Mayor Of St. Ignace Visits Clarkston

In observance of Michigan Week, Clarkston was pleased to entertain the mayor of St. Ignace, Al Phillips, and one of his councilors. A visit to the Clarkston Elementary School and the new Pine Knob School started the guests and their escorts on a tour of Clarkston and vicinity.

At noon a luncheon was served in the Community Center by the ladies of the Sashabaw Presbyterian Church. At this time the official welcome was extended by Clarkston Councilman Robert L. Jones. Also at this gathering the village saw fit to show appreciation to Mrs. Mary Baldwin for her loyalty and devoted interest in the village and community by serving as Treasurer for the past thirty years. In recognition of her service the village presented Mrs. Baldwin with a wrist watch.

The visiting mayor and escorts finished the tour of the community early in the afternoon and on leaving for his hometown of St. Ignace he was presented with an album of pictures of the places he had visited in this vicinity.

METHODISTS TO HOLD CONGREGATIONAL DINNER

This week, members of the Official Board of First Methodist Church have been visiting the homes of members and friends of the church inviting them to a Complimentary Congregational Dinner to be held in the High School Dining Room next Tuesday, June 4th at 6:30 P. M. where the program for the coming year will be presented. Many of the leaders of the community will speak briefly on "What My Church Means To Me". Mr. and Mrs. Percy Lowrey, Chairmen of Membership and Evangelism will speak of their program for the year, as will Mr. Bullen, Chairman of Finances. Also Mr. Kuga Kojima will picture the missionary work of the church in the light of his position as Chairman of Missions. Mr. Everett Butters will tell the story of the Lay work of the church as Lay Leader. Mr. Stanley White will relate the objectives of the Sunday School in its Christian Education program. Mr. Tom Boyns will describe the work of the music department and Mr. Harold Bauer will tell something of the function of the Board of Trustees. A large bell will keep each speaker within a period of a three minute discourse.

The feature of the evening is the movie, "Stranger In The House", which depicts the loyalty of a church family. At the close of the program the congregation will consecrate their support to the church for the coming year. The Senior Choir of the church will be present to sing anthems, and the Youth Fellowship will serve the meal. Decorations are in charge of Mrs. Guy Littleton. The meal is to be served and cooked by Paul Eliason of Paul's Cafeteria and members of the school staff. Mrs. William Allen and Mrs. Robert Osgood. Under the leadership of Mrs. Kreger several women of the Woman's Society will help. Adult members and friends of the church are invited for this Christian Fellowship together. It is hoped that nearly 100% attendance from the adult congregation will be present.

No doubt you have often tried to pull or dig the dandelions from your lawn and you have found it a tough job. George Elliott of Holcomb Street can tell you the reason why. Last week he stooped to pull a dandelion from the lawn alongside the curb in front of his house. He found the digging plenty hard. By the time he had the whole plant he found the dandelion had a root just 37 inches long. He was really surprised.

NEW SUNDAY O. D.

We are ver pleased to announce that Earle Steele has assumed the position as Sunday Officer of the Day. He replaces Mrs. Wellman who, we are sorry to announce, has had to, at least temporarily, give up the work. She has been of great help in organizing the Sunday shift and to her we are most grateful.

Mr. Steele was for some time Chief Observer for the Pontiac Post, having served there over 150 hours. He recently joined our Post as it is more convenient because of living in this area. We know he will prove a valuable addition to our Post.

The O. D.'s job is very important as it is his job, when an observer has to be absent, to notify the person they would relieve, if they are unable to supply a substitute. Otherwise someone might wait unnecessarily long for their next observer to relieve them.

Mr. Steele has a few vacancies to fill—his phone (after 6 P. M.) is MAple 5-4611, if you will help.

Methodist Church Gets Generous Gift

The First Methodist Church of Clarkston was the recipient of a generous gift of a six and one-half acre site for the new church and parsonage from Mr. and Mrs. Howard Huttenlocher and their sons, James and Richard, this last Sunday, May 26th. The gift was announced at the two morning worship services by president of the Board of Trustees of First Church, Mr. Harold Bauer. The property is the last sizeable vacant area within the village suitable for building purposes, and is adjacent to the present Clarkston High School grounds.

The new building site is bounded by Church St., on the north, the high school grounds on the east, Waldon Rd., on the south, and a beautiful winding stream on the west located only half a block from the present church buildings. Using appraisals from several firms as a basis the Quarterly Conference of the church sought to purchase the site for \$19,500.00. Shortly after the offer was made the land was given as a Memorial to Mrs. Huttenlocher's parents, Eber and Harriet Parent, who were devout christian people and active in First Church, Clarkston, for many years. The new building site was the home site of Mr. and Mrs. Parent and the Howard Huttenlocher family, Mrs. Huttenlocher having spent her childhood in the home adjacent to the property.

The site is one of several studied by the Trustees of the church, and was deemed the most suitable for the future church expansion. Rev. William J. Richards, pastor of First Methodist Church, mentioned that it is a God-send, meeting the urgent need of larger church facilities. The present sanctuary of the church seats nearly 200 people, yet the morning worship attendance has averaged nearly 500 since February. The church purchased a home last summer which is being used as a Church School Annex. Mr. A. Harrel Fink, architect, of Philadelphia, Pa., and a member of the National Board of Church Architects of the Methodist Church is coming to Clarkston to help the congregation set up their plans for the new parsonage and church.

This September a building fund crusade is being conducted by the Rev. Grant Dunlap of the Department of Church Extension of the Methodist Church. Preliminary plans call for a parsonage to be constructed this summer, and later a parish hall, educational unit, sanctuary, and adequate parking facilities. The area is located in the middle of three large population groupings, the Clarkston Village, Clarkston Gardens, and the south M-15 section of Independence Township.

The gratitude of the church was expressed to the Huttenlocher family by Mr. and Mrs. Rolfe Smith, Mr. Ed. Davies and Mr. and Mrs. Philip Smith of Clarkston on behalf of the Official Board and the congregation.

FAREWELL PARTY FOR WOODY DEVARS

A farewell party was held Saturday, May 18, in the First Baptist Church for Mr. and Mrs. Henry "Woody" Devars. Woody and Evelyn and son, Mike, will be leaving as soon as school is out to make their home in Arizona.

Approximately 110 friends and relatives of the Devars were seated at the planned cooperative supper, which preceded the program. The Devars were presented with corsage and boutonniere by the church.

George Luenberger conducted the program in the Ralph Edwards fashion, thoroughly surprising the Devars with his version of "This Is Your Life". Assisting him in delving into the past and bringing many laughs were many of the immediate families of Woody and Evelyn. Contrary to the opinion of many, this program was the result of their moving out of the state, not the cause of it.

Following the prescribed program, a charm bracelet presented to Evelyn and appropriate gifts to the family. A miniature suitcase contained a purse of money designated for the purchase of luggage.

The church and community are going to miss the Devars greatly. Their friends here trust that in Arizona they find the friendship and fellowship in community and church that they have helped to create in Clarkston.

"and just wait 'til you see inside...
It's the prettiest car we've ever owned!"

ANNE: It certainly is beautiful. . . from any angle!

BETTY: But what I like best is the wonderful feeling I get when I'm driving. Heavenly comfort! And the things they're doing with colors and fabrics these days! Honestly, I feel just like a queen!

ANNE: You should! I'm not trying to pry, but I'll bet it cost a king's ransom.

BETTY: Wouldn't you be surprised! It cost a lot less than we expected. And, Ed says it will cost less in the long run, too, because an Olds holds its value.

ANNE: Leave it to you to have your cake and eat it, too!

BETTY: And why not? Ed, bless his practical streak, wanted an Olds for its extra value and the Rocket Engine. So, who am I to say "no" to the prettiest thing on wheels? You ought to pass the word along to John!

ANNE: You can say that again! I will tonight!

INVITING THE UNDERTAKER-

MICHIGAN STATE COMMENCEMENT, JUNE 9

Michigan State University will conduct its 99th annual commencement exercises at 4 p. m. Sunday, June 9, for an estimated 2,401 spring graduates.

Vice-President Richard Nixon will be the speaker. The exercises will be staged outdoors in Macklin Field stadium unless rain forces them inside Jenison Field House.

There are 1,991 candidates for bachelor degrees to be awarded at commencement. Approximately 293 master and 117 doctoral degrees also will be awarded, according to university officials.

The class is the second largest in Michigan State's history, topped only by the 1950 class of 2,432 graduates.

Included in the 1957 graduating class will be some 197 Army and Air Force ROTC cadets who have completed military training at M. S. U. They will receive their second lieutenant commissions on June 8 from Lieut. Gen. Emmett (Rosy) O'Donnell Jr., U. S. Air Force deputy chief of staff for personnel. Their 10 a. m. commissioning ceremony will be followed by a military parade.

In addition to Alumni Weekend events on Friday and Saturday preceding commencement, a number of student activities will highlight Commencement Week.

Senior Lantern Night is Sunday, June 2, followed by the traditional Senior Swingout on Tuesday. The colorful Water Carnival, annual student water show on the Red Cedar river, will be staged Thursday, Friday and Saturday nights.

BARBECUE SHORT COURSE AT MICHIGAN STATE

Want to have a chicken barbecue but don't quite know how to go about it?

You can get full instructions on barbecuing chicken at a two-day short course on the Michigan State University campus, June 7 and 8, according to Jay Poffenberger, Assistant Oakland County Agricultural Agent.

The course will cover fundamentals on barbecuing, preparing the chicken for the barbecue and clean-up procedures. Course students will also have a chance to gain experience in preparing and conducting a large scale barbecue. The second day of class will be devoted to handling a large barbecue in a nearby town. Anyone over 15 years of age may enroll in the course for a nominal fee.

Full details about the course are available at the Oakland County Extension located at

1260 West Boulevard, Pontiac, FEderal 4-2564.

MINERAL WELLS ONCE "CURED" OVER-BRAINWORK

Ninety years ago lower Michigan was dotted with communities boasting mineral springs reputed to cure everything from cancer to over-brainwork.

A rare book, "Magnetic and Mineral Springs of Michigan"

NEWS LINERS BRING RESULTS

by Stiles Kennedy, published in 1872, and now in the possession of The University of Michigan Historical Collections, relates that during the summer of 1869, a company began boring the earth at St. Louis, Mich., for salt to establish a salt works.

The water found was beautifully clear, and to the taste barely alkaline, says Stiles. Many used it for household purposes. The town talked of buying it to supply the town with drinking water.

The drama began when someone discovered that his knife blade stuck to the iron tubing from which the water flowed. The tube attracted and then held like a magnet. Hundreds came to get their knives magnetized.

Then, it seems, an old paralytic in town conceived the idea, not unnaturally, that water and magnetism, if good separately for his disease, should be better still if combined. He began

drinking the water and bathing in it and the people in town saw him gradually recover.

Excitement became intense. Rheumatics bathed and were relieved. Persons troubled with kidney and bladder trouble drank and were relieved. In two months over 200 diseased persons were in St. Louis using the water, the report goes.

Michiganders, feeling sure St. Louis wasn't the only lucky spot in the state, started drilling elsewhere and by 1870 had found nothing less than 60 wells of water, each claimed to be "magnetic". The magnetic mineral springs of Michigan were not springs at all but Artesian wells made by boring the earth to a depth varying from 100 to several hundred feet, Stiles explains.

STATE POLICE PLACE MICHIGAN FLAGS ON GRAVES OF MEMBERS

Michigan State Police will initiate an annual custom on Memorial Day when small state of Michigan flags will be placed on the graves of enlisted members of the department who are buried in the state.

There are 57 such graves of active or retired member who have died since the department was first organized as the State Troops in 1917 during World War I. The troops became the Michigan State Police in 1919 after the close of the war.

The graves are located within 26 State Police post areas. If any need attention, the grass will be cut and the plots tidied up. Each grave already has a metal name plaque provided by the department at the time of death and these will be polished.

On Memorial Day officers will visit each grave to place the flags. The flags were purchased from the department's own flower fund and it is planned to provide new ones every year.

RURAL MAIL BOX IMPROVEMENT PROGRAM STARTS JUNE 3

Postmaster General Arthur E. Summerfield called attention today to the Annual Rural Mail Box Improvement Program to be observed two weeks starting June 3.

The program this year has been broadened to include boxes on certain types of suburban "mounted" routes where the householder's box is close to the curb and is served by a carrier mounted on a vehicle.

Here are some points that will be stressed during the Rural Mail Box Improvement Program, this year:

1. Where boxes are improperly erected or in unserviceable condition, patrons will be encouraged to provide suitable receptacles, erected and maintained for easy and safe accessibility, presenting "a neat appearance, and affording protection to the mail."

2. Box holders will be urged to paint their boxes and box supports where needed.

3. Box owners will be urged to inscribe their names clearly on that side of the box which is clearly visible to the carrier as he approaches, if they have not already done so.

4. Postmasters and rural carriers will enlist the cooperation of patrons to group boxes together at one site along the road wherever practicable.

5. Box holders will be asked to make sure boxes are located on the proper side of the road.

The proper side of the road for the box is on the right hand side of the road in the direction the carrier drives when covering his route, unless the locality is such that it does not present a hazard or a violation of law for the carrier to cross to the left side of the road to make the delivery.

On "mounted" routes approved rural boxes need not be provided but they must be of a "rural" type—that is they must be a type located at the curb line, and erected so that the bottom of the box will be 3½ to 4 feet above the roadway. Also, of course, they should provide proper protection for the mail against the weather.

Mr. Summerfield noted that programs such as Rural Mail Box Improvement Program "have been of tremendous benefit in assuring safe delivery of the mails, and in helping to beautify rural America."

To show what progress has been made, Mr. Summerfield called attention to a Post Office Report of 1899—when some of the first efforts were being made

Rotary Club News

When Clarkston Rotarians met for their regular meeting on Monday evening they were given many helpful suggestions as to dry cleaning wearing apparel to make it look like new. Rotarian Jess Berg gave a short talk and showed the film "After the Ball Is Over", by the American Institute of Drycleaning. The pic-

ture showed how formals could be freshened and stubborn spots and stains could be removed if right methods were used by your dry cleaner.

Singing was under the direction of Keith Hallman. The dinner was prepared by Rotarian Paul Ellason of Paul's Good Food.

Seymour Lake News

The Seymour Lake Mother and Daughter Banquet was well attended last Thursday evening when 100 mothers and daughters partook of a delicious dinner prepared by a committee and served by the men of the church. Mrs. William Rowley served as the toastmaster. Sally Miller gave a toast to the mothers and Mrs. Alex Solley responded with a tribute to the daughters. Seymour Lake Senior Choir girls sang several numbers, accompanied by Mrs. Clark Miller. The surprise

feature of the evening, George Kent of Oxford, with his tricks of magic which mystified his audience were well received. Flowers were given to the youngest mother, Mrs. Maurice Hoolihan of Stoney Lake who had one daughter present; Mrs. Frederick Beardsley with 4 daughters and Mrs. George Scott and Mrs. Harry Miller with 5 granddaughters present.

Born Thursday at St. Joseph's Hospital an 8 lb son, Vernon Lee, to Mr. and Mrs. Elroy Scott.

Mrs. Roy Hotchkiss was admitted to St. Joseph's Hospital on Sunday for surgery.

E. V. Bailey has been threatened with pneumonia.

Clarkston Locals

The guest, this week, of Mr. and Mrs. Harry Chapman is her mother, Mrs. R. G. Forshee of Detroit.

Miss Pat Branch of Holcomb St., had as her guest last week, her mother, Mrs. Wells Branch of White Cloud. While she was here, she attended a bridal shower for her daughter in honor of her coming marriage to Ron Schebor of Clarkston.

Ann Wright, daughter of Mr. and Mrs. Donald Wright of Ellis Road, gave a pajama party last Saturday night for 25 friends. The girls enjoyed games and records, and Mr. and Mrs. Wright prepared a delicious breakfast for them early Sunday morning.

The Fourth Nighters held their monthly dance last Saturday evening at the Community Center. A Hawaiian theme was followed, and members enjoyed a ham dinner served on tables only a few inches from the floor. Later a hula contest was held. Members of the committee were: Mr. and Mrs. Tom Peterson, chairmen; Mr. and Mrs. Harold O'Neill, Mr. and Mrs. Henry Rankin, Mr. and Mrs. William Race and Mr. and Mrs. William Hampshire.

The Methodist Youth Fellowship held its weekly meeting at the church last Sunday evening. Suellen O'Dell conducted the worship service, after which Rev. Richards gave a talk. Plans were discussed for the June 4 Complimentary Dinner at the high school for adult church members, at which the MYF will serve. A social hour was held at the church after the meeting.

The fourth graders of Clarkston Elementary School presented an assembly program for the 5th and 6th grades last Monday. Participating in the program were 3 fourth graders: Mrs. Glenn Howland's class did some excellent square dancing; Mrs. Terry Thomas presented a skit "The Unhappy Calendar"; and Miss Darling's group did a dramatic monologue with pantomime interpretation of "Casey At The Bat".

C. H. S. SENIORS RETURN FROM TRIP
by Lula Hessam

The Senior Class of Clarkston High arrived back at the school around 9:30 Sunday morning, and while in Washington, D. C. the class stayed at the Ambassador Hotel, and there enjoyed swimming in the hotel pool.

The Seniors saw the Jefferson, Washington and Lincoln monuments; visited Mt. Vernon, the Bureau of Engraving, Smithsonian

Institute, and watched the changing of the guard at the tomb of the unknown soldier. They visited the White House and the Capitol, and took a tour of the Sky-Line Drive and Sky Line Caverns. All in all the trip was very educational and enjoyable.
