

PAVING CONTRACTORS

Waterford

Mr. and Mrs. Glenn Davison (Sara Lou Voliva) have returned from their wedding trip through northern Michigan. The young couple will make their home in Clarkston as soon as their new house is completed.

Mrs. William Withner (Shirley Gesch) of New Orleans, La., came by plane last week for a visit with her folks, Mr. and Mrs. Louis Hillman of Waterloo Street.

Mr. and Mrs. Gerald Lewis and infant son, Stephen, left Monday for a two weeks vacation in northern Michigan. They will spend one week visiting in Manistee and then go to Ludington for the second week.

A. L. Purcell who has been ill in Pontiac General Hospital is now at his home.

Mr. and Mrs. William Wagner and daughter and Mr. and Mrs. Crozier Rutledge and children are spending a week at Wallon Lake.

Mrs. Alice Lynch left Sunday for her home in Kalamazoo following a visit at the home of her son-in-law and daughter, Mr. and Mrs. William Schmidt.

Mr. and Mrs. Ralph Woodward and three children of Los Altos, California, visited Mr. and Mrs. Jack Hall last week. Mr. Woodward has been transferred to Georgetown, Ontario, for two years and they were enroute to

their new home from California. Lem VanSyckle was 97 on August 9th and in honor of the occasion his daughter, Mrs. Percy Hunt entertained at a family dinner at the Hunt home in Pontiac. Mr. and Mrs. Ellis from Brighton are now staying at the VanSyckle home.

Nancy Harris of Roscommon has been visiting her grandmother, Mrs. Henri Buck. Mrs. Buck accompanied Nancy home over the weekend and will remain for a visit with her son and family, Mr. and Mrs. Charles Harris.

Mr. and Mrs. Robert Schnieter vacationed last week in the Adirondack mountains in New York State. They were at Lake Placid, White Face Mountain and the North Pole.

Mr. and Mrs. Elmer Davis returned home Friday after a weeks vacation trip around Michigan.

Mr. and Mrs. Charles Maxwell and their family left Monday for a two weeks trip in the northern part of Michigan. They are going

as far as Copper Harbor in the Upper Peninsula.

The combined Adult Bible Class and Ladies' Auxiliary of the Community Church picnic was held last Saturday at the Lawrence Giddings home. Due to the rain the group of 35 was forced indoors where they enjoyed their picnic supper, games, singing and an evening of fun. The September meeting of the Bible Class will be at the Charles Maxwell home and the Auxiliary will meet with Mrs. Roy Famm- enter.

will meet Wednesday, August 17, at the home of Mrs. Clifford Wood at Williams Lake. A picnic dinner will be held at noon. Mr. and Mrs. Ralph Eaton were hosts last Saturday for the Eaton family reunion. A cooperative dinner was served at 12:30 at the Community House to about 45 people. During the afternoon the group went to the Eaton home at Williams Lake where games and swimming were enjoyed.

Family Night at the Community Activities will be held next Wednesday, August 17th. There will be a pot-luck supper beginning at 6:30 and a program. These get-togethers are held each month and all families in the community are welcome, especially newcomers.

The Christ Couriers of the Community Church will hold their picnic on Saturday, August 13th, at the Pontiac Lake Recreation area. Mrs. Carl Kenyon is in charge. On August 17th the Gideon Auxiliary Prayer luncheon will be held at noon at the home of Mrs. A. D. Stimer in Sylvan Village.

UNWRITTEN LAWS

No. 70 PASS QUICKER WHEN BEING FOLLOWED

When traffic is heavy, remember that you are not the only driver who wants to pass that slow car up ahead. So, when you pull out to pass and your rear view mirror shows you another car trying to make the pass right behind you, speed up to pass quicker. Pull way up into the gap in the right hand lane to make room for the driver following to pull in behind.

Taking it easy in passing is being a "dog in the manger" in traffic. You prevent someone else from getting ahead. Even more important, if the car behind you doesn't make it you may be involved in a three car accident. Remember the slogan, "SLOW DOWN AND LIVE".

**MICHIGAN ONCE HAD YEAR-ROUND MILD WEATHER**

Michigan once enjoyed a year-round mild climate with tropical trees growing everywhere, according to Russell C. Hussey, professor of geology at the University of Michigan.

This "paradise" weather existed millions of years before our present climatic conditions began. Fossils of the fig tree and the date palm found as far north as Alaska and Greenland, indicate temperatures about like those of our southern states.

In those halcyon days living conditions for both plants and animals must have been a great deal easier than they are today. Our knowledge of the animals that lived in Michigan during those pleasant times is very slight but there were doubtless many different kinds of strange reptiles and mammals living here that have long since disappeared from the face of the earth, says the professor.

It is altogether possible that even the dinosaurs and grotesque flying reptiles were inhabitants of our state because they were once extremely common in the western part of the United States, he suggests.

But then a great climatic change began. At first the winters were short, but they slowly grew longer and more severe, and the snow lasted until late in the spring.

Finally a critical stage was reached when the snow that fell during the winter was not all melted in the short summer. This was the first real evidence of the approaching glacial age.

The snowfall in the mountains of Eastern Canada was so heavy that finally these hills were completely buried and the snow line moved slowly westward and southward. This snow gradually turned into the ice of a vast continental glacier that must have been at least two miles thick in many places, Professor Hussey reports.

At the time of its greatest extent this amazing ice sheet covered most of Canada, and the United States as far south as the Ohio and Missouri rivers.

Michigan, which had been covered by warm, tropical seas several times during the course of geologic history, was now completely buried under the ice of a continental glacier.

This condition lasted for several thousand years but finally, for some unknown reason, the climate grew slowly warmer, the ice melted and at last completely disappeared, states the geologist.

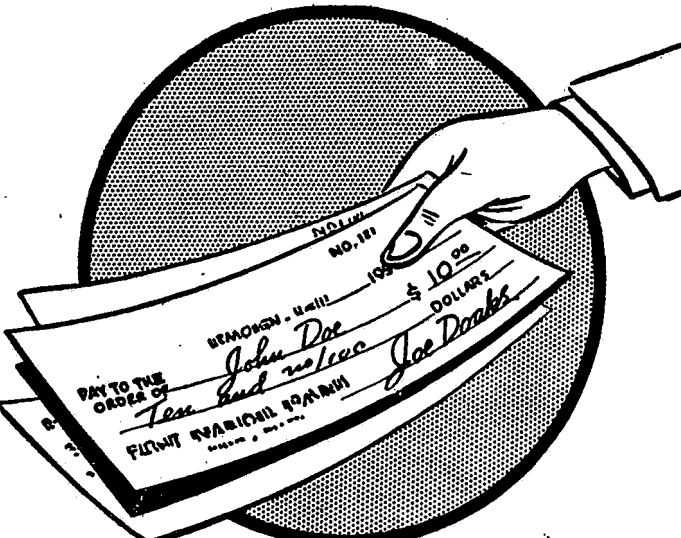

But the ice age had not yet ended. After this long, warm period, the climate once more grew colder and again the great glacier came into existence.

This remarkable sequence of events occurred four times and today we are living at the beginning of one of the warm stages which may be followed at some time in the distant future by another remorseless advance of the ice.

This great ice sheet was actually in motion over large areas and as it moved forward much of the soil and loose rubble that was lying around upon the land surface was carried along on the bottom of the glacier or pushed forward by the ice front after the fashion of a great snow plow.

When the ice melted all this loose material was left behind and the present surface of the Southern Peninsula of Michigan is almost entirely the results of deposits that were left by the fourth or Wisconsin glacier, the U-M professor says.

**DRIVER EDUCATION TEACHERS TRAINED**

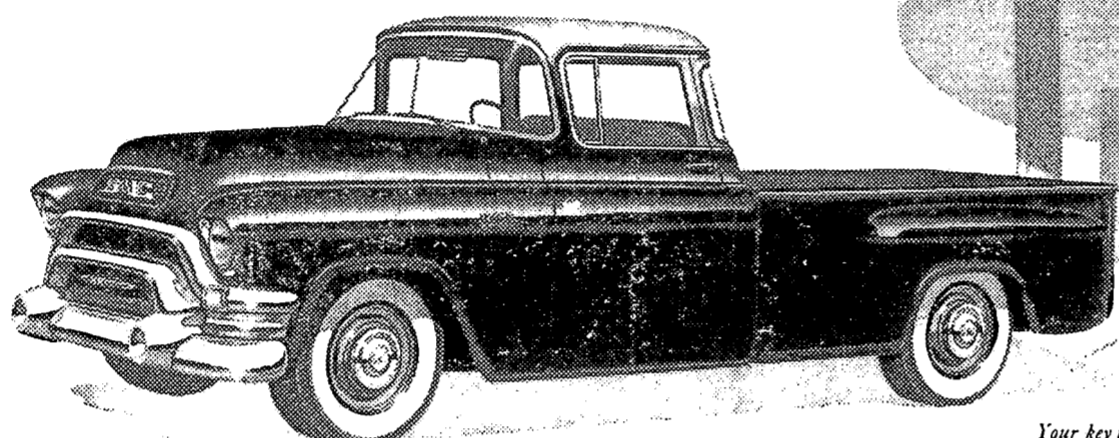

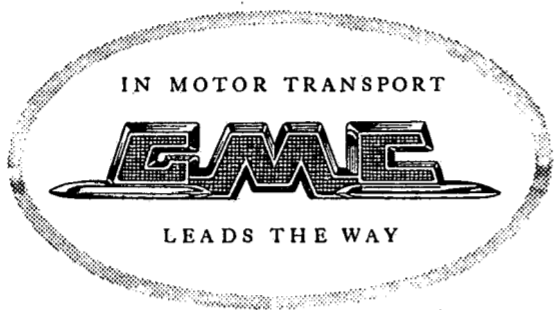

The Driver Education Work-

shop, in session at M. S. U. last week trained 46 more driver-education teachers in Michigan. These teachers were from throughout the state including 11 schools which will offer a driver education course for the first time this fall.

This third annual summer workshop which will close August 19, includes both classroom study and practice driving. Professor Leslie R. Silvernale directs the course, which is part of year-round education teacher training program at Michigan State.

Forty-one of the teachers are attending on scholarships awarded by the Allstate Foundation, which has given M. S. U. a grant of \$5,000 for the third consecutive year.

State and local taxes, if any, extra. Price may vary in surrounding communities due to freight differential.

**SUPERIOR BEAUTY**—Here's one advantage you can spot as far as you can see! Pontiac's smart combination of Twin-Streaked hood and Vogue Two-Toning is generally acknowledged to be the major style advance of the year.

**SUPERIOR PERFORMANCE**—The Strato-Streak V-8, too, sets this car apart from any other. It is the industry's most modern engine—filled with "firsts" that pay off in 200-horsepower\* action and the greatest thrift in Pontiac history.

**SUPERIOR SIZE**—There's 124 or 122 inches of road-leveling wheelbase under Pontiac's spacious Body by Fisher. And that means a solid sense of security not surpassed by any car.

**SUPERIOR HANDLING EASE**—There's extra security, too, in the lightning response of Pontiac's brakes, steering and acceleration. Even parking is a pleasure with action like this.

**SUPERIOR COMFORT**—What's your idea on this score? Big, soft seats? Ample shoulder and leg room? A cushioned ride? Regal luxury? That's Pontiac comfort and it won't be topped by anything on the road.

Yet a Pontiac fits any new-car budget! Find out how little it takes to join the swing to Pontiac.

**M.S.U. SPEAKER URGES COMMUNITY CLEAN UP POVERTY**

"The simple, obvious and human things that can be done to

clear up pockets of rural poverty must be done in the local communities."

Discussing the problems of those with low incomes, Karl A.

Fox, federal economist, called for community action in his address to the annual meeting of the American Farm Economic Association at Michigan State University.

Education for all and elimination of racial discrimination were cited by Mr. Fox as the two chief solutions in solving the problems of low-income families.

"The rate at which rural poverty is eased depends upon our success in maintaining high employment and a vigorous economy", he said.

**EGG PRICES TO INCREASE**

Poultrymen can expect prices for high quality eggs to increase rapidly during the month of August. This outlook for the egg market was included in a report on the outlook for cattle, hogs, eggs and poultry made by farm economists at Michigan State University.

According to the economists, prices for grade A large eggs may be 20 to 25 cents a dozen above the June price by mid-October. However, poor quality eggs and small-sized eggs will not increase as much in price.

The poultry outlook indicates a decline in prices for old hens during summer and early fall. October is usually the lowest price month of the year.

Prices of broilers and fryers are expected to stay at present levels during the remainder of

August. They'll strengthen some in September but will drop again in October, November and December.

**COUNTIES PLAN SEARCH FOR TUBERCULOSIS**

Saddled with a heavy load of tuberculosis, six southeast Michigan counties plan an intensive search for the disease, the Michigan Department of Health announced today.

The offensive action begins in Washtenaw county in October and will cover Macomb, Monroe, Oakland, St. Clair and Wayne Counties, and the city of Detroit. Four Michigan Department of

Health X-ray cruisers will operate in the drive. Added units will be provided by the southeast Michigan counties.

Dr. Albert E. Heustis, State Health Commissioner, said the six county area had 4,403 new cases of TB last year—more than three out of every four cases reported in the state.

The campaign, named the Detroit-Southeastern Michigan Case Finding Project, will be supported by state and local health departments, medical societies, TB associations and many other groups, Dr. Heustis said.

He said the X-raying will be concentrated in high incidence belts in the six counties, rather than trying for geographic coverage.

"This is a departure from methods used in the last few years", the commissioner reported. "In this survey, instead of attempting to get high coverage of any single county, we hope to get 100 percent participation in

those neighborhoods where the tuberculosis attack rate has been up. And this time, six counties are pooling their resources for an all-out campaign."

The regional survey, Dr. Heustis said, is another effort of health authorities to pin down cases of tuberculosis in earlier stages before the disease germs

have been passed around to others, and when recovery is less difficult.

**UNWRITTEN LAWS**  
 PASS THE TRUCK — OR GIVE WAY  
 One of the most irritating and dangerous situations is where a timid motorist follows a truck for miles and passes up one good opportunity after another to get by safely. This holds up traffic behind. The resulting driver frustration tempts some motorist to chance the "long jump" and pass both the timid car and the truck.  
 The timid driver should "either fish or cut bait". He should either pass at the first safe opportunity or he should lay way back of the truck. This would let a driver behind pass him and then pass the truck. This results in two safe passes instead of one dangerous one. Impatient drivers should remember the slogan, "SLOW DOWN AND LIVE!"

**You Never Outgrow Your Need to Progress...**  
 Scientific methods in dairy farming, stemming from cooperative programs in the classrooms, laboratories and experimental procedures of our great colleges, and by progressive farmers, have brought the quality of milk production to the highest standards in history. Michigan State University has worked unceasingly for a century for technical improvement in all phases of milk production and marketing.  
 Michigan's dairy farmers recognize this valuable, continuing contribution. In saluting Michigan State University's 100 years of cooperation the 17,500 members of this organization agree that you never outgrow your need to progress.

**PROGRESS PROVIDES PROTECTION**  
 One of the outstanding progressive steps taken by the Michigan Milk Producers Association was the adoption and perfection of its plan for leveling production and minimizing seasonal variations in the milk supply in the Detroit Metropolitan market.  
 Known as the "base and excess plan", it assures consumers of adequate supplies of pure, fresh milk throughout the entire year. For the dairy farmer, it provides a real incentive for adopting modern methods of management and production, resulting in more profitable disposition of his milk supply.  
 Just how this progressive step reacts to the public benefit is well shown in the box score at right. The figures compiled by the U. S. Department of Agriculture represent the percentage of fluctuation between the seasons of high and low milk production in the major marketing areas listed.  
 Detroit's exceptionally low percentage of seasonal variation guarantees an ample supply of pure, fresh milk during the winter months when many cities suffer shortages—it safeguards the public health and welfare.  
 Milk is one of life's essentials. Like water, it is needed every day of the year and a constant, dependable supply of milk flowing into a big city is as important as a constant flow of water through its mains. Members of the Michigan Milk Producers Association, by means of their progressive thinking and action, have made that constant flow of milk available in Detroit as well as many other Michigan markets.

Percentages of Seasonal Variation in Milk Supplies			
1 Detroit	17.5	4 Cincinnati	46.9
2 Cleveland	34.6	5 Chicago	47.7
3 St. Louis	42.9	6 New York	62.9
7 Boston	63.6

**THE WILD FRONTIER HAS A NEW KING!**

Great Features back up Chevrolet Performance: Body by Fisher—Ball-Race Steering—Outrigger Rear Springs—Anti-Dive Braking—12-Volt Electrical System—Nine Engine-Drive Choices.

The new Chevrolet has proved itself all K-I-N-G in today's toughest driving competition!  
 Starting at the Daytona Beach NASCAR\*-sponsored trials last winter, the new Chevrolet swept aside all competition in its class in acceleration tests.  
 And since then what's happened: The latest figures on hand show that so far Chevrolet has piled up a total of 196 points to lead in NASCAR Short Track Standings by 99 points.  
 Second place is held by a medium-priced car. And Chevrolet's nearest price competitors are running fifth and seventh!  
 Come on in and try America's real, honest-Injun GO-car of the year!

**Attention New Home Owners:**

Yours being an average American family, you will undoubtedly own a television set. Your used antenna or new one should therefore be properly installed by experts on your new home to necessitate a good installation that will add to the beauty of your new home. Custom installed antennas have a practical advantage as well as being neat appearing. We can install a COLOR-READY antenna of the highest quality, properly grounded, at a fair price, which we know will give the best service the year round.

Another feature available of custom-installed antennas is that we can install two or more down leads in the walls of your home that are attached to plug-in outlets. This means hidden wire, unexposed to the eye, ice and snow, which in turn lessens the possibilities of broken leads, and makes T. V. and furniture rearranging a simple task without the need of technical help and loosely strewn wire behind the set.

We have seven years' experience in the field of quality service and installations and can proudly boast of no fallen antennas, so have your antenna ready for use when you move in. Call us before you plaster if possible.

In hopes that we may be of service to you, we are,

appear in uniform, and twirl through a 10-inch march record of their own selection. There will also be an Individual Novelty Contest consisting of flag twirling, two-baton twirling, dancing and twirling, acrobatic and twirling, and fire twirling.

All contestants will be divided into age groups, and each age group will be graded or judged into five divisions. Division winners will receive medals and will participate in the finals.

Every effort will be made to see that competing drum majors and majorettes enjoy themselves. They will participate in the daily Fair Grounds Parade and also will be given free tickets to all activities sponsored by the State Fair management, according to Donald Swanson, general manager.

A horticultural field day is to be held at Michigan State University, August 18.

**Legal Notices**

**WILLIAM HOWARD STAMP,**  
 Attorney, 6188 S. Main Street, Clarkston, Michigan

**STATE OF MICHIGAN**—In the Probate Court for the County of Oakland, No. 60,645

In the Matter of the Estate of Byron T. Beardslee, Deceased.

At a session of said Court, held at the Court House in the City of Pontiac, in said County, on the 1st day of August, A. D. 1955.

Present: Hon. ARTHUR E. MOORE, Judge of Probate.

William H. Stamp, Administrator with Will Annexed, of said estate having filed in said Court his Final Account and petition praying for the examination and allowance thereof; the allowance of fees; the determination of the legal heirs of said deceased; assignment of the residue of said estate; discharge of said Administrator with Will Annexed; and that William H. Stamp or some other suitable person be appointed Trustee.

It is Ordered, that the 20th day of August, A. D. 1955, at nine o'clock in the forenoon, at said Probate Court in the Court House in the City of Pontiac, Michigan, be and is hereby appointed as the time and place for hearing said petition.

It is further Ordered, that notice be given to all interested parties as shown by the records in this cause by delivering a copy of this order to each of them personally, or by mailing such copy to each of them by registered mail with return receipt demanded addressed to their respective last known addresses as shown by the files and records in this cause.

And it is further Ordered, that publication of a copy of this order once each week for three successive weeks previous to said day of hearing in The Clarkston News, a newspaper printed and circulated in said County.

**MORTGAGE SALE**

DEFAULT having been made for more than thirty days in the terms and conditions of a certain mortgage made by Dan W. Foster and Edna Foster, his wife, of Clawson, Oakland County, Michigan, Mortgagors, to Capitol Savings & Loan Company, a Michigan Corporation, Mortgagee, dated the 8th day of August, A. D. 1950, and recorded in the office of the Register of Deeds for the County of Oakland and State of Michigan, on the 17th day of October, A. D. 1950, in Liber 2653 Oakland County Register of Deeds Records on pages 283 to 285 inclusive, on which mortgage there is claimed to be due, at the date of this notice, for principal and interest the sum of Eighteen Hundred Sixty Four and 19/100 (\$1,864.19) Dollars and an attorney's fee of Fifty (\$50.00) dollars, as provided for in said mortgage. No suit or proceedings at law or in equity having been instituted to recover the moneys secured by said mortgage or any part thereof.

**NOTICE IS HEREBY GIVEN,** that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, on Monday the 29th day of September, A. D. 1955, at 10:00 o'clock in the forenoon, Eastern Standard Time, the undersigned will at the easterly or Saginaw Street entrance

of the Court House in the City of Pontiac, Oakland County, Michigan, (that being the place where the Circuit Court for the County of Oakland is held), sell at public auction, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with 6 1/2 per cent interest, and all other legal costs, charges and expenses, including the said attorney's fee, also any sum or sums which may be paid by the undersigned, necessary to protect his interest in the premises. Which said premises are described as follows: All those certain pieces or parcels of land situate in the City of Clawson in the County of Oakland, the State of Michigan and described as follows, to-wit:

Lot 22 and 23 of Pleasant Creek Subdivision, 1/4 of a part of the Northwest 1/4 of the Northeast 1/4 of Section 4, Town 1 North, Range 11 East, Royal Oak Township, Oakland County, Michigan, according to the plat thereof as recorded in Liber 18 page 35 of Plats, Oakland County Records.

Step in... and command the most modern truck power on any job!

**New Chevrolet Task-Force Trucks**

Seven new "high-voltage" high-compression valve-in-head engines!

Here's hour-saving, dollar-saving power for your job... the biggest choice of engines in Chevrolet truck history! And they're the most modern engines in the industry!

You've got it good under the hood with a new Chevrolet Task-Force truck! With two new V8's and five new sixes to choose from, you can pick the power that's tailor-made to do your kind of hauling.

**Shortest stroke V8's in any leading truck!** Both of Chevrolet's new truck V8's have an ultra-short stroke—shortest of any V8 in any leading truck. They're of modern oversquare design, which means that the piston stroke is smaller than the bore. The result is less piston travel per mile... longer engine life. Also, Chevrolet's compact truck V8's deliver exceptionally high horsepower per pound of engine weight. More power is actually available for hauling your loads!

**Modern 12-volt electrical system!** You get this great development in all new Chevrolet truck engines—both V8's and sixes. The 12-volt electrical system delivers twice the punch for quicker cold-weather starting (up to 30% faster cranking speed). It also provides a hotter, fatter spark for better ignition.

Come in and command the most modern truck power for your job!

Year after year... America's best-selling truck!

### EUROPEANS ENJOY AMERICAN MUSIC. U-M GROUP FINDS

Europeans like American music. This is a definite conclusion reached by the University of Michigan Men's Glee Club after a month-long tour of the Continent.

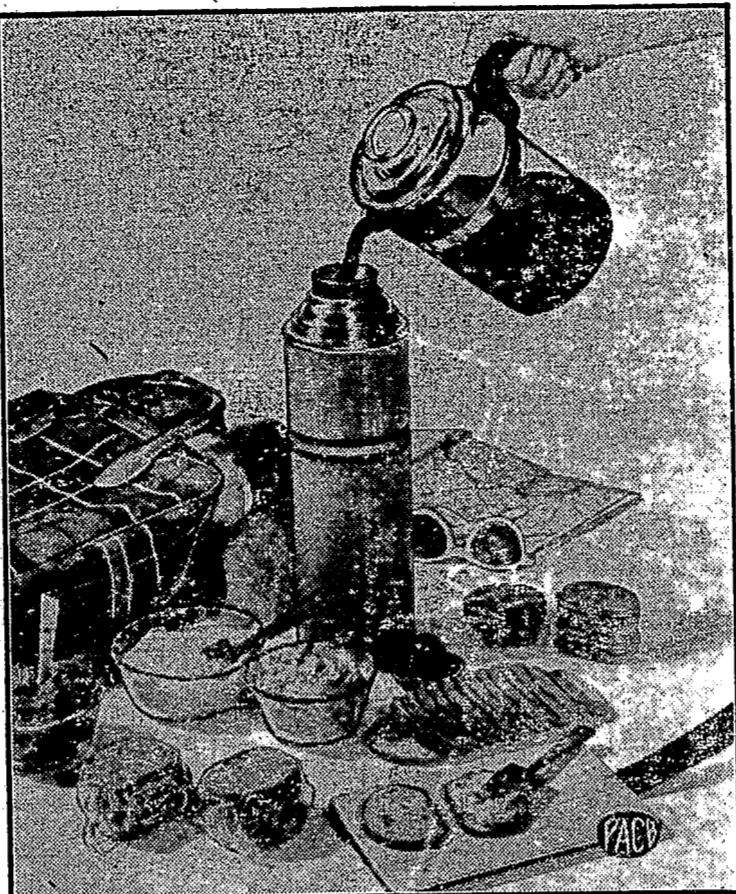

Audiences in the Netherlands, Germany, Austria, Italy, France and Switzerland were enthusiastic about the American folk songs, Broadway hits and college songs which the U-M group presented under the direction of Philip A. Duey. All of the selections featured on the tour were especially arranged by Professor Duey.

The precision singing of intricate numbers by the Glee Club was a cause of some wonderment by the Europeans, Professor Duey reports. Choral music in European colleges and universities is confined to informal singing groups, he has discovered.

Everywhere the U-M glee clubbers sang they met with a universal question "When will you come back?" Because of this reaction, consideration is being given to planning another European visit in 1959 when the glee club will be celebrating its 100th anniversary.

### Make Coffee Stops for Safety's Sake

WELL, the fine-weather months are here once again, and with them comes vacation time and travel. There lies the open road before you, and it's an exciting prospect, as always.

But wait! When the poets spoke of the joys of the "open road," they were speaking literally. We have to face the facts. The old "open road" in the literal sense has disappeared in this auto age, and what we face is all too often a crowded and dangerous highway. The old relaxation, at least as far as the motorist is concerned, has disappeared also, to be replaced by the need for constant vigilance.

One of the finest ways to keep your alertness at a peak when you drive is to make frequent stops for coffee. Of course, one of the pleasures of driving is to find a really inviting place to have a picnic lunch. But over and above the regular lunch break, make a coffee stop every hundred miles or so. Pull your car off the road, stretch your

legs, look at the scenery, and drink a cup of good, strong coffee.

An outsized vacuum flask is the thing to take along on any journey that's going to require more than a few hours traveling by car. To make sure that your coffee stays just as hot as possible, thoroughly warm the vacuum flask before pouring the freshly made beverage into it.

Finally, take along some zesty little sandwiches to keep the coffee company when you stop for your coffee breaks. A loaf of sliced "party rye" bread, spread with a variety of fillings, quickly makes up into tiny sandwiches that are just right for a coffee stop snack.

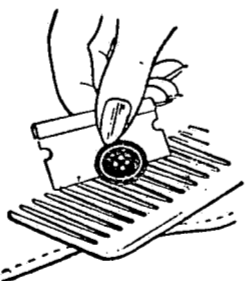

#### COFFEE STOP SANDWICHES

**Fillings**  
Cheese-Walnut: Combine 1 6-oz. jar sharp cheese spread and 2 tablespoons cream. Beat smooth. Stir in 1/2 cup chopped walnuts.  
Deviled Ham 'N' Egg: Combine 1 4 1/2-oz. can deviled ham, 1 hard-boiled egg, finely chopped, and 1/2 cup mayonnaise.

Join the millions of Americans who relish their food favorites in the most popular form during August, Sandwich Time. For economy, nutrition and good taste, nothing excels sandwiches. And complete sandwich meals cut hot-weather kitchen duties to a cool minimum. Starting with breakfast, sandwiches take flavor honors right through the day, from the simplest snack to the most elaborate party.

For an attractive, but easy, Sunday night supper snack, buy some English muffins, split them, and toast lightly in the oven. Brush with melted butter. Spread with a mixture of minced seafood and chopped hard-cooked egg. Pour melted process cheese, mixed with a little milk, over all and garnish with a sprig of parsley. Serve with fresh tomato slices, potato chips, iced tea, ice cream and brownies.

From where I sit... by Joe Marsh

### "Light" Snack For Ducks

Coming back from Balesville the other night I noticed a powerful light at Whitey Fisher's Duck Farm. Seemed to be shining out over the water.

I stopped to ask Whitey what went on. He took me down to his pond and pointed out a 200-watt bulb—rigged up on a pole about three feet above the surface. The light was attracting thousands of insects for the ducks to eat. Seemed kind of odd to me—but Whitey was enthusiastic. "Best idea I ever heard of," he claims. "Keeps the feed bill down—and

the bug population, too. Why do you suppose I never thought of it before?"

From where I sit, Whitey's the type who's always ready to pioneer a worth-while new trick. Me, I stick to old methods. Just a case of personal feeling, I guess... like the way you may prefer coffee with meals while I always prefer a traditional glass of beer. Not that I'd claim you're wrong—respect for the other man's opinion is my "guiding light."

**CITY CHILDREN TO SEE MINIATURE FARM**

(continued from page 1)

vane. The farm will be completely fenced in, and animal stalls will house farm animals of all types.

Young animals will be shown whenever possible—lamb, colts, calves, shoats, kids, rabbits and barnyard fowl, all supplied by 4-H Club members in Michigan.

This feature, the original idea of general manager Donald L. Swanson, will enable parents to show all the farm animals to their children with a minimum of effort.

Right across the street will be the Kiddies' Playland which will feature miniature carousels, rock-

et ships, a 36 passenger coach pulled by a six palaming hitch, playground equipment and entertainment.

On the program are such things as turtle races, a Jumbo Jungle with elephants and monkeys, trained dog acts and other circus type acts to amuse the youngsters. The Playland will be supervised by the Southern Oakland County Girl Scouts at all times.

Both the Barn Yard and Playland are free attractions, offered through the cooperation of the Michigan State Fair, the Detroit Department of Parks and Rec-

reation and a number of Detroit industrial and commercial organizations.

**Card Of Thanks**

Many thanks to the Independence Township Fire Department for its quick response when called to the fire at the Dixie Spot on Wednesday night of last week. Also our sincere thanks for the thoughtful consideration of the firemen after extinguishing what might have been quite a serious fire.
