Raily Day At **Methodist Church**

Two Rally Day services will be held Sunday, Sept. 25, at 9:45 and 11:00 a. m. with Mr. Philip R. Smith, Supt., of Church School, presiding at both services.

At the 9:45 service the children, young people and adults from the ebrating 50 years of the Camp's 4th grade up will present special existence.

of the little tots up through the third grade.

The Reverend John D. Rozeboom, Director of Christian Education in the Flint District, for the Methodist Church will speak at both services. Parents of the children taking part in the program are requested to come to the service at which time their children participate. Those who are fortunate to have children in both age groups will find the services are different and will be of great interest to them. All the friends and members of the church are invited to the service of their

There will be a workshop at 2:30 Sunday afternoon. This is for all teachers, officers and leaders of fellowship and all interested persons. The Reverend and Mrs. John D. Rozeboom will be in charge.

A visit to the library last Saturday morning was not only a pleasure but it was exceptionally interesting. There to greet you is a courteous and accomodating young lady, Jeanette McKee, who serves as librarian.

A glance about the place and you realize just how much work has done to give this area a good library. Of course there is plenty yet to be done and maybe many in the territory could help if only see what an asset it is to this area

On the shelves you find just about any subject you would care to mention, and by some of the very best writers. Although the library is very young yet it is stocked with a grand assortment of good reading. On the shelves you will find many of the latest novels, best sellers, "Etiquette" by Emily Post and many others.

The shelves are crowded and the Women's Club is planning more book space. They could use your help and donations too. Library furniture is needed. If you would care to donate furniture (tables or chairs) please contact Mrs. Russell Coltson or Mrs. Don Stackable.

To make the library attractive Mrs. Jerome S. Wilford has adorned the walls with some of her paintings. They are beautiful and are admired by all who enter this interesting building.

Not to forget the children's division-many new books are ready for them. Children are invited to visit the library and get acquainted with such books as: Daniel Boone by John Mason Brown; The Treasure in the Little Trunk by Helen Fuller Orton; Peach Tree Island by Mildred Lawrence; Johnny Tremain by invitation only. by Esther Forbes and America's Paul Revere by the same writer; Thidwick, the Big Hearted Moose by Dr. Seuss; King of the Wind vice about various problems in by Marguerite Henry and The their field. THIS IS THE FIRST in a series of columns written to keep you posted on new and interesting telephone items. Almost every day technical inventions appear on the scene and unusual stories about telephone service come along. We'd like to tell you about them. And then, too, we'd like you to get to know us better and the things we do to make sure that you get the best telephone service

HAVE YOU HEARD about the new "handsfree" Speakerphone? You can hear and talk to the person at the other end of the line without lifting the handset. It's done with a small mi-

crophone and a pint-sized speaker. This isn't just an experimental model. Hundreds of these telephones are in use in offices, hospitals and in homes, too. It only costs \$6.60 a month extra, including federal tax.

DID YOU KNOW that we now have a new telephone on which the dial lights up when you lift the handset? It ends all squinting-and wrong numbers-if your telephone is in a poorly lighted part of the room. (A lot of doctors have this new

phone by their beds for those night calls.) Here is another telephone accessory that brings added comfort and convenience to modern living. After a \$2.50 installation charge, it only costs 40¢ a month extra. We replace burned-out lights for free.

Mary Shipley, instructor in the textiles, clothing and related arts department at M. S. U. explains that after Napoleon's defeat at Waterloo, interest in furniture shifted to English design. This went back to the classic Greek styles for inspiration

Attention New Home Owners:

Yours being an average American family, you will undoubtedly own a television set. Your used antenna or new one should therefore be properly installed by experts on your new home to necessitate a good installation that will add to the beauty of your new home. Custom installed antennas have a practical advantage as well as being neat appearing. We can install a COLOR-READY antenna of the highest quality, properly grounded, at a fair price, which we know will give the best service the year round.

Another feature available of custom-installed antennas is that we can install two or more down leads in the walls of your home that are attached to plug-in outlets. This means hidden wire, unexposed to the eve. ice and snow, which in turn lessens the possibilities of broken leads, and makes T. V. and furniture rearranging a simple task without the need of technical help and loosely strewn wire behind the set.

We have seven years' experience in the field of quality service and installations and can proudly boast of no fallen antennas, so have your antenna ready for use when you move in. Call us before you plaster if possible.

In hopes that we may be of service to you, we are.
