Vows Spoken At Lutheran Church Last Saturday Evening

MR. AND MRS. LESLIE PURSLOW

Christ Lutheran Church on Williams Lake Road in Waterford Rotary To Have Township was the scene of a pretty wedding last Saturday evening at eight o'clock when Ruth E. Sharpe and Leslie Purslow, both of Clarkston, spoke their nuptial vows to the Reverend Arvid Anderson in double ring ceremony.

The bride is the daughter of 155 N. Main Street, Clarkston, and parents of the bridegroom are Mr. and Mrs. Albert Knowles of 6540 Waldon Road. White gladioli filled the vases

on the altar and also the baskets at each side. Cathedral candles were used for lighting. Mrs. Martin Wager presided Davisburg Park. Bring the fam-

For her daughter's wedding Mrs. Sharpe chose a dress of blue chiffon crepe with pink accessories and a corsage of pink and white carnations. Mrs. Knowles was in rose crepe with white accessories and she too wore a corsage of pink and white carnations.

Following the ceremony a reeption was held in the church parlors, where a five-tiered wedding cake flanked with white candles in silver holders graced the table.

When the newlyweds left for a honeymoon trip to northern Michigan the bride was wearing a powder blue cotton suit with white accessories and a corsage of white roses from her bridal School, Birmingham, England bouquet. Soon after their return and a graduate of the California they will reside in their new Fliers School of Aeronautics in the following (454:18-21): "Love home at 6320 Ortonville Road,

After seeing Harris. Nancy Harris returned at least twenty-five boats in a small area on the water they inquired as to what was going on. It seems that on the previous Friday a nineteen year old boy, ering from a heart attack which who couldn't swim, went water skiing without a life preserver and when he was upset in the water the skis automatically shoved him into water about 60 feet deep. His companion nearly drowned also in an attempt to rescue him. A couple of girls in another boat brought in the one young man but were not able to reach the boy who had been on the skis. The young man was still missing when the Maternas left their cabin the following day. The Maternas returned to their cabin last Thursday evening and learned that the body of the young man had been found the night before when it was seen floating on the top of the lake.

Chevrolet's got more

Chevrolet's "Turbo-Fire V8" pours out more horsepower per pound than any other engine in its field. That's one of the things that make Chevrolet the new winner in stock car competition. It's one reason young-minded, on-the-go people take to the new Chevrolet like trout take to water. And it's one reason you really ought to try this new Chevrolet yourself. Soon, we hope . . . if only to see why Chevrolet's causing such a commotion!

From where I sit ... by Joe Marsh

Modern Science Finally Catches Up With Grandpa

night. Deserved it, too. My fatherin-law said we were due for bad weather. "Birds are flying low," he reported. "That means a storm." I started to josh with the old

gentleman about being superstitious. Then my nephew Jim, on vacation from college, pipes up. "Grandad's right," he says.

"At least, that's what they say at school," Jim goes on. "The heavy air you get before a storm forces insects down low - so highflying birds have to swoop along the ground if they want to eat."

I got put in my place the other From where I sit, there's probably sound reasoring back of most old sayings . . . back of anything people have learned to believe in. Take the idea of a stitch in time saving nine-sparing rods and spoiling children-of drinking hot milk, or a refreshing glass of beer, at bedtime. You may not hold with any of these beliefs yourself : . . but it's not smart to give them the "bird."

Attention New Home Owners:

Yours being an average American family, you will undoubtedly own a television set. Your used antenna or new one should therefore be properly installed by experts on your new home to necessitate a good installation that will add to the beauty of your new home. Custom installed antennas have a practical advantage as well as being neat appearing. We can install a COLOR-READY antenna of the highest quality, properly grounded, at a fair price, which we know will give the best service the year round.

Another feature available of custom-installed antennas is that we can install two or more down leads in the walls of your home that are attached to plug-in outlets. This means hidden wire, unexposed to the eye, ice and snow, which in turn lessens the possibilities of broken leads, and makes T. V. and furniture rearranging a simple task without the need of technical help and loosely strewn wire behind the set.

We have seven years' experience in the field of quality service and installations and can proudly boast of no fallen antennas, so have your antenna ready for use when you move in. Call us before you plaster

In hopes that we may be of service to you, we are,

SIP HUSEPANT lasts longer...saves money

- It pays to be "choosy" when you select house paint. Whether you employ a painting contractor or not, the price difference between famous SWP House Paint and ordinary house paint means less than \$5.00 for the average house job. This slight difference pays for years of extra wear . . . one of the wisest economies you can make!
- Continuous research has insured constant improvement and top-quality performance of SWP. You'll be money ahead when you discover there is a difference in house paints!
