TODAY'S CHILDREN LEARN about the value of the telephone almost before they can walk. Here's a story of a six-year-old daughter who knew exactly what to do when she heard a man trying to break into the house. She ran to the phone and got the police. The fact that the intruder turned out to be her father (he had lost his keys) takes nothing away from her prompt action in a crisis.

THE TELEPHONE COMPANY has a special way of recognizing noteworthy deeds by telephone employees in time of crisis. Telephone folks have a long tradition of service to the public; but each year the company makes a practice of giving medals, cash and citations to employees for some particularly outstanding deed beyond the call of duty. This year, for instance, awards were given to a Pontiac telephone man credited with saving the life of an auto accident victim, and to an Ann Arbor repairman who rescued a man from fire.

A SMALL BOY called the Information Operator to ask for a local number. After she had supplied it, the operator suggested to the small boy that he would find it in the telephone directory. "I know," he agreed, "but I can't do that 'cause I'm standing on the directory to reach the telephone."

DO YOU HAVE TROUBLE reaching your phone? Do you sometimes find yourself upstairs when it rings downstairs? Did you know that you can save yourself and family any amount of rushing about? And very inexpensively, too. All you need is a bedroom extension phone. More and more people are discovering the wonderful convenience and extra fun of having extension phones. How about calling our Business Office about it today?

WITNESSES ARRANGE REGIONAL CONVENTION

Jehovah's Witnesses of the Drayton Plains congregation are arranging to assemble at their semi-yearly regional convention at Milford, Oct. 24-26, it was announced today. It is expected that some 1500 will attend from Michigan including Royal Oak, from Drayton Plains will include nearly all of the local con-

gregation. Mr. W. P. Strong, presiding minister of the Drayton Plains hearts filled with many fears and much in need of hope, faith and understanding, from the Bible.

"It is fitting that the convention theme is 'Expanding Our Ministry' ", Mr. Strong explained, "because each one of Jehovah's Witnesses has a goal to become more proficient in helping others to find hope from Bible truths, especially the hope of a trouble-free New World by God's Kingdom."

Mr. Strong said training sessions at the convention will augment the comprehensive ministry training provided by five classes attended each week at their Kingdom Hall at 4400 W. Walton Blvd., Drayton Plains. Assigned to serve on arrangement committees at the conclave are Edward W. Strong, Ernest J. Woods and W. P. Strong, of

the Drayton Plains congregation. Mr. Strong said many Jehovah's Witnesses from the Drayton Plains congregation also attended their largest international convention to date at New York City this past summer when over 200,000 gathered from 90 countries world-wide.

EVERYBODY BENEFITS

Trucks are the only commercial vehicles which serve all of Michigan - bringing merchandise and materials from every part of the world to every Michigan household, farm and business concern.

In fact, for hundreds of Michigan communities motor vehicles are the sole means of transportation - autos and busses for passengers, trucks for freight. These communities are not served by any other transportation

So, you see, because trucks can and do go wherever there are roads, ample supplies of food, furniture, medical supplies, tools and machinery - necessities and luxuries from everywhere — are available anytime to people in all of Michigan.

Those in small out-of-the-way communities are as well fed, well housed and well clothed as the people of Michigan's largest metropolitan centers — thanks

Save Your Firehouse!

Looking back over these col- night-my subscription expired! umns for the past six years, I notice I've always been partial to the "unlikely" twist.

For instance, the policeman who got a ticket for parking . . . the candidate who forgot to vote on Election Day . . . the firemen who discovered that the firehouse was burning.

But now I've got to confess one on myself. I started with the Clarion twenty years agoand every night since, a copy of the newspaper has been left at my front door. Not so last

From where I sit, the trouble with all of us now and again is that we get so wrapped up in other people's affairs that we neglect our own. It's like the people who are concerned with my right to enjoy an occasional glass of beer. I don't impose my choice on them-why shouldn't they act likewise. We all have enough to do to keep our own "papers" in order.

You can't be sure you're getting top-quality medical supplies or the ones you really need. Make all your health purchases from a registered pharmacist.
