EASTER SERVICES IN THE LOCAL CHURCHES

Make Easter Seals Mean Something

The crippled child appearing on the 1956 Easter Seal may symbolize more than a new hope for the crippled.

With its coloring of red, white and blue, the appealing little seal may well symbolize democracy and the voluntary effort on which it depends.

Behind the Easter Seal is an organization which has served mankind for thirty-five years, its volunteers in every state and community exemplifying democracy at work.

Supported by voluntary contributions from Oakland County residents who respond to the annual Easter Seal appeal for funds, the Oakland County Society for Crippled Children, the Easter Seal Society, reached 500 crippled boys and girls and men and women last year.

The campaign now in process, and continuing through April 10, provides an opportunity for every citizen not only to help the crippled but to take a share in keeping the nation strong.

Rotary Anns Plan Rummage Sale

The Clarkston Rotary Anns are constantly planning to help crippled children. Each year they send two children to summer camp and each Christmas they help provide gifts for the County Crippled Children's annual party. The proceeds from their fund raising events are mainly for this purpose.

On Friday and Saturday, April 13-14, the Rotary Anns are holding a Rummage Sale in the building at the rear of the Community Center. If you have any rummage you would like to contribute call a Rotary Ann and she will see that it is collected. Wearing apparel—hats, shoes, dresses, coats, suits, etc.; jewelry, dishes, books, lamps, furniture, are a few of the articles that would be quite acceptable.

Triumphant

Triumphant as He sowed the seed,
Then proved His point by word and deed;
Did not resist the vicious throng,
But with compassion proved them wrong.

Triumphant, brought to mortal minds
The truth of prophecy and signs;
Forgiving to the final breath,
Debunked the fallacy of death.

Triumphant, to the world proclaimed
That God alone His life sustained,
And none could take what God had given;
That death of earth was life of heaven.

Triumphant, the Son of God arose
And cast aside His dying clothes;
Ascended through the timeless space,
While heaven's light shone on His face.

Triumphant, He did reappear
To gather His disciples near,
And prove by wounds in hand and side
That He was Christ whom they denied.

Triumphant, with each passing hour
The world still feels His wondrous power.
The world could not forget His love,
Or of the God He'd spoken of.

Rotary Anns Hear Girl Scout Leaders

On Tuesday evening the Clarkston Rotary Anns met at the home of Mrs. Charles Lippincott. There was a splendid attendance. At the business meeting conducted by the president Mrs. Leslie Greene, the group voted to contribute ten dollars to the Cancer Fund; to list the club meeting in the Community Calendar; and to stand the expenses of transporting a crippled child to the hospital every Tuesday morning for treatment for several weeks. Plans were completed for the Rummage Sale which will be held April 13-14.

Mrs. Ronald Walter, program chairman, introduced Girl Scout leaders, Mrs. Charles Torr, Maxine Sage, Mrs. Duane Hurstfall and Mrs. Paul DeLongchamp. These leaders outlined the Girl Scout activities and the Rotary Anns found out what a wonderful job the Girl Scout leaders were doing. They made a plea for more leaders. Everyone was sorry that Mrs. Raymond Ruggles who has been active in Girl Scout work for several years in this area, was unable to be at the meeting because of being confined to her home with a broken leg.

Mrs. Kenneth Williams was welcomed as a new member. At the close of the meeting dainty refreshments were served from a table with an attractive floral centerpiece (an Easter hat) flanked with orchid candles in silver holders. Mrs. Earl Terry presided at the silver service.

Mrs. Rolfe Smith was the co-hostess.

EXTRA LARGE EGG SPECIAL FOR EASTER

When Mrs. Ira Fagg of 9085 Reese Road gathered the eggs last week she was astounded to find a 5 1/2 oz egg laid by one of the White Rocks. The egg was well formed and measured 3 1/2 inches long and 7 1/2 inches in circumference. On opening the egg Mrs. Fagg found one complete egg with one yolk and an extra hard shell containing another egg which hasn't been broken yet.

The flock of hens is made up of fifty White Rocks and Rhode Island Reds producing at present about 3 dozen eggs a day and all extra large. Mrs. Fagg says she is careful about the feed—which is always egg pellets and ground corn.

REPUBLICAN WOMEN START FUND RAISING CAMPAIGN

Republican women were prepared with advanced planning for their 1956 Fund Raising in Oakland and Wayne Counties long before the day President Eisenhower announced his intention to seek a second term. Their aim this year is to increase the number of contributors by expanding the township organizations working on the drive. The middle of April a series of Kick Off events will start the fund raising campaign that will culminate in a luncheon May 21 at the Sheraton - Cadillac Hotel in Detroit.

Mrs. Charles Dean, Jr., originated the plan in Wayne County of having women run a parallel campaign for funds. Now this is being followed throughout the state. Mrs. Dean appointed Mrs. Brooks Marshall to direct the Oakland County organization.

Republican women in Oakland County communities will have an opportunity to show their appreciation to the President and the party he heads by working to bring financial support for the principles to which they subscribe.

In Oakland County Mrs. Marshall has area groups at work. In Independence and Springfield Townships Mrs. Rolfe Smith is area chairman. Like in all other drives these townships are anxious to get started and the enthusiastic captains who have been named by Mrs. Smith are contacting workers.

On Tuesday, April 3, at 9:30 A. M. a coffee hour will be held at the home of Mrs. Rolfe Smith, 6450 Maybee Road at which time the workers will get instructions and receive their working kits.

This meeting is strictly an organizational meeting for the workers and no money will be collected at this time. If you have not been contacted by a captain and you would like to be a worker, you are asked to attend the meeting at Mrs. Smith's home on Tuesday morning.

Captains in Independence Twp. are: Mrs. Floyd Andrews, Mrs. H. W. Huttenlocher, Mrs. Paul Jans, Mrs. Charles Lippincott, Mrs. N. E. Maytag, Mrs. Byron Nolan, Mrs. Charles Rockwell and Mrs. Ira Snader. Captains in Springfield Twp., are: Mrs. Glenn Ellis and Mrs. John Carey.

Miss Jo Ann Valentine, daughter of Mr. and Mrs. K. B. Valentine, 6423 Andersonville Road, Clarkston, had the feminine lead in "Les Eaux de Merlin", by Le Sage, the annual French play produced by Le Cercle Francois of Kalamazoo College, on Tuesday evening, March 27. "Les Eaux de Merlin" is a play from the Theatre de la Foire of the eighteenth century and a forerunner of modern musical comedy. The play, which includes, in the 18th century traditions, a combination of pantomime, light opera, popular music, ballet and drama, was under the direction of Mrs. Lindley Mills, assisted by Mrs. Marcelle Dale, both members of the Kalamazoo College French Department. The play was given in French, and there was a translation as a program enclosure.

SUNRISE SERVICE AT METHODIST CHURCH

There will be a Sunrise Service at 7:00 o'clock Easter morning at the First Methodist Church. GOOD FRIDAY AT ST. ANDREWS

The traditional Tre Ore Service will be held at St. Andrew's Episcopal Church, Drayton Plains with Rev. Waldo R. Hunt, Vicar, preaching a series of seven short sermons on "Seven Kinds of People Who Were At Calvary" on Good Friday from 12:15 to 2:45 P. M.

The service will consist of a series of seven connected 20 minute services each with a Hymn, Reading from the Psalms; A Scripture Reading, Prayers, and an eight minute talk.

In discussing his topic, Mr. Hunt stated: "Each of the groups or kinds of people: The Crowd, The Scribes and Pharisees, the thieves, the family and disciples, etc. appropriately is considered along with the seven words from the cross." It is good for us to recall that each of these types is in our own world today, and in a manner of speaking each type represented in each one of us by our various attitudes and characteristics.

Traditionally the Good Friday Offering in most Episcopal Churches is sent to "The Jerusalem and East Mission", which is carrying on a very important and strategic mission work in the Holy Land itself, under joint auspices of The American Episcopal Church and The Church of England.

Also on the Eve of Holy Saturday, St. Andrew's Bluebird Choir under the direction of Mrs. H. H. Hanson and Mrs. W. R. Hahn will visit Oakland County Hospital and Infirmary and sing Easter Music. Rev. W. R. Hunt will officiate at a Pre-Easter Communion Service for the members of The Men's and Women's Home Departments there, at the invitation of Howard Estes, Superintendent.

On Tuesday, April 3, at 9:30 A. M. a coffee hour will be held at the home of Mrs. Rolfe Smith, 6450 Maybee Road at which time the workers will get instructions and receive their working kits.

This meeting is strictly an organizational meeting for the workers and no money will be collected at this time. If you have not been contacted by a captain and you would like to be a worker, you are asked to attend the meeting at Mrs. Smith's home on Tuesday morning.

Captains in Independence Twp. are: Mrs. Floyd Andrews, Mrs. H. W. Huttenlocher, Mrs. Paul Jans, Mrs. Charles Lippincott, Mrs. N. E. Maytag, Mrs. Byron Nolan, Mrs. Charles Rockwell and Mrs. Ira Snader. Captains in Springfield Twp., are: Mrs. Glenn Ellis and Mrs. John Carey.

The play was given in French, and there was a translation as a program enclosure.

At 8:00 P. M. on Good Friday a service will include special music by the Senior Choir of the Church under the direction of Mrs. Martin Wager. Included in the anthems will be the familiar works "Were You There?", "Sheep and Lambs" and "Art Thou The Christ?" Rev. Anderson will preach the sermon.

The traditional Maundy Thursday Communion Services will be held at 10:00 A. M., 6:30 P. M. and 8:00 P. M. The Junior Choir under the direction of Mrs. John Wiley will sing at 6:30 and the Senior Choir at 8:00.

Prior to the beginning of the campaign, a Candlelight Communion service will be held on Friday evening, March 30, at 8 o'clock.

Colorful eggs and ham will highlight the Easter holiday. According to Mrs. Josephine Lawyer, Consumer Marketing Information Agent, large size white eggs will be lower this week, and ham will be sold in a variety of cuts to please every family's needs.

Hams are sold whole, sliced as butt and shank halves, and as center ham slices, butt ends, and shank ends. The butt portion usually sells for a higher price per pound than the shank portion for it has a higher proportion of lean and less bone. A large number of hams are quick cured. These may be "tendered", "ready-to-eat" hams are cooked enough that further cooking is not necessary. "Fully cooked" hams must possess the appearance and eating quality of completely cooked hams. Since canned ham is ready-to-eat, boneless, and has little waste, the price per pound is

somewhat higher than other types of ham. Considering that canned ham yields 4 servings per pound compared to other types which yield from 2 1/2 to 4 servings per pound, the large canned ham is sometimes just as economical. It pays to read labels and follow the packer's instructions when preparing ham. Usually smoked ham is baked at 325 degrees F, and the length of time depends upon the size of the ham and the type of cure.

Fine quality kiln-dried sweet potatoes are reasonably priced to complement the Easter ham. Cauliflower, broccoli, and green beans are improving in quality and may be the family's choice at a few cents per serving. Whether served cooked or raw, carrots are one of the best vegetable buys now that larger supplies are arriving in the markets. Dry onions and Irish potatoes, on the economy list, are elegant enough to add to any meal.

**GLAZE FOR HAM

1 cup brown sugar, solidly packed
2 tablespoons bread flour
1 teaspoon cinnamon
1/2 teaspoon ground cloves

1/4 cup honey
A little pineapple juice, wine or gingerale

Combine the brown sugar, flour, cinnamon, and cloves. Add honey. Then, add about 1 or 2 tablespoons, more or less, pineapple juice, wine or gingerale, to make a very thick paste. Mix until smooth. Pour over top of ham, and with a fork spread it as uniformly as possible, being careful not to have it come down

on sides too far. Place ham back into oven, raising temperatures to 425 degrees F, and bake about 20 minutes or until nicely glazed.

BASEBALL PRACTICE UNDERWAY

With spring in the air, many of the young men at C. H. S., have directed their attention to spring sports. Baseball has been in progress as the pitchers and catchers have been working in the gym to get their arms conditioned.

The remaining team began practicing this week. There seems to be a great deal of enthusiasm

and interest, which is a good, healthy sign of a promising baseball team.

CLARKSTON STUDENTS PLACE IN FORENSICS

Three Clarkston High School students won first and runners-up honors at the annual Spring Forensic Contest held at Clarkston, Thursday, March 22. Forty students from seven area high schools were represented. Mrs. Barbara Gjbson presided as District Chairman.

Clarkston participants were as follows: INTERPRETIVE READING - Barbara Lounsbury, with "The White Cliffs" placed first; Judy Weaver won second place honors with her selection, "Mama's Bank Account"; HUMOROUS READING - Patti Jo Hart, gave her selection "I Just Learned How To Drive", but failed to place in the top two positions; EXTEMPORE SPEECH - Ron Johnson won first place, speaking on the topic, "Should Labor Unions be Subject to Federal Anti-Trust Laws?"; Ira Pence failed to place with his question, "Are We Ahead in the Atomic Race?"

Other contests held were Declaration and Original Oratory. In all, Northville won two first places, and three second places. Two winners were from Clarkston, with another finishing in second. Representatives from Holly and Brighton won two second places. Both winners and runners-up will compete in the Regional Forensics next month.

Judges in this competition were Dr. Wilson, Paul and Mrs. Moire of Michigan State University.

It can safely be said that this was the best Forensic season in the history of the Clarkston High School. The debate team placed second in the regionals, as well as in the league. In Spring Forensics, Clarkston has its first district winners in three years.

EASTER BASKETS FOR CHILDREN'S HOME

Through the combined efforts of the Hi-Y, art classes, and home economics department, the Children's Home in Pontiac will not be forgotten at Easter. These groups are making and filling Easter baskets for the children there.

Easter egg colors must conform to the regulations of the Pure Food and Drug Administration states Mrs. Josephine Lawyer, Consumer Marketing Information Agent in Pontiac. These pure food colors are harmless and who could measure the happiness they bring at Easter-time?

Old Jerusalem Is the Scene of World's Greatest Galaxy of Christian Shrines

The Kingdom of Jordan boasts in and around Arab Jerusalem what is perhaps the greatest collection of religious, historical and cultural shrines in the world. The Old City has been sacred for centuries to the three monotheistic faiths, Christianity, Islam and Judaism. Outstanding to most pilgrims is the Holy Sepulchre, the legendary church of Christ's resurrection and the most revered site in Christendom. Of hardly less interest is the 7th Century Dome of the Rock, a Moslem shrine from which Mohammed is reputed to have ascended into heaven.

Among other notable sights are the Via Dolorosa, or Way of the Cross, along which Christ is believed to have walked to Calvary; the Garden Tomb, which many Protestants prefer to regard as his last resting place; the Tomb of the Virgin Mary; the magnificent Church of All Nations and the adjacent Garden of Gethsemane; and the immortal Mount of Olives, the place of the Master's ascension.

As one leaves Jerusalem the Bible unfolds before him every foot of the way. Within a short drive are little Bethany, traditional home of Mary, Martha and Lazarus; Bethlehem, of song and story with its Church of the Nativity and Shepherd's Fields; Jericho, which some archaeologists believe to be the world's oldest city; the Jordan River and its relics of Christ's baptism by St. John; and the Dead Sea, the lowest spot on earth.

The most pleasant time to visit Jordan is in spring when the hills and valleys are carpeted with Biblical flowers or in the fall when the tang of a New England autumn is in the air.

USE EASTER SEALS; HELP CRIPPLED CHILDREN

Crippled children sent their personal appeals into the homes of Independence Township residents on March 7th urging friends who may have forgotten them to mail their contributions off to Easter Seals before the campaign closes April 10.

With their plea, a statement by Mrs. Elizabeth Kirkby, Executive Secretary of the Oakland County Society for Crippled Children and Adults, Inc., answered questions asked by contributors to the annual campaign.

Q. Who sponsors the Easter Seal appeal?

A. The Annual Easter Seal appeal is sponsored by the Oakland County Society for Crippled Children and Adults, Inc., in Oakland County. It is one of 1,655 affiliated units of the National Society for Crippled Children and Adults located throughout the United States, Alaska, Hawaii and Puerto Rico. The National Society is the oldest and largest voluntary agency serving the crippled. It was founded in 1921. The Oakland County Society was established in 1925.

Q. What is the purpose of the appeal?

A. It secures funds to provide services for crippled children and adults which are not provided by any other organization. The Easter Seal appeal is the only drive in which the society participates.

Q. What direct services does the society provide?

A. Services vary throughout the country, depending upon the needs in various localities and upon finances. Your Easter Seal Society in Oakland County provides doctors examinations, x-rays, wheel chairs, braces, crutches, pre-school and special training for cerebral palsy children; a two-week camping program, dental care for physically handicapped children, instructor for teaching braille to adult blind. More than 90 per cent of funds raised in Michigan remain within the state to provide direct services for crippled children and adults. The remainder is used to finance the nationwide program of the National Society for Crippled Children and Adults in areas of education, direct services and research, including the National Easter Seal Research Foundation. Outstanding counselors and consultants at national headquarters help local Easter Seal Societies develop their programs.

Q. How does the Society determine which children are to be served?

A. Parents are urged to apply for services for their crippled children whenever they are needed. However, the Society is financially unable to pay for hospitalization or surgery and we recommend that parents who have this type of treatment apply to the Michigan Crippled Children Commission, a tax supported agency, which administers the Afflicted Children's Act and the Crippled Children's Act which provide for medical care and treatment requiring hospitalization of afflicted and crippled children. Other agencies and individuals such as doctors, nurses and clergymen are encouraged to refer crippled children and adults for help.

Q. Who directs the Easter Seal Society policy?

A. Volunteers form the basic structure of the Easter Seal Societies. Some 250 people serve as volunteers, as members of boards and committees of the Oakland County Society for Crippled Children.

Q. Do qualified professional workers provide the services which children and adults re-

ceive at the Easter Seal centers? A. Yes. Professional staff members employed by the Oakland County Society for Crippled Children include: Mrs. Leon Skelley, Pontiac, teacher of the classes for cerebral palsy children; Mrs. Edwin Lau, Royal Oak Speech Therapist; Mrs. C. F. Speck, Walled Lake, and Mrs. Robert Long, Pontiac, Physical Therapists; and Mrs. John McCormick, Pontiac, braille instructor. All Easter Seal programs are planned and directed by liaison officers and counselors representing every medical specialty and related fields. The Easter Seal Society actually helps

train competent personnel in specialized work for the crippled by providing scholarships, fellowships, and grants. Mrs. Kirkby said in issuing the statement, that information regarding the Easter Seal Society program can be received at any time from the Oakland County Society for Crippled Children, 152 West Lawrence Street, Pontiac, Federal 4-7821.

4-H CLUBS SET
ACHIEVEMENT DAY

by Jack Worthington
4-H Club Agent
Volunteer leaders of the more than 1,800 youthful Oakland County 4-H Club members have organized committees and planned the work that must be done by April 7, the date set for Spring Achievement Day, according to Jack Worthington, Oakland County 4-H Club Agent.

On Achievement Day, projects which 4-H Club boys and girls have worked on all winter are brought together for judging and exhibiting to the public. It is a day looked forward to with great anticipation by the many Oakland County rural and urban youths, said Agent Worthington. Projects exhibited by the young people include wood-working and other handicrafts (plastics and ceramics), electrical, food preparation, clothing, conservation practices, health and safety, and many others. They represent efforts of vigorous young minds to learn new skills and to channel their energies into methods of being more useful citizens, Worthington stated.

The agent explained that all projects are judged on the difficulty, originality, quality of the finished product, and the number of years of experience the 4-H Club member has had in the type of project exhibited. Each project is put into an A, B, or C group depending on how well the young exhibitor has met these standards.

A style show or Dress Revue as the 4-Hers call it, is being planned for Saturday evening when clothing exhibitors will model their efforts for the benefit and pleasure of all attending. The ten best garments will be

chosen from the basis of quality of the work and suitability of design and color. The owners of these projects will receive County Dress Revue pins. The winners of the Dress Revue will represent Oakland County in state-wide competition held at State 4-H Club Week at Michigan State University in July. The best of the other exhibits will also be chosen to be exhibited in the State Show competition, said Club Agent Worthington.

EARLY-TRANSPLANTING
OF STRAWBERRIES

by John K. Bray
Ass't County Agr'l Agent

Early transplanting of strawberries pays off in bigger yields the next year, reminds John K. Bray, Assistant County Agricultural Agent. Runners that form in June will produce twice as many berries the next year as runners that form in July, he points out. This is true for the June bearing varieties. Ever-bearing varieties produce the best crop the same year they are planted.

Agent Bray says that Harry Bell, Extension Horticulturist at Michigan State University, recommends setting out plants as soon as the ground can be suitably worked in the spring. For Oakland County this date is usually around April 15. Agent Bray also advises growers to set plants about 28 inches apart. The ideal spacing is no more than four plants per square foot by September 1. Many growers, he points out, have been setting plants about 18 inches apart because of likely losses of several plants. However, plants have become more vigorous with increased control of diseases and insects so that fewer die now.

Biblical Damascus Greet the Tourist
With Mixture of Ancient and Modern

The 3,000-year-old city of Damascus, generally accepted as the oldest continuously-inhabited community in the world, welcomes the foreign tourist with a curious blending of the ancient, as typified by its skyline of minarets and the modern as exemplified by its network of broad boulevards.

As the gateway to the vast Syrian desert and a terminal for the caravan trade from the East for centuries, the Oasis of Damascus was created and is sustained by the Barada River, known to history as the "River of Gold." So lush is its vegetation that some Arabs regard it as the site of the Garden of Eden, and Mohammed the Prophet, viewing its flowing waters from afar, is reported to have refused to visit it for fear it would spoil him for Paradise.

Damascus has been the capital city of many a dynasty and is at present the capital of the Syrian Republic with a population of about 400,000. Old as it is and preserving the ancient touch in certain quarters, new Damascus enjoys some modern construction which is equal in beauty, architecture and sanitation to any city in the world.

The foremost attraction in Damascus is the Omayad Mosque which, at one time, was the Temple of Hadad, "an Aramean God." Later transformed into the Temple of Jupiter, in the 4th Century it was turned into a church of St. John the Baptist and four centuries later Caliph Walid first converted it to the present Mosque.

This typical oriental Mosque is striking for its vast pillars and beautiful byzantine mosaic decorations. The Tomb of Saladin, Saracen conqueror of the Christian Crusaders, is perhaps the most compelling sight in the neighborhood of the Mosque.

BLOCK AND BRIDLE CLUB
TO HOLD HORSE SHOW

by Lyle Abel
County Agricultural Agent

The Block and Bridle Club, a student organization interested in Animal Husbandry, will hold their 8th Annual Horse Show Friday and Saturday, April 6 and 7. Proceeds derived from this event, according to Lyle Abel, County Agricultural Agent, are used for scholarships, paying expenses for the intercollegiate Meat Judging Team, the Junior and Senior Livestock Judging Teams, and the many livestock activities promoted by the Club.

This popular horse show features student competition in the Western Pleasure and Working Classes and in the three and five gaited Flat Saddle Classes. Many of the students will be using their own mounts, others using borrowed horses or horses owned by the University. Special features include a Cutting Horse Contest, an 8-Pony Exhibition Hitch, Golden Retriever Dog Act, Clown Mule Act, Roman Riding Act, and Light and Heavy Horse Pulling Contests. Ten select pulling teams, five in each weight division, will compete in these featured contests on Saturday afternoon, April 7. These teams come from Michigan, Ohio, Indiana and Kentucky.

TIME IS RUNNING OUT

Less than 3 weeks remain to prepare and file your Federal income tax return and pay any taxes due to the Internal Revenue Service. That was the word today from A. M. Menninger, director of the Detroit Revenue district. He urged taxpayers in Michigan to get to work at once on their returns if they have not already begun such action. Remember, April 16 is the final date for filing your 1955 income

tax return. Don't wait until the last minute.

By filing before the last-minute rush, Mr. Menninger stressed, taxpayers will avoid last-minute crowds and also will be able to prepare more accurate returns. In addition, those who are entitled to refunds, will receive them sooner.

The District Director emphasized that taxes should be paid by check or money order and made out to "Internal Revenue Service". Returns should be addressed to District Director, Internal Revenue Service, Federal Building, Detroit 31, Michigan. Telephone service and personal assistance is still available to those who need it. Contact your nearest Internal Revenue office for this type of help.

Food Sense—Not Nonsense

Let's Clear The Lunch Hurdles

Let's get the jump on the carried lunch. Packing it can be a bit of a game. Knowing the rules, sends us flying clear of the hurdles.

Hurdles to trip us in this morning dash to prepare the away-from-home meal are: Making it nutritionally sound and packing enough food to meet energy and nutritional needs. Wherever this lunch is eaten—school, office, or plant, it can be inviting, nutritious, and economical.

The good lunch supplies one-third of the day's food requirements of calories, protein, vitamins, minerals and energy. Such a simple lunch pattern is recommended by the National School Lunch Program. It includes two ounces protein-rich food; three-fourths cup vegetables or fruit, or both; one or more portions of enriched or whole grain bread, two teaspoons butter or margarine and one-half pint milk.

This pattern as seen in the packed lunch includes one or more protein-rich foods—meat, eggs, cheese or peanut butter which may be used as sandwich fillings. Sandwiches are two fold sources of protein-rich foods—fillings and enriched bread. Four slices of enriched bread contribute approximately 12% of the daily protein needs as recommended for the average young man. Active adults and teenagers need two or three such sandwiches.

Fresh vegetables are carried as relishes or salads. Lettuce may be packed separately to be added to the sandwiches at lunch time. Desserts give the satisfying, finishing touch to the packed lunch. Cake, cookies and pies, from bakery or food mart, do double duty, too. They add variety and help meet the high energy needs of growing children, teenagers and adults who are on-the-go.

Card Of Thanks

My sincere thanks to all of my friends and neighbors for their cards and good wishes during my stay in the hospital and my deepest thanks to the Clarkston Branch of the Red Cross for supplying the necessary blood for my recovery.
