Thanksgiving is more than turkey. Let us remember the bountiful life we enjoy is just part of the manifold blessings for which we thank the Lord.

Breakfast Thursday At Waterford

The annual Thanksgiving Breakfast Service will be held Thursday morning, Nov. 25, at 8:00 o'clock. Families are invited to bring their breakfast and table service with them, and beverage, etc., will be furnished at the church.

An informal service will be held at the tables with special music arranged by Charles Jehle, Scripture readings by all and a brief devotional message.

Attendance in previous years has been excellent, and many have expressed their appreciation of this unique service, and it is expected that this one will be the best ever.

All in the community are cordially invited to attend.

Thanksgiving

I've stood between my God and man, And prayed with humbleness of soul; That God, his needs would understand, Before disaster took its toll.

I've watched the answers to these prayers As they fulfilled his every need; By clearing out his cloud of cares And limbs, from brutal pains, were freed.

I've seen him many times amazed That God would answer in this way. He acted as a person dazed At such results when people pray.

The power of prayer, I'll not deny When done sincerely from the heart; For we're rewarded when we try To take a needy brother's part.

Yet, great however, prayer may seem, Rewards outstanding it is true; A thankful thought on heaven's beam Will bring God's love to all we do.

No greater force I've ever known, Than when a humble prayer is said; In humbleness, when man's alone With consciousness, he's being led.

If greater things we would possess That make for happy, peaceful living; It might be well to ask for less, And turn our prayers to God, Thanksgiving.

Association Plans Bazaar - Bake Sale

The Psychiatric Aide Association of Pontiac State Hospital is sponsoring its annual Bazaar and Bake Sale on Nov. 27 in the Employees Lounge. The sale will begin at noon and will last until everything is sold.

This sale is made possible by contributions of cash and saleable items from association members, other employees of the hospital, church groups, Scout troops and individuals who are interested in sharing with and bringing cheer to a forgotten people.

Hand made articles of embroidery, crocheting and knitting find ready sale. Home baked delicacies, gift items and cards will be featured.

This bazaar is part of "Operation Santa Claus". Its purpose is to raise funds to buy Christmas presents for underprivileged patients, patients who have no relatives, receive no visitors or mail and who seldom leave their ward homes. There are 1550 such people dependent on our generosity.

Committees have been appointed to buy suitable presents for each patient. Gift wrapping will be done by volunteers.

Last year presents were given to 1544 patients. No one was forgotten. Each present cost approximately one dollar. Fourteen hundred dollars was raised by the association by bake sales, the annual bazaar and contributions from outside friends and organizations.

Other projects of the Association are maintenance of a Blood Bank for Employees and Patients, an annual picnic for underprivileged patients, provide means for sending juvenile patients to the Y. M. C. A., for swimming and Boys Club.

Pioneers To Have Christmas Party

The Clarkston Pioneers had their November meeting at the Community Center last Thursday afternoon with the Clarkston Home Extension Group being host for the day, furnishing the luncheon at noon and the program in the afternoon.

The invocation was given by Mrs. Etta Teggerdine. Mrs. Howard Lord presided at the piano for the singing of "Happy Birthday" by the group. Those whose birthdays were recognized and who were present were Joseph Amman, Mrs. William Belitz, Mrs. Anna Fleming and John Marvin. The two birthday honorees who were unable to attend were Bird Cooley and Ivan Rouse. The birthday cake was furnished by Mrs. Cameron Clark of Birmingham, formerly of Clarkston. Mrs. Clark attended the meeting.

Gifts were given by Town Shop to the youngest great grandpates, Mrs. Winifred Porritt and James Snyder.

A short business meeting was conducted by the Pioneers' president, Mrs. Milan Vliet. The secretary, Mrs. Albert Lawson and the treasurer, Mrs. Ira Jones, read their reports. Plans were made for a Christmas Party.

The club was happy to receive from the Clarkston State Bank two framed pictures of the group taken at their Halloween Party. Each member received a picture of smaller groups in which they posed in Halloween costume. The pictures had been taken by R. L. Jones.

The Home Demonstration Group was responsible for the afternoon—Mrs. Joseph Hubbard arranged the table decorations using the Harvest theme; Mrs. Glenn Kerton, Mrs. Diesel, Mrs. Forrest Jones, Mrs. George Keel-ean and Aletha Rose furnished sandwiches; Mrs. Frank Stauter and Mrs. Walter Barows, coffee and Mrs. Keith Lowrie, coffee cream; others who helped were Mrs. Merritt Cooley, Mrs. Arnold Mann and Mrs. Fred Warrick.

The program for the afternoon was a Christmas Workshop conducted by Mrs. Walter Barrows and Mrs. Keith Lowrie. The women made red, crepe paper mittens to hold a Christmas handkerchief and Mrs. Lowrie also showed them how to make several other Christmas items among which was an apron, candles and a snowman centerpiece for the table.

The men, instructed by Mrs. Barrows, made Christmas tree ornaments and children's clothes hangers.

Future Teachers Entertain

Last Wednesday afternoon the Lee M. Thurston Future Teachers' Club of the Clarkston School entertained the Rochester Future Teachers and their sponsors at a Tea in the Clarkston Elementary School.

Dr. Lewis Larkin, professor at Wayne University, showed a film "All God's Children". He also spoke to the group about projects of the various Future Teacher Groups in Michigan.

A tour was taken of the elementary building.

By The Way . . .

The golfer who has a bad day and the mighty hunter who returns empty-handed have one thing in common—they can brag about how much good the vacation did them; how good it was to get out in the fresh air; and what a wonderful pick-me-up they received. . . . Our thanks to the local advertisers who cooperated to make this early edition of The News possible, by getting their advertising copy in early. . . . By now nearly all of the new cars have been introduced, all of them having agencies in this community have shown their wares. . . . The next issue of the paper will stress the Christmas spirit. A lot of shopping will be done. In fact we might stress this as a financial note of the week: 'This Christmas is heralded as the biggest Christmas ever in the amount of presents purchased. Now is a good time to think of your local merchant. He pays local taxes. He is on hand to make good if anything goes wrong with the purchase and he has everything that you could get elsewhere. All News readers are urged to patronize the advertisers in this issue and those to follow. Shop in comfort at home.

Young Folk Crowd Junior High Hop

The second Junior High Hop was held on Friday night in the Clarkston High School Gym and about 160 of the 6th, 7th and 8th graders again had an enjoyable evening. The parties are being held under the direction of the Clarkston Woman's Club in order to provide an opportunity for the boys and girls in the lower grades to have a good time in social activities.

Mr. and Mrs. Howard Kieft were chairmen of last Friday night's party and they were ably assisted by the following people: Mr. and Mrs. Ted Hennig, Mrs. Ralph Walton, Mr. and Mrs. D. Parsons, Mr. and Mrs. Alexander, Mrs. Fern Powers, Mr. and Mrs. Harold O'Neill, Mr. and Mrs. G. McClanahan, Mrs. L. V. Cushman, Ed. Gunter, Mr. and Mrs. Walter Wilberg, Mrs. Walton Robbins, Delmont Walter, Jim Moore, Mr. and Mrs. Fred Warrick, Mr. and Mrs. Keith Hallman, Mrs. Robert Osgood, Mr. and Mrs. Carl Anthony, Jack Jyleen, Mrs. Ralph Kreger, and Mr. and Mrs. Robert Wilkinson.

The chairmen would like to take this opportunity to thank all of the people who helped to make this party a success.

The next party will be held on Saturday, December 18th, in the High School Gym with Mr. and Mrs. Robert Osgood as chairmen.

Large Crowd At Elementary Fair

On Saturday night Jean Powell, daughter of Mr. and Mrs. Jess Powell, was crowned Queen and Charles (Chuckie) Denton, son of Mr. and Mrs. Frederick Denton, was crowned King of the Elementary School Fair. A large crowd attended the fair and young and old alike had an enjoyable evening.

The committee would like to thank the following for their donations: Beach's Standard Service, Pringles Chevrolet and Olds, Lewis Bros. Market, McNeil's Nursery, Berg Cleaners, Paul's Good Food, Boothby's Old Farm Shop, Nolan Standard Oil, Dr. Yoh, Virginia's Beauty Shop, Ronk's Barber Shop, Kelley's Hardware, Clarkston Bakery, The Clarkston News, Taylor's 5 and 10c Store, Clarkston State Bank, Huttenlocher's Insurance, The Village Market, Whipple's Pontiac Sales, Rudy's Market, Clarkston Food Locker, Caribou Inn, Fuller's Standard Service, Terry's Market, Sharpe Funeral Home, Cheeseman's, Morgan's Service, Miller & Beardslee Lumber Co., (Mr. Lippincott), Clarkston Cafe, Porritt's Dairy, Town Shop, General Printing, Frank Strother, Dr. John Stageman, Phillip Smith, O'Dell's Drug Store, Rita's Beauty Shop, Ben Powell, Ted Hennig, Pure Seal Dairy, and Dandee Bread. Also Glenn Howland and Frank Green for all of their help.

Sincere thanks also to everyone else for their many contributions and for all the work they did which helped to make the fair a grand success.

The proceeds which will be approximately \$575.00 will be used to purchase a kitchen unit for the school.

Cruelty To Animals To Be Curbed

Oakland County Animal Welfare Society, Inc., 1923, announces that in conjunction with the Anti-Cruelty League of Michigan and because of complaints concerning inhumane acts allegedly carried on at Rodeos there will be two Humane Officers and Humane Directors present at every Rodeo Show.

The general public has not been informed that this Roman Holiday causes injury, torment and even death to some of the animals involved and that they are abused at the practice shows held early in the morning.

Cruel flank-strap, etc., are only part of the picture which these societies hope to obviate.

Audiometer Tests For Local Schools

The Clarkston Consolidated Schools will begin their audiometer program on Monday, November 29. A special technician is employed to do the hearing tests with the audiometer machine. Grades 1 through 6 will be included in the program. Students from other grades with suspected hearing loss will be tested upon request from the teachers.

The initial testing is a rough screening using group or individual audiometers. This preliminary screening does not discover hearing losses but screens out the group of children whose hearing needs further investigation. Children may be screened in groups of forty above the third grade. Below the third grade individual screening is done. This screening is performed by a local technician.

Children who fail the preliminary hearing tests are re-examined with a more detailed test. This Puretone Test, as it is called, is performed by a qualified person from the Michigan Department of Health. If a child fails the Puretone Test he is examined by an otologist at a clinic arranged by the Oakland County Department of Health. Recommendations for treatment are made at this clinic. Families are then referred to their private physician for treatment. Those who cannot afford this are referred by the public health nurse to a clinic which is arranged by the Oakland County Health Department and the Oakland County Medical Society.

Prevention of hearing loss is most important. Treatment for those children who have a hearing loss will be more successful if it is discovered and treated in the early stages.

Literature including leaflets and pamphlets may be obtained from the Oakland County Health Department. Films may also be supplied to groups upon request.

Rotary Club News

Reverend C. George Widdifield, Pastor of All Saints Episcopal Church in Pontiac, delivered a Thanksgiving address to the Clarkston Rotary Club, at its weekly meeting in the Community Center on Monday evening. The address covered a new viewpoint in the thought of what Thanksgiving Day means, which was an inspiration to the listeners.

Dinner was prepared and served by the club members.

Talk On Money Interests Men

The Men's Club of the Clarkston Methodist Church had a very fine dinner and program on Thursday evening of last week at the Community Center. Ralph Penhill, deputy director of the U. S. Savings Bond Division of Michigan was the guest speaker. His talk on "A Sound Money Program" was not only interesting but informative.

Girl Scout News

We started our meeting with the flag ceremony and the ten laws and promise. The president asked for a vote as to who wanted to sell peanuts. It was decided that we would sell them. We played a game and after that we started on our Christmas gift for our parents.

The meeting was closed at five o'clock.

ONE-THIRD MICHIGAN HUNTERS GET GAME

Michigan has more deer hunters than Idaho has population, says Warren W. Chase, professor of wildlife management at the

University of Michigan. He adds that one-third of our hunters get their game, while almost 70 percent of Idaho nimrods are successful.

He bases this on the smaller

population there as well as the fact that Idaho hunters can go after elk, moose, muledeer, big horn sheep, antelope and mountain goats.

FIRST REPUBLICAN GOVERNOR HAD BEEN DEMOCRAT—U-M FILES

Michigan's first Republican governor was Kingsley S. Bingham. Although he had been a Democrat, he was one of the leaders in the founding of the Republican party Under the Oaks at Jackson in 1854, according to information in the Michigan Historical Collections at the University of Michigan.

Elected in the fall of that year, Kingsley served two terms. Previously all governors had been Democrats except William Woodbridge, a Whig, elected in 1839.

LOVE LEARNED BY RECEIVING AND GIVING

Would it surprise you to know that none of us fall into love? We learn to love just as we learn to walk and talk.

Dr. Elmer Knowles of Michigan State College's department of home management and child development, explains it this way: We grow into love and it grows in us beginning with birth. So, most of us have had considerable experience in loving and being loved by the time we feel grown-up enough to get married.

Dr. Knowles goes on to make these points: As children we learned to love mom and dad and our sisters and brothers. Then we learned to love our playmates, uncles who brought us presents and friends of the family. Most of us became very fond of one or more of our school teachers. And then came the first big crush of puppy love.

Even though we know what love is, it is very difficult to explain it to someone else. So how do you know it's love.

Dr. Knowles says research findings and the feelings of parents and students indicate this: Chances are that you are in love if you are suited to one another and have much in common, if parents approve of the match, if your whole personality is involved, if there is a "we" feeling and mutual trust, if you are realistic, and if the relationship can stand the test of time.

Love tends to involve the entire personality. On the other hand, Dr. Knowles explains infatuation as focusing on a few traits—mostly physical. When young couples enjoy each other only in a parked car in the moonlight, they discover they have little in common in everyday life.

True love is outgoing. When a couple brings new energy and ambition into each others lives—that indicates real love rather than infatuation.

NEWLY-ELECTED COUNTY OFFICIALS TO ATTEND INSTITUTE AT MSC

A special three-day institute for newly-elected county officials has been set for Michigan State College, Dec. 14 - 16.

About 50 men and women, elected to office in the Nov. 2 election, are expected to attend.

Special training classes will be held for sheriffs, clerks, prosecuting attorneys, treasurers, registrars of deeds, and drain commissioners.

Plans for the institute have been advanced by officials of the sponsoring Institute for Local Government and the M. S. C. Political Science department and Continuing Education Service.

The general chairman for the conference is Clarence Paddock of the state attorney general's office.

STRAWBERRY PLANT HEARING DEC. 14

A hearing on a change in a regulation of the Michigan Department of Agriculture that would exclude from certification strawberry plants grown on soil known to have been exposed to Red Stele disease within the last 15 years, will be held Dec.

14. The hearing will be at 10:30 a. m. in the Benton Harbor Junior High School auditorium.

Research has established that even strawberry plants resistant to Red Stele organism may carry the disease even though they show no symptoms. Red Stele is a water borne disease of strawberry plants which attacks the roots.

The Michigan Department of Agriculture is considering a change in the present regulation as a safeguard to Michigan's important strawberry industry. It is felt that the change would prevent further spread of the Red Stele fungus, and prevent its getting on clean soil through new plantings.

MICHIGAN RESIDENTS TAKE FIVE-DAY TRIP TO UN HEADQUARTERS

A group of Michigan residents left the Michigan State College campus on Monday, Nov. 22, for New York City and a five-day "Mission to the United Nations".

The tour is the second sponsored by the M. S. C. Continuing Education Service and the Michigan Council for UNESCO.

Activities on the trip include attendance at a UN General Assembly, a tour of the UN buildings, visits to several country missions of UN delegations and UN specialized agencies, interviews, and a tour of New York City.

The group is scheduled to return to East Lansing Nov. 27. It was scheduled for the Thanksgiving weekend to enable teachers, especially, to make the trip during the holiday vacation.

SOUFFLE IN THE MENU

A souffle is simple to make and yet it is an impressive dish to serve, reports Mrs. Frieda Bennett, Home Demonstration Agent. The word, souffle, means "puffed up"—an excellent description of what happens when a souffle bakes. It rises in the oven as it bakes. She says to remember that a souffle is delicate and should be eaten immediately after it is done.

It is the air bubbles incorporated into the egg white that makes it expand and rise during baking so that the whole souffle expands right along with it. She adds this warning: Cold air contracts so keep the oven door closed until the last five minutes—even if you are terribly curious.

When the souffle is done, it will have a golden brown, light crust. It will not shake when moved gently in the oven. A thin, sharp knife should come out relatively clean with no coating, after it has been inserted into the souffle, about halfway into the center. This test you use near the very end of baking—so the steam won't escape.

Don't let souffle wait for the family or guests—serve it right away. You'll find recipes for different souffles in your favorite cookbook.

CHILDREN LEARNING FOREIGN LANGUAGES IN GRADE SCHOOL

Parents and children may very shortly find themselves talking different languages in more ways than one.

For rapidly mounting numbers of the nation's youngsters are being treated to their first taste of a foreign language in grade school. The growing popularity of language study in colleges has led to this increasing movement to introduce foreign language study in elementary schools, according to Associate Prof. Otto G. Graf, chairman of the University of Michigan's committee on language instruction.

Since 1947 some 700 elementary schools have introduced foreign language into their curriculum. In three of Ann Arbor's primary schools a program that was started this fall has students in the third, fourth and fifth grades learning French, Spanish, and German, respectively.

Older students often enter the study of a language with a fear of its difficulty and a strong awareness of its strangeness as compared to their own. But, says Professor Graf, it has always been believed that youngsters on an elementary school level pick up a language more readily than adults because they have no such phobias or other psychological blocks that would hinder their learning easily.

In the elementary school lan-

guage classes students are not exposed to the written word. They learn the foreign language by imitation just as they first learned English.

Breaking down the barriers of monolingualism and making possible better understanding of a people through their language is the common goal of language teachers whether their students are eight or eighteen, Professor Graf concludes.

NEW CHEMICAL KILLS CAT TAILS EASILY

Want to get rid of those cat tails in your drainage ditches next summer?

The job's easy with a new chemical called dalapon, according to a Michigan State College weed control specialist.

B. H. Grigsby, who conducted extensive tests in the Thumb last summer, recommends about 20 pounds of the chemical in 100 gallons of water for good control. How much of an area that amount will cover depends on how thick the cat tails are.

Dr. Grigsby is also continuing experiments with dalapon in the control of quackgrass. He has been able to control the weed for a season. But, he says, the chemical also injures other plants. And not enough is known

about it yet to make recommendations.

If your family is too small to make good use of a whole turkey for Thanksgiving dinner, try roasting a half or quarter. Or buy turkey by the piece. Perhaps you will want to buy a whole bird, cut it in two, use one half for Thanksgiving and freeze the other for use at Christmas.

Often round steak is cut into two parts called top round and bottom round. The top is more tender and if it is high quality it may be panbroiled.

EDUCATIONAL TELEVISION BEING CONSIDERED

"Educational television will have far-reaching effects in the field of correctional education".

That declaration is made by Donald B. Pelch, supervisor of academic education at the Michigan Reformatory at Ionia, and organizer of the first prison group in the nation to "attend" a college television course.

The first class was organized Sept. 27 with 8 Ionia inmates enrolled to watch the Michigan State College telecourse in Literature and Fine Arts. "We looked at this as an experiment, but are convinced now that TV classes present the best economical way to broaden the academic and cultural program in correctional institutions", contends Mr. Pelch.

Discussions are being held now by M. S. C., officials with state prison executives to consider the possibility of beginning some class groups at Jackson for the winter-term courses.

Educational television has nationwide possibilities, according to Dr. Lawrence McKune, coordinator-producer for the M. S. C. Continuing Education Service telecourse series. A total of 252 channels have been reserved for educational stations, he points out. The M. S. C. station, WKAR-TV was the third educational station in the nation, going into operation in January, 1954.

"Class interest is high at Ionia and the caliber of the instruction is excellent", reports Mr. Pelch. Four men are enrolled for college credit and arrangements have been made for them to take their final test at prison. Four other men are on a non-credit basis with the college, however, the Michigan Reformatory, will grant them high school credit upon successful completion of the course.

The vital importance of detecting the false suggestions of evil and correcting them with the spiritual truth concerning God's unfailing goodness and all-power will be stressed at Christian Science services Sunday.

In the Lesson-Sermon entitled "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced", the following passage will be read from the Bible (Isaiah 5:20): "Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness; that put bitter for sweet, and sweet for bitter!"

From Science and Health with Key to the Scriptures, by Mary Baker Eddy the following passage will be read (489:13): "Mind is God. The exterminator of error is the great truth that God, good, is the only Mind, and that the supposititious opposite of infinite Mind—called devil or evil—is not Mind, is not Truth, but error, without intelligence or reality."

FARMERS' WEEK
(continued from page 1)
Its closing day will mark the opening of the year-long Centennial celebration at Michigan State, with Feb. 12, 1955 being the hundredth anniversary of the founding of the college. Farmers in this area are asked to mark the dates on their calendar and plan to attend.

Do as Danny Kaye does!
TWIST IT... TWIRL IT...
BEND IT... CURL IT...

DANNY KAYE
starring in Paramount Pictures' "KNOCK ON WOOD."

the revolutionary new soft collar on Van Heusen Century Shirts won't wrinkle... ever!

Take it from Danny Kaye. He made the tests and proved the Van Heusen Century one-piece soft collar won't wrinkle... ever! Always looks fresh and trim. Easy-laundering, too! Just iron it flat, flip it, and it folds perfectly... because the fold-line's woven in to stay. What's more, certified tests prove it gives you up to twice as much wear as most other shirts.

Yours, in regular or widespread collar; single or French cuffs.
