School Enrollment Reaches New High

The Clarkston Community Schools' initial enrollment exceeded the 1956 registration by 20.4 per cent. The initial enrollment in 1956 was 2648 as compared to 3189. Late enrollments will undoubtedly put the total registration well over 3200 pupils.

There are 2141 pupils in the four elementary schools. Andersonville enrolled 435. Clarkston Elementary has 758. Pine Knob registered 671 and Sashabaw enrolled 307.

The grade level of the elementary children is distributed as follows: kindergarten 369, first 350, second 334, third 284, fourth 304, fifth 293, sixth 176, and special education 30.

The high school enrollment is 1018. There are 220 seventh, 204 eighth, 194 freshman, 179 sophomores, 112 juniors and 109 seniors. A comparison of the enrollees in the first 6 grades to the pupils in the upper six indicates that the high school enrollment will double in the next six years without any further residential expansion.

PACK MEETING NEXT WEDNESDAY

The Cub Pack meeting will be held in the High School Cafeteria on Wednesday evening, September 18, at 8:00 o'clock.

The parents are urged to attend this meeting with their boys. Be sure to have all registration forms filled out and returned at this meeting in order to complete the registrations for the year.

Pack meetings are held on the third Wednesday of each month.

21 CLUB PLANS FIRST DANCE

The 21 Club will hold its first dance of the season on Saturday evening at the High School from 8 until 10:30 o'clock. This will be a record dance for all 6th, 7th and 8th grade students in the Clarkston School system. A small admission will be charged and pop and potato chips will be sold. No one in blue jeans will be admitted.

Any mothers and fathers who would like to help at the dance will be truly welcomed.

The dance steps at 10:30 and at that time the parents should be at the school to pick up their children. This is very important. Be fair to the chaperones by being on time.

ROSARY GUILD SPONSORS CARD PARTY

The Rosary Guild of Our Lady of The Lakes Church is sponsoring a Card Party to be held in the Parish Hall on Dixie Hwy at Waterford, Sept. 14th, at 8:00 P. M. There will be table and door prizes and refreshments will be served.

General Chairman for the affair is Mrs. Bernard Rausch. Prizes are being handled by Mrs. Christopher Ward; ticket chairman is Mrs. Frank Zimmerman and kitchen chairman is Mrs. Alfred Colombo. Tickets may be purchased at the door.

DEMOLAY INSTALLATION OF OFFICERS

The public is cordially invited to attend the installation of officers of Demolay, Cedar Chapter, to be held in the Clarkston High School Gym on Wednesday, September 18, at 8:00 P. M.

Forty Years With Michigan Bell

Plans called for a train ride to Detroit for a "short visit". That "short visit," however, has turned out to be 40 years long.

That's what happened to Harry D. Waggener when he left St. Louis for Michigan in 1917. All but two days of those 40 years have been spent working for the

HARRY D. WAGGENER

Michigan Bell Telephone Company.

Starting in telephone work as a splicer's helper in 1917, Waggener decided that the regular splicing crew was for him. In 1919 he joined the outfit and by 1925 he was a foreman.

Waggener worked on the cables that carried the first long distance circuits out of Detroit and also on the cutover that placed the first dial telephone in service in the Detroit area.

After being named district supervising foreman of cable repair in 1941, Waggener received, perhaps his toughest assignment.

On Thanksgiving day that year, a Detroit river freighter was cruising along with its anchor dragging. The anchor caught on two underwater marine cables which linked Detroit and Windsor. It snapped both cables. Waggener was given the task of supervising the repair job.

Today Waggener is supervising construction foreman of the Royal Oak construction area.

Waggener lives with his wife and two daughters at 6479 Waldon Road, Clarkston. A married son is a Michigan Bell plant engineer in the Wyandotte district.

He has been active in civic affairs, Scouting, P. T. A. and the Clarkston Rotary Club.

D. A. R. HOLDS SEPTEMBER MEETING

Rochester was the scene of the September meeting of the General Richardson chapter, Daughters of the American Revolution. Sarah VanHoesen Jones opened her home for a picnic luncheon on the lawn, serving thirty-seven members and guests.

Mrs. Lloyd G. Porter, the new regent, presided at the business meeting and following introduced Ora Hallenbeck a member of the program committee, who presented the program for the day. The program for the year was reviewed and committee chairmen explained the projects they were planning for the year. Mrs. George Eldred, first vice-regent and program chairman, has been preparing the program this summer with the help of her committee.

On September 16th the members will join others from chapters in this area in Dearborn, where the annual regional meeting will be held. Members will meet with officers and chairmen of the state D. A. R. for discussion of plans for the ensuing year. Mrs. Bradley D. Scott of General Richardson chapter, will lead the discussion on genealogical records. Another project for September is observance of Constitution week, a national D. A. R. project. The members will publicize the importance of our United States Constitution, urging study and loyalty to this important document. September 17 is the anniversary of the close of the Constitutional convention in 1787 during which the leaders of that era had drafted the constitution. It is hoped that citizens will evidence their loyalty by displaying the United States Flag during Constitution Week.

Members were present from Ovid and Ann Arbor, in addition, guests were Mrs. S. B. Gleason of Ovid, Mrs. Nellie Rowe and Mrs. Norman Norris of Williams Lake and Detroit, Mrs. C. W.

Missionaries At Baptist Church

Beginning with the 11:00 A. M. service on Sunday, Sept. 22, an eight-day Missionary Conference will be held in the First Baptist Church of Clarkston. A different missionary will be featured as speaker every service for nine services, ending with the 7:30 service on Sunday, Sept. 29.

The missionary conference is an annual affair of nine Baptist churches of Oakland and Lapeer counties. This is the first year that the Clarkston church has participated in the program.

The schedule of speakers includes missionaries from Pakistan, Thailand, Africa, The Philippines, India, Haiti, Michigan as well as a missionary to Jews, and the President of a Baptist College. Many of the speakers will be showing colored slides and motion pictures of their field of service.

A complete schedule of each speaker should be available in time for next week's paper. Watch for it and plan to attend as many services as possible. You will find a warm welcome and fellowship awaiting you.

LAST SMORGASBORD AT SASHABAW

On Saturday evening, September 14th, at 5:30 the ladies of Sashabaw Presbyterian Church will serve their final smorgasbord dinner. They have decided that a vacation from these dinners is needed, after serving them monthly for approximately 7 years. They have enjoyed the work and feel that the church has been helped considerably. They have appreciated the patronage of the people in the area and hope they will resume the dinners at a later date.

The dinner on Saturday evening will be an extra special as it is the last for a while. The menu will be varied and no one will be disappointed. There will be no definite charge, but a free-will offering will be collected.

Ada Mae Powell, daughter of Mr. and Mrs. B. D. Powell, 4561 Clarkston Road, will enroll at Bryan University, Dayton, Tenn., this fall as a freshman. She is a 1956 graduate of Clarkston High School, where she was, for three years, a member and pianist of the Christian Youth Club. At Bryan she plans to major in Christian Education.

THE GARDEN GATE

September marks the end of summer and most of our outdoor gardening for the year. But it is also an excellent time to make strides toward next year's season.

This is the ideal time for lawn work, to start a new one or improve an old one. The proper order and process of rejuvenating a poor lawn is to fertilize first, then add top dressing (a thin layer of sandy loam or peaty soil) and, finally, seed and water down. One advantage of fall lawn seeding is that lawn weed seeds will not germinate at this time, as they do in the spring, thus giving the new grass a chance to establish without competition of unwanted growth.

Early Fall is also an ideal time as a rule, for the planting or transplanting of evergreens. One reason being that the plants do not have to support new growth now as they would soon after being planted in the Spring. Planted in early Autumn, evergreens will have ample time to re-establish before winter.

Spring blooming bulbs should be planted now. All such bulbs except tulips will benefit by early planting to establish good root systems before winter temperatures end their growth. Peonies and the biennials, such as hollyhocks, foxgloves, Canterbury bells and sweet rocket are especially suited to early Fall planting.

Methodist Crusade Well Under Way

Under the direction of The Reverend I. Grant Dunlap, Director, the Building Fund Crusade of The First Methodist Church gets under way in full swing in obtaining subscriptions totaling a minimum of \$115,000. Beginning on Sunday, September 15th, over 160 visitors will go into Clarkston homes inviting the residents of the community to help subscribe for the building of the new church. These visitors met for a briefing session with Rev. Dunlap last Sunday afternoon, and will meet at the

Clarkston P. T. A. Meets Tonight

The Clarkston Elementary P. T. A. will hold its first meeting of the season tonight, Sept. 12, at 8:00 o'clock in the Elementary School. There will be four speakers: John Jadwin, a visiting teacher; Billie Freeman representing speech correction and Gordon Spellbring and Barry Bridenbaugh speaking on "The Mentally Handicapped".

There will also be an introduction of teachers, so this would be a good time for parents to meet their child's teacher. Refreshments will be served.

Child Study Club Opens Season

The subject, "New Horizons in Disciplining Our Children" was discussed by Mrs. James Cowen and Mrs. Richard Surre at the meeting of the Clarkston Child Study Club held on September 5th in the home of Mrs. James Mortensen.

after the business meeting and discussion all enjoyed refreshments. Mrs. Henry J. Storer was co-hostess.

The next meeting will be held on October 3rd at the home of Mrs. Earl Hawke.

Advance Gifts Committee officers of The First Methodist Church plan for the meeting of their committee Tuesday at the church. They are: David Stewart, Crusade Chairman; Earl Hawke, co-chairman, Advance Gifts Committee, and Elmer Pettengill, all standing. Those seated are: Philip Smith, Advance Gifts Chairman; Reverend I. Grant Dunlap, Director, and Reverend William J. Richards, Pastor.

church tonight, from 8:00 to 9:00 P. M. for the most important instruction session of the program. Rev. Dunlap has stated that it is urgent that all those who are to do the calling be present.

Prior to the visitation on Sunday afternoon the visitors will meet for dinner at the church at 1:00 P. M. Calling in homes will continue on Monday and Tuesday. On Tuesday evening, September 17th, at 9:00 P. M. a Victory Service will be held at First Methodist Church and the total sum raised for the Building Fund will be announced. Reverend Dunlap will preside at the service and will be assisted by the pastor, Reverend William J. Richards. All residents of the community are invited.

One of the most important committees of the Crusade is the Advance Gifts Committee composed of some thirty members. Last Thursday they were entertained at dinner by the church, and at that time Rev. Dunlap made a survey on the amount which might be raised. The Advance Gifts Committee will meet again tonight at 9:00 P. M. with Chairman, Philip Smith and Co-Chairman Earl Hawke.

Many citizens have given their effort and time toward the preparations for the Crusade. Rev. Richards reports that nearly 100 members of the congregation have already been busy building bill boards, creating a brochure, providing for the "open house" held at the new building site last Sunday when 350 attended the affair, contracting for the airplane photography, doing office work, sending correspondence, etc. Community leaders have thrown their interest behind the proposed religious, cultural and social center in as much as the new church will offer an opportunity to provide for dinner for 400 or more, meeting place to handle the increased population in the Fellowship Hall, and outdoor meeting place for over a thousand people.

Mr. and Mrs. Walter Cunningham of 340 Ramona, Apt. 2, Monterey, California, are receiving congratulations on the birth of a 7 lb 5 1/2 oz daughter, on Wednesday, September 4. Grandparents are Mr. and Mrs. Walter Barrows of Bradenton, Florida, and Mr. and Mrs. Blaine Cunningham of Kittanning, Pennsylvania.

CLARKSTON PIONEERS HAVE BUSY MONTH

The Clarkston Pioneers have been busy this month. They started out the month by participating in the Labor Day parade. Riding in the covered wagon were: Mrs. Etta Teggerdine, Mrs. Ella Gregg, Mrs. Ivan Rouse, Mrs. Opal Beach, Mrs. Emma Young, George Harris and Joe Amman.

Last week a number of the Pioneers attended Old Timers' Day at the State Fair. Attending the fair were: Mrs. Margaret Denton, Mrs. R. T. Vliet, Mrs. Ivan Rouse, Mrs. Wesley Stevens, Mrs. Opal Beach, Mr. and Mrs. John Gibson, Mr. and Mrs. Roy Hoyt, Mr. and Mrs. Wallace Guile, Mrs. Winifred Porritt, Miss Myrtle Skinner, Mrs. Grace Birge, George Elliott, George Harris and Clarence Drake. Mr. and Mrs. Guile were honored with second prize for being one of the couples married the greatest number of years (58).

The Club will meet in the Community Center on Thursday, Sept. 26, for a 12:30 luncheon and meeting. The September birthdays will include: Mrs. Blanche Jones, Mrs. L. F. Walter, Mrs. Edith Crampton, Mrs. Myra Wieland, Mrs. Josephine King, Mrs. Opal Beach, Mrs. Beulah Kitchen, Clarence Vliet, R. L. Haines and Michael Farley.

Mrs. F. E. Kuklaw of Pine Knob Road has done it again—she received four first prizes and one third prize at the State Fair for her baked goods entries. With Mrs. Kuklaw baking is a real hobby and one that is so satisfying. She loves trying new recipes and very seldom is there a miss.

Mrs. Joseph Andrews of Detroit is visiting this week with her sister, Mrs. Emma Hoyt of Washington St.

Suzanne Hadrill who graduated last June from Clarkston High School, has enrolled for courses at the Business Institute in Pontiac.

Ira Pence Jr., son of Mr. and Mrs. Ira Pence of 9260 M-15 leaves today for Ann Arbor where he will live in Anderson Hall while he attends University of Michigan School of Engineering.

HOMEcoming AT MT. BETHEL CHURCH

As this is the 120th anniversary year of Mt. Bethel Church a Homecoming will be held at the church on Sunday, September 15th. A worship service will be held at 10:00 a. m.; Sunday School at 11:15 a. m. and at 1:30 a cooperative dinner will be served, followed by a program.

Several former pastors will attend. Reverend Marshall Saunders, pastor, extends a warm welcome to all present and former members of the congregation and friends of the church.

Antiques and relics, telling the history of the church will be on display.

BOATS TO BE TAKEN FROM VILLAGE PROPERTY BY OCTOBER 1

The following notice will be attached to all boats currently on Village Property at the south end of Deer Lake:

NOTICE

This boat must be removed from village property by October 1. If this order is not complied with, the boat will be hauled to the village dump subsequent to that date.

By Order Of The Clarkston Village Council

This action is being taken in order that boats which have been "abandoned" by their owners can be removed from village property. The Council is also planning to adopt some regulations governing the leaving of boats on village property next year. These regulations have been made necessary by the increasing number of boats and bathers using the Deer Lake Beach.

LOOKING FOR A "MODEL-YEAR-END" BARGAIN?

Then check these facts that prove that **FORD** is still your best buy—from any angle!

Throughout the 1957 season Fords have outsold every other make. And now that the model-year end is approaching, Ford is a better buy than ever! We Ford Dealers are determined to sell out our stock of '57s. And to do this we're offering deals and trades that can't be equalled. Just look at these savings:

Ford costs you less to run!
Ford proved its saving ways in the only nationally recognized test of gasoline economy—the 1957 Mobilgas Economy Run. A Ford Six delivered more miles per gallon than any other car entered.

Ford costs you less to trade!
Ford owners across the nation have learned that Fords hold their value better, too. Latest official auction sale figures on used cars show that the new kind of Ford commands a higher price than either of its two low-priced competitors.

Ford costs you less to buy!
When you investigate initial cost you'll find that model for model, right across the board, Ford cars are the lowest priced* of the low-price three. And when you compare Ford with the medium-priced cars, you'll discover you can buy a '57 Ford for hundreds of dollars less than a similarly equipped medium-price model.*

Make this Acid Test:

.....
New Car Price \$.....
Less Trade-In.....
Allowance \$.....
.....
This is what you pay!
.....
Make this test and you'll buy Ford!
.....
Come in and make us prove it!

*Based on comparison of manufacturers' suggested retail delivered prices

Nobody but NOBODY out-trades a FORD Dealer!

BACK TO SCHOOL

Essay by Dianne Chapman
The Clarkston High School is again in session, and with a

week of serious settling down and orientation behind teachers and students, a satirical view of the situation is in order.

After almost a week of "spring training", paper wads are now flying with unerring accuracy, but Teacher feels she has command of the ship until the blond in the third row sits on a tack, which event causes the ship to rock a bit.

The students have changed, too. All the new clothes have been worn at least once, and everybody's back to last year's standbys.

Down in the office, the routine has been set too—tardy slips are being written out accompanied by such excuses as "The alarm clock didn't ring", "I missed the bus", and "... I just had to go back to my locker to get the book".

To the teenager, this all adds up to school, which is defined by the contemporary author, Carolyn Biber, as "A general get-together with the gang in-

terrupted by six, usually tiring, hour-long periods called classes".

An off-the-road run up Pikes Peak was called impossible by people who know the mountain well. But a production Chevrolet pickup actually did it . . . to prove its pulling power and ruggedness!

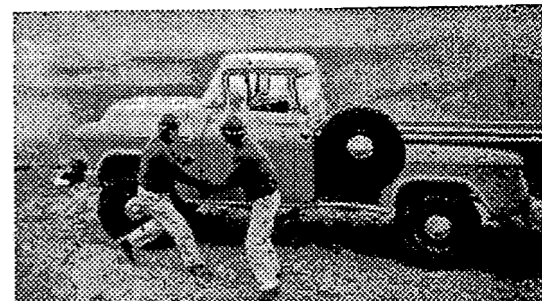

All the way to the top without using the road! Here the truck scales high boulder pile near the 14,110-foot summit.

Steep grade near timberline—a rugged test of power. The power and torque of Chevrolet's famous Thriftmaster 6 proved more than a match for the most difficult grades.

Miles of loose boulders and thinning air offer extreme challenge. Yet the big Chevy engine never faltered; it performed flawlessly mile after mile, all the way up the mountain!

GOODWILL INDUSTRIES THANKFUL FOR DISCARDS

Almost everyone in this community has sent discards to Goodwill Industries at one time or another.

These discards have meant employment to many physically handicapped workers.

The good will of the public being the backbone of Goodwill Industries, Executive Secretary Harold H. McKinnon today urged all those who can to visit the main plant at 6522 Brush. "Goodwill workers feel that

every contributor should see first-hand how usable discards are renovated", he said.

"A tour of Goodwill is interesting, educational and helpful to the organization."

"Everyone who sees Goodwill Industries in action is enthusiastic. They see each discard go through various stages of renovation until it is ready for sale", he said.

"They see a different type of industry, one where many different trades are housed in one building and where each worker has equipment that makes his work easier, according to the type of handicap he has".

"The visitor realizes how much a Goodwill bag filled with usable discards means to an energetic class of people who want 'Not Charity But a Chance'." "Individual or group tours can be arranged by calling the Public Relations Department at TRinity 3-3600", McKinnon said.

IMPORTANT ANNOUNCEMENT

TO ALL EDISON CUSTOMERS

Now available to home owners in this area is a new and better electric water heating service.

Sweeping changes in the basic design of electric water heaters have been made to give them greater heating ability. Heater action is now fully automatic. These things the manufacturers have done at our suggestion. At the same time, economy-seeking revisions in Edison's water heating rate have been adopted. The result is the best water heating service ever offered in Southeastern Michigan.

Many families already use the new service. For the first time, theirs is a feeling of complete confidence in a really modern and adequate water heating system. Like them, you can be comfortable in the knowledge that the *safe water heater* is now one of the most efficient, too.

Why a New Water Heating Service?

Really hot water is an absolute necessity in every home today. It's easier, for example, to get the laundry clean (not just clean looking) with 160° water. But few heaters, other than an electric, heat water that hot unless manual adjustments are made. Such heaters, then, are not truly automatic. And if a fuel-fired heater is permanently adjusted to heat 160°, servicemen say that there is a likelihood that heater life will be shortened. With an electric water heater, it is standard practice to heat water to 160° and heater life is not shortened.

likelihood that heater life will be shortened. With an electric water heater, it is standard practice to heat water to 160° and heater life is not shortened.

Lots of hot water is a modern requirement. New electric water heaters have the ability to operate day AND night as demand requires. There is no period when hot water is not available.

Exactly What's New About the Heaters?

Electric heaters have always had superior features. Long life, for one. In the efficient electric heating action, there's no concentration of heat in one small area—no destructive burning action. In addition, the manufacturers have always cooperated in using only the best design and construction materials. These rigid standards make a big difference in lifetime operating and replacement costs. Lifetime costs are also lessened by Edison's present liberal policy of replacing electrical operating parts without charge.

where . . . even where small children play: There is no danger of accidental burns. An electric heater can be placed anywhere for another reason. It has no flue; needn't be close to a chimney. You place the heater where you want to, not where you must—and eliminate long, hot water wasting pipes in the process.

These have always been standard features in any electric water heater. But we felt that the new unit should be better yet. So we asked the manufacturers to redesign them to supply more hot water than ever. This has been accomplished by use of two more powerful heating units. Ordinarily, the lower one alone supplies ample hot water. Once in a while an unusual amount is needed. Then the upper unit switches on automatically to handle the heavy demand.

New Rates—Dependable Service

Along with the more efficient and dependable electric water heater goes a new flat rate to make it more economical than ever. You benefit by having available up to 20 hours of water heating for flat rate charges like these:

Flat Rate Charge per Month (Add Sales Tax)	
50-gallon heater	\$3.88, net
80-gallon heater	5.34, net
110-gallon heater	6.79, net

By the month these are slightly higher charges than the older flat rates. But, considering the doubled hours of operation available under the newer rate, the *hourly* flat rate charge is less.

Old Customers—New Service

Present electric water heater owners profit by switching to the new service, too. They can do so simply by calling the nearest Edison office. Then the time-switch will be

changed from 10 to 20 hours of operating time. There is no conversion charge. The new flat rate applies after the time switch has been changed.

DETROIT EDISON

See the new, improved electric water heater at your plumber's, appliance dealer's or nearest Edison office.

BOOKS

(continued from page 1)
ing thoughts to the problems of survival that confront the world today". Since there is no greater problem for our world today it behooves us to pay close attention to a wise man's thoughts. Humility is a greatly overworked word nowadays, but Mr. Baruch is one of the people whom it truly suits. For example, we find

him readily relating not only his successes but his mistakes and failings, in his conviction that "failure is a far better teacher than success".
Don't miss this book. You will not forget it soon.
Speaking of forgetting, who can ever forget Max Shulman's outrageously funny "stuff" after once reading it? Shulman fans will be delighted to hear that he has a new book out entitled

RALLY-ROUND THE FLAG, BOYS, in which his humor is just as bare-faced as ever. This time the plot concerns the effect on a small Connecticut town of a Nike base installation, and Mr. Shulman enjoys making his characters react in various ways, almost all of them hilarious. He has a very nice way of teasing self-importance without being cruel, so if you want a couple of hours of fun with many downright laughing-out-loud moments read Mr. S's latest.

There are some books equally as fine as the above going on your shelves this week, a few of which we'll mention soon. Visit your library and look them over.
