Mr. Stitt will continue assisting in the Daily Vacation Bible School until Wednesday mornng. On Wednesday evening, he will fly to New York City for a rest and vacation with his friend, Ronald Borgquist of Birmingham. Following a week's stay in New York, he will return home. He hopes to finish a novel he has been working on, catch up on some reading, and prepare himself for the fall semester at Albion College.

During his stay in Clarkston Reverend Stitt assisted Reverend Richards, made pastoral calls, led youth activities, and assisted in Daily Vacation Bible School.

Clarkston will miss the excellent contribution which this young Christian minister has brought to the youth of the community and will extend to him their best wishes at the Sunday services led by the pastor, Reverend Richards.

one of 7 big bests Chevrolet gives you over any car in its field

Proof that Chevy delivers the most ENCE magazine, "a new high in darmiles from a gallon comes from an in-disputable source: this year's Mobilgas Economy Run. For a pair of Chevrolet sixes with Powerglide walked away with the first two places in their class got top mileage, in fact, of any full-sized car. Over the Run's long, rugged course, over mountain and desert in the long, long haul from Los Angeles to Kansas City, the winning Chevrolet averaged a whopping 22.38 miles per gallon. That's the kind of economyengineering that keeps you saving while you drive!

BEST STYLE-It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCI- ing styling.

BEST BRAKES-In competitive tests of repeated stops from highway speeds, conducted by NASCAR**, Chevy outstopped both of the "other two." Naturally—Chevy brakes with bonded linings are far larger, built to lengthen brake life by up to 66%.

BEST TRADE-IN-Look at the record-the used car prices in any N.A.D.A. Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST ENGINE-Chevrolet engines have long won expert praise and, just recently, Chevrolet received the

NASCAR Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines.'

BEST ROOM-Official dimensions reported to A.M.A.; make this abundantly clear. Chevy front seat hip room, for instance, is as much as 5.9 inches wider than in comparable cars.

BEST RIDE-MOTOR TREND magazine names Chevy "... the smoothest, most quiet, softest riding car in its price class." But this is one Chevy feature you really should discover for yourself, at your Chevrolet dealer's. Stop by soon!

COURSES OFFERED BY WSU AND U OF M

More than 100 courses will be offered this fall by the Division of Adult Education of Wayne State University and the University of Michigan.

The Division, which combines the rich resources of the two universities, enrolled more than 5,000 adults during the academic year 1958-59. A wide variety of courses ranging from the liberal arts and the humanities to business subjects will be offered.

Faculty from both universities will be used to teach the courses which are held on the Wayne State campus as well as at the Rackham Memorial and at six suburban points which include Allen Park, Ferndale, Grosse Pointe, Royal Oak, St. Clair Shores and Wyandotte.

The number of afternoon classes will also be enlarged this fall. Nine courses; primarily in the liberal arts, will be offered from 1:30 P. M. until 3:00 P. M. during the fall semester. All classes except one in French, will meet one afternoon a week for 8 weeks in the cultural center area.

Individuals interested in the liberal arts and the humanities may enroll in courses in art, economics, music, literature, history, foreign languages, psychology, philosophy, and sociology and anthropology. Self improvement classes include English grammar, vocabulary improvelanguage improvement, and creative writing.

Business subjects offered this fall include accounting, electronic data processing, insurance, business correspondence, business law, credits and collections, office management, salesmanship and advertising.

The National Foundation, Mr. Hodgson said, was rushing nurses and other medical personnel and a great deal of special equipment to the Des Moines area to help meet their emergency. In addtion, The National Foundation has dispatched special personnel and equipment to other polio outbreak points in Oklahoma City, Kansas City, Dallas, Fort Worth, Nashville, New Orleans and Chapel Hill, N. C.

"When you consider', Mr. Hodgson said, "that polio has struck ecently in these widely scattered areas, is there any reason why Oakland County should feel safe? We might be next, and if we are, the responsibility will be with those people in our community who have not been inoculated." He added that some public health officials predicted that by the end of this summer polio will reach its highest peak since 1955, the year the Salk vaccine was developed.

"We've been lucky up to now" Mr. Hodgson said, "but what's the point of trusting to luck when we have a safeguard a gainst polio as effective as the Salk vaccine."

Mr. Hodgson urged all those in Oakland County who have not had any Salk shots to get started at once, and those who have had only one or two shots to complete the series of three as soon as possible.

We have examined the fund balances of CLARKSTON COM-MUNITY SCHOOLS as of June 30, 1959 and the related statements of cash receipts and disbursements for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The scope of our examination was not extended to include the child accounting records of the school system. However, State aid payments which were based on such child accounting records were Number of teachers confirmed by us directly from the State authorities. We also inspected a letter from the County superintendent of schools which Teachers salaries stated that they had audited the child accounting records during the period and found that they were "correct and comply with the laws of the State of Michigan".

In our opinion, the accompanying statement of fund balances and statements of receipts and disbursements present fairly the financial position of Clarkston Community Schools at June 30, 1959 and the results of its operations for the year ended then.

THE LABOR DAY WEEK END is almost here and so is a chance to get away for that final summer fling. It may be a bit crowded at hotels, motels and lodges so it's a good idea to think ahead and call ahead for reservations. It's so easy to do. And it can save you so much trouble, too-unless you enjoy riding around until late in the day to find a vacancy sign. So remember that resolution you made last summer and phone ahead now.

HUNTING FOR THAT SPECIAL ITEM? Here's a shopping tip that will help you find your quarry and save you mileage and frayed nerves, too. Let the Yellow Pages be your guide. This handy telephone directory can help you find just who has what you want-in the right size and color and at the right price-before you even leave your house. The Yellow Pages steer you in the right direction. So keep them handy and consult them often.

THE 1960 WINTER OLYMPICS

don't open until February but telephone men have been on the job at Squaw Valley, Calif., since July of last year. More than 1,200 telephones will be in service there to accommodate some 35,000 visitors a day. There's also the complex job of providing communications for press and TV coverage. Whether it's a special event like the Olympics, your everyday service or our defense needs, the telephone company works constantly to bring you the best in modern communications.

Women can never be as successful as men because they have no wives to advise them.

If, for instance, it were up to you to supply des- the made-to-order dessert and noss sert and coffee, what would you out on its other half!

Naturally, the coffee part is easy, but the dessert can be a problem. There should be enough to go around two or three times . . . it should be portable . . . it should be something easily eaten with the fingers . . . and, most of all

it should be extra good. Believe it or not, there is a dessert that meets all these requirements with ease. It's Banana It's made with ripe bananas and and floured pan 8 x 13 x 2 inches buttermilk and baked in a large in moderate oven, 350°, 50 to 60 flat pan, one that's perfect for carminutes.
