Who rates what for performance and smoother riding in the low-priced three? Chevrolet has laid the answer and the proof on the line!

First, Chevrolet won the Auto Decathlon over every car in its field, and over the higher priced cars that were tested, too. This rugged tenway test (right, below) showed Chevrolet was the champ in handling ease, braking, acceleration, passing ability, smoothness of ride and other driving qualities you want in a car.

Then, Chevy walked off with the Pure Oil Performance Trophy at Daytona (left, below) as "best performing U.S. automobile."

It's quite a feeling to know that you are driving the champ, with its smoother, steadier way of going, its keen response of V8 power, and
