The men of the community and their ladies are invited. The film will start at 7:30 P. M. A light buffet lunch will be served following the picture.

C. H. S. Hi-Y **To Sell Wreaths**

Members of the Hi-Y of Clurkson High School will be selling Christmas wreaths on December 14. These wreaths will be sold door-to-door in the Clarkston vicinity. The money earned through the sale is used for a charitable cause.

The boys would like to know beforehand, who might be interested in ordering one of the wreaths for their door or window. Any interested persons are encouraged to call Mr. Vincent at OR 3-7626 and place an order. The wreath will then be set aside and delivered to the purchaser on December 14. There will be a nominal charge for the wreaths. This is certainly

a gift in itself if you realize that your contribution will be helping someone else also.

BY LOVE POSSESSED, the current best seller by James Gould Cozzens has no gimmicks. and needs none, for it is excellently written, contains some of the most perceptive characterizations we've seen, and deserves to be the best seller, an honor we can't allow to every book which is successful. Mr. Cozzens has researched so carefully that lawyers think he is one of them. He describes three days in the life of his hero, a small town lawyer, so vividly that you will feel entirely unlike yourself when you have finished reading. So closely will you identify yourself with Arthur Winner you will be part of him for days. This is what a good novel is.

Come try the quickest combination on the road! CHEVY'S TURBO-THRUST V8 WITH TURBOGLIDE

Chevrolet's radical new Turbo-Thrust V8 and honey-smooth

Turboglide* automatic drive form a performance team that spells action. At all speeds, under all driving conditions, they give you the quickest, smoothest response of anything going.

There's never been an engine-drive combination like this one! Chevrolet's Turbo-Thrust V8* introduces a radical new slant on engine efficiency. The combustion chambers are located in the block rather than in the head, and chamber surfaces are precision machined. The result is a wonderfully smooth and even flow of power.

Turboglide*-the other half of the team-is the first and only tripleturbine automatic drive in Chevy's

field. It takes you from a standstill through cruising in one continuous sweep of motion, without even a hint of a shift or lag. Harness these triple turbines to a 250-h.p. Turbo-Thrust V8-or the 280-h.p. Super Turbo-Thrust*-and you step out instantly in any speed range. Nothing else on the road turns your touch into action so quickly, so smoothly. Your Chevrolet dealer has the combination!

closer and closer and you probably have a hundred and one things to do presents to buy, holiday parties to plan, and lots of errands to run. Just the spot for your telephone to come to the rescue. You can shop around by phone and find out if certain

items are still available and what they cost. And for planning holiday get-togethers, there's no faster, easier way than doing it by phone. Holidays and every day, there's just no end to your telephone's usefulness.

NEWLY-DESIGNED equipment is being used to bring telephone service more quickly to fastgrowing sections of town. Called Cable Concentrator, it lets as few as 16 pairs of telephone cable wires do the work of 58. In a new and heavily builtup area, where the Cable

Concentrator is most useful, it means more phones can be installed without waiting for additional lines to be built. And it means more people there can have single or two-party lines. The development of these concentrators is one more milestone in Michigan Bell's continuing program to bring you more and better phone service.
