CLARKSTON, MICHIGAN, THURSDAY, AUGUST 12, 1954

## Fire Department Needs More Men

There will be a meeting at the Community Center in Clarkston on Tuesday evening, August 24th, at 8 o'clock, for the purpose of adding to the Independence Township Fire Department personnel. This step is necessary because of the new fire station at the corner of Sashabaw and Orion Roads.

This new station will mean greater protection for the homes in the Sashabaw-Orion area. It is hoped that men from around that section will be at this important meeting on August 24th, ready to volunteer as firemen. Refreshments will be served.

## Clarkston Locals

Mr. and Mrs. Raymond Jarvis are vacationing in northern Michigan.

A/3c Glenn Abbott was called home on account of the death of his sister, Millicent. Glenn was given an eighteen day leave from Lowry Air Base at Denver, Colorado.

Mr. and Mrs. W. H. Stamp returned on Monday from a trip to Niagara Falls, Toronto and Meaford, Ontario.

Mrs. Walter Paris of Billings, Montana, has been making her home with Mr. and Mrs. William Johnston while her husband has been attending school in Detroit. He spends his weekends here. Mrs. Paris is Mrs. Johnston's niece. This past weekend Mr. and Mrs. Paris took a boat trip to Buffalo and also visited Niagara Falls. They expect to return to Montana in September.

## Methodist Church Has Secretary

Mrs. Kenneth L. Johnson has assumed the duties of secretary for the Clarkston Methodist Church. The office, for the present is on the second floor of the children's building with the entrance on Church Street.

The office is open from 10:00 to 12:00 A. M. and 1:00 to 3:00 P. M., Monday through Friday.

## We Know

It matters not the yesterdays Possessed of memories so drab, Tomorrow beats them many ways With good to cover up the bad.

We'll not be chained by past mistakes Which rob us of our will to rise, Nor will we plan for lower stakes Or let clouds come before our eyes.

The yesterdays have come and gone And left impressions it is true, Their lines upon our lives are drawn But come tomorrow all is new.

If we have failed in days gone by To reach the heights we'd started for, Tomorrow'll give us chance to try To force a wedge in progress's door.

It seems God knew that man would need Each day a chance to start again, And nights of rest his soul to free Of memories of where he'd been.

We're ever grateful for His plan Which gives each soul a chance to grow, With great tomorrows for each man When all is possible, we know.

## Women's Club To Be Organized

On Wednesday, August 18, at 1:30 P. M., at the Community Center the organizational meeting of a Clarkston Women's Club will be held. A committee consisting of Mrs. Thomas Boothby, Mrs. Merle Bennett, Mrs. Russell Colton, Mrs. Paul Eliason, Mrs. Robert Osgood, Mrs. Ralph Kregger, Miss Alethea Rose, Mrs. Don Stackable and Mrs. Arthur Rose, Jr., has made plans for the first meeting.

The committee hopes that some of the varied ideas suggested may crystallize into the formation of a permanent Civic Women's Club. Mrs. Arthur Rose, Jr., has consented to serve as temporary chairman with Mrs. Russell Colton as temporary secretary. Mrs. Ralph Kregger will be social chairman.

Mrs. Don Stackable was asked to investigate the possibility of establishing a library in Clarkston and report her findings.

Every woman interested in a better Clarkston is urged to attend the August 18th meeting. Anyone wishing further information about the Club may call Mrs. Russell Colton at MAple 5-2878.

## Ice Cream Social Saturday, Aug. 21

Job's Daughters of Bethel No. 25 of Clarkston will hold an ice cream social on Saturday evening, August 21st, starting at 5:30 o'clock, at the Community Center. There will be no set charge but a free-will offering will be taken. Everyone is asked to keep the date in mind and plan to attend.

## Obituaries

### MILICENT FAY ABBOTT

Millicent Fay Abbott of 6564 Eastlawn died suddenly at her home on Wednesday night, August 4th. She was born January 24, 1929, in Detroit, the daughter of Mr. and Mrs. Vern B. Abbott. Millicent had lived in Clarkston for the past nine years and was a graduate of the Clarkston High School. She was employed by the Excello Corporation.

She is survived by her parents; two brothers, Glenn who is with the Air Force in Denver, Colorado and Kenneth at home; and two sisters, Bonnie and Gloria, both at home.

The funeral service was held at the Sharpe Funeral Home on Saturday afternoon with the Reverend Robert M. Atkins officiating. Burial was in Lakeview cemetery.

### MRS. MARY M. LOSCH

Mrs. Mary M. Losch suffered a heart attack late Wednesday afternoon when driving on Seymour Lake Road. She was found by a neighbor and taken to the home of her sister, Mrs. Wallace Guile, where she was taken by ambulance to Goodrich Hospital and is in a serious condition. She passed away on Sunday.

She was born in Brandon Township July 3, 1877, the daughter of Simon and Diantha Watson. On September 10, 1898, she was united in marriage to Erastus Losch who preceded her in death. He died September 15, 1928.

Mrs. Losch has been an active member of the Seymour Lake Methodist Church and the Woman's Society of Christian Service, for many years besides never failing to aid mankind whenever the opportunity arose.

She is survived by a sister, Mrs. Wallace Guile of Seymour Lake and several nieces and nephews.

The funeral service was held at the C. F. Sherman Funeral Home in Ortonville on Wednesday afternoon at two o'clock with the Reverend Robert M. Atkins, pastor of the Clarkston Methodist Church, officiating. Interment was in the Ortonville cemetery.

## Clarkston Locals

Mrs. B. T. Beardslee is now at her home on Holcomb Street after being confined to Elizabeth Lodge for several weeks.

Mr. and Mrs. William Burns and family of Orion Road spent a short vacation in northern Michigan.

Mr. and Mrs. Gerald Heller have returned from a vacation in the Upper Peninsula. They were accompanied by their mothers, Mrs. Elizabeth Gatz of Pontiac and Mrs. Olive Heller of Clarkston.

## Juvenile Problems Subject of Talk

Art Johnson, a member of the faculty of the Waterford Public School System, presented a very interesting talk before the Clarkston Rotary Club, at its meeting on Monday at the Community Center in Clarkston. His subject had to do with Juvenile Delinquency, and more especially its causes and the responsibilities of the parents.

Broken homes and homes where little thought is given to the children played the largest part of the fault, in the opinion of the speaker. A part of the delinquency was blamed on the attitudes of parents: In one they uphold their children even if they know they are in the wrong; In the second the parents increase punishment at home if the child is punished at school and in the third place is the parent who pays no attention to the behavior of his children.

Because the talk was factual it was interesting and was well presented.

The ladies of the Seymour Lake Methodist Church served the delicious dinner.

The secretary announced that the attendance was 100 percent. Although two or three were absent, they had made good their attendance by visiting some other club.

## Church News

### CLARKSTON METHODIST

## Meeting To Discuss New Organization

A group of people from North Oakland County area met last Thursday at the Pontiac Office of the American Cancer Society to plan for a permanent organization.

The group's proposals will be presented at a general meeting, open to all those interested in cancer work, on Monday, August 30 at the society's offices, 66 W. Lawrence St., Pontiac

A slate of names as a nucleus for a board of trustees also will be offered at that meeting.

Dr. John D. Monroe, director of the Oakland County Health Department, presided, and the following were present: Dr. Richard Olsen of Bloomfield Twp.; Mrs. Robert Waters of Clarkston; James Farley, Commerce Twp.; Mrs. Walter E. Lentz, Holly; Joy Leippradt, Lake Orion; Edwin Johnson, Milford; Mrs. Lee Van Wagner and Mrs. H. F. Stahl, Oxford; Mrs. Charles Burgess, Rochester; Howard Parr, South Lyon; Mrs. Ray Kingsbury, Waterford Twp.; Mrs. Clarence Patterson, West Bloomfield Twp.; Norman Buckner, Mrs. Ted Kolla, John Madole, Francis Miller, Dr. Kenneth Vandenberg and Mrs. Harry Striffler, all of Pontiac.

Edward W. Tiescher, of Detroit, director of the Southeastern Michigan Division of the ACS; Miss Bebe Adams, field coordinator and Miss Elizabeth White, director of services for the division; and Miss Esther Kelley, national representative from New York City, were guests at the meeting.

Start now to plan your costume for the Labor Day Parade.

## Waterford

Mr. and Mrs. James Sutton were called to Springfield, Illinois, on Sunday on account of a death in Mr. Sutton's family.

## Smorgasbord At Sashabaw

On Saturday evening, August 14th, the ladies of the Sashabaw Presbyterian Church will serve a smorgasbord dinner at the church on Maybee Road starting at 5:30.

These dinners are becoming quite popular and each one draws a larger crowd. You are cordially invited to attend and invite your friends to join you.

There is no set charge but a free-will offering will be taken.

## WILL TRY FOR RECORD AS POLE STANDER

Dixie Blandy, World's Champion Flagpole Stander, will attempt to break his own world record at this year's Michigan State Fair, September 3 through 12.

Dixie, who set the world's record of 192 consecutive hours (9 days and nights) at Milwaukee in 1952, will attempt to stand on a two-foot diameter platform atop a 50-foot pole for a period of ten days and nights.

Blandy, who eats, sleeps, walks and dances atop his pole, will not come down at any time for any reason during his ten day period. He pooh-poos such minor inconveniences as rain, wind and lightning and claims that nothing short of a tornado could bring him down from his perch before the appointed time.

Blandy, who will be 52 in September, has been at his trade since 1929. In addition to the world's record for standing, he also holds the world's record for flagpole sitting of 73 days, 4 hours, 18 minutes, set at the Chicago World's Fair in 1934 and for flagpole bicycling of 144 hours set in Winnipeg, Canada, in 1953.

## CLOSER LINK BETWEEN CITIZENS, SCHOOLS URGED AT MSC SERIES

Closer cooperation between citizen-parents and their local schools was urged in the final program of Michigan State College's summer "Educational Series."

Dr. H. M. Hamlin, chairman of the division of agricultural education at the University of Illinois and a national authority on the community's role in education, warned: "The philosophy of a school system cannot be developed by the school staff alone."

Declaring that there should be no segregation of teachers and citizens in a community, Dr. Hamlin said schools should actively seek participation of parents and citizens in school affairs.

Three basic questions which the public raises about education, he said, are these: What is expected of the schools? What are the schools doing? and What ways and means must the public provide?

"Any organization set up to gain public participation must be prepared objectively and realistically to look at these three basic problems," he said.

Also speaking on the "Educational Series" program, sponsored by M. S. C.'s School of Education, was Midland School Supt. Ernest Britton, president-elect of the Michigan Association of School Administrators. "If the schools

## Firefighters Have New Uniforms

The Clarkston Firefighters have new uniforms and hats and they will make their first appearance in Clarkston in the parade on Labor Day. The men are quite proud of their dark blue trousers and caps and light blue shirts. What pleases them most is the fact that they paid for them with their dues, gifts and money earned through various firefighters' activities.

## Clarkston Locals

Mrs. Albert Lawson and daughter, Joyce, are spending a few days at Niagara Falls.

Steven J. Kulcher graduated from General Motors Institute on August 6th. He is the husband of Marjorie Moore Kulcher, daughter of Mr. and Mrs. Clarence Moore of Ortonville. Upon completion of their new home they will reside in Avon Lake, Ohio.

Lieut. and Mrs. Richard A. Lawson of Battle Creek announce the birth of a son, Gary Richard, on Sunday, August 8th, at St. Joseph's Hospital in Battle Creek. Lieut. Lawson is stationed at Fort Custer with the 781st A. C. & W. Squadron.

Born to Mr. and Mrs. Ralph Hagen of Grand Blanc a 5 lb 13 oz son, Clarke Allan, on Friday, August 6th, at St. Joseph's Hospital in Flint. Grandparents are Mr. and Mrs. Edgar Ainsley of Williams Lake and Mr. and Mrs. Elmer Hagen of Clarkston.

## Seymour Lake News

Judy Fields, 13 year old daughter of Mr. and Mrs. Lytton Fields of Seymour Lake Road, was taken to General Hospital Wednesday morning, in a serious condition from strep infection.

Twenty three ladies attended the WSCS meeting in the home of Mrs. Iva Miller, Thursday evening. The guests were seated at two tables in the dining room with a large bouquet of pink and white gladioli being the centerpiece for the long table. After a splendid co-operative dinner the hostess welcomed The Belle Sherwood Circle in behalf of the members of her group. All enjoyed singing hymns and plans for the Homecoming were discussed. Scott Little of New York City pleased the guests by playing three classical piano numbers. Mr. Little is spending the summer on the Miller farm.

Ellen and Phyllis Beardsley spent Thursday evening at Northland. Mrs. Agnes Beardsley was a caller in the home of Mr. and Mrs. Orlo Willoughby in Royal Oak.

The 4-H Club was entertained in the home of Sally Taylor on Wednesday evening and plans were made for a float at the Fair.

Mrs. Bernice Green of Ferndale and her cousin, Miss Edith Vincent, of Saginaw, were Wednesday callers at the home of Mrs. Belle Sherwood.

Members of the club, who belong to the people, are built and served for their children, and if we expect to have good schools," he asked, "how can we have them without parents participating?"

## Oldtimers Meet Thursday, Aug. 26

The Clarkston Oldtimers will have their August meeting at the home of Mrs. David Stewart on N. Main Street on Thursday, August 26th. There will be a picnic lunch at noon and a good time is being planned for the afternoon.

## REPUBLICANS UNITE BEHIND DON LEONARD

"Win or lose, you have to live with yourself. I'll never do anything that I can't explain to my three children."

Thus, Donald S. Leonard, Republican candidate for Governor in the November 2 general election, summarized his attitude shortly after he won the GOP nomination.

The 51-year old Leonard, who won a national reputation as a police administrator and combines ability with experience in State government, added this: "I've got an idea that people are interested in a guy with character, integrity of purpose and unquestioned honesty."

Republicans closed ranks behind Leonard after a primary election campaign characterized by the Party unity and harmony theme laid down by State Chairman John Feikens.

"I think we're in better shape than we ever have been," Leonard told GOP State Central Committee officers at a meeting the day after the primary. "The campaign was conducted on a high level and we are a united and harmonious party."

Both State Treasurer D. Hale Brake and Secretary of State Owen J. Cleary, defeated by Leonard, pledged their full support to his campaign.

The Republican State Convention will meet in Grand Rapids August 21 to nominate candidates for Secretary of State, Attorney General, State Treasurer and Auditor General for the November election.

## Red Cross News

Classes to train badly needed first aid instructors and social welfare aides are, or will be, scheduled for early fall, Oakland County Chapter, American Red Cross, said this week.

Gordon Bennett, Midwestern Area Red Cross Safety Services representative, will teach a first aid instructors' course the week of October 11, at the Red Cross Chapter House, 118 Franklin Blvd., Pontiac. Any man or woman who has earned an Advanced First Aid Certificate in the last three years can take the course.

Red Cross will also train a new group of social welfare aides, who help Mrs. Everett Spurluck, Red Cross home service director, with problems of servicemen and their families, in October. The 30-hour course is scheduled to start October 6.

Anyone wishing to sign up for the course can contact Mrs. Spurluck at the Red Cross Office in Pontiac.

From all accounts Mrs. E. R. Pettengill has been enjoying her European trip. Mrs. Emma Young received a card from her this week telling about her grand visit with Jack Emery who is stationed in Germany. She also said that on their return trip they will make a stop in England.

## Plan Now For Labor Day Parade

As in the past Clarkston will have a parade on Labor Day, Monday, September 6. This will be your last chance this season to participate in a big, out-door event. Start to plan now. Get your costume or float ready. Help to make this parade one to be remembered.

The event will be sponsored by the Clarkston Rotary Club.

## By The Way . . .

Just about the time one thinks he has heard about everything something new pops up and because this is interesting, if not so applicable to this community, we pass it along: Most of us have heard about thieves who steal government checks, but the new wrinkle is to steal electric light bills and then present them to the people as past due bills and demand payment. . . . As you drive on some of the modern highways with their "cloverleafs" for leaving or entering streets and allowing the motorist to drive at top speed without ordinary traffic conditions to bother them, do you ever wonder what Columbus would think if he could see the country he discovered. . . . Business item of the week: "Business conditions in the United States continue to show evidence of stability and improvement. Industrial production has turned upward"—The Bank of Montreal, a Canadian banking institution monthly letter. . . . In the past week we stayed overnight in a large hotel where the national Legion was holding its convention. At least the events were interesting. . . . There is a question in our humble minds as to whether such modern conveniences as the Mackinac Bridge and other high and very long bridges will not act as a damper on travel. A large number of people, in this day and age, don't like high bridges. The growing number may force these people to travel by train or if this proves too costly they will be content to stay at home. . . . This coolish weather has resulted in a number of swimmers sunning themselves on the beach instead of plunging into the cool, cool water. . . . Construction seems to be the highlight of our economic life today. Regardless of where you go you see new buildings. In some cities there are a few apartment buildings being erected but most of the work is on new homes. This week we received a call for "For Sale" signs. We remarked that in about two weeks we would have both "For Sale" and "For Rent" signs and "For Sale" signs as no one had a house to rent. . . . A woman, in Alaska, was looking over a fox farm and asked the question as to how many times the fox could be skinned if his fur. Gravely the guide informed her that "three times madam. Any more would spoil his temper".

## EMERGENCY MARCH OF DIMES—August 16 - 31

The staggering costs of patient care and a two-point polio prevention program have created a crisis that only an Emergency March of Dimes can solve, Carl W. Donelson, chairman of the Oakland County Chapter of The National Foundation for Infantile Paralysis, declared today. That is why a special drive has been set for August 16 - 31 in Oakland County, Donelson said. Canisters are to be distributed throughout the county; a March of Dimes mail appeal is being sent to county residents, and community National Foundation directors are planning special events for funds to aid in this emergency polio drive.

Nationally and locally March of Dimes funds are exhausted. Our chapter already this year has paid patient care bills amounting to over \$66,000 for county residents stricken with polio in 1953 and previous years. 17,138 Oakland County school children participated in the Polio Vaccine Trial this spring at a cost of approximately \$225,000 to the National Foundation. No one in Oakland County would want to see our patient aid program jeopardized or our polio vaccine trial evaluation come to a halt. We are confident that our people will rally to this Emergency March of Dimes, and make it possible for The National Foundation to continue work of fighting polio.

Contributions may be sent directly to the Oakland County Chapter Office, 75 W. Huron St., Pontiac, Michigan.

## Will Entertain at State Fair, Sept. 3 thru 12

NAT KING COLE

Nat King Cole, Patti Page and Cisco Kid (Duncan Renaldo) with Pancho (Leo Carrillo) will be among the many top entertainers at the Michigan State Fair, Sept. 3 through 12.

In the Coliseum, the schedule is: Patti Page, George Shaw, Four Lads, Clark Brothers, Billy Ward and His Dominoes, Three Sons and the Salt City Five on Sept. 3, 4, 5 and 6, continuous from 3 p.m.

PATTI PAGE

Bunny Paul is scheduled for Sept. 10 and Nat King Cole, Sept. 11 and 12. The following will be in the Coliseum show for all three days, Sept

**Waterford**

Reverend and Mrs. Lloyd Means and family of Odessa, Missouri, were visitors last week at the home of Mr. and Mrs. Robert Bliss. Mrs. Means is a niece of Mrs. Bliss.

Mr. and Mrs. Harold Beebe and family of Trenton spent Sunday with his brother and sister-in-law, Mr. and Mrs. Al Beebe of VanSyckle Street.

Mr. and Mrs. Edwin Hague and daughter, Margaret, left Monday to make their home in Arizona.

Mrs. Josephine Combs of Spring Arbor is visiting her son-in-law and daughter, Mr. and Mrs. Lyman Girt.

Mrs. Jessie Wakeman and son, Wendal, and granddaughter, Joyce of Fredericksburg, Virginia, spent last week at the Ellis Studenbaker home.

Maureen McGillicuddy is here from Council Bluffs, Iowa, visiting her uncle and aunt, Mr. and Mrs. Jack Hall.

Lem VanSyckle celebrated his 96th birthday on Monday. He and Mrs. VanSyckle went to the home of his daughter, Mrs. Percy Hunt, for a birthday dinner at noon.

Reverend and Mrs. Wright VanPlew and two boys left Monday for a two weeks vacation at Luzerne.

Weekend guests at the G. L. Root home were Miss Mary Theresa Walter of Detroit, Mr. and Mrs. Ben Dunker and Roland Dunker of Miamisburg, Ohio, Miss Barbara Dunker and Miss Marilyn Hardy of Farmington, New Mexico. Miss Dunker and Miss Hardy are on the staff of the Navajo Methodist Mission School in Farmington. Last spring Miss Hardy's 4th grade Navajo students corresponded with Mrs. Bruce Sidall's 4th grade students at the Davisburg School.

Mr. and Mrs. Richard Burch (Joyce Pammenter) of Tawas are the parents of a baby boy born Saturday, August 7th.

The William Banghart family left on Thursday for a vacation in northern Michigan.

Mr. and Mrs. Waldo Rockey and son, Steven, accompanied by her mother, Mrs. Beatrice Stevens, have returned from a visit with relatives in Manistique. Mrs. Stevens has been ill at her home for several weeks but was improved enough to make the trip.

Mrs. William Jacober and her mother, Mrs. Gladys Saari, are leaving on Saturday to drive to Virginia, Minnesota, for a two weeks stay.

The Waterford Birthday Club will meet with Mrs. James Stites at her new home on Maybee Rd., on Wednesday, August 18th, for a noon pot-luck dinner.

The Waterford Women's Club will meet Thursday, August 19, at 8:00 P. M. Hostesses for the evening will be Mrs. Herman Streeter, Mrs. William Schultz and Mrs. Ralph Frazer.

The W. C. T. U., will have a Family Night picnic supper on

Thursday, August 19th, at the home of Dr. and Mrs. L. G. Rowley on Williams Lake Road, beginning at 6:30. Those attending are to furnish sandwiches, a passing dish and their own table service. Mrs. Peggy Morgan is program chairman.

The Annual School Reunion will be held at the Waterford Village School on Saturday, August 14th, starting at 12:30 noon with a pot-luck lunch. Those attending are asked to furnish their own sandwiches, table service and a dish of food to pass. The program for the day is in charge of Mrs. Clara Day. Mrs. Robert Amos is the Reunion President. Mrs. John Watchpocket, corresponding secretary, has notified a great many of the event. However all former teachers and students are urged to attend.

**GRAF MILLER - JOHNSON**

The marriage of Janet Johnson and Dean Grafmiller took place Saturday evening at the Waterford Community Church. The eight o'clock candlelight service was read by the Reverend Wright VanPlew before an altar decorated with white gladioli and palms. The bride is the daughter of Mr. and Mrs. Edwin Johnson of Pontiac and the Gale Grafmiller of Winiata Park are the parents of the bridegroom.

The bride chose a waltz-length dress of white bridal lace featuring a hoop skirt. Her finger-tip veil was held by a headpiece of rhinestones and pearls and she carried white glamelias.

Charlotte Johnson, a sister of the bride, was maid of honor and her dress was of orchid nylon with matching headpiece. She carried orchid carnations. Leona Pace of Pontiac was bridesmaid. She wore pale green nylon and her flowers were green carnations.

Richard Smith of Pontiac was best man and Maxwell Purdy was groomsmen. Ronald Correll, a cousin of the groom, and Ed Amos were ushers.

The mother of the bride wore a gray and white nylon dress with white accessories and Mrs. Grafmiller wore aqua nylon with white accessories. Both mothers wore corsages of pink glamelias.

Immediately following the ceremony a reception was held at the Community Activities Building where approximately 200 guests greeted the young couple.

Following their wedding trip north the bride and groom will reside in their new home at 2662 Monrovia Street.

#### U-M STAR, METEOR SHOWERS, AUGUST SKY FEATURES

A "University of Michigan star" and a meteor shower will be the astronomical highlights for the month of August, says Hazel M. Losh, U-M associate professor of astronomy.

Professor Losh points out that the "Michigan star" actually is a double star found at the foot of the Northern Cross in the Milky Way. The star's two components are strikingly in contrast, one a decided blue and the other a distinct yellow, hence the name.

According to the professor the top of the cross is marked by Deneb, "one of the great stars, estimated to be 400 light years distant and perhaps 10,000 times more luminous than our Sun."

The Northern Cross is found in the zenith of the Milky Way, she adds, and may be located by tracing a line through the hazy path from Cassiopeia, giant letter "W" in the northeast.

"August is the month of the Perseid meteor shower," Professor Losh states, most conspicuous and dependable of the annual showers. Although visible for a two or three week period, it reaches its peak around the evenings of August 10 and 11. The month's bright moon, full on August 14, will diminish the display somewhat, she adds.

Paths of the "shooting stars" appear to intersect in the northeast, she explains, around the constellation Perseus. Seeming to fly in all directions from the radiant point, such a star sometimes appears to move upward, Professor Losh continues.

The shower comes when bits of iron and stone enter the Earth's atmosphere at high speed, are checked and the resulting friction sets them burning and the temperature is enormous and produces the brilliant flash. "Most of them are consumed in their plunge," she says.

The Milky Way appears to split into two streams of stars, the western branch extending to Scorpius, the eastern through Aquila, the Eagle, to Sagittarius, the Archer.

Among planets visible this month will be Venus, moving eastward from the Sun. Saturn will remain the bright yellow planet in the Southwest and Mars, the brilliant orange-red object in the southern sky.

#### THE BOTTOM FALLS OUT AND YOU HANG IN MID-AIR

If you ever have wanted to know how it feels to be suspended in mid-air, the chance will be yours at the Michigan State Fair, September 3 through 12.

James M. Hare, general manager, announces that the State Fair has secured the European ride sensation, the Rotor, for this year's Fair. The Rotor is a fun-making version of a device that was originally used to test the effects of spinning at high revolutions upon flying cadets.

The ride uses the physics principle of centrifugal force and allows the riders to spin suspended in mid-air. They walk into an expansive cylinder and take their places. As the drum increases the number of revolutions per minute to 30, which is about three feet at the fast blink of an eye, the floor suddenly drops away, leaving the patrons safely held in position by the outward force.

The Rotor is an entirely new ride, and the only one of its kind in the world. It was nearly 2 years in the making, weighs 20 tons and is made of stress-tested steel at a cost upward of \$100,000.

It will be the first appearance of the device in the Midwest.

#### HOUSE DAMAGE FROM BEETLES, NOT TERMITES

Powder-post beetles are giving trouble to Michigan householders again.

Dozens of telephone calls and letters with requests for help are received at Michigan State College's entomology department each week. Many think they have termite trouble.

M.S.C. entomologists say the trouble has increased during the past few years along with new house building. The pests are fond of sapwood.

How do you know when you have a powder-post beetle infestation? You can see holes that have been bored by adult beetles in emerging from the wood, or you may see just powdery borings that have been pushed up through the small holes.

If everything's quiet and you have sharp ears, you can hear a rasping or ticking sound—indicating that the larvae of the beetles are tunneling through the wood.

If you have a little beetle infestation, you can control the pests by saturating the wood with oil solutions of DDT or penta-chlorophenol or with a mixture of turpentine in ordinary kerosene. Repeated spraying with DDT will get the heavier infestations, according to the entomologists.

Your county agricultural agent has additional information on the subject. Or you can get a single copy of Leaflet 358, "Powder

#### Post Beetles in Buildings," from the Office of Information, U. S. Department of Agriculture, Washington 25, D. C.

#### HOW TO MAKE PICNIC TABLE; NOT DIFFICULT

Ever thought of building that picnic table yourself for the backyard or for your cabin up north?

There's no reason to go through another summer without a table, and now is the time to start planning for it, suggests Arthur T. Wilcox, Michigan State College park management specialist. If know-how is the only reason for not building it, there's no cause to worry there.

Wilcox, in cooperation with the American Institute of Park Executives, has written a bulletin on the design, construction and maintenance of picnic tables.

The publication shows how to choose materials and how to build it, so it will be safe, simple, pleasing and comfortable.

The bulletin, No. 2 in the park management series, is available from the bulletin office at Michigan State College for a nominal charge.

#### ENOUGH INSURANCE? BETTER BE SURE

Michigan State College agricultural economists advise checking your liability insurance. There's a good chance, say the economists, that you're not protected well enough against legal risks in accidental injury to another person on your farm.

They point out that the heavy increase in power machinery on the farm has boosted the risk of injury to hired help or tenants. And there's increased chance of accidents on the highway. The farmer also has a responsibility to visitors on his farm.

#### RAIL FERRY SERVICE WAS STARTED IN 1892

The first car ferry service across a great body of water was initiated in 1892 by Toledo, Ann Arbor and North Michigan Railroad, according to information in the Michigan Historical Collections (MHC) at the University of Michigan. The first especially-designed ship loaded with 24 freight cars crossed Lake Michigan from Frankfort, Michigan to Kewaunee, Wisconsin, November 24, 1892. Shippers at first were unwilling to trust their cargoes to the ferry for fear that it would sink under the burden of the loaded cars, says Dr. F. Clever Bald of the MHC.

#### WEEVILS IN HOUSE ADD TO TROUBLE

Add the strawberry root weevil to the oat thrips and the fleas now bothering Michigan householders. The brownish-

black creature, about a fourth of an inch long is not known to cause damage, but it is annoying, says Ray Janes, extension entomologist at Michigan State College. He advises using chlordane

to spray the outside foundation of the house and a foot or two of the area around the foundation to keep out the pests.

What about the beetles inside the house? Use the vacuum cleaner. Janes suggests.

#### My recipe for SEVEN-YOLK CHERRY CAKE ...

always successful in my

## ELECTRIC RANGE

**SEVEN-YOLK CHERRY CAKE**  
Time: 1 1/2 hours

Temp: 325° F.

1/4 cup shortening  
3 cups cake flour, sifted  
2 teaspoons baking powder  
1 1/2 cups sugar  
1 teaspoon salt

Cream shortening until soft. Sift together flour, baking powder, sugar and salt. Add to shortening. Add egg yolks, vanilla extract and one-half of the milk. Beat with electric mixer until flour is blended. Beat one minute. Add remaining milk, beat in. Scrape down bowl and beaters. Beat two minutes. Add nuts and cherries. Blend in. Bake in 12-inch greased tube pan. Cool cake 10 minutes before removing from pan.

**EVAPORATED-MILK FROSTING**  
1 cup evaporated milk  
1 cup granulated sugar

Bring evaporated milk to a slight boil; cool thoroughly (about 15 minutes). Beat shortening and sugar until creamy. Add cooled milk gradually to creamed mixture, beating constantly. Beat until light and fluffy. Add flavoring and coloring. Frosting will be similar to whipped cream.

Ask for other interesting recipes at your Edison office.

A little extra time means a lot to Mrs. Joseph Wilhelm. With her activities in local clubs... making a home for her husband and their son Kenneth... her day is full, but not too full for looking in her modern electric range. And do her menfolk love this cherry cake topped with creamy evaporated-milk frosting!

You have extra time when you cook with a modern electric range. That's because you don't have to be a "kitchen-sitter," at the beck-and-call of an old fashioned range. Surface-unit and oven temperatures are scientifically controlled. There's no guesswork... simply snap a switch to the exact heat needed and walk away. Good reason why you should change to electric cooking, now.

BE MODERN—COOK ELECTRICALLY

From where I sit... by Joe Marsh

#### "Nothing to Sneeze At"

This year our town decided to do something about its hay-fever sufferers. Hap Thomas is our health officer, so he was made rag-weed "inspector."

"Can't see why anybody should be bothered by a few weeds," he snorted. "I say it's all in their minds." But Hap went on out to do his job.

Then, yesterday, I met Hap—looking kind of sheepish. His eyes were red and as he took out a big handkerchief, he sneezed. "Know somebody who isn't allergic, who'd like a job?" asks Hap.

From where I sit, I can sympathize with Hap. It's no joke. But as Hap admitted later, he was dead wrong in scoffing at the idea of hay fever. Making light of other people's ideas and opinions is a familiar trouble with a lot of folks. Whether it's hay fever, football or a choice of, say, buttermilk or beer as a thirst-quencher, I'm just naturally "allergic" to anybody who "knows-it-all!"

**TRACTOR DRIVING CONTEST AT MICHIGAN STATE FAIR**

The question of women versus men drivers should be solved for Michigan farmers, at least as far as tractors are concerned, at the 1954 Michigan State Fair, September 3 through 12.

There'll be \$800 in prize money for the winners of a skilled tractor operators' contest to be held September 8 and 9. Eliminations and finals will be held in three divisions: Junior, for boys under 18; Senior, for men over 18 and the Women's Division (all ages). The winner from each division will compete for the sweepstakes

prize and the title of "Michigan's Most Skilled Tractor Operator". Each contestant will participate in three events: driving a two wheel trailer through an obstacle course and then backing it into a space similar to backing into the tool shed after the day's work. The same procedure will be followed with a four wheel trailer, which requires considerable more dexterity, and the third event will be "belting up".

New tractors will be provided, but contestants may use their own tractor if they care to do so. Outside widths of tractor wheels cannot be less than 60 inches. All contestants will use the same

implements. Scoring will be done by the "points penalty" system. The contestant with the lowest total score will be declared the winner. The contest which was arranged by Board Member Harry H. Wright of Lawrence, Michigan and W. E. Grober, Director of Farm Machinery, of Saginaw, is open to Michigan residents only. An entry fee of \$1.00 is required, which entitles the contestant to a season pass. All entries must be in by August 20.

**HOW TO BROIL SMALL TURKEY: COOK SLOWLY**

More turkey on the market than ever before—that's the report from the Department of Agriculture say food specialists at Michigan State College.

Most of the turkeys found on the market during the summer-time are the small Beltsvilles—some people call them broilers, some call them fryer-roasters. Maybe your favorite cookbook doesn't include the directions for broiling small turkeys—this special Beltsville breed was developed only about five years ago.

The M. S. C. foods specialists give these directions for broiling a small turkey:

Use a young turkey weighing two to four pounds. Have the turkey split in half lengthwise for broiling. Break drumstick, hip and wing joints to keep the bird flat during broiling.

Flatten the halves and skewer wing flat against cut edge of backbone.

Season each half turkey with about one-fourth teaspoon salt and a sprinkling of pepper. Place turkey in broiler pan (not on rack) and brush with melted fat. Then place skin side down.

You want to broil the turkey slowly so place the broiler five to seven inches from the heat source. Regulate heat or pan position so that the turkey just begins to brown lightly in ten minutes. Cook slowly.

Turn and brush with fat two or three times during the broiling to brown and cook evenly.

The total cooking time would be about 50 to 60 minutes for a 2½ pound ready-to-cook turkey.

The turkey is done when the meat on the thickest part of the drumstick cuts easily and there is no pink color visible.

**SPRAY RASPBERRIES AFTER PRUNING JOB**

Be sure to give your raspberries a thorough spraying with

fermate after you finish the pruning job this summer. That's advice from Robert F. Carlson, a Michigan State College small fruit researcher. The spray is needed, he says, because of the anthracnose, or cane spot, epidemic this summer. Cool, wet weather helped spread the disease.

Doing a good pruning job, notes Carlson, means cutting out all the old canes and the weak and spindly ones. It's a good idea, he cautions, to burn all of the cut old canes. That's one way of helping to control diseases. Don't cut off tips of canes during the summer, he insists; it's better to let the new canes grow and tip them next spring.

50% better mileage—

**NOT 5¢ FOR REPAIRS IN 34,400 MILES!"**

Here's the typical performance record of GMC Hydra-Matic\* trucks as being reported from all parts of the country

WHOLESALE BAKER, supplying his entire state, put Hydra-Matic GMC's on his longest routes. In racking stop-and-go-work, they're averaging 58 delivery stops per day, 28,000 miles per year.

Here's what their carefully kept records show:

The Hydra-Matic GMC's are getting 12.2 miles to the gallon—50% more than their standard trucks.

In use now up to 34,400 miles, not a nickel has been spent on repairs for any one of them.

Brake linings, usually replaced at 25 or 30 thousand miles, are still in good shape.

Clutch replacement, usually necessary at about 16,000 miles, is completely eliminated.

And the drivers of these Hydra-Matic GMC's are the happiest, most job-contented men you'd want to employ!

Now, how about you? From Pickup to heavy-duty hauler, there's a Hydra-Matic GMC to better any trucking operation. Come in and let's see about yours.

\*Standard on many models; optional at extra cost on some others.

**Get a modern truck!**

See your GMC dealer for Triple-Checked Used Trucks

**RIGHT NOW**

is the Best Time in History to Buy a **PONTIAC!**

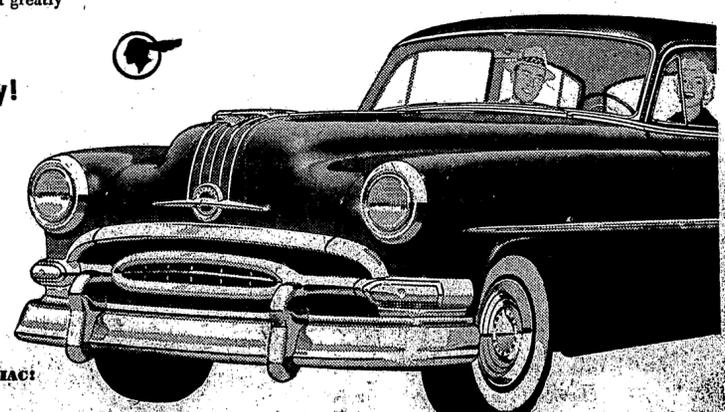

**You'll have a Bigger Car!**  
Today's Pontiac is the biggest ever built. In fact, no car near its price provides you with the road-hugging comfort and stability of Pontiac's long wheelbase. And Pontiac's size is apparent, too, in its roomy Body by Fisher that lets you relax amid every fine-car luxury and appointment.

**You'll have the Greatest Beauty!**  
Today's Pontiac is the most beautiful ever built, with its distinctive Silver Streak styling. And Pontiac's beauty is more than skin deep: inside you'll find luxurious appointments and color-keyed fabrics usually reserved for much more costly cars.

**You'll have America's Top Value!**  
Today's Pontiac is the greatest value ever built. With all its fine-car qualities, Pontiac is actually priced right next to the lowest—so low, in fact, that if you can afford any new car you can afford a Pontiac. Add to that the fact that Pontiac has the highest resale value in its price class and you'll have an unmatched motor car value. Come in soon and get the facts:

**You'll have Finer Performance!**  
Today's Pontiac is the most powerful ever built. Pontiac's big, husky engine puts you in command of more power than you're ever likely to need. You enjoy instant response in traffic, and as you cruise the open road your engine merely loafs along, saving money every mile you drive and greatly prolonging engine life.

**You'll have World-Famed Dependability!**  
Today's Pontiac is the most dependable ever built. Pontiac's record for long life is acknowledged everywhere. No car at any price will deliver more miles of carefree, economical service. This unsurpassed dependability means you can drive and maintain your Pontiac at amazingly low cost, mile after pleasant mile.

**DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!**

### NEW Improved SUNHEAT FURNACE OIL

Now available! New Sunheat Furnace Oil made by the makers of Blue Sunoco Motor Fuel. You'll be anxious to have it delivered to your home because...

- It does away with sludge—Sunheat's new ingredient keeps oil filters and burner nozzles extra clean.
- It minimizes rust and scale formation due to condensation in storage tanks.
- Service calls due to oil are practically eliminated.

#### FIRST CHURCH OF CHRIST, SCIENTIST

Oxford, Michigan Sunday School 11:00 A. M. Sunday Service 11:00 A. M. Reading Room, rear of Church,

open Wednesday from 2 to 4 and 7 to 8 P. M.

That true happiness is to be found through understanding the spiritual laws which govern the universe including man will be brought out at Christian Science services Sunday, in the Lesson-Sermon entitled "Soul".

The spiritual nature of happiness is set forth in the following passage which will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (60:29-2):

"Soul has infinite resources with which to bless mankind, and happiness would be more readily attained and would be more secure in our keeping, if sought in Soul. Higher enjoyments alone can satisfy the crav-

ings of immortal man. We cannot circumscribe happiness within the limits of personal sense."

The prophet Isaiah's promise of peace and joy to those who spiritually understand God will be included in the readings from

the Bible (Isaiah 55:12): "For ye shall go out with joy, and be led forth with peace; the mountains and the hills shall break forth before you into singing, and all the trees of the field shall clap their hands."

Did you know that 10½ quarts of rich milk are needed to provide the four pints of rich cream necessary to make one pound of butter?

Vanilla, chocolate and strawberry are America's favorite ice cream flavors. About 51 per cent of all ice cream sold is vanilla, 18 per cent chocolate and almost

10 per cent strawberry.

Every day homemakers in the United States use about eight million cans of evaporated milk, or put another way—5,500 cans per minute.
