## Annual School Fair Saturday Evening

Plans are being completed for the Annual School Fair at the Clarkston Elementary School on Saturday evening, November 20, from 5 until 9 o'clock.

Those in charge have arranged entertainment for the whole family. Besides a fish pond, a country store with canned goods, baked goods and sewing, there will be a white elephant booth, tractor rides, pony rides, small cars, movies, refreshments, soft drinks, coffee and doughnuts.

Orders will be taken for Christmas cookies to be delivered the last day of school before Christmas.

Be sure to get your donations to the school or to Rudy's Market. If you would like to have your donation picked up call MA 5-0721; MA 5-3621 or MA 5-4151.

Everyone is urged to attend the biggest school event of the year—the School Fair. Bring the family and have fun for the whole evening.

## Men's Club To Hear Special Speaker

The Men's Club of the Methodist Church will meet tonight, Thursday, Nov. 18, at 6:30, at the Community Center.

The men are asked to note the change in the place of meeting, which was necessary because of the remodeling being done to the church kitchen. All men interested are cordially invited to attend. A good program is planned.

The speaker will be Ralph Penhill, deputy director of the U. S. Savings Bond Division of Michigan. His theme will be "A Sound Money Program". He will discuss the new financial program instituted by the secretary of the treasury, George M. Humphrey. Mr. Penhill will explain how the program is building internal prosperity.

## Transforming All

Although some thorns might fall in paths we tread, We place our everlasting faith in God.

We brush aside our tears of bitter grief, And find in God our comfort and relief.

We question not the wisdom of His plan, Though many things we do not understand.

We pluck the thorns, embedded, from our flesh; Undaunted by the hazards which enmesh.

Each step we take down life's long road, We feel more fit to tote a greater load.

The wounds soon heal thru love and tender care, Abetted by our faith and constant prayer.

We learn to take the bitter with the sweet, And have some consideration when we meet

Some other soul whose foot has gone astray And met with thorns along life's right-of-way.

We find most feet are battered up and scarred, With very few who reach the end unmarred;

But, with each thorn that took its painful toll, There lies a little diamond in the soul.

As scars accumulate upon the skin, The brilliance of the jewels are locked within;

Until their overwhelming light shines thru, To hide the ugliness of life from view.

## 90th Birthday Honored Last Week

On Wednesday evening of last week a number of friends of John Marvin gathered to help him celebrate his 90th birthday. They enjoyed a supper with a lovely birthday cake for dessert. The cake was made by Mrs. Clyde Becker. The supper was furnished by Mrs. W. S. Barrows, Mrs. Arnold Mann, Mrs. Roy Hoyt, Mrs. Fred Warrick, Mrs. William Hagele and Mrs. Rudy Schwarze.

Among the guests were Bird Cooley, Joe Amman, Fred Kile,

JOHN MARVIN

John Beemer, Bill Smith, James Snyder, George Harris, Frank Howland, William Hagele, Rudy Schwarze, Arnold Mann, Tom Herman, Lee Kelley, Fred Warrick and Roy Hoyt of Lake Orion.

The group enjoyed reminiscing and before the close of the evening R. L. Jones appeared on the scene and took many pictures. Mr. Marvin received the best wishes of his friends and many gifts among which was an antique moustache cup.

Mr. Marvin was born in Smith Creek, Michigan, and his boyhood days in that area were quite eventful. He relates many tales of his pranks on the railroad and in listening to these incidents you begin to think that this gentleman must have been gifted with nine lives. He remembers Thomas Edison when he was a lad of about twenty years and the history that Edison made in that part of Michigan.

Mr. Marvin married Bridget Ann Laner in Oil Springs, Ontario, (near Windsor), when he was 20 years old. Mrs. Marvin died eight years ago.

A well-drilling company hired Mr. Marvin and he went with them to many parts of the United States and to Europe. He tells of many interesting experiences in Austria and along the borders of Russia. Well drilling in Bakersfield, California, and in Princeton, Illinois, took up a good deal of his younger years and about 45 years ago he came to Independence Township. He farmed on Maybee Road until 1930 when he retired and subdivided his farm.

The Marvins had quite a happy family—four daughters and two sons. The two sons, William and Fred are both deceased. The daughters are Mrs. Edwin Kaiser of Detroit, Mrs. Lillian Morley of Pontiac, Mrs. Jack Wotring of Carleton, Mich., and Mrs. Ralph McCann of Clarkston.

## Girl Scout News

Mrs. Kieft's Girl Scout Troop met on Monday at the Methodist Church at three o'clock. We decided what we should make for our fathers for Christmas. We learned a new game. Kay Federspiel and Cheryl Waggener served the treat.

## Waste Paper Drive A Grand Success

The Clarkston High School Juniors are pleased with the success of the waste paper drive held last Saturday. They feel that the people in the community really cooperated and by so doing helped the class add about \$90 to their treasury. They collected 15 tons of waste paper, including magazines.

Bill Shanks was chairman of the drive and his assistants were Dick Tebo, Jean O'Neal, Glenda Whitlock, Arlene Kelley, Buzz Neubacher, Nathan Ruffe, Gary Robertson, Pat Richmond, Lois Decker, Margaret Turek, Jeanette McKee, Ron Clements, Wally Fusler, Darrell Blackett, Barbara Jones, George Reynolds, Janice McClelland, Clyde Kizer, Bud Volberding, Sue Beasley, Marie Barber, Acey Hayes, Carrol Traylor, Gertrude Naperski, Joyce Felhart, Shirley Betts, Mickey Ward and Marjorie Lumm.

Those responsible for transportation were: Nathan Ruffe, Janice McClelland, Jean O'Neal, Carrol Traylor, Marie Barber, Ron Clements, Pat Richmond, Wally Fusler and Darrell Blackett. Mr. Dom Mauti is the class sponsor.

The boys and girls worked hard, but they feel it was well worth the effort. They were greatly encouraged by the generous help they got from others. They especially thank Mr. Lippincott of Miller & Beardslee Lumber Co. for the use of his truck and also 'Chuck' Lippincott for his help.

Because of the success of this drive, another pick-up is being planned for the spring. So, it would be appreciated by the Junior Class if you would save your papers and magazines for them.

## Rotary Club News

A member of the Oil Industry Information Committee, William D. Clark, delivered a talk on heating entitled "The Heat's On" to the members of the Clarkston Rotary Club last Monday evening.

In addition to telling how to select a heater he explained how to keep the heating cost down. One feature was the stressing of the fact that there should be some humidity. Dry air can cause dry skin, as well as take more oil to heat. He reminded the members to check the water systems on their furnaces.

Dinner was served by the ladies of the Seymour Lake Methodist Church.

## Obituary

### Infant Esser

A service was held at the Sharpe Funeral Home on Tuesday morning for Infant Esser, daughter of Mr. and Mrs. Don Esser of 1782 E. Outer Drive, Detroit, who passed away in Grace Hospital on Monday. Burial was in Lakeview cemetery.

Surviving, besides her parents, are grandparents, Mr. and Mrs. Robert C. Beattie of Walton Blvd., and Mrs. Grace Esser of Chicago, Illinois.

Martin Steiner of Orion Road was the first to report back in Clarkston on Monday with a deer. He had his deer by nine o'clock on Monday morning and was home by two in the afternoon. He got his spike horn near Hillman. This is the fourth year Martin has gone hunting and he has been lucky enough to bag three deer in that time.

## Junior High Hop Friday Night

The second party for the 7th and 8th graders will be on Friday, November 19th, and will be held in the High School Gym from 7:30 until 10:00 P. M.

It is necessary to have the party in the High School Gym due to the large attendance at the first party.

Any parent interested in assisting with the party please call Mrs. Kieft at Maple 5-7081.

## Methodist W. S. C. S. Plans Smorgasbord

Now that the women of the Clarkston Methodist Church are doing a 'face lifting' job on the church kitchen they are eager to give everyone a chance to see just what changes have been made, so a smorgasbord dinner is in the offing. The date has not been set yet, but it will be announced next week.

The kitchen is being entirely remodeled with all new equipment. The women say it will be a real pleasure to work in this kitchen and it will be much more convenient than most home kitchens.

Watch for the date of the smorgasbord dinner.

Hewey, secretary of the Florists' Telegraph Delivery Association, and M-G-M star Debbie Reynolds gently plant a cutting of a beautiful new hybrid rose to be known as the Pasadena Rose. Planting was made on M-G-M lot and rose will be official flower of the 1955 Tournament of Roses at Pasadena if it thrives. FTD, an organization of florists which telegraphs flowers around the world, will enter a float in parade for first time. Hewey flew from Detroit to represent the 9,700-member Association at the planting. **ST. ANDREW'S INVITES YOU TO THANKSGIVING SERVICES**

Although the Service will follow the pattern of the 'Thank Offering' or Eucharist, by which the Service of Holy Communion was known in the early Church, St. Andrew's Episcopal Church extends a cordial invitation to all members in the communities of Drayton Plains, Waterford and Clarkston to come and 'give thanks' at its service at 9:00 A. M. Thanksgiving Day, Nov. 25.

Mr. William Shunck, Superintendent of Waterford Township Schools, will present the Thanksgiving message. He will speak on the subject of "Tolerance and Understanding".

Mr. Shunck has been an active and participating member at Christ Church, Cranbrook since the early days of that parish's organization, his membership dating back to 1933. He has served there on its Vestry, and as Lay Reader. During a period some few years ago, when Christ Church was sponsoring the development of a Mission, St. Gabriel's Episcopal Church, in East Detroit, he, together with some of the other laymen, conducted services and preached the sermons, pending the appointment of a Mission Clergyman by the Bishop.

**1955's most exciting car!**

With new Trigger-Torque performance... with styling inspired by the Ford Thunderbird... with new Angle-Poised Ride... with 4 new lines to choose from... the 1955 Ford is America's most talked about car!

Ever since its debut, the 1955 Ford has been generating more excitement than any car before it. All over the country, more and more people are joining the "swing" to Ford every day! Small wonder! Each 1955 Ford drew its styling inspiration directly from the Thunderbird—the personal car which has been received so enthusiastically everywhere.

**4 new high-style lines**

Much of the excitement stirred up by the 1955 Ford centers around its extended line of cars. Within the distinguished new Fairlane Series, the Customline Series, the Mainline Series and the Station Wagon Series there are 16 Ford body styles.

**3 new Trigger-Torque engines!**

You'll command lightning getaway... split-second passing-ability. For these new engines give Trigger-Torque response. The 162-h.p. Y-block V-8 has a compression ratio of 7.6 to 1 and 272 cu. in. displacement. The 182-h.p. Y-block Special V-8 teamed with new Speed-Trigger Fordomatic Drive is available in Fairlane and Station Wagon models. This mighty engine has an 8.5 to 1 compression ratio, a 4-barrel carburetor, and dual exhausts. And there's the new 120-h.p. I-block Six—the industry's most modern!

**New Angle-Poised Ride**  
Ball-Joint Front Suspension, which Ford

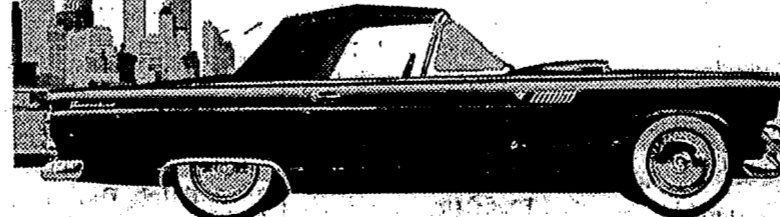

introduced to the low-price field, is one of the greatest contributions ever made to riding and handling ease. And Ford's new Angle-Poised Ball-Joint Front Suspension for '55 gives a still better ride... because it is mounted at an angle so that springs absorb road shock from the front as well as straight up from beneath the wheels. It reduces annoying road-joint jar.

**Plus all these "worth more" features**

New Speed-Trigger Fordomatic Drive has a new automatic getaway gear for quicker starts and passing. 10% larger brakes mean smoother stopping and up to 50% longer brake lining life. Tubeless tires offer extra puncture and blowout protection, a softer and quieter ride, longer tire life. Turbo-Action Spark Plugs resist "fouling" up to three times longer.

(Fordomatic Drive optional.)

**EXAMINATION ANNOUNCED FOR C.G. ACADEMY**

Today Congressman George A. Dondoro announced that the competitive examination for entrance to the U. S. Coast Guard Academy will be held nationwide on February 26th and March 1, 1955. These examinations will be given in 109 cities.

Congressman Dondoro emphasized the opportunity offered young men who choose this four-year course which leads to a bachelor of science degree in engineering and a commission as a career officer in America's oldest sea-going service.

"There are no appointments or geographical quotas for entrance to the Coast Guard Academy," he said. "I urge all qualified young men who are interested in a worthwhile profession to write for details and applications as soon as possible to Coast Guard Headquarters in Washington, D. C. Applications must be post-marked on or before January 15."

Candidates for the next examination for the Coast Guard Academy must be single, must have reached their seventeenth but not their twenty-second birthdays by July 1, 1955 and must be in excellent physical condition.

A high school diploma is the minimum educational requirement, although high school seniors assured of being graduated by June 30 are eligible to take the examination if they will have at least 15 credits by that time. All applicants must have three units of English, two of Algebra, and one each of Physics and Plane Geometry by graduation.

**RAIN WON'T KNOCK WHEAT ALLOTMENT**

Wheat farmers won't be penalized on their 1955 wheat acreages if rains kept them from planting up to their 1954 allotment, according to an Agricultural Stabilization and Conservation Committee ruling.

Clarence Prentice, state ASC administrative officer, reports that the same base farmers had this year will be carried over for next season. County committees used the base figure of 1952 and 1953 acreages to figure out the 1954 allotment.

**CARPET BUG TROUBLE? VACUUM WELL, SPRAY**

If you're having carpet beetle trouble you're not alone.

The pests are looking for warm winter quarters and they're hard to keep out.

Extension Entomologist Ray Janes of Michigan State suggests this: Don't spare the vacuum cleaner—use it under the heavy furniture and in other out-of-the-way places.

If you have wall to wall carpeting, vacuum especially well by the quarter-round. And give that area a good application of DDT, and do the same around the edges of rugs. Clean grease stains on the rug, too, because they attract beetles.

This carpet beetle eradication is a continuous process in the winter. Janes suggests a repeat every few weeks, or oftener if you see the need.

The higher the cooking temperature and the temperature of the center of the roast, the greater the meat shrinkage. So roast meat at low temperature, and try serving it not too well done.

**State Winner in 4-H Dress Revue**

**JANET** Jean Wirbel, 15, of R. 3, Bay City will represent Michigan in the National 4-H Club Dress Revue in Chicago in late November. Miss Wirbel received the honor when she was judged winner of the dress revue of the 39th annual State 4-H Club Show held at Michigan State College in September. Her award-winning costume was a strapless ballerina-length formal of white and red polka-dot organza. Rating top honors on the basis of poise, grooming, good taste, fine tailoring and harmony of costume and personality, Miss Wirbel won the top recognition for 19,000 4-H Club girls in clothing projects in Michigan.

**470 4-H'ERS TO EXHIBIT AT DETROIT**

The "silver anniversary" livestock show in Detroit in early December will mean "silver in the pockets" for more than 470 4-H Club livestock exhibitors. It will be the 25th annual Detroit Junior Livestock Show, at the Fair Grounds on Dec. 7, 8 and 9.

A record entry list will compete for awards and the top dollar on the auction block. Maurice Hill, assistant 4-H Club leader in charge of the event for the Michigan State College, says 471 advance entries have been made from nearly 35 counties.

A total of 447 steers are entered by 342 exhibitors with Gratiot county sending the largest number. Swine will come from 19 counties with 69 pens in all. Isabella county club members have entered 15 pens to top all other counties. Tuscola county, a perennial winner in the lamb show, has the most entries with 10 pens out of the 69 entered.

Animals will be entered on Tuesday, Dec. 7, judged on Dec. 8 and sold at auction starting at 1 p. m. on Dec. 9. Detroit livestock interests and business men will entertain and fete the visitors during their three days in the motor city.

Pastry shells should be baked very quickly at a relatively high temperature.

FARM OPERATORS NEED MORE VETERINARY SERVICE

To satisfy the growing need of Michigan farm operators for more veterinary service and yet maintain the high educational requirements of the profession is a problem upon which the Michigan Advisory Veterinary Examining board established a new policy last week.

The board met at Lansing jointly with the commission of Agriculture.

The board changed its policy on method of admitting candidates to veterinary examination. In the past only persons graduated from one of the 18 approved North American veterinary schools were permitted to take the state examination. Under the new policy, the board will pass on the eligibility of persons, not so graduated, when they make application to take examination. Application may be made to Dr. Lee Davison, state veterinarian in the Michigan Department of Agriculture, Lansing, who is secretary of the board.

Since World War II, displaced persons and others from foreign countries have applied to take the state examination. They had to comply with the requirement

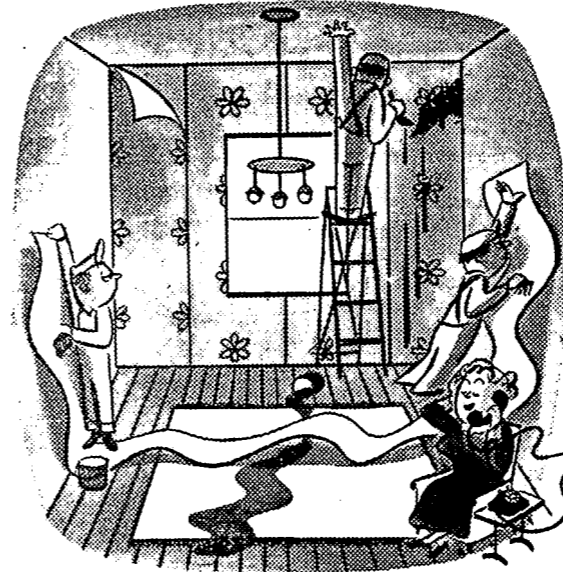

of graduation from one of the approved North American schools.

The reason was that in some places in Europe veterinary teaching slipped during the pressure of war. Some persons requesting the Michigan examination claimed graduation from European veterinary schools whose records had been destroyed or where verification of credits was impossible. And not all schools were on the educational level with the 18 schools approved in the United States and Canada, although some might have been superior.

The new policy of the board will virtually place each one of the graduates from a foreign school on an individual basis

without his being required to be an approved North American school graduate. The board will seek to determine his fitness for the state examination before he is allowed to take it.

Michigan's Yankee Characteristics Discussed in Wayne U. Publication

Two Wayne University coeds, Sally Schnoor of New Baltimore (left) and Shirley Ten Hoer of Moline, pause in the Detroit Historical Museum's Hall of Patriotism to compare a dress of 1830 with their modern clothes of today. The dress is the property of the Museum.

"Concord, Cambridge, Hartford, Vermontville" sounds like New England, but it's only Michigan with a New England twang.

Many of the towns in our State, primarily those in the southern group of counties below Saginaw and Muskegon, have outstanding Yankee characteristics. Frank B. Woodford, Detroit historian, in his lecture "Yankees in Wonderland," published by the Wayne University Press, points out the reasons for this. It was the New Englanders who were the trail blazers for settlement in Michigan from 1820-1842.

Michigan was by-passed during the early stages of migration, he stated. The causes are evident. Until 1796 Detroit and Michigan, while technically American, were actually under British control and American settlers were not welcome. Then there was the Indian menace, plus the great handicap of inaccessibility, so that in 1813 Michigan was still largely unexplored wilderness.

Several years later came the opening of public lands in the territory through the efforts of Lewis Cass, the great white father of the Northwest. This availability of good cheap land provided the first incentive to the prospective settlers. Secondly, steam navigation on the lakes began and finally came the opening in 1825 of the Erie Canal, connecting the Hudson River and Lake Erie. This started an influx

of settlers which reached full flood in the 1830's—mainly New Englanders or New Yorkers who were actually a generation removed from New England.

Woodford says, "Everywhere in the East—in Maine and Vermont in New Hampshire and Connecticut and western Massachusetts—the Yankees were on the move to the new Canaan—Michigan—it was the Michigan fever."

They brought with them many of their New England customs: the white, steepled church and the red schoolhouse were familiar sights. They re-created New England in the architecture of their homes, in their manner of speech in religion, and in their political organization.

It is interesting to note that of the first 14 governors of Michigan six were natives of New England and six of New York, all of Yankee origin. They named many of their towns after those of their home states: Quincy, Deerfield, Concord, Cambridge, New Boston, Chelsea, all are reminders of Massachusetts; Vermontville speaks for itself; Avon, Farmington, Hartford are but the namesakes of older towns in Connecticut; and New Yorkers chose such familiar names as Hudson, New Buffalo, Romeo, Utica, Parma, New Troy, Rochester, Albion, Hillsdale, and Oxford.

**From where I sit ... by Joe Marsh**  
  
**Granny Drives But Won't "Shift"**  
Saw Grandma Taylor parking her 1924 Franklin out front the other day. Neat as a pin, radiator and hub caps gleaming—the whole car is as shiny as the day she bought it 30 years ago.  
Then I stopped and looked again—for there, hanging on the spare tire was a sign: "This car NOT for sale."  
Asked Granny what was going on, "Joe," she says, "it's this craze for old cars. Everybody wants to buy my Franklin. But it has served for years and it's not for sale at any price."  
From where I sit, it's strictly the new cars for me—but Grandma Taylor, and others, are certainly welcome to their "old faithfuls." It's simply a question of preference. Same with a choice of beverages. For instance, I like a temperate glass of beer with supper. You may prefer coffee. Fine! The important thing is that we respect each other's choice—and "ride along smoothly" together.

**EVERGREENS, SHRUBS NEED WINTER SHIELD**  
It's overcoat weather for shrubs and evergreens. Unless you give them protection this winter you may have to buy new plants next year, warns Bill Love, extension municipal forester at Michigan State.  
Love offers these hints on protecting ornamentals against drying winds, ice, heavy snow, and other winter hazards:  
Mulch around evergreens and shrubs with leaves, straw or something similar to stop repeated freezing and thawing and deep-freezing of the soil.

Tie up limber-stemmed plants so they won't break under snow and ice. Burlap tied around vines, and roses helps protect them against cold.  
Mound up soil around roses and put on mulch to cut down winter injury to grafted plants.  
Plant shrubs far enough from the eave line to keep water from dripping on them and freezing. Love adds that it's a good idea to shake the snow off evergreens after a heavy fall.

**'TOM TURKEY' CARVER IS KING OF MEAL**  
That Thanksgiving turkey is going to be carved by someone. Are you the one elected to do it? If you are, home economists at Michigan State College have a few ideas that may help you.  
Convention doesn't say you have to sit while carving that big bird. If you are more comfortable standing, go ahead and stand. And remember, when you are carving, you are presiding over the meal. It's up to you to know how much to serve and when to offer second helpings.  
Your carving can be made so much easier if you take a few minutes before the meal to make sure that your knife is sharp. You might practice handling that knife, too. If you can avoid changing the angle of the blade while slicing, the slices of turkey will be neater and more uniform, look better and go farther.  
Try using a little foresight, too, when you preside over that Thanksgiving meal. Plan the servings so that the choicest portions will be divided equally among the guests and so that not all is carved before needed. Sec-

ond, helpings will stay much warmer as part of the bird rather than as slices.  
Probably the prime rule of carving turkey is to cut across the grain of the meat. If you cut with the grain, the long meat fibers tend to give a stringy appearance.  
Michigan produces over 95 per cent of the U. S. supply of pea beans.

**RICH SOURCE ON STATE FARMING IS PUBLISHED**  
A rich source of information about farming in Michigan is published in a new bulletin just off the press at Michigan State College.  
Authored by Agricultural Economists E. B. Hill and Russell C. Mawby, the booklet gives the locations of Michigan's highly diversified agriculture crop acre-

ages, yields per acre, the income from livestock, and soil types.  
The information is designed for people who plan to farm in Michigan, for farm planning and development, for farmers who plan to move and farm elsewhere in the state, for the use of agricultural industries, marketing and selling agencies, and for other people who want information about Michigan's agriculture.  
The publication is called Spe-

Cream butter or margarine and sugar, add eggs one at a time and beat well. Stir in well-drained pineapple and vanilla. Add flour sifted with soda, salt and baking powder.

Shape into 2 rolls 2-inches in diameter and wrap in floured waxed paper. Place in refrigerator for 2 hours or overnight.  
Cut in slices 3/16-inch thick. Bake on a greased baking sheet in a moderate oven (375 degrees) for 15 minutes or until slightly browned. Makes 5 dozen cookies.

Note: If crisp cookies become soft, they will be crunchy again after a 3 to 5 minute warming in a slow oven (325 degrees).

Oxford, Michigan  
Sunday School 11:00 A. M.  
Sunday Service 11:00 A. M.  
Reading Room, rear of Church, open Wednesday from 2 to 4 and 7 to 8 P. M.  
How the spiritually correct view of God and man destroys anxiety and restores peace of mind will be brought out at Christian Science services this Sunday in the Lesson-Sermon entitled "Soul and Body".  
Scriptural selections include the following from Psalms (42:11): "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God: for I shall yet praise him, who is the health of my countenance and my God."

**SHARE THE ROAD KEEP IN LANE**

Among the passages to be read from "Science and Health with Key to the Scriptures", by Mary Baker Eddy is the following (390:4-9):  
"We cannot deny that Life is self-sustained, and we should never deny the everlasting harmony of Soul, simply because, to the mortal senses, there is seeming discord. It is our ignorance of God, the divine Principle, which produces apparent discord and the right understanding of Him restores harmony."
