### I Want To Know

I want to know, and as I ask I find; but in my finding I never can approach the peak Where roads of life are winding.

Each answer that my soul receives

Reveals another question. I marvel at what man believes And weigh each new suggestion

I want to know so many things That nature has kept hidden. I wonder what the morrow brings Of that which is forbidden.

If I could live a thousand years, And each day keep on learning; From where I sit it now appears, For knowledge I'd be yearning.

I want to know, and God alone Holds fast within His power The answers to the clues He's

shown To me each passing hour.

If I would know, I must take heed

Of those whom He has guided. I must not overlook one seed Of thought, that is confided.

### G. A. A. AND HI-Y SPONSOR B. B. GAMES AT C. H. S.

The G. A. A. and Hi-Y of Clarkston High will be sponsoring three faculty-student basketball games on March 16 at 7:00 State Conventions." P. M. They will be played in the C. H. S., Gym. A small admission will be charged.

The first game will be the Clarkston Women Faculty vs the G. A. A. The Clarkston Men Faculty will play the Hi-Y immediately after the first game. The Men's Faculty will play second game against the Mt. Clemens Men Faculty.

Tickets will be sold at the door

Clarkston wound up its '55 '56 basketball season dressed in new uniforms but in a shooting slump as they were out-scored by an accurate Rochester team.

Clarkston started off fast. Dick Lippert taking the opening jump and George Lang sinking play to give Clarkston the first points. With a minute gone Clyde Kizer | DONKEY BASKETBALL dropped in a free throw to put GAME SCHEDULED Clarkston ahead 3 - 0. Slowly the superior accuracy of Dave 7 - 7 midway through the first the Primary Department (up to but Clarkston evened up the score with a 1:40 left to play at 13 - 13 and again with :46 to play at 15 - 15 but still the Falcons took a 17 - 15 first period

Lang evened up the score before the 2nd period was 24 seconds old but with Ronald Le-Barre hitting from outside, Peters hot under the basket, and Cla ston missing several clear shots, the Falcons methodically worked to a 30 - 21 lead with 3:00 left in the half. The Falcons continued to grind out points and took

a half-time lead of 37 - 25. The second half was the same story, Clarkston's fine floor play was no match for Rochester's accuracy. Rochester led midway through the period, 43 - 29 and at the three-quarter mark, 51 -

The 4th period was more of the same, Clarkston would set up a shot only to miss, while the Falcons added to their score until with 2:55 left in the game they lead 61 - 41. In the final minutes LeRoy Parks added 5 points: Fred Vess. 2 and Louis Holser, 1, to end the game 62 - 49 Rochester.

LeRoy Parks was high for the night with 26 points, followed closely by Dave Peters with 24. Clarkston's shooting was off most of the evening as they missed a possible 22 points on free throws alone.

### **Baptists To Vote** On New Pastor

### **Rotarians Hear Of Proving Grounds**

At the regular meeting of the Clarkston Rotary Club held on Monday, the program chairman, Fred Warrick, produced an interesting program explaining the GMC proving grounds at Milford. The different tests given cars were described in detail and at the conclusion of the pictures, another reel of high speed camera pictures were shown giving what is called slow motion pictures and showing how these are shown to better watch machinery in action. To give some idea of what one can do with high speed photography, pictures were shown of how corn is popped, in slow motion pictures. An interesting discussion of the pictures was given by John W. Podesta, of the proving grounds.

Dinner was served by the ladies of the Seymour Lake Methodist Church.

On Monday, the 19th day of March, at 7:00 P. M. the Clarkston Rotary Club will sponsor the annual Athletic Banquet for those who have been active in athletics the past season at the Clarkston High School. The banquet will be held in the High School Cafeteria.

The speaker will be Burton Smith, the Line Coach at the Michigan State University, and will feature colored pictures of the Rose Bowl game. This should be very interesting and a large crowd is expected to attend to enjoy the program and see the boys who take part in the local school athletic program. Athletic awards will be presented.

Tickets are reasonable and can be purchased from any Rotarian up to and including Friday. Saturday the tickets will be on sale at O'Dells Drug Store and Ronk's Barber Shop. No tickets will be sold at the door because it is necessary to report reservations ahead of time. Do not get to the school cafeteria without a ticket. You will not be admitted.

All Rotarians should turn back tickets and cash to Frank Ronk by Friday evening.

Co-chairmen for the event are Jim Price and Keith Lowrie.

at 7:30. Mr. and Mrs. Floyd If you're willing to sacrifice Bradley will be hosts. Election raspberries, you can get a much higher and earlier yield in the fall. That's the advice of John K. Bray, Assistant County Agricultural Agent.

Agent Bray points out that Durham bears two crops-one in the summer and another in the fall. The summer crop, which comes in July, cannot compete with the standard varieties in quality, but in the fall the berries are large and good quality. So Agent Bray suggests pruning the Durham canes back to the ground before new growth starts in the spring. The canes will bear only in the fall and produce higher yields. In testing this

Planked fish is really just an elegant form of baked fish. Fish which can be broiled or baked can be planked. One advantage of planking fish, explains Mrs. Mary Hixon, Home Demonstration Agent, is that the cooked fish may be set on the table without being transferred to a platter. This is often difficult because of the tenderness of baked fish. Also the plank may be easily garnished.

The plank, fashioned from well-seasoned oak, hickory, or ash should be about 11/2 inches thick and grooved around the edge and in the middle to hold

Working space, cooking space and time are often the biggest problems in cooking community

Shortcuts which may be helpful in such situations are listed by Ruth Sands, professor in institution administration at Michigan State University.

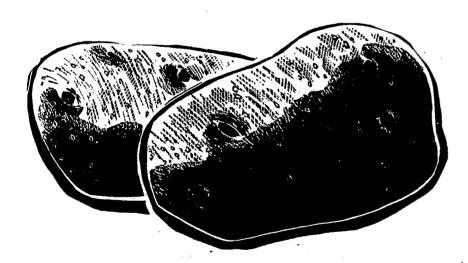

When serving ham at a ban-quet or dinner, she suggests using canned hams. They cut to better advantage; baking time can be shortened; and extra cans may be kept on hand for emergency. A meat market may be asked to slice each ham and tie them up before baking. That helps in

It's a matter of record! You get more for your money in Olds for '56! Oldsmobile owners have known this for years, and many of them have enjoyed the pleasure of Rocket performance for less than the cost of owning one of the small "lowest-price" cars.

Let us show you the facts and figures. You'll see that it's easy to get out of the ordinary and into an Olds . . . that it's good sense to make the move now!

For example, look at what you get. Start with power. Oldsmobile pioneered the high-compression era with the Rocket Engine. The 1956 Rocket is mightier, peppier than ever, with a 9.25 to 1 compression ratio! Take your choice of 240 horsepower in Super 88 and Ninety-Eight or 230 horsepower for the lower-priced "88".

Want trend-setting style? Olds shows the way again with the double-duty beauty of the new "Intagrille" front bumper. It's two sturdy bumpers in one-and a smart grille besides! And you'll never know what a pleasure riding

and driving can be until you've tried an Olds. This car snuggles down to the road, holds a straight-as-a-string course, rounds a curve dead-level.

You'll find many of the reasons behind this marvelous roadability in the new Safety-Ride Chassis. Oldsmobile's six-point suspension features such advances as dual stabilizers, centercontrol steering, and a heavy, solid-unit frame. It all adds up-come try a Rocket ride yourself! We feel sure we can show you the greatest values ever in the car that holds its value high

### ADVICE GIVEN TO TAXPAYERS

The Internal Revenue Service after July 31. Telephone and sumer information specialists. written inquiries at this time tend only to delay the receipt of refund checks, Regional Commissioner D. L. Olsen, stated.

Mr. Olsen further pointed out that this region, which includes the States of Illinois, Michigan and Wisconsin has already issued approximately 450,000 refund checks. Thousands of additional refund checks are being processed daily and will reach taxpayers shortly, he added.

Mr. Olsen explained that approximately eight million individual income tax returns are filed in this region from January 1 to April 15. District offices are therefore confronted with the responsibility of processing a substantial number of returns during a relatively short period

Mr. Olsen emphasized that taxpayers can benefit themselves, can speed refunds, and reduce government costs by avoiding common mistakes and omissions

common mistakes and omissions such as these:

A. Failure to sign the tax return—both husband and wife's signature in case of a joint return

B. Failure to attach copy W-2 (Withholding Tax Statement) to the return.

D. Inaccurate figures, mistakes in addition, subtraction, and tax

E. Failure to indicate names of dependents claimed. Many times temporary delays

in the receipt of refund checks are caused by one of the above indicated mistakes or ommissions, Olsen added.

Mr. Olsen also explained that additional time is required for the processing of refunds resulting from the filing of amended returns and claims, especially those received during the filing

Mr. Olsen concluded by stating that taxpayers in this region can be assured that every effort will be made to expedite the issuance of refund checks and the handling of amended returns and

## If you own one of these cars...

## it'll pay you to trade now for a new 1956 PLYMOUTH

Perhaps you haven't bought a new model of your present make of car because you've been disappointed at how little that car has changed this year. Fact is, the only really NEW lowprice car this year is PLYMOUTH, and it'll

pay you to buy a new 1956 Plymouth NOW. Your present car is at the peak of its trade-in value today, and right now you'll get a moneysaving High Volume Deal at your Plymouth dealer's. See him today-you'll be glad you did.

ONLY PLYMOUTH'S NEW THIS YEAR. In a year of otherwise "warmed-over" car styling, Plymouth brings you tomorrow's styling today in its all-new Aerodynamic Design. Plus the biggest size of any low-price car.

NEW PUSH-BUTTON DRIVING—Plymouth's alone in the low-price three! A positive mechanicai control, Push-Button Drive is the safest and easiest ever designed! Optional on all 29 new Plymouth models. Try it!

PLYMOUTH GIVES YOU MORE VALUE for your dollar with features such as electric windshield wipers, Safety-Rim wheels, twin-cylinder front brakes that the other low-price cars don't have. See the NEW Plymouth today!

PLYMOUTH costs less

From the day you buy it ... through all the years you own it ... you'll spend less on a Plymouth. That's one reason more Plymouths are used as tayls than all other tays combined. are used as taxis than all other cars co
