In Greater Hands

Each day we view with great dismay

A fellow man in error. We watch him stumble on his

And shrink aside in terror.

We feel a panic deep inside. We see the night descending. We know that none the truth

can hide, And fear a dreadful ending.

We take upon ourselves the load Of anxious thoughts and worry. We'd like to straighten out the

And right things in a hurry.

If we could learn to sit a spell, Watch life in its unfolding; We'd see God's plan is working well.

Life's pattern deftly molding.

Man has his work that he must do To justify existence. The days we have are all too few

Without divine assistance. All things in balance, are God's plans.

His laws are most far reaching. Our lives are held in Greater Hands.

How wonderful His teaching. -ROBERT C. BEATTIE

Dress in your party clothes, Guys and Gals, and come to the evening, December 10, from 7:30 to 10:30. All students in the sixth, seventh and eighth grades in the Clarkston Community School

A full evening of holiday fun is being planned by the youth committee, headed by Mr. and Mrs. L. V. Cushman, chairmen for the December party. Fenton Weaver's orchestra will furnish the music. There will be dancing the Primary Department (up to instruction from 7:30 to 8 o'clock. Students will learn to do the Schottish, and later in the evening, they may get a chance to dance with Santa Claus.

The 21 Club dances, sponsored by The Clarkston Community Women's Club, were started during the last school year, and all been well attended. CHRISTMAS STAR MYSTERY RECALLED

The mystery of the Christmas star brings popular interest in astronomy to a peak in December, says University of Michigan associate professor Hazel M. Losh. And it's a mystery astronomers haven't solved yet.

"The narrative about the star too incomplete, the date of the appearance of the star too uncertain, the early calendar too unreliable to lead us to any definite conclusions", she states. One explanation advanced is that the "star" reported to have guided the shepherds may have been

ernmost point this month, the winter solstice as it is called. The Sun will then swing in its southern hemisphere sky. We will have our shortest day and longest night, about nine and fifteen hours, respectively, Pro-

fessor Losh points out. At this time of the year the Earth is closer to the Sun than during our summer which tends to make our winter a little milder and the southern summer a little hotter. In spite of the fact that we are closer to the Sun than we are in the summer the Sun's rays now hit us obliquely which lessens their force, the astronomy professor explains. Venus, after its long appearance

during the summer and early fall as an evening planet, is now the "morning star". And Mars will be the bright orange object in the southwestern sky.

During December some of the most beautiful and colorful stars in all the heavens light up the eastern horizon. Professor Losh says, citing Orion, he giant huntsman for example. He moves across the sky during the course of the night. And turning to the northwest-

WHOLE GRAIN OR ENRICHED CEREALS BEST

When you buy cereals for your family, be sure to select those that are made from whole grain or those that are enriched.

Both the ready-to-eat and the to-be-cooked cereals are among today's best food buys, declares Mary Zwick, instructor in the foods and nutrition department at Michigan State University. As the main dish at breakfast they average only about 11/2 cents a serving. Used in recipes they often take the place of more ex-

pensive food without sacrificing nourishment or flavor.

Miss Zwick suggests several ways in which you can dress up that breakfast bowl of cereal. Try adding dark corn sirup (34 cup) to the water (1½ cups) in which you cook whole wheat cereal or farina. Or cook the cereal in milk or chocolate milk instead of water.

For toppings, offer the family a choice of cinnamon-sugar mixture, brown sugar, corn or maple sirup, jam or preserves. These are equally good on hot or cold cereals. So are malted milk or eggnog, as a change from plain milk or cream.

An up-to-date version of old fashioned "fried mush" makes a wonderfully good lunch or supper dish. Pour cooked whole wheat cereal into a loaf pan and let it chill. For frying, slice it very thin—not quite ½ inch thick-and saute it until it is crisp and golden brown. Topped with maple sirup and served with bacon or sausages, Miss Zwick exclaims it's a sure-fire hit.

DAIRY BANQUET COMING

All Oakland County dairymen are urged to attend the annual Dairy Banquet to be held in the Banquet Room of the Pontiac Federal Savings and Loan Building on December 15. Two outstanding speakers are featured on the program: Pat Ralston, head of the Dairy Department of Michigan State University of East Lansing, and Mr. Charles Stone, head of Michigan unit of the American Dairy Association. Reservations should be made with the Oakland County Extension Office, at 1260 West Boulevard, Pontiac, FEderal 4-2564.
