Pat Jewell, a student at the University of Michigan has been pledged to Phi Rho Sigma, Medical Fraternity.

At the meeting of the Methodist Men's Club on October 21 the following officers were elected: president, Fred Warrick vice-president, Tom Herman; secretary, Howard Sage; treasurer. F. E. Davies.

Always Present

A man and his wife and their Clarkston Locals little boy, five.

Had wired to their hosts, that by plane they'd arrive; And barring mishaps, all things going well.

They would come to their house to stay for a spell.

At last came the day and this family of three,

Were thrilled with the thought they'd shortly be free Of the smoke and noise of a big

city's street: For soon they would be at the

summer retreat. The lad, in excitement, tugged

at the pair,

Impatiently waiting to soar in the air.

The great motors roared taking off for the flight. On up through the clouds, to the

brilliant sunlight. The little boy peered through

the window in thought, Remembering the lessons he had

been taught: Then asked of his Mommy, "Are we in the sky?

Are those clouds that I see down there, floating by?"

His Mommy said, "Yes, my dear", with a nod.

With puzzled expression he said 'Where is God?"

How many more children are there in our land, Through lack of our teaching do

not understand: That God does not float on

cloud in a throne.

But, always is present protecting His own.

Clarkston Helps **World's Children**

Fifty Clarkston youngsters celebrated a UNICEF Hallowe'en for the first time on Saturday. Th children's success as ambassadors of UNICEF is self-evident in the grand total of coins they collected. \$50.71 is their gift to the United Nation's Children's Fund which will use the money to improve the lot of children in the underdeveloped countries of the world.

The committee that worked on this Hallowe'en project included Mrs. Robert Atkins, Mrs. Paul Eliason, Mrs. Dean Smith, Mrs. Fred Warrick, Mrs. Paul Hinkley, Mrs. Roger Galligan and Mrs. Don Stackable. The committee wishes to thank the children and adults of Clarkston for their warm and generous support of this new kind of Hallowe'en. Many thanks also to "Paul's Good Food" for the donation of candy

Children Have Happy Halloween

Well, the big night is over and the goblins and witches have vanished for another year. The small fry had a good time visiting the homes of their neighbors Football Team, the Cheer Leadand getting their large sacks ers and the coaches and their filled with sweets and fruit. Some of the costumes were really amusing and so original. When she was greeted at the door she said, "I'm By The Way . . . Red Riding Hood Pig, conck!

Many of the "trick or treat" boys and girls who wore the UNICEF arm bands were happy when they found out that the penny-givers were very generous, making the United Nations International Children's Emergency Fund richer by fifty dollars.

One Hallowe'en prank was to urn the Clarkston Village Limit sign around and write on the reverse side "Tombstone Village Limit". We trust that this was not that person's idea of Clarkston. Many pictures have been taken of the "new" sign. Somehow the writer bases his idea of a good trip or vacation on whether he enjoyed good meals or bad in his traveling. We were impressed then by the pictures taken by Mrs. Pettengill along her tour of the "old" countries, of unique restaurants in beautiful settings, where by the good looks of the eating places you just knew that the food would be good. Incidently, according to a friend, as one grows older the question of food changes from the class of 'how much food' to 'how good is the food'. This friend even relates that he has taken pains to prepare some of the better dishes himself, and is gaining some reputation along this line. Unfortunately our deadline is ahead of final returns on the election but it seems clear that Honorable George A. Dondero has again weathered the storm and has been returned to Congress for another term. . . . In another week the deer hunters will be going north. The majority will probably be leaving on Friday to get on location by the 15th. To enjoy a weekend of driving try and avoid that period. . Financial note of the week: With the appearance of the new cars, industry seems to be going ahead in its customary pick-up in speed. The new Ford will be on display at Beattie Motor Sales on November 12th. It is our understanding that the new Chrysler and Plymouth will ap-

pear about the 17th. A large number of people viewed the new Pontiac and Chevrolet last weekend. It would seem that the proposal to legalize Bingo is losing out. We understand some clubs had even appointed committee chairmen for Thanksgiving Bingos, so confident were they that the measure would be

approved by the voters. . . . Honesty Is Still Best Policy

David Galligan was a much happier boy this week when he found that the case full of music that he found on the school grounds on Saturday night had been delivered to its rightful owner. The owners, Mr. and Mrs. Ralph Haan were just as happy as David, because the case contained manuscripts that could

From where I sit ... by Joe Marsh

Our Town Makes Good in New York City

Couldn't place a new subscriber named Clark, but I found out who they were last week when they dropped in The Clarion's office.

'We're native New Yorkers," Mrs. Clark said, "and all our friends there are originally from other places. We always felt left out when they talked about things 'back home.' "

"That's why we 'adopted' your town and to get all the news we subscribed to The Clarion. Now we have a 'back home' to talk about-and we think it's the most wonderful town there is!"

From where I sit, just about everyone thinks his own home town is best. Picking your town comes natural. The right to do this "picking," though, is what really counts. Whether it's a favorite town, a favorite cut of meat, or even a choice of a beverage - say between beer and buttermilk, it's respecting the right to this freedom of choice that makes a good neighbor. I hope you subscribe to that!
