Memorial Day originated at the close of the Civil War, and therefore Posts of the American Legion and all veterans give due recognition on this day for veterans of earlier wars. It is with great pride that we honor those who gave their lives in the service of our country. We look upon today's pursuits of peace with a profound gratitude to God, and men and women who gave their lives as part in the cost of victory.

Let's join together this Memorial Day to honor them.

Boy Shows Interest In Far-Away Project

By Jody Wilford

A Clarkston boy has been formally invited to the dedication of a unique business and industrial center. Two things are unusual about this invitation. First, the building is being constructed on the other side of the Caribbean Sea, on the top of a mountain in Caracas, Venezuela. Second, the honored guest is John Lynn of North Holcomb Street, who is only eight years old.

John's interest in the building was an outgrowth of The Clarkston School Science Fair. Encouraged by his 3rd grade teacher, Mrs. O. F. Foster, John entered a project in this year's Fair. While he was happy to receive a blue ribbon which meant that his exhibit was considered good, he is determined to do something better for the Fair next year. He much admired the model of the Mackinac bridge and thought he, too, would like to make a model. About that time the annual supplement of The World Book Encyclopedia, which his parents, Mr. and Mrs. William Clark Lynn, subscribe to, arrived. The picture of the giant "Helicoid" appealed to him, first of all because it was constructed on the top of a mountain and because it had a unique and interesting shape. It looked like it would be something he would enjoy making. Since he had only a small photograph, John sent a simple request asking for pictures and information, along with \$2.00 of his own allowance to cover postage.

John, wondering whether he would ever hear from Venezuela, got a reply. Last week a bulky package, enclosing a letter from an official of the "Helicoid," arrived, crammed with exquisite souvenir jewelry, pamphlets, blueprints, photographs and details of the unusual structure that was nearing completion.

After studying the information John learned that the construction of the "Helicoid" necessitated the service of 8 architects and 20 engineers working in a team for the supervision of the building, where, at the present time, 6 different phases of the work are being carried out and some 600 workers are active in 3 consecutive shifts. The letter went on to say: "Those who worked in this project feel as though they are members of a great, great family, because great performances require the cooperation and efforts of many persons in order to reach a common objective and promote fraternity and fellowship. On account of your interest in our project we consider you as a member of our team."

In Dr. Rafael de Montey's letter he mentioned that John's letter had been published in Spanish in a local weekly magazine. He also extended the following formal invitation: "We wish to extend a formal invitation to you so that you will be here among us on the inauguration day, representing your friends and all the children of the United States, who, like you, cherish the noble aspiration of knowing and learning, penetrating deeply in the creations of other countries. When the day comes, we shall make the necessary hotel reservations for you and your mother or a representative named by your parents, who may accompany you."

O. E. S. Encourages Christian Workers

It is altogether fitting that an order whose inspiration is from Him whose star in the east is a symbol of light and a more abundant life, should choose for its universal project the promotion of Christian leadership.

The general grand chapter, Order of the Eastern Star greatly concerned about the lack of Christian ministers and other full time Christian workers, approved, in October, 1952, the establishment of Estarl, Eastern Star Training Awards for religious leadership. Since that time more than 2500 Scholarship awards have been granted to young men and women, some of whom are preparing themselves to fill some of the vacancies in the 145,000 pastorates which have no pastors; and still others will serve in far off fields where civilization is reaching out for greater understanding; and still others will give full time service in the fields of religious music, christian education or youth leadership.

In Michigan, there are at present, 22 Estarl students enrolled in the college or seminary of their own choice and the Order of Eastern Star is most enthusiastic about this program which aims to encourage an increasing number of our ablest youth to dedicate their lives to full time christian service.

Joseph C. Bird Chapter of Clarkston has informed the local pastors of this program and have asked them to recommend worthy students who are in need of help if they have any such cases in mind. An applicant need not be of Masonic or Eastern Star affiliation — any young man or woman who by their daily lives and actions, prove themselves fitted for religious leadership may apply for an Estarl Award. Men and women of honor and integrity motivated by the spirit of Christ are sorely needed today and the Order of Eastern Star is anxious to assist students in preparing for christian service.

They shall go into all nations and spread the Gospel, which is a message of peace and goodwill to all mankind.

How the armour of righteousness enables man to withstand the attacks of evil will be brought out at Christian Science services Sunday.

In the Lesson-Sermon entitled "Ancient and Modern Necromancy, alia Mesmerism and Hypnotism, Denounced," passages read from the Bible will include (Ephesians 6:11): "Put on the whole armour of God, that ye may be able to stand against the wiles of the devil."

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include (57:15): "At all times and under all circumstances, overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for a victory over evil. Clad in the panoply of Love, human hatred cannot reach you. The cement of a higher humanity will unite all interests in the one divinity."

Now I realize that hail insurance is part of the cost of doing business and a hedge against disastrous loss. Take it from the experts
CHEVY GIVES YOU 7 BIG BESTS!
Take it, not from us, but from the published opinions of outside, independent experts and from on-the-record facts and figures: Chevrolet gives you these 7 big bests over any other car in its field!

BEST ENGINE
Every motor magazine has given Chevy's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."
BEST BRAKES
In direct competitive tests of repeated stops from highway speeds, conducted by NASCAR*, Chevy out-stopped both the other leading low-priced cars—and why not: Chevy brakes are far larger, built with bonded linings for up to 66% longer life.
BEST ECONOMY
No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car.
BEST STYLE
POPULAR SCIENCE magazine sums it up: "The fact is, in its price class the Chevy establishes a new high in daring styling..." It's the only car of the leading low-priced three that's unmistakably '59 in every modern line.
BEST TRADE-IN
Check the figures in an official N.A.D.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."
BEST ROOM
Official dimensions reported to A.M.A.‡ make this clear. For example, Chevy front seat hip room is up to 5.7 inches wider than competitive cars.
BEST RIDE
You'll be able to tell this yourself, instantly. But MOTOR TREND magazine expresses it this way: "... the smoothest, most quiet, softest riding car in its price class."

Visit your local authorized Chevrolet dealer and see how much more Chevy has to offer!

BE AN ALERT DRIVER ON CROWDED HIGHWAY

With fears mounting that Michigan's safety record of the last 3 years may have reached a turn for the worst, State Police are warning motorists to be alert in the all time high traffic volume for that holiday expected over the Memorial Day week-end.

Nationally there has been an increase of 5 per cent in deaths in the first quarter of the year. January, February and March had reductions in deaths in Michigan compared with the same months last year, but the influence of the national trend was felt in April in the state with a sharp increase of 29 per cent. There was, however, a net reduction of 14 per cent for the first quarter, but accidents have been increasing since last fall.

"The improvement in the economy and more cars and drivers coupled with the urge to travel over the first holiday week-end following the long and confining winter months will be accompanied by an upswing in deaths unless drivers exert every caution and drive defensively," according to Commissioner Joseph A. Childs. "The warning signals are up and the holiday will test whether we are in for real trouble in the months ahead, or whether Michigan can run counter to the national trend and continue with a good record."

To be ready for the holiday, pass days of State Police officers have been canceled and patrol shifts lengthened from eight to ten hours during the period from noon Friday, May 29, to midnight Sunday, May 31.

State Police also have been assigned 129 National Guardsmen to serve as the second man on

patrols. Sheriffs will have 96 regular second men for additional two-man patrols, releasing the Guardsmen.

Radar and speed control devices will be used by the State Police in the areas of heaviest travel and there will be aerial observation of traffic conditions.

Last year 13 persons died over the holiday, one every six hours. The worst Memorial holiday was in 1941 with 58 traffic deaths and the best in 1950 when only four died.

Boating Safety Is No Accident

In boating, as in driving, common sense dictates the rules of safety. The following precautions are among the more important measures to be observed: (1) Be sure your boat is soundly constructed and in seaworthy condition; (2) Equip your boat with an anchor and at least one life-saving cushion or jacket per passenger; (3) Keep a safe distance away from bathers, fishermen and other boaters; (4) Don't stand up or exchange places in a small boat; (5) Don't overload your boat; (6) Don't venture so far from shore that you can't return ahead of a sudden storm; (7) After dark, use a light to prevent collisions.

NEW ZEALAND COMBINES BEST OF MANY WORLDS

"It's a whole collection of countries—Canada, Japan, Norway, Switzerland, Northern California."

That's how Jim Perry examines, describes New Zealand in the latest Cinerama production "South Seas Adventure" now showing at the Music Hall in Detroit.

He could have added England too, for much of the countryside and many of the small towns of New Zealand could have been lifted straight from the English landscape.

Such a town is Christ church in New Zealand's South Island.

This is the town farthest away from Britain in the entire British Commonwealth, yet it is the most English of all. It could be Oxford or Stratford right down to the river Avon that winds through it and the big stone cathedral that straddles the square in the middle of town.

As Jim Perry says, New Zealand has almost every type of scenery known to man outside of the tropics.

For although New Zealand is in the South Seas, it has snowy glaciers and icy peaks, magnificent fords and rushing mountain streams—and the best fishing in the world.

There is no place in the Canadian Rockies as rugged as majestic Milford Sound where Sir Edmund Hillary, famed New Zealand climber, found the conditions for training that later enabled him to conquer Mount Everest.

USE CAUTION IN ACCEPTING CHECKS.

An alarming increase of 21 per cent in the number of fraudulent checks processed by the State Police during the first four months of this year and better than a 40 per cent increase so far in May over the same period last year has been reported by the department to alert business people to emphasize more caution in the summer months ahead when bad checks generally gain sharply. Det. Sgt. Fred C. Kelly, head of the fraudulent check section of the State Police headquarters in East Lansing, said the increase in fraudulent checks is probably related to the improved economic conditions. "Contrary to popular belief," he said, "bad check passing experiences an upward swing when business is better, and falls off during recessions. Unemployed people who are honest do not turn to check passing during hard times." State Police records show that the months of July and August, the height of the vacation and tourist season, generally show a much higher incidence of bad checks than other months. Kelly advises resort and business people to increase their caution in cashing checks for strangers. "A good rule to follow," he said, "is to treat every

BALANCED DIETS ELIMINATE NEED FOR MANY PILLS

You don't need pills, powders and capsules to be well nourished. According to nutritionists at The University of Michigan Medical Center, most of these products contain known vitamins and minerals in quantities far greater than the normal daily requirements. While there is no evidence to show that excess vitamins and minerals will improve health, it is generally believed that an over-dose of some nutrients can actually be harmful. The fact is, say the U-M dietitians, that all vitamins and minerals needed by the average person are contained in standard foods.

GIRL SCOUT COUNCIL MET LAST WEEK

The Spring Council meeting of Northern Oakland County Girl Scout Council was held at the C. A. I. Building, Tuesday evening, of last week.

The Flag Ceremony consisting of the U. S. Flag, Council Flag, World Flag, and Six Sr. Troop Flags was very impressive and well presented by the Senior Roundup girls who are to attend the National Roundup in Colorado Springs July 3-12. The Roundup girls also gave the invocation and sang the official Roundup song, "The Road Winds Upward all the Way."

Mrs. Fred Bisbalte, President of Northern Oakland County Girl Scout Council welcomed all present and introduced Council Board members.

Binoculars were awarded to one troop in each of the five Districts who sold the greatest amount during the recent Cookie Sale. Mrs. Carlyle Bragen, Cookie Chairman presented the prizes to Troop 54 of Harrison-Central-Meadowbrook Neighborhood Troop 578 of Wisner-Alcott-Lincoln Neighborhood, Troop 165 of Oxford Neighborhood, Troop 551 of Union Lake Neighborhood, and Troop 120 from Waterford Center-Beaumont Neighborhood.

The Council Meeting Attendance Award was received by Mrs. William Johnson, Avon District Chairman.

Recognition was given to the Senior Scout graduates by Mrs. Earl Schultz, Senior Scout Advisor. Receiving Certificates were Shelby Jean Lockamy, Diane Copenhaver, Betsy Cook, Marilyn Bell, Carol Murphy, Vicky

McLaughlin, Jacqueline Griffin, Barbara Lloyd, Joanne Folsom, Sue Hallenbach, Marjorie Swoboda, Mary Way, Gretchen Everhart, Barbara Baldwin, Barbara Baldwin, Mary Stuart, Dee Tanner, Lynn Whipple, and Lyn Tohurst.

A "Doll House" project which originated within the Council has been completed and judges Mr. Pat Larry from the House of Colors, Mr. Fred Poole of Poole Lumber, and Mrs. Stanley Conn selected for the Intermediate group the Burmese Tea House (complete with pool and pollywogs). Troop 309 Rochester submitted this entry. Second Place Troop 552 of Avon, and Third Place Winners-Troop 92, North. Receiving honorable mention were: Rochester Troop 520, for Study, Use of color, and design. Waterford Troop 397 for good taste and neatness. Waterford Troop 54 for unique use of cleverness of idea, and Pontiac Troop 300 for cleverness of ideas, taste, and color. The houses will now be distributed by the troops to hospitals or other charities after being displayed for a time in various store windows.

"Picture your Home Frontier" has been an inspiration for Roundup girls as well as troops throughout the country. All have been able to share; Brownie, Intermediate, and Senior in a colossal art exhibit to be judged at the 1959 Senior Roundup in Colorado. Paintings, prints, photographs and drawings submitted by Scouts were judged and a painting by 9 year old Gay Schmidt, daughter of Mr. and Mrs. Nelson Schmidt, 1905 Davidson Lake Rd. Gay is from Brownie Troop 565, Oxford and submitted a painting of the Oxford Gravel Pit. Representing the Intermediate Division was a pencil drawing by 13 year old Linda Teasdale, daughter of Mr. and Mrs. Wendall Teasdale, Cherryland St. Linda made a drawing of the Honor Roll for Servicemen in Auburn Heights. These two pictures will now be sent to Colorado for National judging.

Saturday, May 23 from 10:15 a.m. until 11:45 a.m. the Round up girls held "Open House." The public attended and saw the demonstrations as well as the equipment which will be used and taken to the encampment by the Representatives from Northern Oakland County. A film "You're It" was shown, and a social hour followed with Sashabaw Neighborhood as hostess.

FOOD SUGGESTIONS BY MSU MARKETING AGENT

Barbecue time is here again! If it's pork you want, there are several popular choices for the Memorial Day celebration. You might have grilled bacon, spare-ribs, ham slices or the popular hot dog. The MSU Marketing Agent suggests that barbecuing time for spare-ribs can be reduced to one-third if they are partially cooked beforehand.

If it's a broiler you want for barbecue, choose one that weighs less than 2½ lbs. Or choose a

small turkey that weighs between 4 to 5 pounds and cut it in pieces.

If you pick beef steak for barbecue, select one that grades U.S. Choice or better. It will be more juicy and have more flavor if it's at least 1½ inches thick.

An open fire, hardwood charcoal and your choice of meat is a combination for barbecue success.

Are hot dogs the children's favorite picnic meat? Then you can feel very safe when buying them, says the MSU Marketing Agent. Michigan has one of the

strictest state laws controlling hotdog ingredients.

Frankfurters usually contain beef, pork, veal and spices. When most of the meat is pork, the frank is usually finer in texture, more tender and lighter in color. When beef is predominant, the frankfurters is usually firmer and darker in color.

Do you pride yourself on recognizing bargains? Then you are probably choosing an extra dozen of large sized eggs when you go shopping this week. Unusually low prices for eggs at this season makes them one of the best main-course values in the markets today.

"The green grass is growing all around" and in Michigan this means asparagus time! Short traveling time from the farm to you means quality and the best flavor yet.

Look for asparagus stalks that are green all the way down. That's your assurance of the most yield from the bunch you buy.

Let the asparagus tips be another tip to quality and flavor. Pick asparagus with firm, tightly folded tips.
