In checking with the treasurer for the United Fund in Independence Township the funds collected shows \$907.59-a far cry from the goal of \$4,300.00.

Perhaps you haven't been contacted yet, or maybe when the solicitor stopped to see you she found no one at home. In case you haven't given your share yet, be sure to stop in at the Clarkston State Bank and leave it with R. L. Jones who is the treasurer for the fund in this area.

**VOLUME 27** 

It has been voiced around town, a little, that a "Teen Town Hall" may be started in Clarkston. Its motto would be "Everybody Here Cares For Teens".

This would be a fine move providing something toward really interesting for the teenagers of this community. Many larger communities have "Teen Town Hall" and similar organizations are becoming more and more popular throughout the country. Clarkston would be really getting up to date and if the plans worked out well the youth would have something to be proud of.

ORGANIZATION FOUNDED O BATTLE NEPHROSIS

An organization which will battle a disease that hits chil-

dren with a mortality rate greater than that of paralytic polio

and is the most prevalent of all

chronic children's diseases has

been founded in Michigan. It will meet the disease on all fronts.

This was promised today by Douglas Adair, president of the newly created Michigan Chapter of the National Nephrosis Foun-

"Nephrosis", said Adair, "kills

one out of every two children attacked. In spite of its preval-

ence and deadliness among children, less is known about its

cause, treatment or exact nature than is known about cancer."

Our organization's first con-

cern is to get members through-

out the state and to build local

chapters in as many cities and

localities as possible.
