

WHICH MAN PASSED THE N.P.' TEST?

The poised, smartly-dressed man at the left of court. You can tell at a glance... and that's why the Ninety-Percent Test is so important. People judge you by what they see (sometimes that's all they have to go on) and ninety percent of what they see of you is what you wear. The fresh finish of drycleaned clothes is more than an extra touch... like a flower in the buttonhole. It's an integral part of good grooming. The state of your clothes tells volumes about the kind of person you are. In fact, your clothes never stop talking about you.

You buy your clothes to make a good impression. As you wear them, have them drycleaned often. A smart man takes care to keep that impression fresh.

Mrs. David Mehlberg underwent surgery on Tuesday of last week and is convalescing in St. Joseph's Hospital.

Jo Ann Valentine, daughter of Mr. and Mrs. Kenneth Valentine, spent 10 days of her Christmas vacation skiing in the Austrian Alps at Innsbruck, Austria. Jo Ann is attending school this year in Paris, France.

Mr. and Mrs. Louis Dorman left on Friday for a 6 weeks vacation in Hollywood, Florida.

Mr. and Mrs. Victor Lindquist honored her mother, Mrs. Henri Buck, at a birthday dinner last Saturday evening. Guests for the dinner were Mr. and Mrs. William Poland and family from Detroit and Mrs. Oscar Virgin of Waterford.

Mrs. Beatrice Stevens who has been ill at her home is now in Ford Hospital undergoing treatment for a blood clot in her leg.

A reception for the new pastor and his family, the Reverend Winnes, was held last Thursday evening at the Waterford Community Church. Albert Kray acted as master of ceremonies with group singing led by Al Gohl, accompanied on the piano by Mrs. Earl Johnson.

The welcome speech was given by Charles Jehle and a prayer by Henry Mehlberg. Klein Powell had charge of the games. Refreshments were served by Mrs. Kray, Mrs. Mehlberg, Mrs. Thomas Corbin and Mrs. Janice Dickman. The pastor and his family were seated at a beautifully arranged table centered with a "welcome cake" baked by Mrs. William Granger.

This Saturday evening the Men's Beacon Club will hold a pancake and sausage supper at the church beginning at 6:30. Any interested men will be made welcome.

Mrs. Kate Whitfield entertained the Good Will Club last Friday at her home on Williams Lake Road. At the luncheon served at 12:30 the January birthdays of Mrs. J. R. Blakeslee and Mrs. Henri Buck were honored. Following the luncheon the annual reports were read and the election of officers held

with the same ones being re-elected to office. They are Mrs. Henry Mehlberg, president; Mrs. Oscar Virgin, vice-president and Mrs. Blakeslee, secretary and treasurer. Each member will be responsible for the program for a month this year. Mrs. Alman Austin of Pontiac will entertain the group at a Valentine Party on February 14th.

Availability today of the healing power of divine Truth will be emphasized at Christian Science services Sunday.

Christ Jesus' healing of the "woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself" (Luke 13) will be among the Scriptural passages read from the King James Version of the Bible. The subject of the Lesson-Sermon will be "Truth".

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following selection will be among those read (495:1): "God will heal the sick through man, whenever man is governed by God. Truth casts out error now as surely as it did nineteen centuries ago. All of Truth is not understood; hence its healing power is not fully demonstrated."

18.17 miles per gallon on North America's toughest truck run!

That's the gas mileage reported by the Cameo Carrier after covering the entire length of the Alcan Highway in less than 45 hours! All six new Task-Force trucks that made the run turned in top scores for performance and economy!

Supervised and certified by the AAA.

New Task-Force 57 Chevrolet Trucks

Six heavily loaded Chevy trucks ran all the way up the rugged Alcan Highway in less than 45 hours! That's cutting more than a full day off the normal running time! They ran right around the clock, stopping only to refuel.

But the important fact about this run was that it proved new Chevy trucks through and through. The Alcan Highway is a supreme test of every truck component. Engines had to

prove their power up high-climbing grades and through washouts. Frames and suspensions flexed their muscles over axle-deep ruts and miles of pounding gravel. "And not a single truck turned back or dropped out due to mechanical failure," states the official AAA report of the test. Every model proved its over-all economy by its ironclad ability to stay on the job! Stop by; we'll talk about it.

Choose your model from among Chevrolet's famous economy-proved Alcan Champs! Short-stroke V8's are standard in all heavyweight truck models and in many of the middleweights. They're loaded with modern features and built to take it!

Proved on the Alcan Highway
Champs of every weight class!

The Village Weathervane . . .

by Jane Christmar

Please do not expect too much of me this week as I, and I think half the Clarkston citizenry, are sick! What with flu, sore throats and colds, we would all be happy to see the sunny southland this time of year.

"It Can Happen Here"

A very interesting and timely program was had by the Women's Club last week. Mr. Lou Gerrant, Civil Defense Director of Oakland County; Mrs. Bennett, Executive Secretary of Oakland County Red Cross; and Mr. James Warren, Coordinator of Welfare Services of Oakland County, each gave a short resume of the operation of his particular branch in the Civil Defense Operation. The organization was created originally to combat attack from the air. A good, working, well-organized Civil Defense set-up is especially necessary in Oakland County since Detroit is critical area. We should be prepared to clothe, feed and shelter 4.7 per cent of our own population during an emergency. What Can We Do? 1. Know how to take care of yourself. If an individual can take care of himself, he will be of help to others. 2. Determine by survey facilities for emergency. 3. Appoint "Chief of Welfare

Services". Chief appoints people to handle facilities found in survey (feeding, housing, clothing). A house to house canvass in Rochester, made by women, turned in 1400 cards stating peoples qualifications which could be of use to Civil Defense in an emergency.

Mrs. Warren stated it well when she said, "Organization of Civil Defense in a small community is Insurance for Self Defense. Red Cross and Civil Defense combined equals National Survival". Mr. Bob Phillips already has done much here in Clarkston—graduating classes of auxiliary police. But, more "officers of the day" are needed and also ground observers.

Overheard—Milady, fighting battle of the bulge, announced her intention of taking new attitude toward eating. A social drinker becomes an alcoholic when he derives pleasure from drinking alone and thus forms a habit. Couldn't it also follow that when weight watcher finds herself nibbling and pantry raiding alone, she has formed a similar habit. Thus, this particular part-time dieter, had decided not to eat unless joining others and only at mealtime.

It seems strange, but true—the heartbeat of a town can be sensed and felt by others merely passing through. My own father was proof of this statement. Upon his first trip to the village, when we had lived here only a week or so, he went to the barber shop, post office and hotel. He felt the friendly, helpful air of our people and village.

Mrs. Guy Allen is one of many who does more than her share to make our community what it is. Mrs. Allen, of Allen Road, is Sunshine Chairman for the Pioneer Club. She sends out over 200 Christmas cards, in this capacity; birthday greetings (days early to assure proper delivery); miss-you cards to those out of town, and get well wishes. Mrs. Allen loves her Sunshine work and has offered to take the job another year.

Verbal orchids to Mrs. Allen and her Sunshine Committee.

Talked with Mrs. Frank T. Russell of S. Main St., about her father, Dr. Harry B. Yoh of Washington St., who was stricken with a heart attack Sunday, Jan. 12. Dr. Yoh's son, Rev. David Yoh was driving them to Florida. They were in the vicinity of Fort Wayne when Dr. Yoh said he did not feel well and wanted to return home for a check-up. They came back to Clarkston and the Doctor was hospitalized immediately. Mrs. Russell, a registered nurse, is serving as special night nurse for her father. She said last Thursday she was quite encouraged as Wednesday night was his first fairly quiet one since stricken.

We all hope for Dr. Yoh's speedy recovery, as he is a mainstay of the community.

The Reverend and Mrs. Hedley Bennett of Lennon, Mich., were in town over Jan. 12th weekend. He christened his grandchild, Elizabeth Kay, born Oct. 14, daughter of Mr. and Mrs. Sam Bennett of Snow Apple Drive. Rev. Bennett preached at both services in the Methodist Church though he retired last June. He is a long-time friend of Rev. Richards' father. Dinner was served in the Sam Bennett home. Guests included Rev. and Mrs. Bennett, Mr. and Mrs. George Rablee of Swartz Creek, parents of Mrs. Sam Bennett, and Miss Marguerite Bennett, a former Clarkston teacher, now of Flint. Mr. and Mrs. Forest Ketzler of S. Main St., visited later in the

afternoon. Mr. Ketzler and Mr. Rablee are cousins.

Jerry Wilford of N. Main St., has been appointed Trustee on the Village Council to fill out the term of Lloyd (Slip) Megee.

Mrs. Dean Smith of Washington St., was appointed to the Zoning Board of Appeals to fill out the term of Milton Cooney.

Expect to see frequent reminders of the village elections in March. You must register separately from your regular registration for state and national elections. However, it is of great importance for you to attend the Village Caucus held in February as usually there is only one man running for each office. Therefore the real decisions are made at the Caucus.

There was an important meeting at the Library, Wednesday, Jan. 23. It included the Library Board (and all others interested) and the Township Board. We hope to be made a "legal library".

A baby shower for Mrs. Bob Wilkinson of Northview Dr., was given Jan. 16, by Mrs. N. E. Maytag of N. Main St., and her daughter, Mrs. James Glennie also of N. Main, and Mrs. Robert Gibson. Mrs. Wilkinson, a teacher in the Clarkston School, began her blessed-event-leave-of-absence January 14.

Mrs. Maytag and Mrs. Glennie made a quick trip to Chicago for the funeral of a distant relative.

A baby shower was held last Thursday for Mr. and Mrs. George Mantyla's new daughter born January 5.

Mr. and Mrs. Ward J. Robbins of N. Holcomb St., left Saturday for Winter Garden, Florida, where they will meet Mr. and Mrs. George Marshall of Andersonville Road. They will return in April.

Mrs. Charles Torr of N. Holcomb St., honored her son, Chris, at a birthday party on Jan. 18.

There will be a gathering of Hi-Fi lovers in the home of Rev. and Mrs. Richards on Thursday, Jan. 24. Guests are invited to bring their favorite records.

Mr. and Mrs. Harold Bauer of Middle Lake Road had a wonderful skating party for the Methodist Youth Fellowship last Sunday. Hot dogs, cakes and doughnuts were served. The ice was cleaned off so the young people didn't get wet in the slush as many Sunday skaters did.

Reservations must be made for the Missionary Banquet at the Clarkston Methodist Church on Thursday, January 31. Rev. Pumphrey of Marlette, will show colored films of the missionary school in Farmington, N. M. The church secretary hopes to have all reservations by Sunday.

Den Mothers Evelyn Cushman and Gen Gordon took the Cub Scouts of Den 10 to Cranbrook Planetarium on Tuesday, after school, following through with the national theme for the month, "Eyes to the Skies".

BETTER PROTECTION IS TRAINING OBJECTIVE

Better police protection for Michigan communities is the objective of the Basic Police Training Course currently being held at Michigan State University. Four Michigan law enforcement agencies are presenting this

month-long program in cooperation with the Federal Bureau of Investigation, Michigan Department of Public Instruction and the M.S.U. School of Police Administration and Public Safety. A 22-man faculty, comprised of people from the sponsoring organizations, will present 140 hours of instruction on "What the Police Officer needs to Know."

Twenty-four rookie policemen, who began the course on Jan. 7, will be "graduated" at Kellogg Center on Feb. 1. During the first two weeks of classes, the fledgling officers discussed such topics as police history, driver improvement, probation and patrol, the motor vehicle law, accident investigation and criminal law.

Topics for the second two weeks include gambling and narcotics, fire arms instruction, interviewing and interrogation and the police service. "Although this instruction is by no means a exhaustive treatment of the subject, it will assist the participants to be good police officers," points out Harold Haun, coordinator for the M.S.U. School of Police Administration and Public Safety.

"The 1956 Heavyweight National" a colored movie will be shown by Don and Pearl Stickney, livestock photographers, of Royal Oak, Michigan. Senator C. T. Prescott, Prescott, Michigan, is Toastmaster at the evening program.

Monday, January 28, Farmers' Week is "Horse Day". Michigan Horsemen are sponsoring the afternoon program, followed by a Livestock Banquet. The program is held in the Livestock Pavilion, beginning at 1:30 P. M. The famous Clydesdale Hitches, Wilson and Company, Chicago, Ill., will be a feature of the show.

Both lightweight and heavy-weight horse pulling contests will be a part of the afternoon program. Champions in the 1957 Little International Block and Bridle Fitting and Showing Contest will put on a demonstration, using

animals which they used to win the contest.

1956 4-H Scholarship and Trip Award winners in the Saddle Horse Project will stage demonstrations in the Western Pleasure, Three Gaited Pleasure, and Parade Classes. The Grand Champion steer at the 1956 International Livestock Exposition will be on exhibit during the afternoon program. Michigan Horsemen sponsor a Livestock Banquet and program at 6:00 P. M. in the Union Building.

Appearing on the program is Dean A. D. Weber, Kansas State, Manhattan, Kansas, and William Ogilvie, Secretary-Manager of the International Livestock Exposition, Chicago, Illinois.

Michigan Horsemen will present to the Animal Husbandry Department, M. S. U., a picture "The Turnpike Gate" painted in 1793 by the famous English painter, George Morland.

"The 1956 Heavyweight National" a colored movie will be shown by Don and Pearl Stickney, livestock photographers, of Royal Oak, Michigan. Senator C. T. Prescott, Prescott, Michigan, is Toastmaster at the evening program.

200,000 TEACHERS NEEDED ANNUALLY, SAYS U-M PROF.

"Schools will have to enlarge their teaching staff more in the next 10 years than in the previous 35 if they are to maintain present pupil-teacher ratios," says Francis W. Dalton, associate professor of vocational education at the University of Michigan. "To find an adequate supply of teachers involves a task that will tax our wisdom and our means, but it most certainly will not exceed our powers," he says. "Colleges and universities will have to add more teachers in

the next 15 years than in all previous history combined. There will need to be one-half million more school teachers on the job in 1965 than today.

"But it is more than just recruiting about 50,000 teachers annually for expansion. It will require about three times this many annually to replace those who leave."

Where are the schools to get the teachers of tomorrow? Professor Dalton says, "They must come from three main sources—those we now have, the young people coming up through our schools and colleges, and the adults in our community. We are especially concerned at this time with encouraging capable

young people to consider teaching as a career and to remove roadblocks in their way."

EDUCATION CREDITS OFFERED IN EUROPEAN SUMMER TOUR

Wayne State University's College of Education and the Graduate School will approve credit arrangement for qualified students in connection with the

tenth annual "European Study Tour in Comparative Education."

The tour will leave Detroit on June 21, 1957, and will return August 24. Dr. William Reitz, professor of education will conduct the tour.

Students will visit ten countries in nine weeks. The tour is designed to give teachers, students and professional people an opportunity to survey selected

highlights of the life and culture of Western Europe.

Qualified persons may earn up to eight hours of undergraduate or graduate credit to apply on degree programs, for teaching certification, for annual salary increments or for personal enrichment.

More detailed information may be obtained from Dr. Reitz at the University's Student Center.

MICHIGAN BELL TELEPHONE lines

SNOW IS FUN FOR THE kids. But it sure can be disappointing for grown-ups, especially when it means that trips to visit friends and relatives have to be called off. Don't let the miles keep you apart when blizzards blow and the weather isn't fit for man or beast. Get together by telephone. Long Distance rates are low and you can talk as long as you want. Remember, when Old Man Winter spoils your trip, enjoy a visit the comfortable way—by telephone.

EVER THINK HOW convenient public telephones are? They're your phone away from home. When you're out shopping or traveling, the public telephone is the best way for you to keep in touch. Call home if you've forgotten something or want to check on the children. Call ahead to let folks know if you're going to be late. Public phones, whether in convenient outside booths or in the stores where you shop, are ready to handle your calls. Let them help keep your mind at ease.

THE TINY TRANSISTOR The tiny transistor (shown here with a pen point to give you an idea of its size) is an electronic marvel. One of these days when you make a Long Distance call, your telephone operator will use transistors like this to help put your call through. This tiny electronic device generates musical tones which will automatically connect you with the number you're calling. For inventing transistors, three telephone scientists working at Bell Laboratories were recently awarded the Nobel Prize.

Paying our way New schools, new roads and other new developments spell progress in hundreds of Southeastern Michigan cities and towns. One way Detroit Edison helps in this progress of your community is through taxes. For 1956, our local, state and federal taxes are expected to total \$37,500,000. More than 350 villages, cities and townships in Southeastern Michigan will benefit by about \$18,900,000. Over \$7,000,000 of this amount will go to support local school districts alone. The American system of business brings the highest standard of living and greatest development to our communities. By paying taxes, by being good citizens, Detroit Edison is a working partner in helping Southeastern Michigan grow and prosper. A TYPICAL TRANSACTION IN SOUTHEASTERN MICHIGAN AT THIS TIME OF YEAR. Floyd Andrews (left) Supervisor of Independence Township, receives tax check from Anthony Maibhofer, Detroit Edison Superintendent of Taxes. Looking on is Howard Canfield, Detroit Edison Oakland County District Manager. Edison system map shows high voltage transmission lines, major interconnections, and six power plants. The plants operate as one unit, forming an electrical pool that can supply plenty of power any place in Southeastern Michigan. Detroit Edison

**SHRINE CIRCUS
STARTS FEBRUARY 4**

The 50th Annual Shrine Circus, world's greatest indoor show, opens February 4 at the State Fair Coliseum and continues through February 17. There will be two performances Monday through Friday, at 2 and 8 P. M., three on Saturday at 10 A. M. and 2 and 8 P. M., and two on Sunday at 2 and 7 P. M.

Since the circus will be celebrating its 50th anniversary with this engagement, general chairman, Tunis E. (Eddie) Stinson has spared no expense in arranging a show that will guarantee more thrills, more fun, and more circus. Some 60 world famous stars, headed by Clyde Beatty, greatest living wild animal trainer, will appear in rapid succession in a three-hour long show. The great cast will include The Wallenda Family, high wire sensations; The Kimris, featuring their Saber Jet Plane thriller; Zoppe Zavatta Family, amazing riding act; Victor Julians's Dogs; Klausers's Bears; Tiebor's Trained Seals; Yong Bros. and Sister, Chinese acrobats; The Shyrettos, unicycle marvels; and many, many more outstanding acts.

The clown brigade will consist of such famous laugh-making champions as Otto Griebing, Irving Romig (TV's Ricky the Clown), who has a brand new llama, Dick Lewis, John Toy, Ernie "Blinko" Burch, Frankie Saluto, Jimmy Armstrong, Joe Short, The Sherman Bros. (Chester and Joe), Carl Marx, Jimmy Davison, Percy Rademacher and Jackie LeClaire.

Scores of animals, without which no circus is complete, will include elephants, lions, tigers, horses, ponies, dogs, chimpanzees, bears, seals and llamas.

Reserved seats are now on sale at the Shrine Club in the Masonic Temple. The Box Office will be open daily from 9 A. M. to 9 P. M. Phone reservations may be made by calling TEmple 1-0131. Mail orders accepted when accompanied by check and self-addressed, stamped envelope.

**NAVY STARTS
NEW PROGRAM**

Lloyd T. Harris, Recruiter in Charge of the Navy recruiting office in Pontiac announced that due to the Navy's need for experienced young men a new enlistment program has been put into effect today.

This program is aimed at men who have been discharged from the Navy for less than 24 months and offers new benefits highlighted by immediate payment of a cash bonus or allowance. The new enlistment program also allows the Ex-Navyman to pick and choose where and when he wishes to report for duty.

Harris further stated "Men in many ratings can be enlisted in the same pay grade they held at the time of discharge.

Anyone interested may contact a recruiter at the Riker Building in Pontiac or filling out a self-addressed post card that are available at any Post Office.

MICHIGAN'S POLIO MOTHER OF THE YEAR

An amazing comeback despite the handicaps inflicted by the ravages of infantile paralysis has earned for a St. Johns mother of three the title of Michigan's Polio Mother of the Year. Mrs. Howard Woodbury, shown in her

kitchen with her daughter, Rhonda, 3, does all the baking, cooking, sewing and housework for her family and in addition gives piano lessons to 26 pupils although confined to a wheelchair. She will head the St. Johns Mother's March on Polio for the March of Dimes on January 31.

FUN FOR YOUNG AND OLD

Hey kids! Want to enjoy a wonderful pony ride for free? Then come on out and have fun at John F. Ivory's polo grounds, 9960 Cooley Lake Road, any weekend. The grounds are situated approximately eight miles west of Pontiac, in White Lake Township.

Adults are welcome, if accompanied by children. Six handsome pony hitches will be on hand to assure all the youngsters an unforgettable time.

The free rides are offered after school on Friday, on Saturday beginning at 2 P. M. and on Sunday starting at 1 P. M.

Mr. Ivory started his hobby of gratis pony rides for children in 1951, and now it is threatening to run away with him, a prospect which he finds altogether delightful.

There are now 47 ponies in the stable, including what may be the only two all-Palomino hitches in the country.

Since he acquired the 140-acre Patchaven estate, Mr. Ivory has given the grounds an extensive face-lifting, including the removal of approximately 3,500 trees and the building of some

five miles of road around the grounds. These roads through the idyllic estate are perfect for the pony hitches to travel. Those who drop in to see the ponies and enjoy the rides can relax in the 14-room club house on the grounds while awaiting their turn.

While the snow lasts, six sleighs will be provided for the rides. When the snow is gone, specially built wagons will be used.

The ponies will also be provided, without charge, to enliven any bona fide party for children within a 50-mile radius of Detroit. For further information write Mr. Ivory at 9960 Cooley Lake Road.

THE MIGHTY CHRYSLER
Most glamorous car in a generation

Look how little it costs to own the world's most modern motor car

If you have believed the cost of a Chrysler to be out of your reach, you owe it to your pocketbook to stop in and inquire about the new Chrysler Windsor illustrated above.

Here is a car which in beauty, brawn and engineering quality has always been compared with the most expensive cars made. Yet it is priced right smack with the medium-price cars.

Remember, too, that this is all Chrysler... full size outside and in. It brings you

all of Chrysler's triumphant new 1957 achievements... the new Torsion-Aire suspension that eliminates rock and roll... new TorqueFlite transmission... a 285-horsepower airplane-type V-8 engine, Total-Contact brakes and many others.

When you compare these pace-setting advances with what the three other major cars in its price class offer you for the same money... we think you'll be satisfied with nothing less than the most glamorous car in a generation. Come in soon and drive it!

See the
Chrysler Windsor
the only premium-class car that sells at a medium price!

a Republican State Chairman, State Vice-Chairman and each Congressional District will select four members of the Republican State Central Committee.

Candidates to be nominated include a State Highway Commissioner, State Superintendent of Public Instruction, two members of the Board of Regents of the University of Michigan, 2 mem-

bers of the State Board of Agriculture, governing body of Michigan State University, and one member of the State Board of Education, all of whom will run on the partisan ballot.

Nominations will be made for 3 Justices of the Supreme Court who will run on the non-partisan ballot in the election. "We expect a large turn-out

at our county convention because of the high interest in the elective offices at stake April 1, Ritchie said. "Republicans of Oakland County are going to put on a vigorous campaign this spring to back up President Eisenhower and the Republican Party."

Harlan Hatcher became the eighth President of the University of Michigan in 1951.

Ancient Art Still Tops Modern Science

Lacquerware, like precious jewels, is an ancient and highly developed art. In the Imperial Palace at Tokyo, Japan, there are priceless examples of this art, thousands of years old.

But besides being a fine art, lacquerware has more ordinary, practical uses. It is acid, stain and alcohol-resistant and can stand a temperature as high as 150 degrees Fahrenheit. Modern science has yet to come up with anything that equals the combined usefulness and artistry of this 2,000-year-old craft or the clean beauty of its high-gloss finish. And now comes the news that lacquer masters are experimenting with new methods and materials and coming up with new designs for modern American homes.

Most people are acquainted with attractive cigarette boxes and trays or charming pieces of furniture. Not so many know the elaborate boxes for jewels or highly ornamental decorative screens. Many American servicemen who brought home beautiful specimens from Japan now cherish them as their most prized possessions. With them grew a taste and demand for more and now leading stores everywhere import a variety of interesting lacquerware.

Lac is the sap of the tree Rhus Vernicifera, and similar trees which grow in the Orient, principally Japan, the only country which today manufac-
