They're not making the hills so high this year...

nor the bumps so rough!
At least that's how it seems with Ford's Trigger-Torque Power and Angle-Poised Ride

Fairlane Town Sedan illustrated above

The hills are sure shrinking under Ford this year! With Trigger-Torque "zoomph" from either of two mighty Y-block V-8's or the also-more-powerful I-block Six, hill-climbing is a breeze. And that goes for passing, too.

And that new Speed-Trigger Fordomatic* You get even quicker starts, even easier passing, while the touch of your toe does all the shifting. Its new automatic low gear lets you go from low, to intermediate, to high automatically with the drive selector still set at Drive (Dr)!

Ford's new Angle-Poised Ride cushions not only the up-and-down shock of bumps... but the head-on shock as well. Even the highways seem smoother!

It's got that Thunderbird "look" too! Ford's long-low silhouette, graceful lines... full wrap-around windshield... visored head lights... everything points to how closely the Thunderbird blueprint was followed in each of Ford's 16 new body styles. Visit your Ford Dealer's and take a Test Drive. You'll discover the many reasons (including the way Ford is built) why people who try Fords are keeping the keys.

Dessert and Sauce Both Have Coffee Flavor

HAVE you ever reflected that coffee is the only major beverage that is also a highly popular flavoring? It's no wonder that this is so, for the aromatic brown liquid boasts a taste that's as distinctive as a rare and costly spice.

In this case, coffee works its magic in Coffee Swiss Cream, and also in the wonderful, nut-rich sauce that goes with it. In the dessert itself, it is allied with vanilla—in the sauce it combines with caramel—to produce subtle tastes that harmonize beautifully with the pure, steaming coffee in the cups.

Coffee Swiss Cream 1 tablespoon unflavored gelatine 2 tablespoons cold water 1/2 cup milk 1 cup whipping cream

Soften gelatine in cold water. Scald milk and coffee in top of double boiler. Add gelatine, 1/2 cup sugar and salt and stir until dissolved.

Beat egg yolks slightly. Stir in a little of the hot milk mixture. Stir into remaining hot milk mixture. Cook over hot, not boiling, water until slightly thickened (4 to 5 minutes), stirring constantly. Remove from hot water. Cool. Beat egg whites until stiff, beat in remaining 1/2 cup sugar. When gelatine mixture is almost set fold in meringue, vanilla and whipped cream. Turn into 5-cup mold. Chill. Makes 6 servings.

Coffamel Pecan Sauce 1 egg 1/2 cup brown sugar, firmly packed 2 teaspoons cornstarch 1/2 cup strong coffee Few grains salt 1 1/2-oz. can pecan meats

Beat egg. Combine brown sugar and cornstarch and add with coffee and salt to beaten egg. Stir over low heat until sugar dissolves. Bring to boiling point. Cook, stirring constantly, until thickened. Stir in pecans.

ANNUAL MEETING TO BE HELD MAY 18

The Annual Meeting of the Oakland County Chapter of the National Foundation for Infantile Paralysis will be held Wednesday, May 18. Dr. Frederick N. Adams of Birmingham is the main speaker for the dinner meeting at 6:30 p. m. at the Waldron Hotel in Pontiac. Dr. Adams, Chairman of the Polio Committee of the Oakland County Medical Society will present a summary of the Status of the Salk Polio Vaccine.

The National Foundation for Infantile Paralysis has financed all polio research as well as supplying the Salk Vaccine for the current school polio immunization program in the U. S. Carl W. Donelson of Pontiac, Chairman of the Chapter, will preside at the meeting. The annual patient care and treasurer reports will be given. The board of directors for the ensuing year will be elected at this time. The nomination committee, chaired by Howard O. Powers of Pontiac, Mrs. Arthur W. Albright of Oak Park, Edward Papinski of Royal Oak, Mrs. Henry McNalley of Rochester and Stanley Colby of Waterford, will present a slate of members for the Chapter's Executive Committee also to be elected at this meeting. May 13. The dinner arrangements are being made by Mrs. Russell Hetzer of Waterford and Mrs. John Ericson of Birmingham.

The Chapter announces that all community campaign reports are in for the 1955 March of Dimes, with a total of \$146,217.99. One half of this amount remains in the county for care of local polio victims, and one half is sent to the National Foundation Headquarters in New York to finance research, purchase of Salk Polio Vaccine, and to provide polio epidemic aid throughout the U. S. The 1955 March of

Dimes is an increase of \$11,000 over that of 1954.

NEW CHAIRMAN PRESIDES AT REPUBLICAN MEETING

The first meeting of the Oakland County Republican Committee under its new chairman, Chad M. Ritchie, was held last Wednesday. Immediate steps were taken to add to the County Committee by making the four members of the State Central Committee from Oakland County members of the County Committee.

They are Mrs. Doris Stacey of Troy Township, Mrs. Delphine Lamb, Oak Park; Clare Fuller, Oxford and Arthur Elliott of Pleasant Ridge. In addition, Robert Sutton, Chairman of the County Convention, was also made a member of the committee. Plans are being put into operation immediately to increase the size of the County Committee by the addition of two members

from each of the two hundred and thirteen precincts in the county. This group will include every delegate to the County Convention elected in September of 1954. It was decided that all future meetings would be held on Friday afternoon in order to have the Committee members from the State Legislature and State Senate at the meetings for their advice and guidance. The next meeting is to be held within the next two weeks at which time Chairman Ritchie is to have the mechanical setup ready for putting the Committee program into action.

D. A. R. CHAPTER HAS MAY MEETING

Mrs. L. G. Rowley of Williams Lake Road was hostess for the May meeting of General Richardson chapter, Daughters of the American Revolution. Dessert was served preceding the business meeting by Blanche Avery assisted by a committee. Serving with her were Mrs. Harry Yoh, Mrs. Donald Adams, Mrs. E. H. Whitfield, Mrs. W. E. C. Huthwaite, E. Grace Clark, Mrs. Velmore Lewis and Mrs. L. M. Pearl.

Officers for the coming two years were elected, with Mrs. Allan H. Monroe of Pontiac elected regent. First vice-regent is Mrs. Lloyd G. Porter; second vice-regent, Mrs. Lisle L. Echtnaw; chaplain, Mrs. Eldon Gardner; corresponding secretary, Mrs. Harry B. Austin and Mrs. George E. Eldred, recording secretary. Others are: Mrs. William F. Kalwitz, treasurer; Mrs. Harry F. Going, registrar; Agnes Hilton, historian; Mrs. Huthwaite, parliamentarian and Adah Shelly, librarian. Serving with the officers on the executive committee will be Mrs. Maxwell Shadley and Mrs. Bradley D. Scott. The immediate past regent, Mrs. Frank B. Gerls, will serve with the advisory board.

Mrs. Monroe and Mrs. Going, delegates to the recent sixty-fourth annual congress in Washington, D. C., gave reports. They were guests at a supper given by the retiring Michigan D. A. R. regent, Mrs. Ralph Newland, for Michigan members and national

officers. The Mayflower Hotel where the supper was held was also the scene of the banquet which was attended by the delegates.

The five-day congress was addressed by many people of national reputation including Vice-President Nixon; senators Knowland of California and Johnson of Texas. Sir Robert Scott, British Charge d'Affaires and French Ambassador Maurice Couve de Murville also spoke.

A collection of over 500 dolls, dressed in national costumes to represent virtually every country in the world, was presented to the National Society, Children of the American Revolution. Included in the collection, valued at over \$10,000, are two dolls presented by queens to the original owner. One was given by the Queen of Roumania and the other by a Queen of Thailand. The dolls are on display, for public

viewing in the G. A. R. museum at G. A. R. headquarters in Washington. Colonel Stephen Mack society G. A. R. of this area contributed toward the purchase of a specially built dust-proof cabinet for housing the dolls. General Richardson chapter voted a gift of money for Crossmore, a D. A. R. sponsored school in the North Carolina mountains, to enable those students desiring Bibles to have one.

ANNUAL 4-H SUNDAY SET FOR MAY 15

Boys and girls in Oakland County 4-H Clubs are planning special events and services for the annual 4-H Club Sunday, set for May 15.

Oakland County 4-H Club Agent, Jack Worthington, reports that special services are

being conducted in many of the rural churches in the county.

The agent points out that the 4-H'ers wish by this recognition to place emphasis on the meaning and value of Christianity in rural life. Some boys and girls will follow the lead of other Michigan 4-H'ers by conducting entire regular Sunday services, holding special services, youth programs or candlelight service, attending as a 4-H Club unit, providing choir members, acting as ushers, or providing programs or flowers for the altar.

Agent Worthington reports that such programs have been held in Michigan communities for many years. Oakland County clubs have always joined in the 4-H Club Sunday celebration.

Michigan ranks first in the nation in the production of calcium-magnesium chlorides, gypsum and salt.

Lake Huron freighters anchored two miles offshore from Alabaster, Michigan, take on gypsum cargoes by a continuous over-water bucket conveyor system extending all the way from shore.

POWER—Pontiac's husky 200-horsepower Strato-Streak V-8 with four-barrel carburetor, optional at low extra cost, delivers more power than any car within hundreds of dollars of its price. And road records show this power is teamed with the greatest economy in Pontiac history.

STYLE—No car at any price is so beautifully distinctive. Pontiac's future-fashioned Twin-Streak styling and Vogue Two-Tone set it apart from all other cars—point the way to tomorrow.

SIZE—Pontiac is a big car where it counts—with a long, road-hugging 122" or 124" wheelbase. On any road, at any speed, you enjoy the feeling of genuine fine-car size.

COMFORT—Pontiac's extra size means big-car comfort—room to stretch out and relax. Wide-stance rear springs and Shock-Proof chassis float you along in luxury style.

If you were to guess Pontiac's price on the basis of its style, performance and size, you'd surely guess hundreds of dollars higher than its actual cost. Pontiac measures up with the finest on any point of comparison—except price.

It's a simple matter of fact that you can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped economy models of higher-priced makes!

After a close inspection of Pontiac's luxury and quality and a few miles commanding its mighty 200-horsepower Strato-Streak V-8, buyers from both ends of the price scale are switching to Pontiac in record-breaking numbers. Come in soon for the clinching facts and figures. You'll make the very pleasant discovery that if you can afford any new car, you can afford a big, powerful Pontiac—and step directly into the fine-car class!

I'll tell the world I'm glad I live in Michigan

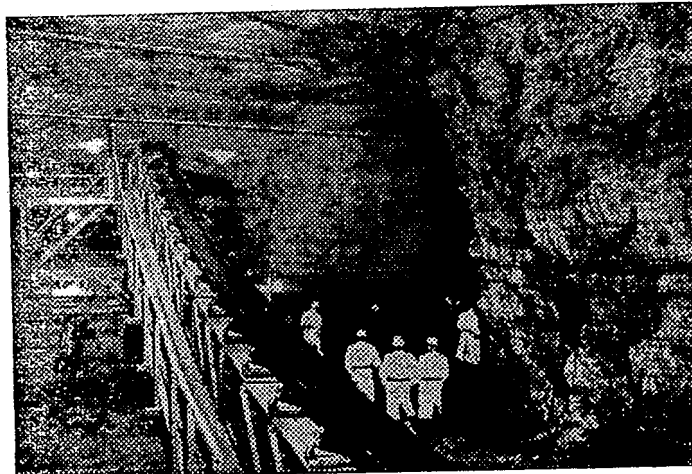

Most everybody boasts about his home town. But me, I brag about my whole state—and here's why

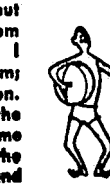

I work in factories—all kinds of factories. I make steel, cars, chemicals, pharmaceuticals, rubber. I make furniture and other wood products, and I'm a metal worker, too. I work in the big plants, on the big lines, and I work in the thousands of small ones—the ones that keep the big shops going. I'm on Michigan's huge industrial payroll, and doing right well at it.

I'm a farmer, too—one of the men who keeps Michigan near the top in farm crop dollar-values. I'm the world's best grain grower, for I've brought more International grain championships to Michigan in recent years than any other state can boast. Michigan's one of the top states in production of fruits, grains, sugar beets, dairy products, potatoes and beans.

I'm a miner, a quarryman, a shovel operator. Nature put resources under Michigan's soil so I can remove them, turn them over to industry to make the great products of Michigan. I mine salt, iron, copper. I bring out magnesium and gypsum. I quarry limestone, and I scoop tons of gravel for construction. I'm a lumberjack in the tall timber, and I'm a seaman on the long ships. And whatever my job, I need water to keep me going, and Michigan certainly has plenty of water. I've all the gas and electricity I need for heat and light and power, and always will have.

I'm a seasonal guy, myself. I like cold winters, with snow for skiing and tobogganing, ice for skating and ice-fishing. I like colorful autumn and fresh-green spring, because I'm a hunter and a fisherman. And, brother, do I like loafing on a warm, sandy beach beside our many lakes. But, I am also a host to 3,000,000 tourists a year, a big business. I'm a customs inspector, watching all the millions of dollars of commerce that flow between Michigan and Canada every year. I'm a merchant, selling everything that makes the Michigan market one of the nation's greatest.

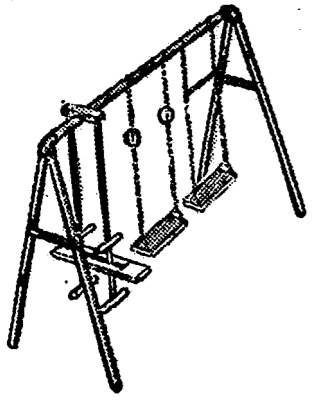

Me? I'm Michigan—I'm everybody. I come from just about anywhere you can name, from other nations, from other states. I'm what makes Michigan great, because for all her resources, it takes me to make use of them. Whatever I do, I'm a builder, building greatness on greatness in Michigan. I've got faith in Michigan, that's why. I know there's no stopping her, because we won't be stopped. It's as simple as that.

KINDERGARTEN STUDENTS TO ENROLL

Thursday, May 19, 1955, will be the day to enroll all beginning kindergarten students for next year at the Clarkston Elementary School and Andersonville Elementary School. You may enroll your child any time between 9:00-11:00 and 1:00-3:00. Children going to Sashabaw School will enroll on May 12. Children must be five (5) years of age by December 1, 1955 to be enrolled for next year.

JUNIOR-SENIOR BANQUET

On Saturday, May 7 the Junior-Senior Banquet of the Clarkston High School was held in the cafeteria at the school.

The invocation was given by Mr. R. L. Klingman, the High School Principal.

The menu consisted of baked ham, scalloped potatoes, Waldorf salad, rolls, and along with an appetizer of tomato juice, milk and coffee were served.

Douglas Fortin, as toastmaster, did a fine job of introducing the speakers of the evening.

Clyde Kizer gave the welcome address to the seniors and guests. Vern Carmean gave the response.

After the response, the evening's entertainment got underway with a magician by the name of Bob White. He gave a very good performance.

Following the entertainment Mr. Greene presented the senior awards. The valedictorian award went to Dorothy McEvoy, who also received the girls athletic award. The awards for salutatorian, forensics and girls citizenship went to Laura Ruggles.

Richard Johnston received the boys athletic award; Eva Lou Underwood, the vocal-music award and the boys citizenship award went to Vern Carmean.

The Chorus then presented three selections under the direction of Mr. Ryner.

The Farewell was given by Bill Shanks and the banquet ended with an enlightening speech by Mr. Greene.

JAN FORTIN GIVES EYE WITNESS ACCOUNT OF KENTUCKY DERBY

The 81st running of the Kentucky Derby, held in Louisville, Kentucky, was held Saturday, May 7.

More than 100,000 people were on hand to witness one of the most talked about races in the sports world. It was a beautiful day for the race. With post time set at four thirty p. m. it looked like a perfect day for the race. As the afternoon started to wear on it started to cloud over and soon looked like we were in for a real rain. About five minutes before the race was to start it broke loose in a downpour that lasted only a few minutes and did not hurt the race any.

The three favorites were Nashua, Summer Tan and Swaps. As the horses charged out of the starting gate, Swaps jumped to an early lead with Nashua close behind and behind him was Summer Tan. The race stayed like this as they came into the home stretch and then the horses made the final run for the wire. The outcome: Swaps, 1st; Nashua, 2nd and Summer Tan, 3rd.

Of course, like any sport, not everybody can win. There are winners and losers. And thus goes into the history books the story of the 81st Kentucky Derby with Swaps almost breaking the track record set in 1942 by Whirlaway.

F. N. A. CLUB

On April 28 the Future Nurses Club visited St. Joseph's Mercy Hospital nursing home.

They started in the lounge where their guide told them all about the nursing program. Then they went on a tour of the nurses rooms.

The nurses live in a semi-private room with a shower and bath. Each girl has her own bed, night stand, and closet. They share a double desk and a medicine cabinet. Each girl has her own mailbox. There are laundry rooms with washers, dryers, ironing boards and irons.

Tuesdays and Thursdays are open house for friends.

There is a snack bar, soda fountain, a recreation room with

television, ping pong, and tennis courts. They have a sun porch on the roof of the home for any girl who wants a tan. There is also a possibility of an outside swimming pool.

The classes are small, from 6 to 9 girls. They have an eight hour day, five day week.

They recommend that any girl who is interested in becoming a nurse take chemistry, four years of English, two years of Latin, Algebra, Geometry and Physics.

FUTURE TEACHERS HOLD TEA FOR THEIR MOTHERS

Tuesday evening, April 19, at 7:30 o'clock the Future Teachers gave a Tea for their mothers at the Clarkston Elementary School.

Games were played and members were initiated after which Miss Sharpe took the mothers on a tour of the Elementary School. Refreshments were served and everyone had a very enjoyable time.

Since all of the F. T. A. members this year are seniors we will need new members so we can elect officers for next year. Anyone interested in teaching and in grades 9-12 or in the eighth grade this year and will be a freshman next year is welcome to join.

"GIRL CRAZY" A SUCCESS

The big event of two weeks ago at C. H. S., was the presenting by the Juniors of their 3-act play, Girl Crazy. The play was a success for the class.

Miss Cooper has spent the last six weeks grooming the cast for the play on April 29-30. Besides urging the cast to learn their lines she had to contend with chickenpox, tonsillitis, bursting blood vessels, flying tempers and the Navy.

Many times when the cast was ready to take the play and—

After the set was up, however, and dress rehearsals began things picked up considerably. Parts of

the play that didn't mean anything before suddenly became important.

After the preview assembly and matinee on Thursday the cast went on a little advertising jaunt, courtesy of Regal Feed and Supply. They went in Mr. Robertson's truck shouting invitations to the play and making sure everyone along the way knew they were from Clarkston.

Friday night the play was presented without many misques or too much ablibbing. Afterwards the cast adjourned to Gary Robertson's home. After the party some went home to the long awaiting pillows while a few took a little "out of the way" route home, and then, of course, there was a card party.

Saturday evening's performance came off equally well except for a little more ablibbing and a misque where someone forgot and didn't fire the gun until a scene was finished. The entire cast, however, did a good job. After the play Miss Cooper was presented with a gift and

a corsage from the cast. Mr. Mauti has announced that the class has made over \$200 profit.

New L.C.F. (Low Cab Forward) Chevrolet Task Force Trucks

Powered by the most modern V8 in any truck...
Chevrolet's new Taskmaster V8 engine!

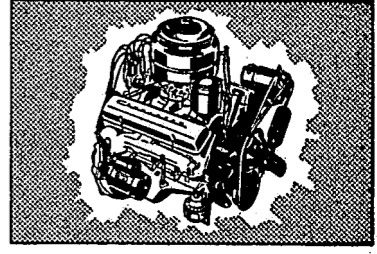

Chevrolet's great new L.C.F. models bring you all the advantages of a C.O.E.—plus a long list of important new advances you won't find anywhere else.

For example, the cab is a full seven inches lower than former C.O.E. models. And it has only two steps instead of the usual three for C.O.E.'s. Just think of the time and effort this will save the driver! Also, the low L.C.F. is handsomer by far than any C.O.E. ever built!

Inside, the L.C.F.'s new Flight-Ride cab has a level floor with plenty of "stretch-out" leg room and offers new driver comfort. The driver has a commanding view of the road—both far ahead and close up—through the big, broad panoramic windshield.

Quicker, simpler maintenance is another big advantage offered by the new L.C.F. Everything's easier to reach in the roomy engine compartment.

In an L.C.F. you still get the easy maneuverability of a C.O.E. plus—new frames, new suspension, a whole truck-load of modern features!

Shortest Stroke V8 of All! The new Taskmaster V8—the most modern V8 your money can buy—powers the new L.C.F. With a 12-volt electrical system for faster starting!

Year after year, America's best selling truck!

CENSUS BUREAU CONDUCTS FOOD SURVEY
 The U. S. Census Bureau will conduct in May a national survey of household purchases of selected food items, according to Supervisor Robert G. Gillespie of the Bureau's district office in Detroit which will participate in the survey.
 The food survey is being conducted by the Census Bureau for the Department of Agriculture which will use the information collected in the analysis of the consumer market for the items covered. Information about purchases of these items will be related to population data, such as size of family and other characteristics obtained in the Current Population Survey.
 The food inquiries will be asked in connection with the Bureau's Current Population Survey which collects information each month on employment and unemployment. Most of the survey will be conducted during the week of May 16 and it will relate to purchases of food during the previous week. Items to be covered include frozen orange juice, fresh oranges, butter, oleo-

Foreign cookery has been considered for a long time as a delicacy or something dabbled in only by gourmets or people who like to try unusual dishes as a novelty.
 Wayne University students of home economics claim, however, that many foreign foods can be prepared easily and economically with foods produced in their home-state of Michigan.
 The recipes that follow are real Dutch treats calling for colorful vegetables and wholesome dairy foods fresh from Michigan's farm lands.

SO MUCH MORE CAR... AT SUCH A LOW PRICE!

Plymouth Judged "America's Most Beautiful Car" by famous professional artists, the Society of Illustrators

Have you compared price tags on Plymouth and the other two low-price cars lately? And, have you checked prices on the medium-price cars that claim they cost as little as Plymouth? If you have, you've discovered three facts of great importance:

- 1** Model for model, all low-price cars are priced about the same. But the Plymouth price includes such items as electric windshield wipers, an oil bath air cleaner, resistor-type spark plugs, and a high-output generator; items you have to pay extra for on the other cars. (And don't be fooled by the claims of medium-price cars that they cost as little as Plymouth; add total prices - you'll see the difference quickly.)
- 2** Prices of the big, beautiful Plymouth are surprisingly low! At Plymouth's low prices you get a car that's not only larger and roomier than all the other cars in Plymouth's field, but actually bigger than some cars costing many hundreds of dollars more! And when it comes to endurance, Plymouth leads them all! That's why there are more Plymouths used as taxicabs than all other cars combined!
- 3** When you compare VALUE, Plymouth is like the high-price cars in everything but the price tag! It's the only low-price car this year with all-new, Forward-Look styling. In powerplants, Plymouth offers the thriftiest, smoothest six, and the most powerful standard V-8 in the lowest-price field. Inside, it's the roomiest, most comfortable car of "all 3," and has the greatest visibility of any low-price car.

A lot of people are finding out that Plymouth's low price offers the most value per dollar of any car in its field. So many people, in fact, that Plymouth sales have been record-breaking this year. See your dealer today, and you'll see why the big swing this year is to PLYMOUTH.

Man's true selfhood as a spiritual child of God—possessing dominion over sin, sickness, and mortality—will be set forth at Christian Science services Sunday in the Lesson-Sermon "Mortals and Immortals."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following: "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is coexistent and coeternal with that Mind. . . . Immortal man is not and never was material, but always spiritual and eternal" (336:9-12, 16).

Scriptural selections will include the following from Psalms (1:1,6): "Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of the scornful. . . . For the Lord knoweth the way of the righteous; but the way of the ungodly shall perish."

From where I sit... by Joe Marsh

Red Finds a "Sweet Solution"

Red Jackson found a slick way to get his cows to eat what's good for them. Seems they were passing up the tall green grass—full of minerals and vitamins—and eating the short grass, which is naturally sweeter.

Red solved the problem by spraying a solution of corn syrup over the grass that was going begging. The cows sure went at it. Red says it's lucky for him—and the cows—that every one of them has a "sweet tooth."

Next week, according to Red, he's going to have his cows clean up all the weedy grass along his fences—after he sprays them with more corn syrup, of course.

From where I sit, some folks, like Red, are always trying out new tricks—and others stick with the old tried and true methods. Just a question of preference, I guess. Like the way you may enjoy coffee with meals, while I prefer a cold glass of beer. So let's not allow any bad feelings to "crop up" by thinking ours is the only choice.
