucks at rock-bottom prices.

Is he interested in you?
 Remember—we Ford Dealers want to keep your good will because someday we hope to sell you a new car, or another used car, and we want your service business. It's just plain good business for us to play square with you.

Do his cars meet **A-1** standards?
 When you go to a Ford Dealer's and see the A-1 label on a car, you know it has met with the dealer's A-1 standards. And because you can trust the man you bought it from, you can trust the car.

School News

(continued from page 1)
Milford was the third meet for

Clarkston, Milford edged the Wolves out 55 1/2 to 53 1/2. Orchard Lake St. Marys was Clarkston's second loss in a row, losing by 5 points, 57 to 52.
After losing two in a row the Wolves were under-dogs going into a triangular meet with Oxford and Rochester.

Captain Al Warman sparked his team to first place by taking first place in high jump, broad jump, and tying in the pole vault with Bob Yahnke. Clarkston had 21 1/2 points; Oxford had 46 1/2, and Rochester 41.

Clarkston went to Ypsilanti on Wednesday, May 13. The results will be announced next week.

Jack Hess

Appreciation

My sincere thanks are extended to all who remembered me while I was in the hospital and since I have been convalescing at my home. The cards, flowers, and calls were greatly appreciated.
