Deer Crashes Car On White Lake Road Boosted In 1955

On Sunday evening just after dusk when Robert C. Jones and Lake Road towards the Dixie on their way to the Robert L. Jones home in Clarkston for supper they were surprised when a deer bounded across the road and over a knoll west of Boothby's Old Farm Shop. "Bob" brought the car to a stop so they could get a better look at the deer, when suddenly—crash— a second deer, a buck, in fast pursuit of the first one, bounded into the side of the standing car. This was sudden death for the buck and startling for the two young

They walked to Boothby's Jones, who quickly went to the scene. The Conservation Department was contacted and the authorities picked up the buck.

Luckily neither of the two young people were hurt, although the car was damaged.

Doug Fortin, Clarkston's tallest returning letterman at 5 feet 11 inches, is a consistent, although not a high, scorer. His rebounding and consistent hitting of 1 out of every 3 shots from the floor gives Mr. Mauti, the head coach, something to count on and more than makes up for his very poor free average. He has a total of 30 points so far this season.

Clyde Kizer has been plagued with an inability to hit from the floor, so far this season. His fine floor play and playmaking are better than last year's and we expect Clyde's shooting to improve. Total points, 11.

See your Dealer or Detroit Edison

THE NEW BEL AIR SPORT COUPE-one of 19 high-priced-looking Chevrolet models.

Who wouldn't mistake this handsome new Chevrolet for a high-priced car!

It looks strictly "upper bracket" with its bold new Motoramic styling . . . its longer, lower hood . . . its proud new grille that spans the full front end.

Even the details would do credit to an expensive car . . . like the sleek, high-fashion taillights (the left one hides the gas cap!).

But, even beyond the costly appearance of its Fisher Body, Chevy gives the highpriced cars a run for their money. For it's

6751 DIXIE HIGHWAY

one of the few great road cars built today! It brings you the added security of nailed-

down stability on turns and lightning acceleration for safer passing. Horsepower now ranges all the way up to 205! All engines now have hydraulic-hushed valve lifters.

Of course, Chevrolet has safety door latches in all models. In addition, you can have seat belts, with or without shoulder harness, and instrument panel padding at extra cost.

There's a new Chevrolet just made for you So come in and highway-test it.

Deer Weights Vary in State

Conservation Department information gathered the last three hunting seasons shows that northern Michigan yearling buck deer average slightly over 100 pounds each while yearling bucks in the southern farm country average 130 pounds. A "yearling" is actually 1½ years old, born the spring of one year and killed in its second autumn. The difference in weights is caused by poorer food conditions and tougher winters in the north.

FIRST CHURCH OF CHRIST, SCHENTIST

Oxford, Michigan Sunday School 11:00 A. M. Sunday Service 11:00 A. M. The purifying power of true prayer will be set forth in the Lesson-Sermon entitled "Sacrament" at Christian Science services this Sunday.

Bible passages will include the counsel of Christ Jesus regarding prayer (Matt. 6:6): "But thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly.

Continuing the explanation of prayer, a correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (15:9): "To enter into the heart of prayer, the door of the erring senses must be closed. Lips must be mute and materialism silent, that man may have audience with Spirit, the divine Principle, Love, which destroys all error."

The Golden Text is from Psalms (51:10): "Create in me a clean heart, O God; and renew right spirit within me."
