Lehman Davison of 6598 East-113 Franklin Blvd., Pontiac, or lawn, both receiving Bachelor by phoning FEderal 5-6171.

Oakland Division Manager, points out that Oakland schools alone will receive a \$652.796 share of the taxes paid by the company in this area.

Communities throughout Detroit Edison's 7,600-square-mile service area will receive upwards of \$20,700,000 in tax payments by the company, which owns property in 13 counties of Southeastern Michigan. Of this total. \$7,478,000 will go to schools. In specific localities, the ratio of Edison taxes to the total taxes collected varies widely, of course, according to the amount of property owned locally by the company. As to over-all ratio, Edison's \$20,700,000 property

tax bill constitutes about 5.7 per cent of the total property taxes paid by all companies and individuals to some 400 villages, cities and townships in the area served by The Detroit Edison Company. Anthony G. Maihofer, director

of Edison's tax department, points out that the total local, state and federal taxes to be paid by the company for 1957 is

fuel used in producing the electric power for the entire system. Though our taxes along with other riving operational costs have to be included in the rates we charge, we have managed

through strict economy and improved productivity to hold, and even reduce, the price of electricity to the people we serve", Maihofer said. "As a matter of fact our customer actually gets forces and science. more electricity for his money Oakland County Officers will today than he did 20 years ago."

Clarkston Local

When Wayne State University confers degrees on 1367 January graduates during commencement exercises at 8:30 P. M., Tuesday, Jan. 28, in the Masonic Temple auditorium in Detroit, among those honored will be Margaret S. Shotwell Campbell of 5935 of Science degrees.

is receiving an ever-increasing share of new missile work", he said. "In addition, many of the top scientists in the Nation now

live and work in Oakland County and more are on the way." Nearby are the General Motors Technical Center, the Bendix Research Laboratories, Lawrence Institute of Technology. Not too far away are the University of Michigan, Michigan State University, Wayne State University. Plans are underway for the construction of an Oakland County branch of Michigan State and a huge Chrysler Corporation Re-

search Center. "Future predictions are that the Detroit area will one day be Clarkston Local the electronics center of the

world", said Broomfield. "With the wealth of brainpower already at work in the Oakland County area, a top-grade faculty for a new science academy

wouldn't be hard to find." Besides Broomfield, two other Michigan Lawmakers are urging construction of the new National Academy of Science as a direct nearly as important an operating challenge to Russia in scientific expense factor as the cost of the and technical achievement. They are Senator Charles E. Potter, (R-Michigan) and Congressman Robert P. Griffin (R-Traverse City).

> The three have introduced legislation calling for a nineman Presidential Committee to study establishment of the science academy. Three Members each would be appointed from the fields of education, armed

Contemplated is a science academy which would be on a par with Annapolis, West Point

and the Air Academy. Students would undergo a four-year intensified course in science studies. After graduation, students would work another three to four years on governmental research projects under the super-

vision of the Nation's top scientific brainpower. Students could work on their doctorate's degrees during their work with the Government.

The Forensics do a number of different types of speeches, among them are declamationreading speeches; original oratory-presentation of original speeches; extempore speakinggiving a speech prepared in 1 hour on current events; humorous reading-presentation of a and is expected home shortly. humorous speech; and interpretive reading—a dramatic reading.

There will be a school contest to represent C. H. S. in the district contest sometime before February 22.

The sponsor of the Forensics | TEAM Club is Miss Lorna Wildon, the speech and English teacher.

38 young people were present on Sunday for the regular meeting of the Methodist Young Folk Twin Pines in First Methodist Church. The movie "The Broken Mask" was shown. This was a very thought provoking film on Race Relations which is the topic of study for January. Mr. and Mrs. Cecil Jennings were hosts at a serve yourself ice cream buffet at the close of the evening. This Sun-

day afternoon the members of MYF will travel to Detroit to see Dianne Chapman and Judy Inman off on their trip to the

kids. But it sure can be disappointing for grownups, especially when it means that trips to visit friends and relatives have to be called off. Don't let the miles keep you apart when blizzards blow and the weather isn't fit for

man or beast. Get together by telephone. Long Distance rates are low and you can talk as long as you want. Remember, when Old Man Winter spoils your trip, enjoy a visit the comfortable way-by telephone.

* * * * * * * * * * * * * * * * * *

IF YOU'RE BUILDING or

buying a new home you'll want to make sure it's "Telephone Planned." In a Telephone Plannéd home you can move your telephones around as easily as lamps. The telephone wires are built in by Michigan Bell (while the house is under con-

struction) with convenient phone outlets, like electrical outlets, placed throughout the house. And the telephones are equipped with plug-in cords. Then you can rearrange the furniture wherever you want, and plug in the phones wherever they're most handy. For more information just call our Business Office.

SCIENCE can give us great entertainment, as the Bell System's television Science Series has shown. These shows have been awarded the Edison Foundation award as "The Best Science Television Program for Youth in 1957." What is more, they are helping to interest young

veople in scientific careers - careers which may well affect ie future of our country. Be sure to tune to the latest a our series, "The Unchained Goddess"-the story of weather-next month on the NBC television network.

The new Impala Convertible with Body by Fisher and Safety Plate Glass for safer, sharper seeing

ACTION NEVER CAME SO BEAUTIFULLY PACKAGED

... or offered so many new ideas about driving pleasure! CHEVROLET has blended bold new styling with brilliant advances in riding comfort and engine performance to come up with a BEAUTIFULLY MOVING THING.

There's an unnistakable sense of action in the style of this new Chevrolet. You see it in the bold way the windshield rakes back at the corners, in the deeply sculptured gull-wing rear that looks like the very shape of motion. Even the way that trim, slim

steering wheel feels in your hand tells you there's potent performance in this package!

Just twist the key. This one snaps awake and into action on a moment's notice, and puts out the kind of performance that puts pleasure into driving. V8's

with up to 280 h.p. supply the action. Full Coil suspension and a new body-frame design turn that action into a smooth, sweethandling ride. If you like Chevrolet's looks, wait till you sample its life! Your Chevrolet dealer will arrange it.

COIN AND STAMP CLUB TRAVELS TO FLINT

by Norman Powell

On Wednesday, January- 8th, the Coin and Stamp Club of Clarkston High School travelled to Flint.

to the Reynolds Coin Shop to observe and buy some of the rare coins on display there. All had a good time and the club is looking forward to another trip to the shop soon again.

CLARKSTON STUDENTS TO **CO-EDIT SCIENCE JOURNAL**

Cilarkston has received the honor of co-editing a national science journal with Pontiac Central High School.

The journal will be compared with one from each state. Features will be science exhibits, poetry, short stories, and

scientific material which will be Clarkston's area of research. On February 5th, the journal members, including Georgia Robinson, Lucy Oakley, Anita Hadrill, Barbara Jackson, Betsy Os-

good, Joe Jennings, Douglas and Norman Powell will accompany meeting with the Pontiac group.

The journal will give a good ed that the journal will be a big Greene. success.

FUTURE NURSES CLUB

by Frances Hancock

Wednesday, January 15. the Future Nurses Club held a meeting. Gail Weston, president, announced that Mrs. McInnes will be unable to sponsor us. A plant was presented to her in appreciation of the fine leadership she has rendered.

Following a business meeting, work was begun on cancer pads. The F. N. C. will continue to work on this project in the future. There is still an urgent cause may call Gail Weston at

You don't have to look twice to tell it's a '58

... It's Oldsmobile's True Air Suspension!

Here's the greatest improvement in riding comfort since they first put air in tires! Oldsmobile's New-Matic Ride puts four air cushions between you and the road . . . giving you the smoothest, softest, most relaxing ride vou've ever experienced!

Now-Matic Ride is different from any other "air ride"! It's designed exclusively for Olds! No matter how heavy or one-sided the load, New-Matic Ride instantly and automatically returns the body to "design height." You ride on-the-level all the time. There's super-softness when the going is easy . . . firm control when the going is rough!

Try New-Matic Ride today! Come in and see the magnificent new Oldsmobile and get all the facts on New-Matic Ride. Sample, too, the reserve power of the great new Rocket Engine. You'll appreciate the newest in high-compression performance-delivering all the power you can use, plus new fuct economy, too! And you'll love the luxury and distinction of Oldsmobile's brilliant new styling!

So make a date with a Rocket 8! Experience the freedom-to-go feeling of OLDS mobility . . . try the superb smoothness of New-Matic Ride. It's the new concept of surface travel for the Rocket Age... and it's available only at your Oldsmobile Dealer's! *Optional at extra cost.

DSMOBILE *** 58 YOUR AUTHORIZED OLDSMOBILE QUALITY DEALER

TOWN SHOP Offers You Great Savings in Our

ONE TELLS ANOTHER

For the finest performance, Oldsmobile's New-Matic Ride is an exclusive "closedsystem" (shown above). Carefully-filtered air is pumped into high-pressure taak (behind right rear wheel), ready for instant use as air chambers (at wheels) require. Air then circulates to low-pressure storage tank (behind left rear wheel), ready for future use. Air springs (one at each wheel) replace conventional metal springs.

There will be three top awards Elementary.

Schools receive an important part of the \$1,813,322 tax payments made by Edison in Oakland County in 1957

For the year 1957 Detroit Edison's total tax payments will be about \$38,201,000 to local, state and federal governments. Over half of this sum will stay right here in Michigan with \$7,478,014 going to local school districts in our service area.

The balance of these Edison tax dollars helps to build needed public projects and to support police, fire and other vital services in your community.

As your electric company supplying your electric service, and as a corporate citizen paying taxes, we like to think that we are truly partners in the progress and growth of the 400 communities we serve in Southeastern Michigan.
