MILK starts the day right!

Fresh from the farm!

# **ENJOY MORE MILK...** For Health and Vigor the Thrifty Way Drink 3 Glasses Every Day!

When you buy delicious, refreshing milk you receive double your money's worth in food value. The average housewife spends fifteen per cent of her food budget for milk and milk products. But she is actually buying thirty per cent of her family's nutrie tional needs.

This unsurpassed bargain in good living is one of nature's bountiful gifts, assisted in large measure by your dairy farmer. During June, recognized across the land as Dairy Month, pure, wholesome milk is in abundant supply. Add to your pleasure and health by making fresh milk your drink, this month and every month.

The figures are in for another year! During the past year Ford sold over half a million more eight-cylinder engines than its nearest competitor . . . more, in fact, than its two low-priced competitors combined, This victory is the latest in a long string of similar victories, For Ford has led the world in V-8 sales and V-8 manufacturing experience over the past 24 years.

We're celebrating our greatest year with even more of the V-8 "soup" that's become a Ford trademark. Now you can have the terrific 225-h.p. V-8 in any Fairlane or Station Wagon model with Fordomatic Drive ... or get the mighty 202-h.p. V-8 as the standard eight, at no extra cost. Also, the 202-h.p.
