happy vacations begin in a Chevy

You'll love to travel in it, because it loves to travel! When you get this Chevrolet out on the road, you'll want to keep goingand so will the whole familu.

Of course, even in a Chevy the happiest vacations may involve one or two minor problems. Like fidgety small fry who want gallons of water and keep asking if you're almost there. The big things, though, are well taken care of by this roomy Chevrolet's smooth and easy way of going.

The fact is, few cars at any price hold the road with a Chevy's grace. That idea about the best riding cars being great oversized affairs went out with the introduction of Chevrolet's outrigger rear springing and low, precisely balanced chassis design. With horsepower up to 225, the Chevrolet moves out like a whiplash, for safer passing. And with it you've always got that solid feeling of stability.

It's no wonder that many people who used to buy higher priced cars are changing to Chevy! Stop by for a ride.

There she'll join the Chain-O-Lakes Cruise fleet, showing state tourists beautiful Elk River, Elk Lake, Round Lake, Torch River, Torch Lake, Clam River and Clam Lake—all in Antrim County. She'll go into service at 2 p.m. June 15 when the first cruise of the 1956 season leaves from the public dock at Elk Rapids. Weighing 50 tons, she has a deck area of 887 square feet, which will accommodate 150 passengers for the four-hour cruise through 40 miles of forest-laced Michigan lakes and rivers. Her sister ship will be the Jedge, Jr., which has carried cruise passengers in this area for nine seasons. The Chain-O-Lakes is being piloted north by Morris F. Booth of Alden, who operates the cruise with his son, Morris A. Booth,
