## YEARLY C. A. I. FAIR STARTS FRIDAY, JUNE 22

### Rotary Club Has Ladies Night

On Monday evening the Clarkston Rotary Club held its Annual Ladies Night at the Elks Temple in Pontiac. A delicious dinner was served at seven o'clock. As each lady entered the dining room she was presented with a rosebud corsage. The invocation was given by Alfred Lee.

Following the dinner, Ronald A. Walter, president of the club, welcomed the group and introduced special guests, George H. Hartrick, Governor of District 222 of Rotary International, and Mrs. Hartrick, of Royal Oak. Several other guests were introduced. President Walter then expressed his appreciation for the fine cooperation he had received from the members of the club during his year, 1955-56. He then asked the incoming president, William H. Stamp, to take a bow.

One of the highlights of the evening was the presenting of the Past President pin. This was done by Robert L. Jones, who, in behalf of the club, thanked Mr. Walter for a job well done.

Rotary Governor Hartrick spoke briefly and praised the Clarkston Club for a successful year and also thanked the members for making his year as Governor one to be remembered as one of all-out cooperation.

The program chairman, Frederick P. Warrick, was proud to present his mother, Mrs. Charles F. Warrick, of Detroit, who showed colored slides of her last long trip which took her to Hawaii, Australia, the Philippines, Japan, India and other interesting places in the Far East. Some of her inland short trips were by motor car, but mostly she travelled by plane. She was gone about three months.

### Tops

There are numerous ways that you can express your feelings of sorrow or real happiness. Each move that you make, your feeling discloses Love is best shown by a dozen red roses.

Of all the fine flowers that bloom in the spring there are none, so much love and affection will bring; And open up hearts wherever it goes. As the beautiful bud of a single red rose.

All the fragrance and colors of flowers combined, In one little bud you will see it enshrined; And if you inhale its scent thru your nose, There's just no mistaking the bloom of a rose.

So many are good, but there's always a best. A few will stand out to o'er shadow the rest. The judging is easy, for everyone knows, There is nothing to equal the bud of a rose.

If you would remember a friend who is gone, Go pick a fresh rose at break of the dawn; Then, close by his picture just let it repose, And witness the strength of the love of a rose.

All heaven is filled with their fragrance, I'm told, Their value is greater than pavements of gold, I think it was fitting when God wisely chose To give earth and heaven the gift of a rose.

### Army Readies Site For Scout Roundup

Soldiers of Engineering Co. A, Fort Leonard Wood, Mo., have taken over 1500 acres of the Highland Recreation Area. Their job is to have everything ship-shape by June 28 when Girl Scouts from all over the country begin arriving for their first national encampment.

The soldiers, 165 strong, arrived on June 1 to set up headquarters tents and hospital units, chaplains' supplies, desks, walk-in refrigerators and much of the other equipment which will be the backbone of this temporary city.

Army personnel, totalling almost 400, will also come from Fort Sheridan, Ill., Camp McCoy, Wis., and Fort Wayne, Detroit. There will be 18 in the Signal Detachment, 158 in the Hospital Detachment and 56 Military Police will be on hand to patrol the outer areas.

The rest of the "Senior Roundup City" will be set up in two days, June 28 and 29. In a democratically planned operation, 5,000 American Girl Scouts, plus six Ranger teams from foreign countries, will build an all-girl city of tents. They will unpack gear, pitch 6 ft x 7 ft tents, convert stacks of boards into tables and benches, make kitchen cabinets out of boxes and canvas, set up charcoal stoves, hang clotheslines, and a camp will have become a home!

In addition to the girls' tents, there will be 550 tents, 9 ft x 9 ft, for the adults, and 30 large tents, 40 ft x 80 ft. These last, already set up by the Army, will house information centers, the swap shop, the commissary, the exhibitions, headquarters, trading posts, lost and found, the motor patrol, the snack bar, the hospital and five will be food distribution centers.

During the encampment, visitors will be welcome from 10:00 A. M. to sundown, after Sunday, July 1. Three scouting spectacles have been arranged. These will be staged in the natural amphitheatre a 2 1/2 acre arena which will seat 10,000.

#### RED CROSS TO HOLD SPECIAL MEETING

An important meeting is to be held in Springfield Township Hall on June 27th at 8:00 P. M. sharp. Doors will be open at 7:30. This meeting of one hour duration is by the American Red Cross, under the leadership of Mrs. Mildred Bennett of Pontiac Chapter. The last three years we have had tornado alerts, and Flint has suffered loss of lives and homes. According to readings of professors on tornadoes for at least ten years we are in the tornado belt due to the change of a jet warm air stream. The purpose of the meeting is to inform the community of what part the Red Cross plays in case of such a disaster.

It is requested by Civil Defense Headquarters that all possible should attend. The following groups are especially requested to attend: P. T. A. and Davisburg School Principal, Business Men, Fire Department, Farm Group, W. S. C. S. ### Many Attend Horse Show

Grey skies and showers or rain in the morning of Sunday, June 17th, did not keep away the young riders who were set to have a good time at the Junior Horse Show on the grounds of the Glenn Ellis farm. Optimistically, entries were taken for the 17 events, while the president of the club, Lyle Garnett, could only assure that there wouldn't be any dust that day. Trailers and trucks began to arrive, groups of horses with their riders sometimes protected by panchos rode onto the grounds, and soon after the set hour the first event was called. The rain stopped, and everybody agreed that really this was perfect weather for horseback riding, and for viewing, too. Later in the day, the sun shone, and lots of spectators flocked in to see the show.

### Fifth Graders Receive Citation

Students of the 5th grade, Clarkston Community Schools, have been awarded a Citation of Merit by the trustees of The American Museum of Immigration for their contribution toward the establishment of the proposed Museum at the foot of the Statue of Liberty. It is expected to arrive within the next few days.

In a letter received from Pierre S. du Pont, 3rd, of Wilmington, Delaware, chairman of The Museum's executive committee, the class was cited for their "patriotic participation in Operation Unity", the project to mobilize the free-will gifts of the American people to "pay tribute to the epic role of immigration in building our great Nation of Nations".

"It is good to know", Mr. du Pont continued, "that your contributions will be recorded in the permanent archives of The Museum which will give new meaning to the Statue of Liberty."

"Having thus, as youths, identified yourselves with our National Shrine which is dedicated to freedom and opportunity, you will, as adults, help to preserve our liberty and increase the harvest of our opportunity."

The contribution was mailed directly to A. M. I., Statue of Liberty, U. S. A., the official post office address of the proposed Museum.

15. Tennessee Walking Horse: Dottie Ellis won her trophy and blue ribbon with Maker's Star; John Hornbach, 2nd with Royal Rhythm Alan; Jim Ellis, 3rd with Flash; Judy Collins, 4th with Red Rival.

16. Pick Up Race: Jerry Stanley entered this class with 2 horses, and won 1st with Chico and 4th with Sunny; 2nd went to Allen Vance on Champ; 3rd to Sandy Wells on Cloudy Badger.

17. Bale Race: Just then the thunder filled the air and the rain came down in torrents. The young people riding the bales pulled by the horses had a muddy ride. 1st went to Del Munson on Chico; 2nd to Fred Robinson on Dolly; 3rd to Allen Vance on Frank; 4th to Sally Gray of Davisburg.

Officers and members of the club, both Juniors and Seniors, did all the work involved in putting on the horse show. Ken Carpenter, assisted by Ardie Grubaug, worked tirelessly as ringmasters; Lyle Garnett, president, did an excellent job of announcing over the loudspeaker which had been brought to the grounds by Frank Green. The refreshment stand was in the capable hands of Mr. and Mrs. Vance aided by many others. No mishap of any kind marred the day Sunday; and although rain started and ended the show, everybody agreed that they had a "marvelous time."

The Waterford Township Recreation Department announces summer plans for township residents leisure time enjoyment.

Particularly focusing attention on youth activity, summer activities will include swimming instruction, playground programs, day camping, softball leagues and social clubs.

"We feel a responsibility of helping parents answer the question asked frequently by children following the close of school—'What can I do?'" states recreation superintendent, Tom Belton.

"With this in mind," continues Belton, "plus the realization that children's abundance of leisure time in the summer can be put to either a beneficial or harmful use, we are planning activities best suited for our youths enjoyment and health while keeping within the limits

of our finances. Activities are planned so they will not be in competition with the children's leisure time. Swimming instruction will begin June 18th, at designated beaches in Waterford. Playground programs will be conducted beginning June 25th at six elementary school grounds, while the day camp will run the last five weeks of summer vacation.

A twilight, Little and Junior softball league will be in operation through most of the summer. Boys and girls who are interested, and can meet the age requirements, will have an opportunity for participation in all of these programs during the summer months at little or no cost.

"All activities are planned with the purpose of helping people realize the most possible from their leisure time in terms of fun, and growth. All recreation staff members are qualified for their position and programs are designed not only for individual enjoyment but for education in an informal fun atmosphere," concludes Belton.

Recreation booklets describing these activities in detail were distributed through the schools and other organizations the first week of June. Additional booklets may be obtained at the recreation office in the Community Activities Building on Williams Lake Road.

**SUMMER WORKSHOP**  
BY M. S. U.

It will be like old times for Harry T. Hahn when he dons a "professor's robe" to teach a summer workshop in Pontiac for Michigan State University. Although known chiefly in the area as director of the Oakland County Reading Service, Mr. Hahn is a former professor of education from Lehigh University.

Mr. Hahn will ring the bell to start the Michigan State University "Creative Reading Workshop" at 8:30 a. m., June 21 at the Longfellow Elementary School. The course, offered primarily for interested area teachers, will continue to meet through July 18.

"Michigan State is happy to be able to secure Mr. Hahn, a qualified instructor, to teach this course," reports Leslie W. Scott, director of the expanding M. S. U. Continuing Education program. Pontiac is one of 19 Michigan communities in which M. S. U. will conduct summer courses.

In addition to lectures, demonstrations and discussions in

creative reading, the workshop also will cover the use of puppetry, visual aids, etc., and will include the preparation of several activity units for use in the classroom.

Josef Gutekunst, professor of art education, State Teachers College, Penna., and Edwin Crandell, Birmingham principal, will aid Mr. Hahn for the special workshop faculty.

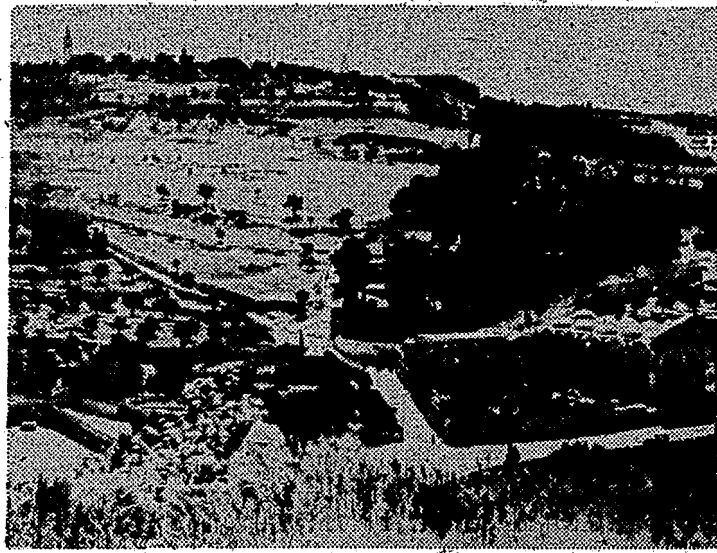

**MISS UNIVERSE CONTEST**  
IN MICHIGAN

Competition for the selection of Michigan's Miss Universe to represent the state in the Miss United States and Miss Universe 1956 contests was announced Saturday by Joseph Eaton, director of the contest in Michigan. This is the fifth annual competition.

Any girl interested in the thrill of a sponsored trip to California with expenses paid and the opportunity to compete for a movie contract may apply to enter the preliminaries. To be eligible, she must be between 18 and 28, married or single.

Applications must be received not later than June 22. They

**MOUNT OF OLIVES:** Arab Jerusalem is the religious capital of the Kingdom of Jordan, one of the Bible Lands, and is divided into two parts: The Old Walled City containing the Church of the Holy Sepulchre and many other Christian shrines, and the modern city sprawling just outside the walls amid the hills of Judea. The modern city embraces the Garden Tomb, regarded by many Protestants as the true burial place of Jesus. (Math 27:59). Shown in this picture are the Mount of Olives in the background, whence the Master is believed to have ascended into Heaven, the Stately Church of All Nations in the right foreground flanked by the Garden of Gethsemane and the seven-domed Church of St. Mary Magdalena, just behind the former church. Springtime has splashed this sacred site with all the colors of the rainbow.

equator, most northerly point reached by the Sun in its apparent yearly journey, Professor Losh explains.

Today we'll have our longest daylight, 15 hours, and shortest night, 9 hours, she adds.

But we won't be having our warmest days even though we'll be having our longest, says the astronomer. "The peak heat of the season usually comes from four to six weeks later, because the temperature continues to rise as long as more heat is received during the day than is lost at night."

Luckily we are farthest from the Sun during our summer and nearest to it during the winter so our seasons are a little milder than those of the southern hemisphere, she reminds. And because the Earth is moving a little more slowly in its orbit around the Sun during the summer, this season is slightly longer than the winter—even this year's winter, she maintains.

**CONCENTRATED FURY** of a tornado is unmatched among all natural disasters. Here civil defense rescue workers search among the debris of Udall, Kan., for some of the 74 dead and hundreds injured by the twister on the night of May 25, 1955. Special cutting and lifting equipment of the civil defense "Calamity Jane" rescue truck at left enabled them to reach many victims trapped by rubble who might otherwise have died in the first hours. may be made at any of the Arthur Murray Studios of Dancing in Michigan. The applicant will be provided with complete information about the contest.

Judging of state entrants will be held at Northland Center in Detroit on the afternoon of June 30. This will be followed by final judging and presentation of the winners at a ball at the Masonic Temple in Detroit.

Winner of the Michigan contest will enter the beauty pageant at Long Beach, California, July 12-22, where 90 beauties from all over the world will compete for the Miss Universe title, and those from this country for the Miss United States crown. Winners of both titles will be given a movie contract with Universal-International Studios.

A wide variety of prizes will also be given runners-up in the contests.

**TELEVISION CAN BOOST FAMILY TOGETHERNESS**

Television can be a boon or a bomb to your family life.

Before you decide which it is in your family, consider the amount of reading being done by each family member, the quality of school work done by the children, the play and sleep habits of the family and the amount of time the family spends talking together, suggests Mrs. Lennah Backus, family life specialist at Michigan State University.

Mrs. Backus goes on to say that television can help your family unity if you work with it. She tells of six ways this can be done: First, study the programs that your children like best and notice how they react to them. There may be clues to their needs that parents can help fill.

Share some of the programs with your children. Discuss the stories and help them realize the difference between phoney and real-life situations.

Notice whether your children seem to fall back on television because there is nothing better to do.

Guard against radio and television being a child's only outlet for a natural tendency toward aggressiveness.

Encourage children to choose programs that sharpen their curiosity about important things such as science, travel and the lives of worthwhile people.

Finally, use television to bring

your family close together. When families must choose among programs, share some and give up some, they learn to appreciate each others interests and rights.

**SUMMER WILL ARRIVE TODAY, JUNE 21**

Summer arrived astronomically at 5:24 a. m. today, Thursday, June 21, according to University of Michigan astronomer Hazel M. Losh. She won't make any guarantees about temperatures, however.

*but a tomboy at heart!*

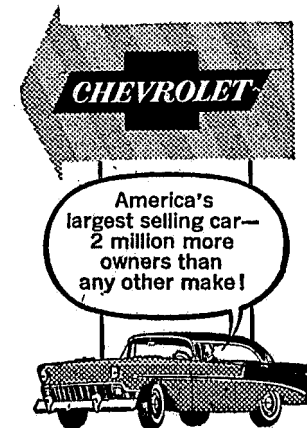

Turn Chevy out on the road to discover its real charm! For this is the beauty that recently raced 2,438 miles in 24 hours to set a new round-the-clock competition track performance record!

It happened at the famed Darlington Raceway, Darlington, S. C. A regular production Chevrolet with 225 h.p. poured it on for 24 straight hours, averaging 101.58 miles per hour, to top the Indianapolis stock car record by 280 miles!

Add that to Chevy's unparalleled record in stock car competition—and you come up with the low-priced beauty that outshines every-

body! No maybes about it. Here's proof of pep and performance that means safer, happier highway driving. Few cars at any price can hold the road with Chevrolet's grace. And it's got the stamina to stand the gaff for 24 straight scorching hours at a pace that few other cars would even attempt to match! Drop by—you'll see you can't beat Chevy for a buy, either!

Scriptural selections in the Lesson-Sermon entitled "Christian Science" will include Christ Jesus' instruction to his disciples (Luke 10:9): "And heal the sick that are therein, and say unto them, The kingdom of God is come nigh unto you."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder of Christian Science, is the following (98:15): "Beyond the frail premises of human beliefs, above the loosening grasp of creeds, the demonstration of a revealed and practical Science. It is imperious throughout all ages as Christ's revelation of Truth, of Life, and of Love, which remains inviolate for every man to understand and to practise."

**FURNITURE STYLES BOAST NEW COLORS**  
Color—new color—is among the most contemporary ideas and is found even in the most steadfast traditional styles in today's furniture.  
Color is everywhere and used in every possible manner and shade, declares Jessie Mayion, home furnishings specialist at Michigan State University. Modern styles are more dramatic in bright red, deep turquoise, amethyst and combinations of pink and black.  
For traditional and provincial furniture, gentle pastels of blues, greens, grays, yellows and beiges are used predominantly, but occasionally, you see brilliant Cerulean blue and Castilian red.

Furniture is dressed with color both on and under the surface, continues Miss Marion. When the more conservative gray, beige, and sand tones are on dresser, chest and table surfaces, gay shades of red and blue are often used to line drawers.  
**RHUBARB RATES 'A'**  
There is no end to the way rhubarb can be served. It can be used in Brown Betty, sherbet, custards, and tapioca puddings, say home economists at Michigan State University. And it combines well with oranges and gelatin to mold into a salad.  
Rhubarb Bavarian—the thickened rhubarb sauce, plain gelatin and whipped cream—will top off a light meal to good advantage. If you are having a party, try rhubarb punch for the beverage. Use it, too, in the lunchbox. Pack some of the rosy red rhubarb sauce in a tight-fitting covered container and put in a couple of crisp cookies to eat with it.
