CLARKSTON, MICHIGAN, THURSDAY, JULY 21, 1955

NUMBER 46

Rotarians Visit Haiti and Jamaica

On Monday evening the Clarkston Rotary Club went on a picture trip to Haiti and Jamaica. Fred Warrick, who with Mrs. Warrick and their daughter, Carolyn, and son, Fred, visited these islands to the south, last spring, showed colored slides and described the cities, the people, their manners and mode of living. He told of their hospitality and their leisurely way of doing things. They do not rush like Americans do, but they take time to enjoy every minute of the day and night. It was an interesting trip. The Warricks drove south going by way of Louisiana and around the Gulf. They flew to the islands from Miami.

At the meeting it was announced that the annual picnic for the Rotarians and their families will be held at Davisburg Park on Monday evening, August 1st, starting at 6:30. Carl Anthony is the general chairman.

The members of the Clarkston Royal Neighbors served a delicious dinner.

The guest speaker at next Monday's meeting will be Randall Penhale of Detroit. Mr. Penhale is the Deputy Director of the U. S. Savings Bond Program for Michigan. He is what you would term "a bond expert". Following his talk he will be glad to answer any questions on the subject.

Clarkston Local

Thomas L. McNeive, son of Mr. and Mrs. C. E. McNeive of 6584 Dixie Highway, returns from Great Lakes, Ill., on Sunday, July 24, where he has been in the U. S. N. R. training for a month. He enlisted in the U. S. N. R., in November, 1954.

They Didn't Look Up

An old man sat in the shade of a tree. Few things of the world he chose to see. He didn't look up.

A young man's eyes were full of stars. The battle of progress left no scars. He watched the parade of antique cars. And didn't look up.

A farmer stood at an art display. His thoughts were traveling far away. Surrounded by genius, he thought of hay. He didn't look up.

The mechanic went to the county fair. The best of the earth's produce was there. He noted little, nor did he care to once look up.

The sun sank low behind the hill. The beauty of color gave me a thrill. My friend, noncommittal, kept strangely still. And didn't look up.

And so I have learned as the years go by, The marvels of man, or earth, or sky, The race of mankind will always deny; And not look up.

Story Hour For Children

For those who might have been away or on vacation The Clarkston Community Women's Club is sponsoring a children's story hour. Drop your 5 to 8 year olds off at the Library this and every Saturday at 10:30 a. m. and let them enjoy half an hour of stories and records.

Two of the books to be read this Saturday are: "What If" and "Bugs Bunny and the Indians". There will also be more records with pictures to look at while listening.

IMPORTANT EVENTS TAKE PLACE IN U-M SCHOOL OF NURSING

Three significant events have taken place in the School of Nursing at the University of Michigan.

For the first time since it was established in 1891, the school is now headed by a dean. Miss Rhoda Reddig, who has been director of the School of Nursing for the last four years, has been promoted to dean.

Secondly, the School of Nursing now has the largest enrollment of any nursing school in the United States. There were 534 student nurses enrolled last fall and the figure is expected to go higher this fall.

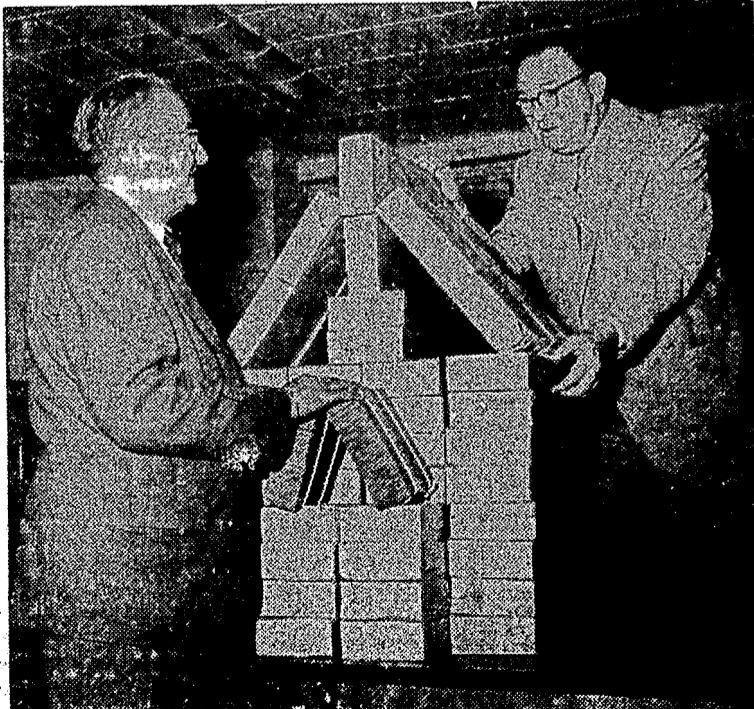

The third event is the fact that the School is now operating entirely on the new four-year program leading to a degree of Bachelor of Science in Nursing. The last of the students enrolled under the old five-year plan will graduate this summer.

The four-year program, which has been in effect since 1952 is regarded by Dean Reddig as giving "depth and breadth to the nurses' skills". She says it is a part of a "trend in the direction of liberalizing the nursing curriculum". According to Dean Reddig, tomorrow's nurse will not only be an excellent technician; she will be better equipped to deal with patients as people. Miss Reddig explained that nurses today are expected to do more than minister to the needs of the sick. Because of this, Dean Reddig believes that a modern nurse needs courses in composition and psychology as much as she needs diet, therapy and chemistry.

Ice Cream Social At Davisburg

The W. S. C. S. of the Davisburg Methodist Church is sponsoring an ice cream social on the lawn at the church on Saturday, July 23rd, starting at 6:00 P. M. The public is cordially invited.

General Twining, Chief of Staff, United States Air Force has stated, "As long as this nation needs Air Defense, it will need a strong Ground Observer Corps, for it is our only 'back-up'." Val Peterson, Federal Civil Administrator, only recently at Colorado Springs, stated he knew of no more important and more patriotic work than to be a Ground Observer Corps volunteer.

\$3,000,000 SCHOOLHOUSE . . . J. L. Meehan (right), chairman of the Railroad Community Committee of Greater Detroit, and State Revenue Commissioner Louis M. Nims put the finishing touches on a "little green schoolhouse" built out of nearly \$3,000,000 in cash, representing state taxes nine railroads operating in Detroit pay for first half of 1955. Since the tax money is earmarked for distribution to public schools throughout Michigan, cash was used instead of the usual check to defaminate the railroads' tax contribution to school support.

Big Lake Beavers Hold July Meeting

The July meeting of the Big Lake Beavers Home Extension Club was held at the home of Mrs. K. E. Cook.

Mrs. J. V. Cruickshank and Mrs. E. Bethune reported on their camp experience at Waldenwoods. The handicrafts learned there will be taught as part of the Christmas workshop.

Mrs. Cruickshank and Mrs. H. Drillen reported the O. C. D. meeting at Davisburg, and asked for volunteers to help fill out registration cards for everyone over 16 years old in the Big Lake area. Also the new Ground Observer Corps tower requires volunteers. Get in touch with Mrs. Pat Haslock of Davisburg, Chief Observer.

A collection was taken to aid eight-year-old Tommy Green whose feet were mangled in a mowing machine. He will be in Blodgett Hospital, Plymouth Rd., Grand Rapids, during July and August. His chief worry is that the 'kids' won't like him any more, so the Home Ec Club mothers are helping their children write notes to him.

Eight representatives of the club worked on cancer pads at the home of Mrs. Lentz in Holly on June 27th.

The next club meeting will be held on August 4th at the home of Mrs. D. A. Booth at one o'clock. Copper planters will be finished.

Obituary

Mrs. Sarrah Sprague
Funeral service for Mrs. Sarrah Sprague, 75, of 9180 Davisburg Road was held at the Sharpe Funeral Home in Clarkston last Saturday afternoon with the Reverend Robert M. Atkins officiating. Interment was in Deerfield Center Cemetery in Livingston County.

Mrs. Sprague passed away on Wednesday, July 13. She is survived by three sons, Howard of Clarkston, Roy of Oxford, Ransom of Lake Orion, and a daughter, Mrs. Leona Wooden of Byron, Michigan.

DIRECT ENLISTMENTS NOW OPEN

The headquarters, Michigan U. S. Army Recruiting Service has announced that direct enlistments are now opened for the 3rd Armored Division presently located at Fort Knox, Kentucky. The 3rd is scheduled to go to Europe this fall under the Army's new unit rotation plan termed "Operation Gyroscope". This means that "Michigan Volunteers" can join the Army and be assured of staying with friends. It means more stabilized assignments. Men who enlist in the 3rd Armored Division under "Operation Gyroscope" can be assured of serving their tour of duty in Germany.

For information, without obligation, contact M/Sgt Smith, 53 1/2 W. Huron Street, Pontiac, or call FEderal 4-5342.

Pioneers To Have Picnic Luncheon

The Clarkston Pioneers will have a picnic luncheon at the home of Mrs. Allen Hawke on W. Washington Street on Thursday, July 28. Those whose birthdays will be recognized include Mrs. Arthur Davis, Mrs. Lulu Lewis, Mrs. Alice Dobson, Mrs. Lavina Barrows, Mrs. Albert Lawson and Mrs. Fred Boone.

BE CAREFUL OF FIRE

The hot spell has dried the grass alongside the town and country roads and a fire hazard has resulted. Everyone is urged to use precaution when building fires, burning rubbish or smoking. Carelessness or thoughtlessness could cause much damage.

This hot weather has advanced crops by two and three weeks. Some gardeners and farmers report they already have corn planted for fall picking. Flowers that are usually considered late summer and fall blooms are bursting open and the markets are flooded with gladioli.

Clarkston Locals

Mr. and Mrs. Erwin Mosher (Barbara Roadway) who have been residing in Mt. Pleasant while Mr. Mosher has been completing his studies at Michigan Central College are now living in Lansing where Mr. Mosher is in the employ of the Olds Motor Company.

The Richard Morgans have returned from a western trip. They were gone three weeks. They visited many places of note and enjoyed the beautiful scenery and the fine weather.

Mr. and Mrs. Carl Anthony and daughter, Patty, have returned from a trip in northern Michigan. They visited most of the pretty spots in the Upper Peninsula and although the temperature was high at times, they had a grand time. The day they crossed the Straits the thermometer reading was 97 degrees.

Mr. and Mrs. Frank Green and sons are having a delightful time camping on the shore of beautiful Goose Lake, near Lake City. They claim they had one bad rain storm, but outside of that the weather has been ideal and the nights have been very cool, just right for sleeping. Fishing hasn't been too good—they'll still take Deer Lake. They will return home next week.

Mr. and Mrs. Warren Strait and son, Don, and daughter, Ruth, of Colorado Springs, Colo., and his mother of Ewart, Michigan, called on Mrs. Ada Mills and other friends in Clarkston on Monday. They are spending a short vacation in Michigan with relatives and friends before returning to their teaching duties in Colorado Springs. Folks here will remember Mrs. Strait when she was a member of the Clarkston school faculty.

STATE FAIR PREMIUMS HAVE BEEN INCREASED

Donald L. Swanson, general manager, announced that the Michigan State Fair premiums have been increased to \$131,000—the largest amount ever offered.

Swanson said that entries for the State Fair, September 2 through 11, will close August 12, earlier than usual.

The premium amount this year has been increased by more than \$5,000 over the 1954 total.

Swanson urged farmers to make their entries as early as possible to avoid the last minute rush. He said that judging from last year, many will not be able to enter because of lack of space.

As a matter of fact, some of the classifications are being divided in order to accommodate all the farm entries, he said. For example, Belgians, Percherons, Clydesdales and Grade horses will be shown from September 2 through 6, and will be exhibited in the Coliseum on the night of the 6th. Morgans, Quarter horses and Arabians will be shown from September 7 through 11 and will be exhibited in the Coliseum on the 7th and 8th.

The 1955 Premium Books are now being mailed. All 1954 exhibitors have been added to the mailing list and anyone not on the mailing list during the past few years should write to The Michigan State Fair, Detroit 3, Michigan.

Attention! Women Bowlers

The women bowlers are reminded that the Clarkston Women's Bowling League will meet at the home of Mrs. Harold Weston, 105 Wompole Drive, Clarkston, on Wednesday evening, July 27th, at 7:00 o'clock.

Clarkston Local

Lee Kelley of the Kelley Hardware Store in Clarkston and Don Fillmore of the Fillmore Hardware on Walton Blvd., flew to Cleveland, Ohio, on Monday morning to attend a showing of "Toys for Christmas". They flew back Monday night.

FIRST CHURCH OF CHRIST, SCIENTIST

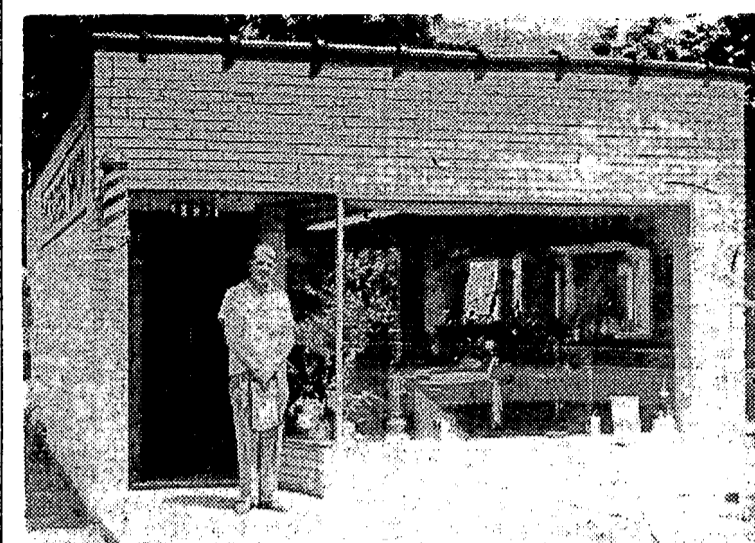

Oxford, Michigan
Sunday School 11:00 A. M.
Sunday Service 11:00 A. M.
The healing power of true prayer will be set forth at Christian Science services on Sunday in the Lesson-Sermon entitled "Truth".

Among the scriptural selections to be read is the account of Christ Jesus' healing of the child with the "dumb spirit" including the answer his disciples received to their question as to why they did not cure the child: "And he said unto them, This kind can come forth by nothing, but by prayer and fasting" (Mark 9:29).

The practical power of prayer is also brought out in passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy including the following (11:27-31): "Prayer cannot change the unalterable Truth, nor can prayer alone give us an understanding of Truth; but prayer, coupled with a fervent habitual desire to know and do the will of God, will bring us into all Truth."

(continued on page 5)

Waterford Barber Shop Opens In New Building

Celebrating his 25th year in the barber business, Tom Corbin of Waterford has opened in his new building at 5854 Dixie Highway, just south of Sportsmen's Inn.

He has outfitted his shop with the latest line of Kochen equipment including the "Presidential"

chairs and has installed air conditioning. The chairs are the first in this territory.

Mr. Corbin along with William Bennett who has been with him for five years will hold open house Thursday, Friday and Saturday.

Seymour Lake

Mr. and Mrs. Walter Ash have been driving to Detroit every night to visit their son, Durwood, who is seriously ill in The Detroit Osteopathic Hospital.

Harley Coulter has sold his farm on Oak Hill Road.

Mrs. William Harrison has been quite ill in a Pontiac Hospital.

Mrs. Harry Miller was called to Pontiac on Thursday by the serious illness of her brother-in-law, George Jessop.

Sally Taylor, Sandra Miller and Sidney Miller are attending Lake Huron Methodist Camp this week.

An "Around the World" dinner was sponsored by the Belle Sherwood Circle of the W. S. C. S. on Saturday evening. The following homes in this community represented the various nations with decorations and customs: Walter Ash, American; Clark Miller, Hawaii; Ellen and Robert Beardsley, China; Stanley Solley, Sweden. Coffee was served in the church house where games of Brazil were played.

The date for the annual homecoming of the Seymour Lake Methodist Church has been changed to August 20. A meeting was held in the Milton Miller home on Wednesday evening. The Homecoming Committee is: Joan Miller, chairman; George Scott, Winifred Porritt, Kathryn Parrish and Reverend Edward Pumphrey.

Fifteen ladies were present at the W. S. C. S. meeting held in the home of Mrs. Frances Mickie on Wednesday. A pot-luck dinner

By The Way . . .

The Los Angeles Police Department has a new car for its Freeways. This car can do 45 miles per hour in low; 85 in second and well over 100 in high. It can accelerate to 60 in nine seconds. Someone has suggested this is what the "hot rods" in town need. Others suggest the local boys gave Los Angeles the idea. . . . For the benefit of those who say we complain about the weather, but do nothing about it, may we suggest that many are enjoying a vacation during this period and many at home are just 'plain slowing down' in their daily work. After all a person can only do so much and the heat is not helping the speed. . . . It would seem that traffic is much heavier this year, over the weekends. Naturally traffic is bound to grow each year and when more traffic travels our roads which were overloaded years ago then highways become a real problem. . . . Other highways may have their "death miles" but the strip over Waterford Hill continues to hold its own in fatalities—two last Friday morning. . . . It was interesting to note that while attorneys and others in Circuit Court on Monday morning were wearing coats, the court presided over by the lady judge from Wayne County witnessed the attorneys and most of the others without coats. And women are supposed to be such devotees of Emily Post. . . . After all this is good golf weather, so: First Golfer: "Shall we play another round next Monday?"; Second Golfer: "Well, I was to be married on Monday, but I can put it off till Tuesday".

Waterford

Weekend guests at the home of Mr. and Mrs. Thomas E. Drake of Waterford Drive were Mr. and Mrs. William Fernelg and Mr. and Mrs. Ennis Barbour, all of Cleveland, Ohio.

NOTICE OF MEETING

A special meeting of the Michigan Turnpike Authority will be held Monday, July 25, at 1:30 p. m., in the offices of the Michigan State Highway Department, 7th Floor, Mason Building, Lansing. Commission Members who cannot attend the meeting, please inform the Turnpike Office at Ann Arbor.

George N. Higgins
Chairman, Michigan
Turnpike Authority

The 14th of July marked the 3rd Anniversary of "Operation Skywatch" in the State of Michigan and the defense perimeter of the United States. The Ground Observer Corps has proved to be a vital part of our Air Defense system.

WHERE AND HOW TO GET BIRTH CERTIFICATE

Copies of Michigan birth records have been available for the past 88 years, "but it's surprising how many people still don't know where or how to apply for certificates", reports Dr. F. S. Leeder, director of the division of disease control, records and statistics for the Michigan Department of Health.

In view of the "marked increase" in requests for birth records, Dr. Leeder said the health department is anxious to spell out the simple but necessary procedure in getting copies of birth records.

He said you can make application for birth records to the local registrar of the city or village in which you were born or to the county clerk's office of the county in which you were born. If it is more convenient, you can apply directly to the Michigan Department of Health. Requests should include your full name; month, day, year, and place of birth and names of your parents.

A certificate of birth registration, which is accepted for school enrollment, costs 25 cents. However, for legal transactions, Dr. Leeder said you will need a certified copy of your birth certificate, which costs one dollar.

Dr. Leeder said more than 5,400 certificates of registration have been issued by the state health department in the first six months of this year, contrasted to 3,838 put out in the same period in 1954. Snowballing school enrollments and changes in social security provisions are upping demands both for certificates of registration and for certified copies of birth records, he said.

Farmer to Be Honored

Hard work, good management, mechanization and irrigation have paid off for Alvin Hansen, (left) Stanton, farmer. He has proved these ingredients can make even a run-down, sandy farm profitable. With his wife, Helen, he will be recognized during the Centennial of Farm Mechanization at Michigan State University on August 17.

Three typical "Centennial Families," whose lives reflect the progress and benefits of mechanization—in the field, in farm buildings and in the home—will be cited. The other two are from California and Pennsylvania. Hansen is shown here with his \$30,000 irrigation plant as he visits with County Agricultural Agent Vic Beal about farm problems.

Waterford

The Good Will Club will meet at the summer home of Mrs. Oscar Virgin at Bald Eagle Lake on July 28th. A planned picnic at 12:30 will begin the afternoon. The Pontiac Camp of Gideons and its Auxiliary will hold its annual summer meeting on July

28, at the home of Mr. and Mrs. William Ballard at Lake Orion. A cooperative supper will begin at 6:30 P. M. The annual Mehlberg picnic was held at the home of Mr. and Mrs. Ray Walter in Pontiac last Saturday. The new officers for the coming year are: Walter Mehlberg of Auburn Heights, president; Mrs. F. A. McCullum of Alma, vice-president and program chairman; Mrs. Fred Hibner of Howell, secretary-treasurer. The menu committee included Mrs. Ray Walter and Mrs. Henry Mehlberg.

The Reverend George Tuinstra, executive vice-president of the Grand Rapids School of Bible and Music, was guest speaker for all services at the Community Church last Sunday. The Reverend Wright VanPlew will be back in the pulpit next Sunday. The Sunday School Council

will meet at the Community Church at 7:30 this Thursday evening (tonight).

Mr. and Mrs. Henry Mehlberg attended the 70th anniversary of the Leonard Methodist Church last Sunday. The Mehlbergs attended this church when they lived in Leonard several years ago.

David Mehlberg, Jr., is the guest of his cousins, Barbara and Carol Tuck, in Rochester this week.

Mrs. Frank Tribbeler of Sunvalley, California, visited her son-in-law and daughter, Mr. and Mrs. Alfred Beebe, last week. She is visiting a son and daughter in Bay City now but will spend more time at the Beebe home before returning to California.

Mr. and Mrs. James Sutton left for Oklahoma on Sunday. They plan to live there for a while. Their son, Joe, is working there. The Timothy Pope family of Gulfport, Mississippi, has rented the Sutton home.

Miss Sara Mullens of Saline Drive flew to San Diego, California, this past weekend to vacation with friends there and at Imperial Beach. She will be gone two weeks.

Mrs. Richard Lambertson's father, Anthony G. Look, of Detroit, died on Thursday of last week and was buried on Monday.

Mr. and Mrs. William Wyckoff moved into their new home at 3256 Pirrin Drive, in the Whitfield Estates on Friday.

Mr. and Mrs. Victor (Bud) Lindquist and children, Kirk and Kristen, moved into their new home at 3338 Pirrin Drive on Thursday.

Mr. and Mrs. Ellis Studebaker and daughters, Margaret and Virginia, are vacationing in Virginia for two weeks. A wedding down there is included in their itinerary.

Mrs. William (Beth) Thomas returned home from Pontiac General Hospital on Saturday. She underwent surgery on July 8th.

Mr. and Mrs. Robert Amos returned home on Friday after having a week's vacation in Upper Michigan. They went as far north as Copper Harbor and also visited Tahquamenon Falls.

Mr. and Mrs. Frank Jalosky spent the weekend at Alpena. They attended the wedding of a niece on Saturday. Jalosky's son and daughter-in-law and their daughter and son-in-law also made the trip.

Mr. and Mrs. William Chase left on Monday for a vacation up near Sault Ste. Marie.

Tom Corbin moved into his new barber shop last week. The

From Cradle to Combine

The history of harvesting, from cradle to combine, is graphically portrayed by students from the departments of agricultural engineering and drama at Michigan State University. The hand cradles, patterned after the ancient sickle of the Egyptians, remained in use as late as 100 years ago. A comparatively recent innovation in harvesting, the self-propelled combine in the background, was introduced in the original model in 1938. From cradle to combine was a forward stride which reduced labor, permitted more timely harvest and helped make America the greatest small grain-producing nation on earth. The role which power farming equipment has played in minimizing this danger of crop failure in achieving maximum yields will be highlighted at the big free Centennial of Farm Mechanization, Aug. 15-20, on the Michigan State University campus and farm. The daily pageant will depict a hundred years of progress in agriculture. People from all parts of the world are expected to visit the 20 million dollar display, largest of its kind ever held anywhere, at East Lansing. (MSU Photo)

shop is located just south of Sportsmen's Inn.

Tommy Campbell is spending a couple of weeks at Camp Mangrove-Tah-See near Hale, Michigan. His mother, Mrs. Ada Campbell, is staying in Ann Arbor while Tommy is at camp, as she is attending summer school at the University of Michigan.

Little Bruce Hall Everett, infant son of Mr. and Mrs. Ray Everett, is now home from the hospital and is recuperating, very nicely, from his recent operation.

Robert Jacober and Dale Ryan left on Sunday for Mt. Iron, Minnesota, to visit Bob's grandmother, Mrs. Gladys Saari, and other relatives. They also planned to stop at Comins to visit Bob's paternal grandparents, Mr. and Mrs. August V. Jacober, for a few hours.

Mrs. Al Kray is spending two weeks in Wilmington, Delaware, with her sister, Marie Wescott.

Mr. and Mrs. Herbert Atkinson are spending several days in Canada this week. While there they will attend a family reunion.

FOOD SCOOP

By Josephine H. Lawyer and Marjorie G. Gibbs

Whether planning a backyard picnic or a dinner for guests, there is a wide variety at the meat counter.

Ham presents an invitation to cool summer eating at reasonable prices for the season. The picnic cut is a more economical pork cut.

Strong demand for hindquarter cuts of beef has resulted in very attractive prices in fore-quarter cuts. Chuck roast and ground meat continue as favorites at prices to fit every shoppers' pocketbook.

Hot weather has caused some poultry losses and delayed growth, so that most fryers on the market are small—2½ lbs or less. Prices are about the same as last week.

A wise choice in delicately flavored veal is the shoulder roast or roll at less than 50 cents a pound.

Frozen fish seem to be the most reliable for quality in fish, however there is a good supply of Lake Erie perch.

Every produce counter is filled with locally grown vegetables.

Green beans offer an exceptional buy in food value and economy. Leaf lettuce is most plentiful and reasonable in price. Crisp, green cabbage is excellent in quality and low in price.

Long white California potatoes have dropped to a very attractive low. Both the yellow and zucchini squash are available for summer eating. Fresh homegrown corn is becoming more plentiful on vegetable counters. Corn that is displayed on ice in the store, and kept refrigerated at home will keep its sweet flavor longer.

Cucumbers and peppers are very reasonable. With these the new homegrown tomatoes

make salads quick and easy. Prices on tomatoes will drop as supplies increase.

Watermelon tops the fruit list this week. Most melons weighing about 30 pounds, are being shipped in generous supplies from Southern states.

Michigan raspberries and blueberries can be found in local markets. The small fruits, shipped from the West, are increasing in supply, and their quality is good. Prices on nectarines, apricots, cherries, and peaches have dropped slightly. Grape prices have been cut as much as 25 cents a pound compared with two weeks ago.

The first Michigan transparent apples have arrived. They are small, and quality is only fair.

Grade A large eggs are still the most-for-your-money, even though prices continued to rise about 1 to 2 cents again this week.

GROUND HAM PINWHEELS

2½ cups ground cooked ham
1 cup grated sharp aged cheddar cheese

6 tablespoons prepared mustard
1 teaspoon Worcestershire sauce

Biscuit dough (2 cups flour)
Combine ham, cheese, mustard and Worcestershire sauce. Make biscuit dough, using favorite recipe or packaged mix. Roll out on floured pastry cloth to rectangle about 8 x 12 inches. Spread ham

mixture over surface of dough almost to edges and roll as for jelly roll, pinching edge of roll to seal. Cut into 1-inch slices, place cut side down on oily cookie sheets and bake in 425 degree oven for 15 to 20 minutes. Serve with creamed peas or hot mushroom sauce over pinwheels. Makes 6 servings, 2 pinwheels to a serving.

Two Big Reasons

WHY PONTIAC IS YOUR BEST BUY!

← 122" WHEELBASE →

200 HORSEPOWER V-8

A complete list of all the reasons why a 1955 Pontiac is your best new-car buy could easily be as long as the car itself.

We have simply chosen two of the most important reasons to give you a quick and compelling picture of how much car you really get when you make the smart move to Pontiac.

There is one more vital fact which does not show in the picture above. That is the striking fact of Pontiac's very modest price—easily within the reach of any new-car budget.

These are three important reasons why Pontiac is today's outstanding value. But there are many, many more!

Take beauty, for example. There is no car on the road with such unmistakable glamour as a Pontiac! Coming, going or standing still this magnificent car stands out in any company.

Come in and see for yourself. Pontiac is obviously your car!

There's No Power Like Strato-Streak Power!

There is no more modern, more advanced power plant in America than Pontiac's sensational 200-H.P. Strato-Streak V-8 with four-barrel carburetor*. In true Pontiac tradition, it boasts many exclusive engineering advancements that mean longer life, unsurpassed dependability and the greatest economy in Pontiac history.

MICHIGAN AHEAD SOLVING EDUCATIONAL PROBLEMS

The school program adopted by the 1955 Republican Legislature will put Michigan ahead of all other states in solving educational problems, according to experts in the field.

One of the most important features was the \$100,000,000 bond issue for school construction loans to help hard-pressed districts meet their needs.

Under the program, all school

districts in the State found their borrowing power expanded; they were relieved from having to retire bonds in 15 years, and long-term financing arrangements were made possible.

State aid to schools was increased by \$17,142,728 to a total of \$184,000,000. Including the primary school interest fund, local schools will receive more than \$225,000,000 from the State in the 1955-56 fiscal year, a record sum.

Of this total, \$10,000,000 will be

4-H'ers Eliminate "Accident Havens"

How many hazards can you find?*

SAFETY, a crop to be harvested on every farm and in every home, is receiving special attention from more than one-half million 4-H Club members taking part in the 1955 National 4-H Safety Program.

As a part of their 4-H Club work, members in all 48 states are correcting hazards such as those seen in the above drawing. They are attempting to reduce the Nation's annual farm toll of 14,500 lives, 1,250,000 injuries, and an economic loss of about a billion dollars.

4-H'ers, working as individuals or in groups through their local clubs, conduct surveys to locate hazards, then correct the unsafe conditions. They give demonstrations on hundreds of topics pertaining to farm, home and highway safety. Members present talks before group meetings and over radio and television; put displays in store windows; and build booths at fairs.

To assist the Cooperative Extension Service in conducting the 4-H Safety Program, General Motors has just published a new "4-H Safety Handbook for Local Leaders," which provides how-to-do-it ideas for carrying out successful safety programs. Copies of the manual will be distributed to volunteer 4-H leaders through County Extension Offices.

In addition, GM provides incentives in the National 4-H Safety Awards program which is arranged by the National Committee on Boys and Girls Club Work. Medals are made available to four county winners; an all-expense trip to the National 4-H Club Congress in Chicago is given to the state winner; and \$300 college scholarships are presented to eight national winners.

*In the drawing, there are more than 45 accident hazards or unsafe practices shown. Don't let them occur on your farm or in your home.

He explains that in Michigan the massasauga lives in swampy areas but does spread from them into adjoining farm lands in the summer time. The young massasaugas are born alive; in broods they number from three to twelve with an average of about seven.

Professor Hertweg urges that adequate precautions be taken, even though the bite is rarely if ever fatal. "A person can become very sick and the bite is to be avoided if possible. There's no

getting around the fact that in many places in Michigan the massasauga is quite numerous."

Here's some special advice for campers and bathers in areas in which the massasauga is known to occur: 1. Avoid walking around at night bare-footed. 2. Never pick up a log or turn over a stone. 3. Avoid putting your hands into dark places where snakes might lurk. He explains that most bites occur on the limbs below the knee or below the elbow.

"First aid kits are inexpensive and one or more should be at the disposal of every camper," the U-M professor continues. "These consist of a suction apparatus, a tourniquet, razor blades and antiseptic. A complete set of instructions accompanies each kit." Getting to a doctor immediately, however, is best.

Assuming that you have been bitten by the massasauga, how do you identify him? The massasauga will usually rattle as soon as he is aware of the person of an intruder. One mark of identification is the presence of a pit between the eye and the nostril.

You can further know him by his rattles, or if these have been lost through an accident, the tip of his tail will be very blunt. He also will have a vertical pupil. The professor further explains that the arrangement of tooth marks that remain on the flesh after the bite tells the story. "If you have been bitten by a harmless snake, there will be rows of tiny punctures. If you have been bitten by a poisonous snake, there will be a pair of punctures much larger than any others that may appear."

If a doctor is not available, apply the suction cups and follow the kit instructions carefully."

Attention New Home Owners:

Yours being an average American family, you will undoubtedly own a television set. Your used antenna or new one should therefore be properly installed by experts on your new home to necessitate a good installation that will add to the beauty of your new home. Custom installed antennas have a practical advantage as well as being neat appearing. We can install a COLOR-READY antenna of the highest quality, properly grounded, at a fair price, which we know will give the best service the year round.

Another feature available of custom-installed antennas is that we can install two or more down leads in the walls of your home that are attached to plug-in outlets. This means hidden wire, unexposed to the eye, ice and snow, which in turn lessens the possibilities of broken leads, and makes T. V. and furniture rearranging a simple task without the need of technical help and loosely strewn wire behind the set.

We have seven years' experience in the field of quality service and installations and can proudly boast of no fallen antennas, so have your antenna ready for use when you move in. Call us before you plaster if possible.

In hopes that we may be of service to you, we are,

available for adjusting teachers' salaries and \$2,500,000 will be special aid to distressed districts.

A new appropriation of \$750,000 from the general fund for junior colleges supplements a \$1,475,000 appropriation from special funds for this purpose.

In addition, several counties were authorized to join together to establish junior colleges with State help.

Teachers and other school employees were given the right to choose to come under Federal Social Security Laws. The retirement fund was bolstered with a \$14,500,000 appropriation.

Adoption of a new school code, under study for three years, eliminated many conflicts and provided that 870 closed districts must either open up schools or become attached to other districts within the next two years.

In the field of higher education the Legislature appropriated \$57,908,699 for operational purposes, an increase of \$6,571,971, and laid out an over-all \$52,000,000 building program.

An appropriation was made to start a University of Michigan branch at Flint, the name of Michigan State College was changed to Michigan State University, and the four colleges of education were renamed Michigan Eastern College (at Ypsilanti), Michigan Western College (Kalamazoo), Michigan Central College (Mt. Pleasant) and Michigan Northern College (Marquette).

there is some doubt in my mind as to whether a really small child would recover without treatment."

ONLY POISONOUS SNAKE IN STATE

Michigan has 17 kinds of snakes but only one is dangerous, according to Norman E. Hartweg, curator of reptiles and amphibians in The University of Michigan Museum of Zoology.

This one poisonous snake, a pit viper belonging to the rattlesnake family, is known as the massasauga. "It is smaller than most rattlesnakes, and its venom, compared with that of the diamond-back rattlesnakes of the west and south, is comparatively weak", the herpetologist says.

Campers can take comfort from the professor's statement that he knows of no deaths due directly to the bite of the massasauga in Michigan. "I believe that any healthy adult will recover from the bite of this snake, but

Smokey Says:

We must protect our forests from disastrous fires!

FUN
in the large economy size!

Surprising, how little it takes to put this big dreamboat in your driveway for keeps. And your dollars couldn't begin to buy more pure pleasure anywhere else.

Here's beauty that's putting the high-priced cars in the shade. Here's action that'll have you driving the long way home just for the fun of it. You owe yourself this new Chevrolet. Come in and see how easily you can swing it!

HASKINS CHEVROLET, INC.

Yellow undercoating is one of the things to look for in buying cantaloupe, says the U. S. Department of Agriculture. This means the melon has ripened on the vine. But, they caution, beware of soft spots which may indicate rough handling, over-ripeness and spoiling.

For demonstrations of various ultra modern home appliances and displays of 100 year-old forerunners of this equipment, be sure to attend the women's exhibits at the Centennial of Farm Mechanization to be held on the Michigan State University campus, August 15-20.

Smoked shoulder butt should be simmered in water until tender.

MORTGAGE SALE

DEFAULT having been made for more than thirty days in the terms and conditions of a certain mortgage made by Dan W. Foster and Edna Foster, his wife, of Clawson, Oakland County, Michigan, Mortgagee, to Capitol Savings & Loan Company, a Michigan Corporation, Mortgagee dated the 8th day of August, A. D. 1950, and recorded in the office of the Register of Deeds for the County of Oakland and State of Michigan, on the 17th day of October, A. D. 1950, in Liber 2553 Oakland County Register of Deeds Records on pages 283 to 285 inclusive, on which mortgage there is claimed to be due, at the date of this notice, for principal and interest the sum of Eighteen Hundred Sixty Four and 19/100 (\$1,864.19) Dollars and an attorney's fee of Fifty (\$50.00) dollars, as provided for in said mortgage. No suit or proceedings at law or in equity having been instituted to recover the moneys herein provided by said mortgage or any part thereof. NOTICE IS HEREBY GIVEN, that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, on Monday the 26th day of September, A. D. 1955, at 10:00 o'clock in the forenoon, Eastern Standard Time, the undersigned will at the easterly or Saginaw Street entrance of the Court House in the City of Pontiac, Oakland County, Michigan, (that being the place where the Circuit Court for the County of Oakland is held), sell at public auction, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with 6 1/2 per cent interest, and all other legal costs, charges and expenses, including the said attorney's fee, also any sum or sums which may be paid by the undersigned, necessary to protect his interest in the premises. Which said premises are described as follows: All those certain pieces or parcels of land situated in the City of Clawson in the County of Oakland, the State of Michigan and described as follows, to-wit: Lots 32 and 33 of Pleasant Creek Subdivision, of a part of the Northwest 1/4 of Section 4, Town 1 North, Range 11 East, Royal Oak Township, Oakland County, Michigan, according to the plat thereof as recorded in Liber 18 page 35 of Plans, Oakland County Records.

Angel Cake Rounds

With a packaged, un-iced angel food cake and your pastry tube you can make adorable little party cakes for bridal showers, church gatherings, or any occasion that calls for a light, pretty Summer dessert. The little cakes are easy to cut from slices of either the round or loaf angel cake from your grocery's ready-to-eat cake department. The cake is made from a home-type cook book recipe and will cut easily with either a cookie cutter or any round glass. One 8-ounce cake will make 10 rounds. Decorate the angel cake rounds with a sweet and creamy butter and confectioner's sugar icing. Add a few drops of red and green food coloring to portions of the icing to make pink flowers and delicate green leaves.

Last year the American Red Cross issued over 2,052,200 certificates to persons completing free Red Cross training courses, including safety services training and home nursing training.

Kitchen tongs can be used to turn steaks, chops and frying chicken without piercing the surface of the meat and letting the juices escape.

Serve cheese fingers with salads suggest M. S. U. home economists. Cut bread into finger shapes, and brush with a mixture of melted butter and a

beaten egg. Roll them in grated American cheese and brown lightly under the broiler.

To give those lamb chops a different flavor try marinating them in a sauce made with 1/2 cup water, 1/2 cup soy sauce and a 1/2 clove of garlic. Cover them

Card Of Thanks

C. E. (Mack) McNeive wishes to thank his friends for their thoughtfulness during his "stretch" in St. Joseph's Mercy Hospital in Pontiac.

and refrigerate about 6 hours before broiling.
