

**Waterford**

Mr. and Mrs. Gail Huntley and son, Jerry, returned home last Thursday from a vacation trip through Tennessee and North Carolina.

John Miller is somewhat improved and getting along nicely from a stroke suffered last week.

Mr. and Mrs. Robert Schnitzer of Rowley St., Huntoon Lake, are the proud parents of a 9 lb 7 oz son, Gary, born August 24th at St. Joseph's Mercy Hospital.

Mrs. Maude O'Connor is ill in Pontiac General Hospital. She is in room 410.

Mr. and Mrs. Earl Lambertson left last week to spend the fall and winter months at their home in Eustis, Florida. They have been at the Jim Lambertson home near Davisburg this summer and have been recovering from injuries suffered in an accident near Flint soon after they came north. Mrs. Lambertson was quite seriously injured but had recovered enough to make the trip south.

Mrs. Ada Campbell drove to Trufant, northeast of Grand Rapids, on Saturday to get her son, Tommy, who has been there for two weeks visiting at the farm home of his uncle and aunt. They returned home on Sunday.

Mrs. Lydia Magnuson of Wilcox, Pa., and Mr. and Mrs. Ernest Svedell of Miami, Florida, are visiting at the home of Mr. and Mrs. Hugo Magnuson.

Mrs. Irene Trunk who has been seriously ill for two months in St. Joseph's Hospital is gradually improving and is able to be out of the oxygen tent for a few hours each day. For friends wishing to remember her with cards she is in room 283.

Mrs. William Jacober and her mother, Mrs. Gladys Saari have returned from a two weeks visit in Mountain Iron, Minnesota.

Mrs. Clemma Kuhn of Chicago who has been in Pontiac visiting her brother, Albert Dates, was out to Waterford on Saturday visiting many of her old friends and neighbors. She is a former Waterford resident, but has made her home in Chicago for the past several years.

Mr. and Mrs. Henry Mehlberg were Sunday dinner guests of Mr. and Mrs. Robert Cascaddan of Leonard. The Mehlbergs had their first home in Leonard after their marriage 38 years ago.

Mr. and Mrs. Frederick Fuchs went to North Branch on Sunday to attend their nephew's wedding reception in the afternoon.

Tom Belton and Don Smith enjoyed a 30 mile canoe trip up the Manistee River over the weekend, camping in the wilds of Michigan for 2 nights.

The Waterford Moms will have an afternoon meeting on Wednesday, September 8th, at the home of Mrs. Robert VanMarter. Election of officers will be held and the meeting is called at 1:30.

Friends here on Sunday evening to attend the Commissioning Service at the Community Church for Patricia Maxwell included Mr. and Mrs. Les Dingman and family of Grand Rapids; Mr. and Mrs. Don Hetchler and family of Byron; Mr. and Mrs. Howard Burt and family from Ortonville. Miss Maxwell will leave soon for Japan where she will be a missionary.

The Adult Bible Class of the Community Church will meet on Tuesday evening at the Roy Pamenter home. The lesson will be from the 13th chapter, II Corinthians.

It was Miss Karen Barnard and her parents, Sgt. and Mrs. Robert S. Barnard of Olympia, Washington, who were the instigators of the 9,375 mile, six-weeks' trip for Mr. and Mrs. William Barnard and sons Bill and Bud of Waterford.

Taking a northern route across the Straits, through Wisconsin, Minnesota, North Dakota, Montana, and Idaho into Washington, where they visited their son who is Supply Sergeant at the Fort Lewis Army Base, and his wife, Velma and new daughter, Karen. Taking a southern return trip they traveled through Oregon, California, crossing the Mojave desert to Las Vegas, Nevada and through Arizona, New Mexico, Old Mexico and on to Texas where they visited a brother who

is T/Sgt. at the Air Force Base at Wichita Falls and had outdoor charcoal-broiled Texas steaks and a freezer of ice cream. An uncle, Frank Cardwell, and cousins in Fort Worth, Texas, were also very hospitable. Crossing Oklahoma into Kansas they also found a latch string hanging out at the home of Mrs. Barnard's mother, Mrs. Maude Mintz, and aunt, Mrs. Mary Fry, of Columbus, and at the home of her brother, Oren Mintz, and family at Hallowell. They were also welcomed by Mr. Barnard's brother, John, and family of Galena, Kansas, and by several other relatives near there and at Chanute, Kansas. Leaving Kansas they crossed through Missouri into Illinois where they visited the homes of two sisters and three brothers of Mr. Barnard in Chicago. Crossing Indiana into Michigan these happy travelers brought home memories of the very best vacation of their lives.

**TAKE THE LABOR OUT OF LABOR DAY PICNICS**

by CAROL LANE, NOTED TRAVEL AUTHORITY

PROFIT BY SUMMER'S EXPERIENCE AND PICNIC "SCIENTIFICALLY!"

WITH PROPER PREPARATION, AN OUTING CAN BE AS EASY AND EFFICIENT AS A MEAL AT HOME. FOLLOW THESE PRINCIPLES:

MAKE THE MOST OF INGENUOUS EQUIPMENT SUCH AS FITTED PICNIC BAGS, COLLAPSIBLE GRILL, LONG-HANDLED TOOLS, TABLE AND STOOLS THAT FOLD INTO TINY CASES, HUGE THERMOS BAGS FOR FOOD.

PREPARE FOODS IN ADVANCE—PRE-SCRAMBLE EGGS, PAR-BOIL POTATOES AND MEATS, MAKE COFFEE AND THERMOS-JUG IT. USE FROZEN OR CANNED FOODS WHERE POSSIBLE. COMPLETE MEALS NOW COME FROZEN ON TRAY, READY TO HEAT AND SERVE.

SHORT-CUT TIME AND TROUBLE. USE DISPOSABLE PLATES AND UTENSILS. METAL FOIL AROUND PANS MAKES CLEANING EASY—CLOTH TURNS FLOOR OF CAR'S LUGGAGE COMPARTMENT INTO DANDY TABLE.

CLEAN UP SITE RIGHT AFTER MEAL—IT'S EASIER THEN. RELAX—AND HAVE FUN!

COPYRIGHT 1954, SHELL OIL COMPANY

Highland Recreation Area. Each child was eligible for one full week from 9 to 4:30 p. m. each day. Bus transportation was provided.

A varied program was led by two adults and four high school students. Out-door living, nature lore and games were featured.

136 children participated during the season, including 18 from the Oakland County Children's Home.

**SWIMMING**

Six weeks were devoted to swimming instructions at 5 local lakes. Five residents volunteered their beach sites for use of the program.

Mr. Kern, 6777 Desmond, Pontiac; Mr. Krivietsky, 3920 Athens, Drayton Plains; Mr. Preston Green of Watkins Lake Association and Mr. Al Martini, Sportsman's Beach, Elizabeth Lake were those who cooperated.

A total of 650 people, mostly youngsters, registered.

187 swimmers qualified to receive Red Cross certificates in the various classifications of senior life saving, junior life saving, beginners and intermediates.

A swim tournament was held at Pontiac Lake climaxing the swimming instruction. Two hundred children and adults participated. 100 awards were given.

**PLAYGROUNDS**

Organized games and activities were held for 8 weeks at 4 township elementary schools, Donelson, Covert, Drayton Plains and Stringham, one half days, five days a week.

The program was for youngsters 6 - 14 years of age. There was an average of 30 in attendance daily, at each playground.

A director and an assistant were in charge at each playground.

On the final day, Aug. 13, a hobo hike was featured. The children were dressed as hobos and hiked around the corner of the playground. There were contest judges for the funniest hobo, etc.

Other special program features included a trip to the Detroit Zoo; a trip to Day Camp to join in typical day of camping program, doll shows, bicycle decorating, etc.

Bill Carland, local bowman, served as special instructor in archery. Boys and girls, 7 to 14, from the four playground neighborhoods participated in five weeks of archery instruction. 80

**SOFTBALL**

There were 3 leagues, Men's, Juniors and Little League. The Junior and Little League play finished after nine weeks of play. The banquet was Aug. 30. Men's League ended Aug. 10, after 12 weeks of play. The local tournament ended Aug. 20 and the Men's banquet was Sept. 1.

There was a total of 195 players participated in all three leagues. An average of 100 spectators viewed the games each evening.

**DAY CAMP**

Six weeks were set aside for all township and school district children, 9 to 14 years, at the

**PICNIC KITS**

Game equipment for picnic and other group outings was available all summer at the Recreation Office. This loan service included: croquet set, horse shoe set, volleyball and softball equipment.

**OUTDOOR ART FESTIVAL OPENS SEPTEMBER 8**

The Annual Outdoor Art Festival of the Kirk-in-the-Hills Presbyterian Church will open on September 8 and continue through September 11 at the church grounds in Bloomfield Township. The exhibition times are from 1:00 P. M. to 7:30 P. M. each day, and the church is located on West Long Lake Road, one half mile west of Telegraph.

Dr. Harold C. DeWendt, Minister, announces that the people of the Kirk have been hard at work all summer on the arrangements for a better-than-ever art festival this year. He issues an open invitation to all Michigan families to come out and see the many works of art exhibited by artists from Michigan, many other states Canada and Mexico. There will also be a special crafts section of the festival this year covering ceramics, silver work, wrought iron, metalwork, jewelry, fabrics and furniture.

This is the third year of this unique art exhibit, the only one of its kind in the country. The beautiful lawns of the Kirk provide an ideal setting for the display of art subjects and will give visitors an opportunity to view the paintings in an informal atmosphere.

The festival will be a non-jury exhibition open to both amateur and professional artists, and all works will be offered for sale. This will give many families an opportunity to buy art subjects and gives the artists an appreciative market for their works. In addition, there are \$3,000 in awards offered for outstanding work.

**NEW DRIVING CODE ADOPTED BY MSC**

A new code permitting any Michigan State College student to own and drive a car on campus will go into effect this fall term.

Permission—heretofore granted only to special groups of students, was extended by the State Board of Agriculture, M. S. C.'s governing body.

Mapped jointly by student government, campus police and the Dean of Students, the regu-

lations permit the ownership and operation of cars by students and provide for specific driving and parking hours on the campus as well as fines for violations.

Included in the regulations are requirements that all cars be registered with the college police at a fee of \$1 per year, and that drivers show evidence of liability and property damage insurance.

**YOU NEED TO KNOW PARLIAMENTARY PROCEDURE**

By Dr. David C. Ralph, Assistant Professor of Speech Michigan State College

Not long ago I attended a meeting of a woman's club where I was to be the speaker. A short business meeting was called for 8 p. m., with the program to follow.

I arrived a few minutes early in order to look over the auditorium where I was to speak. No one else came until 8:15. The President arrived about 8:30, and the meeting did not get underway until almost 9.

There was no call to order, no minutes were read, and scarcely anyone paid any attention to

what was going on until the president asked if there were any objections to the treasurer's donating \$25 of the club's money to a local charity.

Immediately acrimonious debate broke out. Several women were speaking at the same time; and, so far as I could tell, by 10, when I was finally called upon to speak, no action on the donation proposal had ever been taken.

No one was happy with this situation. The club's officers were apologetic to me and disturbed about their failures, but they seemed not to know what to do. When I ventured to suggest that a knowledge of and adherence to the rules of parliamentary procedure might help, they agreed at once but protested that par-

liamentary law was "too involved—too hard to learn." Fortunately, this is not the case.

A complete knowledge of parliamentary law is indeed difficult, if not impossible, to obtain. But anyone can learn the few simple, basic rules which are required to operate the average meeting, and a general understanding of the purposes and procedures of parliamentary procedure can be taught in a relatively short time.

It is interesting and instructive to learn that parliamentary law has been an inherent part of the democratic way of life for a long time, that our Congress and state legislatures operate upon its principles, and that large groups of all types, including clubs, labor unions, parent-teacher groups, business conferences, and town meetings could not function efficiently without recourse to parliamentary procedure.

Parliamentary procedure exists primarily for two purposes: to preserve the right of the majority of the members to rule, and to protect the right of the minority to be heard and to have their interests safeguarded. To put the matter another way, rules agreeable to all members of a given group enable that group to deliberate upon problems with complete and free debate and to arrive at some definite action to be taken.

While there are many parliamentary rules that the average number of organizations cannot be expected to comprehend, a knowledge of the order of business of an organization and the ability to make and amend a main motion will solve probably 90 per cent of the average organization's problems.

The unfortunate behavior I happened to witness could have been prevented had the president opened the meeting on time, called for the various events to occur in a definite pattern known to all members, and provided for debate on the donation proposal according to the simple rules provided for in such publications as Roberts' "Rules of Order."

In this case, at least, action would have been taken on the proposition, my speech (for whatever it was worth) would have been completed on schedule, and a reasonably good time would have been had by all!

**GOOD NEWS FOR AIR FORCE RECRUITS**

Master Sergeant Francis H. Casey, in charge of USAF Recruiting Sales Office located at 53 1/2 Huron St., Pontiac, announced today that there may be good news in store for many young men in Oakland and Macomb counties who are contemplating service with the Air Force.

Although definite results will not be available until sometime next year the Air Force has none the less taken experimental steps to eliminate the airman's scourge, KITCHEN POLICE.

The Air Force always looking forward to better economy and welfare of its personnel inaugurated this new year long experiment to determine if civilian food services can prepare and serve military rations more attractively at reduced costs.

No estimates are available on how much the Air Force expects to save on this move if proved satisfactory Sergeant Casey said, however, the benefits as a morale builder for Enlisted Personnel would be immeasurable he added.

Main reasons for the experiment include ending the need for taking expensively trained and highly important technicians away from the specialties every few weeks.

The experiment is being conducted at Vance Air Force Base, Enid, Oklahoma, by contract with the Nationwide Food Service Company, Inc., of Chicago, Ill.

Results of the experiment will be available next June after a complete study by the Air Staff at USAF Headquarters in Washington.

Whether the results are favorable or not Sergeant Casey said it is gratifying to know the Air Force is always taking steps to better the morale and welfare of its personnel and also reduce the cost of its overall operation.

**BEACH ACTIVITIES WILL BE LIMITED AFTER LABOR DAY**

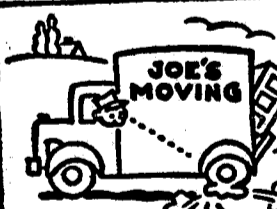

All five Huron-Clinton Metropolitan Authority Parks are ready for big crowds over Labor Day weekend which will mark the end of full-scale summer activities. This is the last weekend to see water ski exhibitions at Metropolitan Beach.

Metropolitan Beach on Lake St. Clair will not charge for parking or bathhouse use after Labor Day, but swimming activities will be on a limited basis, with guards on duty only on warm days.

At Kensington Metropolitan Park, Maple Beach will be closed after Labor Day. Martindale Beach will open through September 12, and will be open on the following weekend if the weather is warm.

Although the Kensington Fishing Contest will end on September 12, the Boat Rental Dock will remain open through October 3.

Striking photos of spring and summer activities in H-C-M-A parks are on exhibition at Martindale Beachhouse in Kensington.

**4 Important Reasons why you should buy a PONTIAC RIGHT NOW!**

- 1 Pontiac is One of the Greatest Cars Ever Built!**  
Match today's Pontiac with America's finest cars and you'll get a dramatic picture of Pontiac value. First of all, Pontiac is big—bigger, in fact, than many cars costing hundreds of dollars more. Pontiac is beautiful—with its distinctive Silver Streak styling. Inside, you'll find genuine fine-car luxury and appointments—along with the roominess and comfort that come only with a long wheelbase. But the big surprise comes when you test Pontiac's performance. See how alert it is to every demand in traffic, how it handles and corners almost without effort, how it takes to the open road with plenty of power to spare and saves money every mile.
- 2 Pontiac has the Best Resale Value in its Price Class!**  
Along with all its fine-car size, luxury and performance, Pontiac has a very special attribute no car at any price can beat—its unsurpassed reputation for year-in, year-out dependability. Pontiac's carefree, economical long life and its proved record of amazingly low maintenance expense are so widely known and acknowledged that it commands the highest resale value in its price class. Because Pontiac is America's most desirable used car, your original investment comes back in greater measure when you trade, making ownership cost even lower.
- 3 Pontiac is Priced Just Above the Lowest!**  
After you've convinced yourself of Pontiac's value, after you've considered all the good things you've heard about its dependability—see and compare it dollar-wise. Despite the fact it's a fine car in every sense of the term, it's priced so near the lowest that if you can afford any new car you can afford a Pontiac.
- 4 We'll Make You a Deal You Can't Afford to Miss!**  
Right now we're making such liberal trade-in allowances that you just can't afford to pass up the greatest opportunity you ever had to become a fine-car owner. Come in and get the facts.

**BULLETIN ON APPLES OFFERED**

"A" is for apples in Michigan right now as growers prepare to harvest the 1954 apple crop. Homemakers find lots of uses for this versatile fruit the year around. And any homemaker looking for more favorite apple recipes will be interested in obtaining the Michigan State College bulletin "Another Way for An Apple A Day".

The 12-page bulletin was prepared by Roberta Hershey, Extension specialist in foods and nutrition at M. S. C. Recipes for apple stuffing, apple chutney, apple fritters, Dutch apple pie, spicy apple torte—these and 20 other tempting apple recipes are included in the bulletin.

Miss Hershey has also included information about apple grades, sizes and weights that will be helpful when you shop.

A chart of apple varieties is also given which lists the characteristics of the different varieties and the uses for which each is best suited.

"Another Way for An Apple A Day" is available free on request from the Bulletin Office, Michigan State College, East Lansing.

**HINT GIVEN ABOUT TINT FOR COCONUT**

When you want to tint coconut, follow these suggestions from Lucile Decker of the M. S. C. foods and nutrition department: Put a few drops of the desired coloring in a pint fruit jar, add a few drops of water and fill about half full with coconut. Then put on the lid and shake the jar.

Each electric dryer load is gently tumbled dry... soft, fluffy, remarkably wrinkle-free

126,000 of your neighbors use  
**Electric Clothes Dryers**

Why do so many folks choose electric clothes dryers? Simply because electric heat is as clean as the sun's.

There's another reason why electric dryers have the edge. They cost less to buy... operate for only pennies a load. They

are convenient, too. Rain or shine, you can dry clothes any time in an electric dryer.

It's easy... when you dry clothes **ELECTRICALLY**

### NEW Improved SUNHEAT FURNACE OIL

Now available! New Sunheat Furnace Oil made by the makers of Blue Sunoco Motor Fuel. You'll be anxious to have it delivered to your home because...

- It does away with sludge—Sunheat's new ingredient keeps oil filters and burner nozzles extra clean.
- It minimizes rust and scale formation due to condensation in storage tanks.
- Service calls due to oil are practically eliminated.

### Fall Is Time to Plant Spring Gardens

How is your garden going to look next March or April when your neighbor's is bursting with color? If you want to have something to sing about next Spring, Fall is the time to get in there and plant Dutch bulbs. With careful planning you can enjoy a breathtaking flower display for over two months or more.

Neglected nooks and crannies can often be delightfully dressed up with a dash of brilliantly colored tulips. A sloping area might be selected for a mass planting of golden yellow daffodils. Hyacinths could be placed informally along borders and in groups of three to five close to the house where their fragrance can be appreciated.

Except in very warm climates, the sunnier the location for your Spring bulbs the better. Daffodils, hyacinths, snowdrops, grape-hyacinths, and scillas will do better in shade than the May-flowering tulips. The ideal location is a combination of full sun and protection: by a building, a wall, a hedge or shrubbery, from north and west winds. Don't let droughts, past or present, worry you. Bulbs are not as thirsty as many other flowers.

Early planting — as soon as bulbs can be procured—is generally desirable. Bulbs are better off in the soil than if stored in a garage or cellar. Here is a checklist of some of the main flowers that will bloom in your garden next Spring, if you plant the bulbs now, this Fall:

**TULIPS** — Choose from hundreds of available varieties in every color and many shapes, blooming from April through May. Plant in sun, in well drained soil, six inches deep, six apart.  
**DAFFODILS** — Yellow, white,

Tulips Are Symbol of Spring or yellow and white, with occasional touches of orange, and many possible variations in shape. Plant in sun or light shade, six inches deep. Bloom in late March and April.

**HYACINTHS** — Pink, blue, white, yellow, all hardy and fragrant. Plant in formal beds and borders in full sun, six inches deep, six apart. Bloom in mid-April.  
**CROCUSES** — Blue, white, yellow, and striped blue. Look best in grass, shrubbery or perennial borders. Plant in sun or light shade, three inches deep, three apart.

**SNOWDROPS** — White, early blooming — late February or March. Plant beneath shrubbery and in rock gardens, in light shade, same as crocus.

Sunday School 11:00 A. M.  
Sunday Service 11:00 A. M.  
Reading Room, rear of Church, open Wednesday from 2 to 4 and 7 to 8 P. M.

The ability, power, and sinless perfection which characterize man's real nature in God's likeness will be brought out at Christian Science services Sunday.

The Lesson-Sermon entitled "Man" includes the following passages from the King James Version of the Bible (Ephesians 4:7,13):

"But unto every one of us is given grace according to the measure of the gift of Christ. . . Till we all come in the unity of the faith, and of the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fulness of Christ."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read (258:21): "The human capacities are enlarged and perfected in proportion as humanity gains the true conception of man and God."

The Golden Text is from Genesis (1:27): "God created man in his own image, in the image of God created he him."

#### SASHABAW PRESBYTERIAN

5331 Maybee Road  
Reverend William Bos  
10:00 A. M. Sunday School  
11:00 A. M. Morning Worship.  
You are cordially invited to the services of this church.

#### BABY SITTING FREE AT STATE FAIR

There'll be a free baby sitting service offered to the public at the 1954 Michigan State Fair. The project will be sponsored by the Southern Oakland County Girl Scouts and will enable parents to leave small children (age 3 minimum) at the center free of charge for a period of two hours. Mrs. John D. Williams, Royal Oak, of the Southern Oakland County Girl Scouts, is acting chairman for the service. She feels that this type of project not only offers the Girl Scouts an opportunity to give real service, but is a chance to show the gen-

eral public what the Scouts can do.

The service, the first of the State Fair public service events arranged by Board Member Billie Farnum, will have an hourly capacity of 32 children. It will be housed in a 12' x 18' enclosed area set in a 50' x 100' fenced area. The children will be in the care of trained Girl Scouts, who have completed a series of special training sessions set up in advance, and there will be one scout to every four children. The project will be under the supervision of three adults at all times, a registration clerk, a registered nurse, and a scout leader.

Craft materials, playground equipment, and games will be supplied. With the permission of the parent, each child will be given a snack of milk, cookies, and ice cream.

"We have tried for a number of years to incorporate some such service in our Fair," said James M. Hare, general manager. "We hope that this year's effort will be so successful that it will warrant a baby sitting service operated on a much larger scale in future years. It's a marvelous thing the Girl Scouts are doing for the State Fair."

### LOADED WIRES REQUIRE RELIEF

Overloading of wires is one reason that electricity is blamed in about one out of eight home fires.

When overloaded wires blow fuses, they are a nuisance. But when they heat through insulations and start fires—perhaps in walls, they are destroyers. David G. Steinicke, farm safety specialist at Michigan State College, points out that electricity use has doubled in 10 years in some homes. It will pay the home-owner to double his safety precautions.

### RED SCHOOL FOR SABOTAGE

Russia's master plan for sabotage! Read it Sunday in The American Weekly, with the CHICAGO AMERICAN—revealed by a former officer in the O. S. S. He tells how he got his hands on Russia's "Bluebird Papers"—and he tells what's contained in this secret plan for destruction. You'll get the whole story—in the American Weekly, with SUNDAY'S CHICAGO AMERICAN.

## Remember

### YOUR HOME NEWSPAPER

All matters handled through the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper each week.

**Deviled Sardine Sandwich**

Rounds of fresh rye bread generously filled with Deviled Sardine filling makes real hearty eating on hot August days.

When the sand-let set comes bustling into the house, there's a familiar shout, "What'll we eat?" You'll be tops on the list, if you give them Deviled Sardine Sandwiches. Clamoring youngsters will really go for the fresh rye bread generously spread with this tangy filling.

A shining virtue of this sandwich treat is that it can be made from foods stored on your kitchen shelves. This is almost a "must" for these impromptu feasts of the younger set. Another laurel for this inexpensive filling is that it can be stored in the refrigerator so each member of the family can fashion his own sandwich—mid-day or mid-night.

Make up the shopping list for an easier and cooler "August National Sandwich Month." It is the month for light appetites, easy-on-the-cook meals and cool eating. Complete sandwich meals are the clear-cut answer. A variety of breads can be selected from the bake shop or grocer. All the "go-withs" can be purchased as you do the weekly shopping in the market. Add your own ingenuity with the attractive garnishes, beverages and desserts! A sandwich meal can be ready for the table in a matter of minutes. You'll enjoy this easy summer dining.

**DEVILED SARDINE SANDWICH**

- 1 can skinless and boneless sardines (3 3/4-ounces)
- 2 teaspoons lemon juice
- 1 teaspoon grated onion or onion juice
- 1 teaspoon prepared mustard
- Dash salt
- 2 tablespoons mayonnaise
- 8 slices rye bread
- Butter or margarine
- Lettuce

Mash sardines with fork. Add lemon juice, onion, prepared mustard and salt, mixing until well blended. Add mayonnaise and mix thoroughly. Spread bread with butter or margarine. Spread sardine mixture on 4 slices bread. Place lettuce on top of sardine spread. Top with remaining bread slices. Makes 4 sandwiches. (3/4 cup Dash salt)

**Card Of Thanks**

My heartfelt thanks are extended to my neighbors for their thoughtful expression of sympathy, the lovely basket of flowers, at the time of the death of my brother, Harry Green. Mrs. George Hills
