Chevy pickup pulls through "bottomless" pastures to keep stock fed!

At the Hall Bros. Dairy Farm, Montgomery, Ala., they say this 4-wheel drive Chevy will go anywhere to keep stock fed-even through hub-deep muck that makes it a fight all the way. And yet after a full year of it-no mechanical trouble of any kind!

That Chevy pickup may not win any beauty awards (till it's cleaned up). But it's sure walking off with the top prize for dependability. And that's standard Chevrolet procedure. Put a Chevy truck to work and it keeps on working until you say quit. Not before. We aren't claiming that every Chevrolet truck is turning out to be a miracle-worker and averaging 100,000 miles before a valve job. (Even though some are going 150,000!) You're sure to find, however, that you can't buy more truck dependability at any price. And that's borne out by the fact that more truck owners put their faith, and their pay-

loads in Chevrolets than in any other make. Take your load and schedule figures to your Chevrolet dealer. He'll specify the best way to handle both and save in the bargain.

No job's too tough for a Chevrolet truck! ELEVROLET

Now's the time-see your local authorized Chevrolet dealer for a real truck buy!

MICHIGAN WEEK **MAY 17-23**

Hats Off To Michigan!

Michigan Week - May 17-23 - with its emphasis on all of the things for which this great state of ours is famous, is a good time to consider the vital importance of the motor truck . . . Here is a servant of the people which does indeed serve everyone: the farmer, the business man, the retailer, the housewife, the vacationer, the boy or girl at school.

Everything you eat, wear, or use travels all or part of the way to you by truck. Yes, trucks are as much a part of Michigan as its vast productive capacity, its beautiful scenery, its great educational facilities, its fine people.
