Bad ?

If I would look about my world I'm sure that I would find Some things that happen every day Disgusting to mankind.

I know that everyone on earth My thinking does not share, Condemning thoughts and vicious words Must permeate the air.

Our youth are judged by careless deeds Performed by just a few, There's little praise on adult lips For good the others do.

Yet in this modern world of ours How has our youth behaved? A paper boy I chance to know Took stock of what he saved.

Then thought about another boy Without enough to wear And gave away his pennies earned. His happiness to share.

Each day I see a helping hand Extend to one who's sad. When God puts love in every heart

How can the world be bad?

Marriage Vows Spoken In Lansing

The wedding of Nancy Ann Brown and James L. Waterbury was solemnized in the chapel of People's Church in East Lansing at four o'clock on Saturday afternoon, June 4th.

A waltz-length crystalette dress of off-white was worn by the bride. The skirt of the dress was accented with the pleats extending to the bodice where they became wide tucks. The waist was accented with a lace inset. For accessories the bride wore her mother's pearls and her maternal grandmother's family ring. The shoulder-length veil fell from a small pearl crown.

The attendants were Miss Ruth Glass, maid-of-honor, and Mrs. Suzette Stauffer, matron-of-honor. Both are sorority sisters of the bride at M. S. U. Mrs. Stauffer and Miss Glass wore simple, princess style dresses; the latter in blue and the former in pink. Their hats were small bands with tinted buds to match their dresses.

Mrs. F. E. Brown wore a pink silk suit with white accessories, while Mrs. Waterbury wore a nylon print with navy accessories.

The reception was held in the church parlors immediately following the ceremony. Pink and blue accented the table decorations. Ten of the bride's sorority sisters served as hostesses.

For going away the bride changed to a red silk sheath dress with a navy linen duster.

The newlyweds will reside at 740 North Hogan in Lansing.

"Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon to be read at Christian Science services this Sunday.

Scriptural selections from the King James Version of the Bible stress the supremacy of spiritual power and include the account of Christ Jesus feeding the multitude as recorded by Matthew (14:14-20) and John's account (6:16-21) of Jesus walking on the sea.

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following (273:21-26): "God never ordained a material law to annul the spiritual law. If there were such a material law, it would oppose the supremacy of Spirit, God, and impugne the wisdom of the creator. Jesus walked on the waves, fed the multitude, healed the sick, and raised the dead in direct opposition to material laws."

Crowd Attends Junior Horse Show

Sunday, June 5, was a beautiful, sunny day for the Junior Horse Show of the Dixie Saddle Club, held on the grounds of Glenn Ellis, on the Dixie. Well before starting time, at 11:30 a. m., young riders with their horses assembled, many of them taking some practice rides in the ring. Even when the Show was well underway, more and more horses, many of them transported in trailers, arrived on the ground.

Harry Waggener was the announcer, and did a mighty fine job of introducing the judges, Thor Nielsen of Fenton and Ed Fallon of Clarkston for the Western and English events; of calling off the classes in time for the riders to get ready, and explaining how the judging was done.

Many of the adult members of the Club were present to help. Mrs. Wright was at her post to collect the entry fees, helping her daughter, Ann; Mr. and Mrs. Paul Weber operated the refreshment stand with their usual efficiency. Others were kept busy registering the entries into the events and Connie Grubaugh, wife of the club's president, was at her post, presiding over the ribbons and trophies.

The first event was Pony Class, 12 hands and under; right away it was decided to run a parallel class to this for ponies up to 14.2 hands. Champ of Larry Blackett of the Dixie Saddle Club won first ribbon and trophy; Brownie of Rose Marie VanLeuven of the Michigan Rangers carried off second prize; third was Rusty of Nancy Cronright; for the larger ponies, the result was: first to Midnight with Christy Clark; second to Buddy with Gordon Guile; third to Nemrod with Charlotte Zormeier; fourth to Charlie with Larry Littleton. Since this was an extra class, only ribbons were the awards given.

Musical Stalls for children under 13 attracted many young riders; Carrie Jo Bischoff won first with Bill; Nancy Stankuis 2nd with Trigger; Sandy Wells 3rd with Jill; Angie Nelson 4th with Chico. There were 31 entries in Western Pleasure Horse for Juniors 1-18 yrs.: Sandy Wells copped 1st with her Sand-Min; Jackie Wojcik 2nd with Little Sister; Christy Clark 3rd with Chips; Dolly Rush 4th with Ray Parker. In the corresponding class English Pleasure Horse, for Juniors, 1-18 yrs., Dottie Ellis won 1st on Rainbow's End; John Horback 2nd on Royal Python 3rd; Mary Frances Bailey 3rd on Davy Crockett; Karen Stone 4th on Sandy Sun.

Bending Race for children under 13 yrs. is an event where both speed and accuracy counts; 1st was Melissa Bragg on Fire, time 15.1; 2nd was Sandy Wells on San-Min, time 15.2; 3rd Jackie Wojcik on Little Sister, time 15.3; 4th Lona Nelson on Babe, time 17. Bending Race for Juniors 13-18 yrs.: 1st George Lang on Star, time 14.9; 2nd Allen Vance on Champ, time 16.5; 3rd Gerry Richards on Cricket, time 16.7; 4th Connie Cummins on Captain, time 17.

Many Juniors 13-18 yrs entered the Musical Barrels race: Sam Reeve on Cloudy Badger won 1st; Garry Nelson on Cricket won 2nd; Del Munson on Penny 3rd and George Lang on Star 4th.

It was rather restful to watch the next event: English Three-Gaited for Juniors 1-18 yrs.: Lenora Bernhard won with My Captain Ginger; Mary Frances Bailey 2nd with Davy Crockett; Nancy Sullivan 3rd with Peggy Ann.

A very popular event followed: Speed and Action, with 30 entries the competition was keen: Allen Vance was victor with Mingo; Garry Stallard 2nd on Melodie; George Lang 3rd on Star; Del Munson 4th on Penny. Working Stock Horse for Juniors to 18 yrs is an event which always takes a lot of time, but which everybody enjoys: Jan Cully performed beautifully and won 1st with Lucky Joe; 2nd went to Jackie Wojcik on Little Sister; 3rd to Melissa Bragg with Fire and 4th to Sandy Wells with San-Min.

Western Horsemanship for Juniors under 18 yrs is another very popular event and many were the contestants: Jackie Bischoff won 1st on Bill; Sam Reeve 2nd on Cloudy Badger; Sandy Wells 3rd on San-Min and Kent See 4th on Speedy R. In the corresponding English class, Dottie Ellis again copped 1st on Rainbow's End; Lenora Bernhard 2nd on My Captain Ginger; John Horback 3rd on Royal Python; Alen; Mary Frances Bailey 4th

The officers' table was centered with a floral arrangement and down the center of the tables were orchid candles in crystal holders. Festoons of green linked the candles together. In recognition of Flag Day the places were marked with cards bearing the Stars and Stripes. Mrs. Gerald Craig and Mrs. Jay Walter were responsible for the attractive tables.

SPECIAL FATHER'S DAY SERVICES
All services on June 19, Father's Day, will be dedicated to all fathers. In the morning's Worship Service, 11:00 A. M., the sermon, "The Father of Great Faith" will portray just an ordinary man becoming a 'Great Father'. This father is shown making decisions which count most for himself, for his family and for his nation. The climax of this 'special day' will be in the evening's Gospel service at 7:00 p. m. when not

only will the church orchestra play appropriate numbers which will honor father but also a family picture will be shown, "Is This the Way to Heaven?" This picture shows the strivings of a typical family to obtain that which is best for the whole family and of their obtaining that which is best. None, we are sure, who see this picture will be disappointed. Everyone is invited

to come and see this special picture. No charges to see it.

NEWS FROM EXTENSION OFFICE

U. S. D. A. MONTHLY MEETING

Officials of the various agricultural agencies who work in Oakland County meet monthly to keep one another informed of their activities, states Lyle Abel,

county agricultural agent. Some of the reports appear of general interest. The U. S. Employment Service represented by Mr. Kackley reported that for the first time in years, he had an excess of applicants wishing work on farms. Many of these applicants are high school youths wishing summer employment.

Walter Cook, manager of the Oakland County A. S. C. office reported that congressional action has resulted in removal of the cross-compliance future of the federal farm program. He also announced that growers will vote on the wheat referendum on June 25. Wool growers should

send in their sales receipts for subsidies as soon as sales are completed. Oakland has 210 flock owners.

Charles Stewart, secretary of the Pontiac Production Credit Association, reported that henceforth their organization will be known as the Eastern Michigan P. C. A. The office is to be moved to Lapeer, where they will serve the five adjoining counties.

Al Phillips, farm forester, reported on the difficulty of making long-time plans in many Oakland County woodlots due to the great number of suburban developments which are springing up.

CORN CONTEST

John Trocke, Farm and Home Development Agent, stated that farmers have enrolled in the Oakland County Corn Growing Contest. Some corn had been injured by too heavy band applications of fertilizer.

County Agent Lyle Abel reported on a series of demonstrations which had been established to control quack grass, brush on ditch banks, poison ivy, and weeds in corn.

Attention New Home Owners:

Yours being an average American family, you will undoubtedly own a television set. Your used antenna or new one should therefore be properly installed by experts on your new home to necessitate a good installation that will add to the beauty of your new home. Custom installed antennas have a practical advantage as well as being neat appearing. We can install a COLOR-READY antenna of the highest quality, properly grounded, at a fair price, which we know will give the best service the year round.

Another feature available of custom-installed antennas is that we can install two or more down leads in the walls of your home that are attached to plug-in outlets. This means hidden wire, unexposed to the eye, ice and snow, which in turn lessens the possibilities of broken leads, and makes T. V. and furniture rearranging a simple task without the need of technical help and loosely strewn wire behind the set.

We have seven years' experience in the field of quality service and installations and can proudly boast of no fallen antennas, so have your antenna ready for use when you move in. Call us before you plaster if possible.

In hopes that we may be of service to you, we are,

SUGGESTION ABOUT STORING PICNIC LUNCH

Car trunks often turn into hot

boxes, so the Michigan Department of Health hopes you'll find someplace else to store that picnic lunch. When the sun is hot,

the department said, the trunk makes an "excellent incubator" for any bacteria which may be in the food. And by the time you reach your destination, "the food may be teeming with these organisms and loaded with invisible poison". While few deaths in Michigan are linked with food poisoning, the health department said it is "quite common" and can be very severe.

Most Modern Trucks on any job

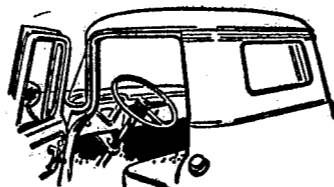

with the most advanced truck features the industry has ever seen!

Only new Chevrolet *Task-Force* Trucks bring you the 'shortest stroke V8's in any leading truck and today's most advanced sixes—plus all these truly modern features!

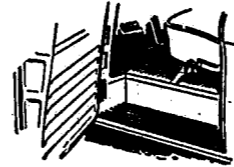

They're the marks of a modern truck, and they out-date any make without them!

Beginning with Work-Styling, an entirely new development in truck design. For the first time in any line of trucks, Chevrolet brings you two styling treatments—one for light- and medium-duty models, another for heavy-duty jobs! Styling that's matched to the model and the job.

The latest in cab comfort and safety. Inside you can count on the same ultra-modern touch—softer seat action that reduces driver fatigue, and more durable construction throughout.

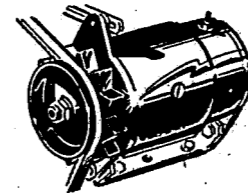

New concealed Safety Steps. Chevrolet's new Safety Steps are out of sight with the doors closed—stay clear of snow, ice or mud.

New panoramic windshield. For a wider, virtually unobstructed view of the road!

Fresh air in all kinds of weather. With new High-Level ventilation, air is drawn in through louvers at cowl level. That means air is constantly circulated through the cab, regardless of disagreeable weather conditions.

High-Voltage power—V8 or 6. The new lineup of Chevrolet truck engines includes the shortest stroke V8's in any leading truck, and most advanced sixes. All have a modern 12-

volt electrical system—double the voltage for quicker, surer starting and more efficient spark plug firing.

Tubeless tires standard on 1/2-ton models. Here's greater protection against blowouts.

Every Power Helper in the book. Power Brakes are standard equipment on 2-ton models, an extra-cost option on others. The new handling ease of Power Steering, another extra-cost option, cuts turning effort up to 80%.

You get the most modern trucks money can buy in

Chevrolet's New Task-Force Line

There's new gas-saving Overdrive, as an extra-cost option on 1/2-ton models . . . and truck Hydra-Matic on 1/2-, 3/4- and 1-ton jobs.

The new Cameo Carrier. Long and low, with smooth, fleet lines, here's the Custom pickup that may well create a new class of truck owners!

One final word. When the time comes to trade in '55 models, the man without a really modern truck stands to take a good-sized loss. Come in and see us soon.

NEW FINISHES ON COTTONS HALT WRINKLES

Today's crisp summer cotton dresses are easier to keep fresh and well-groomed looking. For this we can thank the crease-resistant finishes, says Marjorie Eastman, extension specialist in textiles and clothing. Cotton fabrics which have been treated with these resin finishes require less up-keep than untreated cottons. They wrinkle less and wrinkles tend to shake out.

Miss Eastman cites the results of laundering tests. They show that wrinkle-resistant cottons generally shrink less and iron more easily and smoothly. But, cautions Miss Eastman, they do have some disadvantages. Some of the treated cottons, especially those which have a glazed polished or embossed surface, are not as cool to wear.

In home sewing, too, dress-makers report difficulty in pressing the seams flat. They also contend it is not easy to get flat, sharp edges on facings and collars when using crease-resistant cottons.

YOUR HOME NEWSPAPER

All matters handled through the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper each week.
