Rotary Anns Elect Officers

On Tuesday evening the Clarkston Rotary Anns met at the home of Mrs. F. E. Davies on S. Holcomb Street. Mrs. Garnet Poulton was the co-hostess.

The president, Mrs. Leslie Greene, conducted the business meeting when the group voted to hold the installation luncheon on Tuesday, June 5th, at one o'clock, at The Old Mill Tavern. Election of officers took place with the following being named: president, Mrs. Ira Snader; vicepresident, Mrs. Ronald Walter; recording secretary, Mrs. William Race; corresponding secretary, Mrs. Keith Hallman; treasurer, Mrs. Frank Ronk; directors, Mrs. Charles Lippincott, Mrs. Rolfe Smith and Mrs. Leslie

The guest speaker was Leslie Greene, superintendent of the Clarkston Community Schools. Mr. Greene's theme was "The Good Old Days". He compared the school program of today and its results with those of bygone days and the listeners decided the schools of today were doing a marvelous job.

Dainty refreshments were served from a lace-covered table centered with spring flowers and yellow candles in silver holders. Mrs. Robert M. Atkins presided at the silver service.

Rotary Club News

The Clarkston Rotary Club was host to the Lake Orion Rotary Club on Monday. The regular weekly meeting was held at Sarasota, Florida. He accepted the Community Center. About the position as principal in the 20 members of the Lake Orion | Clarkston | Schools | and | has Club were present.

The speaker of the evening was fall of 1951. Joe Haas who gave the early history of Oakland County which was thoroughly enjoyed. Mr. Haas was introduced by a brother newspaperman, W. H. Stamp.

Dinner was served by a committee of the Clarkstoon Pioneers.

SPRING FIZZLED THIS YEAR, BUT SUMMER IS A CUM'N

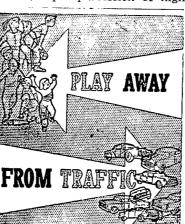

Chances are that we have skipped spring altogether this year, according to a University of Michigan meteorologst, and the odds favor a cooler summer than last.

The psychological effect of a late spring-or none at all-is rough on the public, says A. Nelson Dingle, but actually records show that Michigan's winter was much closer to normal than the man in the street seems to think.

Much of his impression of a long, cold winter comes from the fact that winter started early with a very cold November and a relatively cold December, Dingle states. January was near normal, but February was very

"Then winter got a shot in the arm when March brought a sudden drop again", he says.

The biggest disappointment came in April when people began expecting spring and instead got more cold blasts from a continual, rapid procession of high

pressure areas moving across the | several meetings between Mich-State from Canada, Dingle observes.

This, "North American refrigerator", as he describes it, is a cold air source region because the air there constantly loses heat by radiation to the polar night, and is linked up with the frigid Siberian area across the North

Predictions for May are that temperatures will be average, which means about 73 degrees for the Detroit area during the day, 71 degrees for Grand Rapids and environs, and 66 for Alpena and other northern Michigan cities, Dingle says.

layed spring, he mentsons the benefits for the Great Lakes fruit harvest—"the buds don't reach the frost sensitivity state until the chance of frost occurring is almost nil."

Some consolation to Michiganders may be found in the fact that the East coast and Northwest sections of the country were much worse off, the meteorolo-

What about the influence of the winter on summer weather? "The best we can do is predict a normal summer, but odds do favor a less extreme one than last year", he says.

Weathermen have said, however, that tornado activity in the area will probably be greater than in past years. This prediction has already worked out.

So the summer looks to be as disturbing as winter, in its own

Mayor William W. Donaldson congratulated Higgins and the Authority on "your fine spirit of cooperation" and presented Higgins a copy of of the council resolution.

After discussions with Pontiac officials, the Authority shifted the pike location slightly at Southeast Pontiac to avoid a new housing subdivision and agreed to ask their traffic and revenue engineers to review a possible shift in the Northeast On the "plus" side for the de- Pontiac Interchange from Perry to Walton Boulevard.

The Turnpike runs through a ittle over a mile of property within the Pontiac city limits.

"This is the first of a number of route location argeements I'm confident the Authority will be able to negotiate," Higgins said.

Pontiac authorities have worked with us in a willing spirit of negotiation. If this same spirit prevails in the other communities affected, I'm sure agree-

ments can be reached. "All of the affected communities realize expressways are needed now to reduce the tremendous traffic congestion they face and cut down the death toll on Telegraph Road, U. S. 10, and other routes which the Turnpike

will relieve of traffic. "I'm hopeful that further agreements on location can beannounced soon."

NEW TROOPERS GRADUATED | Michigan area served by the com-BY STATE POLICE

Graduation exercises for 105 Michigan State Police troopers, the second half of the 200 men authorized at the November special session of the legislature, were held in the Fairchild theater on the campus of Michigar. State University.

A capacity crowd, including families, friends and others, filled the theater to watch the newly trained officers receive their badges and the personal congratulations of Governor G. Mennen Williams and State Police Commissioner Jeseph A. Childs.

At the time the commissioner asked for and received authorization for the additional troopers he promised they would be recruited, trained and ready for patrol by Memorial Day. The first half were graduated April 6.

In the fall the men will be brought back for training in advanced subjects. This will probably be the pattern of all future State Police schools, a period of field service intervening between basic training and the advanced course.

Another 168 men were authorized at the regular session of the legislature just closed. Recruiting for these men is now underway with midnight, May 30, as the deadline for filing applications for the first school.

PAY INCREASE

FOR EDISON EMPLOYES

A two and one-half per cent base pay increase for all employes of Detroit Edison will take effect June 4, it was announced today.

Executive Vice-President Charles R. Landrigan explained that the action was in accordance with Detroit Edison's policy of maintaining pay levels in favorable relationship with those of other large employers in the company's service area.

The increase of two and onehalf per cent, with a minimum of 6 cents per hour applies to all weekly paid employes in trades and operating, office and clerical, as well as supervisory and staff

WE CERTAINLY get a kick out of teen-agers. It's for them and for parents, too. Take the matter of telephone conversations, Is anything more earnest, more confidential, more important? That's probably why telephones right in teen-agers' rooms have

proved so popular. The youngster is able to speak in relaxed privacy. And the rest of the family isn't distracted from what it's doing. An extension phone in your teen-ager's room will cost about \$1 a month. And by the way, they make very welcome graduation gifts.

EVER BEEN CAUGHT when you wanted to make a phone call but couldn't because all the places with public phones were closed for the night? You'll usu: ally find the answer now in new outdoor phone booths, lighted and open 24 hours a day, every day

of the year, You'll find them handy wherever you are. About 2,800 of them are now located in Michigan towns and on main highways, and many more are on the way to make a telephone available for you-any time-in the most convenient places.

with the workshop tools' that get badly damaged or worn? Toss them in the trash can? Here at the telephone company we send work-worn tools to the Detroit repair shops of Western Electric, manufacturing and

supply unit of the Bell System. They are returned 1 and constructo our telephone installers, re tion people as good as new, I retter than buying new tools? You bet. Tool repairs save us thousands of dollars a year. That's the kind of economy that helps keep down the cost of telephone service.
