## SEVENTH ANNUAL HORSE SHOW SUNDAY

### Labor Day Parade Draws Large Crowd

The Labor Day Parade sponsored by the Clarkston Rotary Club was bigger and better than ever. The committees appointed by President Ronald A. Walter, spent many hours on the preliminaries required for a successful parade. Consequently more people were interested in getting in line with cars, floats, horses, etc.

The parading of the colors and music by the Clarkston High School Band got the parade off to a good start. The several floats, old cars, fire equipment, school busses, farm machinery and prancing horses were admired by the crowds of onlookers.

The young folks in costume, some with their pets and bicycles, helped to make the parade interesting. The Old Woman in the Shoe with her "so many" children and Snow White with her Seven Dwarfs drew applause from the sidelines. Many of the entries should be mentioned but it is rather difficult for one person to note each and everyone in line.

The Rotarians appreciated the interest shown by the adults, and they are in hopes that next year even more parents and children, neighborhood groups and organizations will be represented in this annual event. Four or five organizations participated this year and helped to add to the fun as well as make the parade more attractive.

Start now to plan your entry for the 1956 parade.

### W. S. C. S. To Have Quarterly Meeting

The Woman's Society of Christian Service of the Clarkston Methodist Church will hold its quarterly meeting at the church on Thursday, Sept. 8th, starting with a luncheon at 12:30. The Dorcas Circle will be host at the luncheon.

Preceding the luncheon the Executive Board will meet at the church at 11:00 A. M.

### At Ease And Still

No words of man can quite express

The beauty of God's wilderness, Or peace that comes as waters roll,

Or cleansing action on the soul. Amusement parks, by man devised,

Are shabby things to summer skies; When moon and stars their brilliance shed,

Exceeding all that man has said. No swimming pool can be so clear

As Torch Lake water through the year. No artist has a gift, to do

A painting with the special blue That God has placed between these shores,

Extracted from his special stores. No music ever made by man

Compares to waves upon the sand, Or is more soothing as a breeze

When blowing gently through the trees, The still small voice with which

God speaks Is often heard by mountain peaks,

But very hard to understand In great confusion made by man. It's not so hard to know His will;

Just be at ease, alone, and still!

### Clarkston Locals

The members of the Clarkston Pioneers Club missed Mrs. Ada Mills at the last meeting. Mrs. Mills was ill and was unable to join them for their picnic.

Raleigh Parrott of the Clarkston 4-H Club exhibited his ewe, Mary, at the State Show in Lansing and received second place. Raleigh's father, Mr. Herbert Parrott, also went to Lansing and served as a boys' counselor.

Bob Sharrock who has been stationed in N. Carolina received his discharge on September 3rd and left that same day for Michigan. Mr. and Mrs. Edward Porritt and Bobby went down to Fayetteville and hauled Bob and Elaine's trailer back for them. They will take the trailer to Ypsilanti where Bob will enter school this fall. While in N. Carolina the men folk attended a tobacco auction and Bobby said he couldn't understand the auctioneer because he talked too fast.

### Bridge Builder Gives \$10,000 Grant

The Regents of the University of Michigan have announced the receipt of a \$10,000 gift from D. B. Steinman, designer and chief engineer of the Mackinac Bridge, to establish a scholarship fund in the School of Engineering.

The grant was made through the David B. Steinman Foundation, established by Dr. Steinman and his family to provide financial aid to deserving students to enable them to complete their engineering education.

During the past six months the David B. Steinman Foundation has given a total of \$60,000 in grants to six educational institutions. The gifts are inspired by Dr. Steinman's life-long gratitude for similar aid he received in the form of scholarships and fellowships as a student.

The University of Michigan was the first large University to admit women and the first to admit freshmen on the basis of their high school diplomas.

### Christian Western To Be Shown Here

"Mr. Texas", called "the world's first Christian western" will be shown here Saturday, September 10, in The Waterford Community Church at 7:30 P. M., according to an announcement today by the Reverend Mr. Wright VanPlew, in charge of the local presentation. The film is the first major production of Billy Graham Evangelistic Films, Inc., and features the famed young evangelist and his entire evangelistic team. Playing leading roles in the full-length color picture are Redd Harper and Cindy Walker, both professional western stars who have made the decision to give their lives and talents to Christian service.

Produced as an experiment, "Mr. Texas" has amazed religious leaders and motion picture authorities alike during these several years since its release. At the film's preview in Hollywood Bowl on October 1, 1951, a record throng of 25,000 persons jammed into the huge amphitheater for the largest attendance any motion picture has ever had in this country. During the first two years of showings an estimated 5,000,000 persons have seen the film. From this number of viewers, over 135,000 made decisions to accept the Christian way of life in the first twelve months of showings, according to records on file in the Graham film organization's Washington, D. C. office. Both figures indicate new highs in evangelistic circles.

The story revolves around the Billy Graham Crusade in Will Rogers Coliseum in Fort Worth, Texas. To produce the film, an entire motion picture company moved from Hollywood to Texas and made all of the Texas scenes in the vicinity of Fort Worth. The rodeo scenes, some of the most beautiful color photography being seen today, were made at Hardin Simmons University, and feature the world champion Mayo Rodeo Riders, together with the famous Hardin Simmons Cowboy Band.

Original music for the picture was composed by Cindy Walker, called the "true queen of western song writers", and Redd Harper. Several of the songs from "Mr. Texas" have appeared on records, and complete albums are available.

No charge for admission is made for "Mr. Texas" and the doors of Waterford Community Church will be opened at 7:00 P. M.

### Women's Chorus Invites Singers

The Pontiac Women's Chorus is to begin its twenty-fourth consecutive year of consistent good music, with auditions opening at 7:30, September 6, in the Pontiac High School, and wishes to extend an invitation to women of the outlying districts of Pontiac as well as to those of the city proper.

The organization has been under the direction of Charles E. Hutton, formerly of St. James Episcopal Church, Birmingham and of Clarkston, and for the past twelve years the group has maintained an average of thirty-two members.

Singing activities have gradually increased over the years, until each agenda now includes at least six out-of-town concerts, radio programs, Christmas programs and the traditional spring concert.

The objectives and principles upon which the organization was founded remain the same: "to prepare and present a high standard of music for the pleasure of the membership and music patrons of the community."

Membership in the Chorus is now open to all women of the community by virtue of its affiliation with the Pontiac Department of Parks and Recreation. In assuming sponsorship, the Department makes available this activity to all women of Pontiac and vicinity regardless of race and creed. While underwriting the operational costs of the Chorus, it requires no membership fee. There is a minimum registration fee charged by the chorus to care for incidental expenses.

The Department of Parks and Recreation and the Pontiac Women's Chorus cordially urges all women of the community who enjoy singing, to avail themselves of this choral opportunity. You will be welcome to audition for membership.

The current year's activities began with auditions Tuesday night, September 6. Rehearsals start at 7:30, September 13, preceded by auditions from 7:00 to 7:30.

### Young People Enjoy Hot Dog Roast

On Tuesday evening Pat Anthony, daughter of Mr. and Mrs. Carl Anthony, Jr., entertained a number of her friends at a hot dog roast at her home on Sunnydale Street. Shortly after six o'clock the group gathered on the lawn at the rear of the house where the picnic table was spread and nearby the hot dogs were sizzling. Soon the happy crowd was enjoying supper and plenty fun.

Some of the girls, who had been cheerleaders at the Clarkston School last year, lined up and gave some rousing school cheers, which reminded the neighbors that fall was not very far off, and that the football season was about to begin.

At dusk the girls went to the recreation room and had a grand time playing games and dancing. At about 9:30 they were served a delicious dessert.

Among Pat's guests were Diane Hursfall, Pat Asher, Cindy Anderson, Sharon Collick, Paulette Etter, Georgia Robinson, Shanna Stewart, Betsy Osgood, Jody Wilford, Lucy Oakley and Prudy Hutchinson, all of Clarkston and Sue Heister of Pontiac.

### Credit Courses In This Area

Seven University of Michigan credit courses in education, English literature, political science, psychology and public health are being offered in Pontiac this fall, the University's Extension Service announces. In addition, "Real Estate Appraisal I", a course in the University program leading to a Certificate in Real Estate, is also offered.

The courses have been scheduled to meet the educational demands of teachers and others among the rapidly increasing population in this area.

Most of the courses open the week of September 12. With the exception of the real estate course, all will meet in Washington Junior High School.

Bulletins describing the courses offered in Pontiac may be had from the University of Michigan Extension Center for the Lower Thumb Area, Oakgrove Campus, Flint 3, Michigan.

On Sunday, September 11th, beginning at 9:00 A. M., the Dixie Saddle Club will hold its seventh annual Horse Show at the Glenn Ellis' farm on U. S. 10 (9331 Dixie Highway), near Bridge Lake Road, 3 1/2 miles north of the junction U. S. 10 - M-15.

There is plenty of room on the grounds to park and unload trucks, trailers and cars. The large, over 200 ft., long ring accommodates a large number of horses, and provides space on the outside for automobiles.

Come one, come all! Bring the family. It's lots of fun. A donation of fifty cents for adults is the admission price. Entry into any event is only fifty cents each.

### D. A. R. Meets At Watkins Lake

General Richardson Chapter, Daughters of the American Revolution met recently at the home of Mrs. George R. Eldred of Watkins Lake for a cooperative luncheon and business meeting. Luncheon was served on the lawn overlooking the lake. The hostess was assisted by Mrs. Lyle Echninaw, Agnes Hilton and Mrs. T. Edward Nelson.

Mrs. Lloyd Porter presided at the business meeting and introduced the speakers. Mrs. Harry Going, a long-time resident of Pontiac and Mrs. Calvin Dennison, secretary of the Central Volunteer Service affiliated with the United Fund, spoke on "Our City, Its Past, Present and Future".

Mrs. Going spoke of the founding of the village in 1818 by Colonel Stephen Mack and his associates on land purchased from the federal government for \$450.00. She said the location was chosen because of the water power in the Clinton River, then known as the Huron of St. Clair and the river crossing of the Saginaw Trail at that point. The early industries, churches, schools and amusement places were mentioned also several hotels which served travellers from Detroit to Saginaw, using the Saginaw Trail.

Mrs. Dennison in discussing the future and present of the village now grown into a large industrial city, illustrated her talk with a movie of the agencies supported by the United Fund. Activities of these agencies depicted, illustrated the growth of the community along recreational and cultural lines, also activities furthering good citizenship. The speaker told of the growth of communal responsibility and outlined various ways in which the citizens may participate through volunteer service.

September 19, members of the chapter will attend a regional meeting in Highland Park, where state officers and committee chairmen will discuss the year's work.

The National D. A. R. is urging every community to observe the week of September 17-23 as Constitution Week. D. A. R. members are endeavoring to encourage more widespread knowledge of the Constitution of the United States of America, feeling that the basic need of our country today is the preservation of its Constitutional Government. The necessity of recognizing our responsibilities to support the Constitution and respect its flag, the symbol of our great Nation is stressed.

### CHAPEL FAMILY SUPPER TO INAUGURATE EXPANDED PROGRAM

St. Andrew's Episcopal Church, Drayton Plains, will get an expanded fall and winter program of Worship Services; Church School Classes, and Church Activities underway at a Chapel Evening Communion and Family Supper next Friday night, Sept. 9th at the church.

To permit scheduling a regular weekly Adult Class for parents and godparents; and 'pilot' or beginning courses in the great new Christian curriculum of courses, the Seabury Series; as well as to provide accommodation for an ever increasing number of Church School pupils now approaching the 200 mark, St. Andrew's will offer duplicate Morning Worship Services and Church School Classes beginning Sept. 18th.

In addition to the regular Sunday plain service of Holy Communion at 8:00 A. M. there will be a Morning Family Service (without sermon) every Sunday at 9:30 A. M. followed by a full schedule of classes for adults and children running from 10:05 to 10:45 A. M. Adults attending this service will meet for a 40 minute study and discussion class following the service.

At 11 o'clock, there will be the regular Morning Choral Service of Worship and Sermon, following the pattern of the present 10:30 A. M. Sunday service. This 11:00 A. M. service will also provide Church School classes for all ages of children and young adults, pre-schoolers (2 1/2 - 3 years) and kindergarteners, will have their own service as well as instruction and activity period from 11 - 12:15 A. M. Church School members from the first grade through Senior High School will attend the first half of the regular worship service with their parents and then will adjourn to classes immediately after the Offertory. This will give them a forty minute class period instead of Sermon and Prayers.

Mr. Donald E. Bodley, who as Assistant Director of the Christian Education Friday night will explain this new educational venture of the Episcopal Church.

In addition there will be group singing and a special program of entertainment in a separate room for the children, following the supper.

Any family who is interested in finding out about this plan of increasing the effectiveness of Christian education in the home, through the Seabury Series Plan, is cordially invited to make reservation for the supper by calling Rev. W. R. Hunt, ORlando 3-7635, or residence ORlando 3-7074 or attend the Episcopal services either at 9:30 or 11 A. M. beginning Sept. 18th, (present schedule of 8:15 and 10:30 A. which those who can attend at the earlier hour will especially commemorate in their prayers the Triennial General Convention of The Episcopal Church now being held in Hawaii, Sept. 4 - 15, and especially the Presentation of the great United Thank Offering of the Women of The Church (this triennial offering is expected to exceed \$3 million) which will have been presented at a service of Communion with the missionary Bishops of the Church participating at Hawaii, Sept. 8th.

St. Martha's and St. Anne's Guilds of the local church are combining to provide and serve the supper, with Mrs. R. R. Hahn of Steffens St., Waterford as Chairman.

### NEW LETTUCE DEVELOPED BY M. S. U. MAN

A new variety of leaf lettuce that will boost yield—both in the home garden and greenhouse—has been developed at Michigan State University.

Horticulturist S. H. Wittwer, who developed the variety, said the new lettuce combines the good features of both the Grand Rapids and Bibb varieties. He has dubbed the vegetable "Tendergreen".

Wittwer pointed out that no other variety compares with Tendergreen's yield in the greenhouse during the short days and cloudy weather of fall and winter in Michigan. Fall plantings harvested in midwinter have exceeded yields of the Grand Rapids variety by 35 per cent.

Wittwer recommended seeding Tendergreen in greenhouses from September through November for harvest during January and February.

Tests in Grand Rapids and Lansing stores show that consumers prefer Tendergreen over the Grand Rapids variety.

Since the new variety goes to seed early, home gardeners will have to sow in early spring and harvest the crop before June 15. Certain growers in the Grand Rapids area have limited supplies of seed for sale now.

### Attention New Home Owners:

Yours being an average American family, you will undoubtedly own a television set. Your used antenna or new one should therefore be properly installed by experts on your new home to necessitate a good installation that will add to the beauty of your new home. Custom installed antennas have a practical advantage as well as being neat appearing. We can install a COLOR-READY antenna of the highest quality, properly grounded, at a fair price, which we know will give the best service the year round.

Another feature available of custom-installed antennas is that we can install two or more down leads in the walls of your home that are attached to plug-in outlets. This means hidden wire, unexposed to the eye, ice and snow, which in turn lessens the possibilities of broken leads, and makes T. V. and furniture rearranging a simple task without the need of technical help and loosely strewn wire behind the set.

We have seven years' experience in the field of quality service and installations and can proudly boast of no fallen antennas, so have your antenna ready for use when you move in. Call us before you plaster if possible.

In hopes that we may be of service to you, we are,

HEALTH DEPARTMENT SUGGESTS

As school starts this fall, about one Michigan child out of every ten is likely to have trouble seeing the blackboard. According to the Michigan Department of Health, some ten percent of children checked in school vision screening programs turn up with previously unrecognized eye defects.

This finding was cited as a reminder that September, named "Sight Saving Month", is a good time to have your children's eyes checked, if an examination wasn't made as part of the pre-school physical. While more than 200 technicians will work this year in Michigan school vision testing pro-

grams, health authorities said it is not uncommon for a child to have some form of eye trouble which doesn't show up in the screening. Faulty vision may be indicated, the department said, when a child tilts his head while reading, blinks more than usual, rubs his eyes frequently, squints when looking at distant objects or stumbles over small objects. Inflamed and watery eyes and undue sensitivity to light also may mean vision trouble, and the health department said any of these signs calls for a thorough examination by an eye doctor. Since about 85 percent of a

children learning is said to come through his eyes, the department added that early discovery of vision defects is considered "highly important".

UNWRITTEN LAWS
No. 73 GET INTO PASSING POSITION EARLY
The old adage of the carpenter "measure twice and cut once" has a neat parallel in traffic. The carpenter who measures only once may make a mistake and have to cut twice. In passing the motorist who measures the on-coming car only once may make a mistake and not have a second chance.
The smart thing is to pull left into the lane in which you are going to pass as early as possible. This gives you a lot more time to measure the situation ahead carefully and decide whether or not it is safe to pass. A careful study of the situation ahead pays big dividends. So measure twice and pass once - safely. And, remember the slogan, "SLOW DOWN AND LIVE!"

Match your electric washer with an electric clothes dryer
Wash day becomes extra easy when you add a new electric clothes dryer to your electric washer. Here's why: There's no heavy wet wash to haul up the stairs and hang on the line. You have only to load the dryer and flip a switch. Out comes the laundry, fluffy-dry, sparkling clean. Old-fashioned line drying can't compare with the carefree, modern way to dry clothes—electrically!

## How to Spend That Pay Raise

If you are one of millions of Americans who have had a pay raise recently, or are expecting one in the near future, the U. S. Treasury has a good suggestion: "Put the raise in Savings Bonds." The idea is being displayed here by four pulchritudinous employees of the Savings Bonds Division in the Nation's Capital. They paraded the big poster along Pennsylvania Avenue recently when the President signed the bill to give Government employees a salary boost. However, they think the suggestion is good for everyone—union members, office workers, school teachers, doctor, lawyer, or Indian chief. The publicity-minded young ladies are, left to right: Carole Fimbres, a native of Albuquerque, New Mexico; Lib Koethe, Columbia, South Carolina; Elizabeth Crowell, Washington, D. C.; and Shirley Hamilton, Barnum, West Virginia.

The vital importance of understanding God as the source of all true substance will be brought out at Christian Science services this Sunday.  
Readings in the Lesson-Sermon entitled "Substance" will include

the following passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (335:12): "Spirit is the only substance, the invisible and indivisible infinite God. Things spiritual and eternal are substantial. Things material and temporal are insubstantial."

The indestructible nature of spiritual substance is also stressed in selections to be read from the Bible, including the following: "I know that, whatsoever God doeth, it shall be for ever: nothing can be put to it, nor any

**Appreciation**

The Clarkston Rotary Club wishes to express its thanks to all who participated or helped to make this year's Labor Day Parade a success. The parade is one of the community projects of the Clarkston Rotary Club and as one can readily see it is looked forward to each year with increased enthusiasm and interest. It is hoped that next year's parade will be equally as successful or better, and that more people will want to join in the fun.

**Easy Lunchbox Lesson**

One of the most convenient products to keep on your canned foods shelf is Florida grapefruit sections. They make a wonderfully tart salad, tossed with greens and French dressing. They go to work or to school in a sensible lunchbox, spooned into a paper cup for easy eating (if you've a teen-age daughter watching her weight, or a spouse bent on losing his paunch, they'll love you for substituting this for a rich dessert).

**Card Of Thanks**

I would like to thank my friends and neighbors for the many kindnesses extended to me during my recent trips in and out of the hospital. Your thoughtfulness was a source of great encouragement to me.
