NUMBER 45

## Crowd In Clarkston On July Fourth

A large crowd was in Clarkston July 4th to enjoy the celebration sponsored by the Township Firefighters. The parade participants seemed to have a good time affording entertainment for the viewers on the sidelines. The parade disbanded on the school grounds where there were field events for the young people. Also on the school grounds were the Russell Blacketts with their covered wagon and horses. For a small charge the children enjoyed the horseback riding and this event realized \$43.20 for equipment for the room for the handicapped children at the new Pine Knob School.

The fireworks in the evening had to be postponed on account of rain. However, the firefighters sponsored a dance which was a fine climax to a big day.

Again on Friday evening the school grounds were crowded, as were all of the roads near the school, for the fireworks display. As usual the firemen put on an excellent show delighting the adults as well as the young people.

## THE GARDEN GATE

## A PICNIC GARDEN

Have you a place on your land that suggests a picnic basket and a plastic tablecloth spread under a big tree? If so, why not make a clearing and cultivate a natural garden: Beside a brook or pool, clump a few old-fashioned day-lilies, Siberian and Japanese iris. In a wooded glen, set out groups of mountain-laurel and few evergreen trees for a dark foliage accent. There is more grass than you may think in woody places, and mosses and ferns as well, so with little effort or expense you will soon have an ideal picnic setting. It should be cool, shaded and freshened by water. To keep your picnic ground free of insects and irritating or poisonous plants, take advantage of modern chemicals in spray or fog form. There is no need to worry about mosquitoes breeding in running water, but if the ground remains moist too long after rains, it may require occasional insect control treatments. Poison ivy can be eliminated with sprays. Put thorny plants that might snag clothing away from walks and sitting areas. Otherwise, be sure to keep unspoiled the free and untended look of natural woods.

## Rotary Views Safety Film

The meeting of the Rotary Club was held on Monday with president Byron Nolan calling his second meeting to order. Invocation was given by A. E. Butters. The meeting was held in the Community Center.

The program chairman, Harry Waggoner, presented a film on traffic safety entitled, "Now there are Four of Us". The film depicted the bad driving habits of five drivers and in the course of one business day one was killed through negligence. The moral of the film was that though all violators believed they were guilty of minor violations, the truth is that there is no such thing as a minor violation.

Dinner was served by the W. S. C. S., of the Seymour Lake Methodist Church.

## PIONEERS MEET AT BAPTIST CHURCH

When the Clarkston Pioneers held their June meeting they were hosted by the women of The First Baptist Church with Mrs. Harry Waggoner as chairman and Mrs. John Brooks, assistant chairman. Others helping were Mrs. Raymond Ruggles, Mrs. James Jennings, Mrs. Clifford Legg, Mrs. William Clement and Mrs. Walter Gibson. The young ladies who acted as hostesses were: Linda Strohkirch, Carol Lumm, Marjorie Garrison, Janet McClellan, Edith Teggedine, Lela Wilt and Delores Bailey.

A delicious luncheon was served at noon. Rev. Walter Gibson gave the invocation and also welcomed the group and explained that the Baptist Church was for their use at any time and that he and his congregation were ready to help them in a spiritual way whenever they wished.

During the luncheon Cheryl Waggoner played the accordion. Following a short business meeting the group went to the sanctuary where they sang some favorite hymns. Mrs. John Brooks presided at the piano and Mrs. Arthur Davis led the singing.

The group would like to say "thankyou" to Mrs. Erwin Teggedine for the homemade bread; Mrs. Ben Powell for the dessert; and Mrs. Basil Taylor for the birthday cake.

At the July meeting the following birthdays will be honored: Mrs. Louis Burkenstock, Mrs. Lavina Barrows, John Gibson, Mrs. Alice Dobson and Mrs. Arthur Davis.

## Boys Leave Friday On Alaskan Trip

This week The News received an interesting letter from Edward J. Kuhn of 2295 N. Lake Angelus Road. The letter is self explanatory, and worth passing along to our readers:

"I am taking nine boys to Alaska this summer on a three week trip, leaving July 12.

"I shall never forget when eleven years of age, a man, Mr. George E. Buchanan, took me and 30 other boys to Alaska. Still can remember the first day I left and when I returned, it was all like a dream. Will never forget the thrill of the trip as long as I shall live.

"In the Canadian Rockies we will be staying at two of the most famous hotels in the world, the Banff Springs Hotel and Chateau Lake Louise.

"A special bus trip to Ranier National Park—staying at Paradise Inn. A tour through the Cascade Mountains, winding its way to 5,440 foot Chinook Pass on the shores of glacial Lake Tipsoo. The boys will see part of the largest glacial system in the United States.

"We will travel first class and have sleeping accommodations on the train.

"The boat trip to Alaska is something the boys will never forget. "Spruce-scented, sea-washed air, just makes you want to live." The sides of the mountains are covered with green spruce and the mountains in the distance are purple and snow-capped. Yes, it is wonderful to be able to travel in such sheltered waters for such a long way and yet be on the sea. Also seeing living glaciers and seeing ice fall from the glacier when the steamer's whistle blew, and the beautiful moving sunsets which words cannot adequately describe.

"To me being able to travel is the finest education a person can receive—it broadens the mind and outlook on life and gives life a richer and fuller meaning.

"For the past six years I have been teaching school in the Hazel Park Public Schools and will continue to teach, but would like to carry on this great work started by Mr. Buchanan. I am willing to give my time and energy, and do not expect to make one cent for conducting these trips and hope to make this an annual affair. The ages of the boys are from ten to thirteen.

Frederick P. Warrick, son of Mr. and Mrs. Frederick P. Warrick of 8565 Thendara, Clarkston, is going on the trip.

The purpose of the trip is to teach boys to save for things worth while in life. Any boy who is willing to earn and save at least a third of his cost is eligible to go.

METHODIST CHURCH BUILDING COMMITTEE: Front row, left to right: Ed. Spohn, Robert Jones, Harold Bauer, A. Hensel Fink, Edw. Collick, Farmer Davies; Standing, left to right: Elmer Pettengill, Howard Kieft, Reverend James Braid, Reverend William Richards, Rolfe Smith, Howard Huttenlocher.

Plans for the new First Methodist Church, Clarkston, were initiated by the Building Committee of the church recently at a luncheon meeting held at Paul's Good Food Restaurant with Mr. A. Hensel Fink, nationally known church architect who flew in by airplane from Philadelphia, in consultation. Mr. Fink answered questions posed by the committee and a list of questions prepared by the cabinet of the Woman's Society. Sketches and preliminary plans will be available to the congregation around August 1st. In the light of popular demand the proposed church will be of Colonial design built on the south end of the new site near the High School.

Mr. Fink recommended to the Building Committee that a seating capacity of 450 was structurally feasible, in as much as any additional seating space would cost an additional \$20,000 to \$25,000 per 100 persons. The estimated cost of the first unit would be around \$250,000 providing sanctuary, fellowship hall, parlor, men's lounge, offices, kitchen, nursery, primary and kindergarten rooms.

Those serving on the Building Committee as recently selected by the Official Board of the church are: Edgar Collick, Chairman; Harold Bauer, Vice-Chairman; Mrs. N. E. Maytag, Secretary; Robert Jones, Treasurer; Rolfe Smith, Ed. Davies, Howard Huttenlocher, Ed. Spohn, Elmer Pettengill and Jerome Wilford.

Following the preliminary studies to be made by the Building Committee the results will be made available to the congregation for approval and further study before the new church building will be placed under contract. The Building Program of the church seems to be approximately four or five years in the future. Another Building Committee Meeting will be held this coming Sunday at 8:00 P. M.

**CIVIL WAR COFFEE BREAK PRESENTED DIFFICULTIES**  
 Be glad you don't have to take your Coffee Break "under fire"! Or maybe it seems like it sometimes? Anyway, a Marshall Mich. boy who served his country throughout the Civil War left a lively account of getting the

coffee pot to boil during the thick of the Battle of Chickamauga.  
 His diary is in the possession of the University of Michigan Historical Collections.  
 His entry for Saturday, Sept. 19, 1863: "Leaving a picket at the cleared field, about 80 rods from the ford and there built a fire, and the men sent back to their horses for coffee pots and rations.  
 "I was too tired and sleepy to care for anything but warmth and rest, so I lay down with my back to the fire and was soon asleep. But about this time, 9 o'clock, the battle commenced on the left with a terrific roar. I had not a long sleep but it rested me much and deciding to eat while I could, I got our mess coffee pot filled and nearly boiled when just as the Captain was inquiring if my coffee was done we were saluted with three or four shells in rapid succession from a battery at a very short range, just back of the hill. The first shell proved harmless but the company was instantly ordered back into the woods out of range.  
 "Not liking to leave my coffee just then, I snatched it from the fire and had only retreated a few steps after the Company when another shell burst close to or directly in the fire scattering the brands in every direction. About this time our pickets in the front were attacked and fell back followed closely by a Regiment or more of Rebs.  
 "The battery was still sending shot and shell after us and we retreated rapidly across the

fields to the center of the plantation. Sheltered by the house, cabins and corncribs we rallied and checked the pursuers, who in turn retreated, chased by us to the woods.  
 "By this time running had given me a severe pain in my side, and while advancing again I left my haversack behind with all my rations except my coffee, which I had set down by a stump near where we were first attacked, and which I suppose ere this had afforded a refreshing and unaccustomed draft of "Coffee Sure" for some of the Johnnies!"

University. On July 23, more than 1,500 Michigan wives and mothers will register for the 30th annual homemakers Conference.

During the four-day conference, the women will have many opportunities to learn—not only about "cooking" and "sewing" but also about parliamentary procedure, public speaking, the woman's place in today's family and community, photography and other subjects. These subjects will be offered in 22 classes which will be available for conference-goers to choose.

With the changing role of women in the American society, it has become important that she know about a great deal of other things besides her household tasks. To keep her informed about the world situation, a course called "Geography in the News" is being offered. The tensions in the near and far East as well as those in eastern Europe will be discussed.

The responsibility which women have to their communities will be talked over in the class, "Your Part in Your Community". Other class discussions will be held on the Bible, on improved reading skills for adults and on the importance of good design in crafts.

New ways of doing things around the home is another avenue of learning down which homemakers may travel during the conference. They can learn how to perfect home landscapes, how

and where to invest money, methods for making housework easier, what plants are suitable for yard and home and the values of a home freezer.

The educational part of this year's conference offers a variety of study so that all may find something of special interest.

There is an inspirational and recreational side to the conference, too. Noted speakers will talk to the homemakers; a tea on the terrace of Shaw Hall; square dancing on the green; tours and a musical program presented by Doraine and Ellis have also been planned. Reservations for the conference can be made by contacting the local home demonstration agent right away.

ON THE MOVE**

Off we go—80 million strong—America's army of vacationers landing on beaches, charging up the mountains, infiltrating the woods and sweeping over the highways.

Besides the increased business for hotels, motels, resorts, railroads, airlines, gas stations and bus lines, the annual tourist trek means new business for clothing stores, drug stores, food stores and hardware stores.

People are rushing to buy sun-tan lotion, sun glasses, creams, lotions, eyedrops, sports clothes, fishing tackle, outboard motors, picnic supplies.

It is estimated that 15 billion dollars will be spent on vacations this year. Of the vacationers 85 per cent will travel by automobile, 14 per cent by train, 8 per cent by plane and 6 per cent by bus. Others go by boat and there are some who ride bikes or walk.

The middle Atlantic states will get the most vacationers, with the North Central states east of the Mississippi River getting the second largest number. Third will be the South Atlantic states and fourth the Pacific Coast states.

Among the biggest attractions for tourists are listed scenery and sightseeing. The biggest items in volume sales for tourists are aspirin, sun tan lotions, eye-

drops, insect repellents and camera film.

Thomas Jefferson started the Democratic party in 1793 when he resigned from Washington's cabinet and formed his own political party.

Benjamin Franklin designed a dollar made of silver, brass and pewter, bearing the motto, "Mind Your Own Business", and minted in 1776.

Litterbug's Calling Card

**PIANO TEACHERS INVITED TO MSU CAMPUS IN JULY**

"Accent on Music" will be the theme of the second annual Piano Teachers Workshop at Michigan State University July 15-19. Daily sessions with George Anson, of Texas Wesleyan College, Fort Worth, Tex., and Myrtle Merrill of the M. S. U. Department of Music, will feature new piano-teaching techniques and materials.

Some of the topics will include keyboard harmony through piano literature, the best new piano solos, sight-reading, rhythm and pedal use and others.

The conference also will feature exhibits of the music discussed and other current and standard teaching materials.

About 100 piano instructors from Michigan and surrounding states are expected for the five-day event, sponsored by the department of music.

The largest reptile in the U. S. is the alligator.
