MRS. GEORGE H. LANG, Jr.

The bride is the daughter of Mr. and Mrs. James A. Glennie of 165 N. Main Street and parents of the bridegroom are Mr. and Mrs. George H. Lang of 6185 Orion Road.

The bride was escorted to the altar by her father. She wore an embroidered white nylon organza gown, intermission length with chapel train. The fitted bodice had cap sleeves and a sweetheart neckline. Her cap of pleated organza and lace was traced with seed pearls and held a fingertip veil of illusion, and she carried a cascade bouquet of pink and white miniature roses. Her jewelry was the groom's gift of pearls.

The maid of honor, Patience Thayer of Clarkston, wore a floor-length bouffant gown of moss green silk organza and a matching picture hat. Her bouquet was a cascade of white fugi mums.

Bridesmaids were Kathy Sutt of Pontiac and Mrs. David Lee of Harrisburg, Pa., cousins of the bride; Mrs. Clark Rouse, the groom's sister; Onalee Morgan, Suelen O'Dell and Mrs. Darrel Blackett, all of Clarkston. Reminder

This is to remind you that you will have the opportunity to see and hear the U.S. Navy band in Oxford on September 24. Be sure you have your tickets, because the Senior High School Gymnasium will only hold so many and this is a concert everyone will want to hear.

This big event is being sponsored by The Lions Club of Oxford.

Drive Carefully This Weekend

Apprehensive over the increase in Michigan deaths, the State Police have planned intensified patrol coverage over the Labor Day weekend and are warning drivers to be doubly careful in what is expected to be the heaviest traffic on record.

All pass days have been cancelled and officers will work 10-hour shifts from noon Friday, September 4, to midnight Monday, September 7. They will be assisted by 129 National Guardsmen. Sheriffs will have 98 Guardsmen.

The State Police will give special attention to areas with high accident records. Semi-marked as well as marked cars will be used along with radar equipment for speed control. The department's three planes will be in the air for observation of traffic conditions.

There were 12 deaths over the Labor Day weekend last year, an average of one every seven hours and the best record in nine years. The worst records for that period were in 1952 and 1953, when 32 were killed each year, or one every 2.4 hours.

Deaths in Michigan began increasing in April and despite reductions in January, February and March, there has been an average gain of six per cent for the first seven months of the year.

"The forecast is that Labor Day traffic will be the heaviest ever seen in Michigan if the weather is good" said Commissioner Joseph Childs. "This should alert drivers to exercise the utmost care in the increased exposure to accidents."

"We will do all that we can, but the primary responsibility for not being involved in a mishap will still be with the man behind the wheel. Don't take chances and drive defensively."

ST. ANDREW'S EPISCOPAL TO BE A PARISH

Decision to follow through on the July 20th recommendation of its Executive Board to incorporate as a Parish was made at a well attended meeting of the congregation of St. Andrew's Episcopal Church, Drayton Plains Sunday August 30th. The Chapel meeting was held immediately following the 10 o'clock Service of Morning Prayer.

On motion of Mrs. Walter R. Forbes, seconded by Mr. George D. Elliott, it was voted unanimously to accept and approve the recommendation of the Chapel Committee.

Six Incorporators were then elected. Inasmuch as these are at present five former chapel wardens and one present warden, active in the congregation, these men were named to carry through the actual incorporation. A motion by C. H. Methner, supported by J. B. Walker and C. E. Graufey, that St. Andrew's Episcopal Church, Drayton Plains, incorporate as an Ecclesiastical Corporation and that the six incorporating be authorized to take all necessary steps was carried unanimously by 57 members voting.

These men are Messrs. Harry S. Richardson of 344 Meinrad St. Warden in 1951, '52, '53; R. Lloyd Walker of 3257 Coventry St., Warden in 1954, '55; George D. Elliott of 6384 Cleveland Dr., Warden in 1957; and Carl H. Methner of 4446 Louella Street, Warden in 1958; all of Drayton Plains. Wallace E. Whitmer, Warden in 1956, of 100 Wompole Dr., Clarkston; and the Present Chapel Warden J. D. Boardman of 4413 Forrest Rd., Pontiac. Mr. Boardman the Conventor, has called a meeting of this group for Wednesday September 9th at 7:30 p.m. at the Church.

Legal Counsel will be retained; Articles of Incorporation and Parish By-Laws will be prepared; Bishop R. S. Emrich, will be officially notified and asked for his approval to incorporate and to call a Rector; Rev. C. G. Widdfield, Rector of the sponsoring Parish, will be notified and asked to notify the Wardens, Vestry and Parishioners, and when Incorporation is completed institute steps to turn over to St. Andrew's the more than \$100,000.00 in land, building, equipment and other property now being held in Trust for St. Andrew's.

When Incorporation is complete, under the Ecclesiastical Corporation Act 327 of the Michigan Public Acts of 1931, and the Certificates of Approval have been received from Bishop Emrich, and from the Rector, Wardens, and Vestry of All Saints Parish, a "First Parish Meeting" (as distinct from chapel congregational meeting held while in "Mission Status") will be called by public advertisement. Those attending that meeting who declare in writing their intention to be active members of this Parish will be invited to sign individually the Articles of In-

YOUTH MEMBERS CONDUCT SERVICE

At the service preceding a meeting of the congregation at which the great step of decision to go forward into Parish Status was taken, members of St. Andrew's were inspired by the way in which Youth Members of the congregation conducted the regular service of morning prayer.

Michael Odle, of 2810 Buick Ave., Pontiac, who is a junior at Lawrence Technical College, read and conducted the opening prayers and first quarter of the service. Brennan Petar, of 788 Irwindale Ct., Pontiac, led the congregation in the responsive reading of the Psalm for the Day — Psalm 24. Brennan will be a 10th grader at Waterford High School.

Eagle Scout Robert Chambers of 140 Coleman St., Pontiac, 10th Grader, read the Second Lesson of the day, and Robert Read, who will be a Waterford High Senior, read the First Lesson from the famous Sixth Chapter of the Book of The Prophet Micah.

As part of the Musical Offering, R. David Heltsley of 473 Scott Lake Rd., who will be a sophomore at Michigan State University this fall and who is a member of MSU Glee Club, sang part of the Bates Burt Hymn "O God of Youth."

It has been the policy at St. Andrew's Church for the past four years to have "Youth Participation Sunday" every time there is a fifth Sunday in a month. Through this means over 50 young men and another thirty young ladies in Choir, have been given actual experience in leading and conducting adult services of worship at the local church.

They enjoyed a barbecue picnic before resuming their trip homeward. The group had been visiting the Swisher's son, William, Jr., a ministerial student who is employed at Yellowstone Mammoth Springs Hotel this summer.

All of the group experienced the jolting effects of the earthquake. The Swishers had left the park by the west entrance and gone to Missoula, Montana, to visit friends. Tire trouble delayed their return trip, so they decided to stay all night at a motel near Missoula rather than drive to West Yellowstone after dark. The quake jolted them awake and shook the furniture.

They and other motel guests rushed outside. They thought the incident was local until they checked out the following morning. The motel operator told them the West Yellowstone route was closed, that there had been a major disaster at Hebgen Lake. The Swishers told him they had to get back to Mammoth Springs Hotel to pick up a member of their party. The motel operator mapped out a different route, but warned them that they might be stopped at any point enroute. They eventually reached Mammoth Hot Springs and found everybody safe.

Miss Gouker, in addition to experiencing the earthquake, was with a group of people who were viewing the landslide across the valley from the hotel that morning when an after shock jolted the area. The mountain they were viewing quivered and boulders and earth began to cascade down the mountainside again.

William Swisher, Jr., still has three weeks of work to complete his employment contract, so he remained in Yellowstone Park.

Baker Eddy will read this passage: "The enslavement of man is not legitimate. It will cease when man enters into his heritage of freedom, his God-given dominion over the material senses" (228: 11-13).

The Golden Text is from Genesis (1:26): "God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth."

ask
Several years ago I suffered a \$2500 loss due to home and contents damage resulting from a combination of exploding water heater and windstorm, both actually happening at about the same time. Although I carried two insurance policies none of this loss was covered under either policy. A neighbor tells me he has a Homeowners Package Policy that covers everything and costs a lot less than the premiums on separate policies. Is this the best policy for the homeowner?"

YOUNGSTERS SHOULD GET EYE EXAMINATIONS

An eye specialist at The University of Michigan Medical Center urges parents to get a "thorough, complete eye examination" for children about to enter kindergarten or first grade.

Dr. John W. Henderson, U-M associate professor of ophthalmology, says vision is a "competitive" ability in modern society, and it is put to a major test when a child first starts school.

"Even though your child may not need glasses or treatment at this time, a thorough exam will show whether he is likely to require correction during early school years."

More children than ever wear glasses these days, Henderson adds, because "the need for good vision is much greater than it used to be." He says teachers, school health departments and doctors are also more alert to discover minor weaknesses in vision, and are better equipped to correct them.

A child's vision undergoes a series of normal changes which should not be confused with vision disorders, Dr. Henderson says.

"The average small child is considerably far-sighted. This diminishes as he grows, and by the time he is 10 or 11 he becomes a bit near-sighted. Parents are likely to become upset at this time because the near-sightedness seems to be steadily getting worse until age 16."

"But," adds the U-M ophthalmologist, "this is perfectly normal growth pattern. It usually levels off at 16 or 18 years and stays that way for the rest of

Miyajima—Japan's "Seagoing Shrine"

Japan Tourist Association

One of the most-photographed sights in Japan is the lovely shrine island of Miyajima, some twenty miles from Hiroshima. Built out over the edge of the sea, the crimson shrine buildings actually seem to float on the water at high tide. The huge camphorwood torii, just offshore, serves as a gateway through which truly devout pilgrims pass in a sacred boat when approaching the shrine. Another memorable feature of Miyajima is the fantastic bugaku dance performed there by masked Shinto priests wearing brilliant silk robes.

Among his duties at the U-M Medical Center, Dr. Henderson has charge of the eye bank sup-

ported by the state Lions Club.

USE PRESSURE CANNER TO PROCESS CORN

Home-canned corn can be good—if you can it properly, says Roberta Hershey, foods and nutrition specialist at Michigan State University.

Pack the corn hot, and use half as much water as corn. For each cup of corn you put into the jar, add one-half cup of water.

Only sure way to process corn is in the pressure canner. The corn reaches a much higher temperature than is possible in a boiling water bath. And that higher temperature is needed to make sure a non-acid vegetable like corn will keep.

Helpful hints from Consumers Power Company's Home Economist

Like a Fish Takes to Water...

They also take to rotisserie style cooking! Any firm-fleshed whole fish makes excellent fare: bass, bluefish, haddock, cod, pike, etc. To enhance flavor, sprinkle fish with lemon juice and refrigerate for an hour before centering on the spit. While roasting brush frequently with melted butter or barbecue sauce. And to produce that lakeshore barbecue flavor right in your own kitchen, nothing tops a Gas range rotisserie! Chefs everywhere agree, only live flame really barbecues. The clean blue Gas flame sears your meat quickly... seals in flavor and goodness... imparts that flame-kissed flavor. Those "ordinary" meat dishes become golden brown delights with an easy turning Gas rotisserie! Just another reason why more good cooks buy modern Gas ranges. Find out about all the advantages of modern Gas cooking from your Gas Range Dealer today.

WEEK OF SPECIAL TRAINING FOR JEHOVAH'S WITNESSES

The Pontiac North Congregation of Jehovah's Witnesses is having a week of special training and activity during the semi-annual visit of the circuit supervising minister, Edwin W. Kriefall. Mr. Kriefall is accompanied by his wife.

"The congregation is enjoying a week of increased activity and spiritual benefit from Mr. Kriefall's visit", according to William P. Strong, presiding minister, who said the visit is a part of an advanced training program in teaching provided for Jehovah's Witnesses. The program includes Bible discussion with people of all faiths in the community.

The Saturday evening program begins at 8 o'clock with a discussion regarding the activity of the congregation in teaching. A discourse by Mr. Kriefall giving counsel on improving one's personal ministry using as a text Tim. 2:2 "adequately qualified to teach others" concludes the session.

Highlight of the week comes Sunday at 3 P.M. when Mr. Kriefall delivers the public address,

"Walking Wisely in a Wicked World". A congregation Bible study on the subject "Exert Yourselves Vigorously as God's Workman" using the Watchtower Magazine as an aid, and final

MR. and MRS. E. W. KRIEFALL

remarks by Mr. Kriefall will bring the weeks activity to a close. All meetings will be at Kingdom Hall, 4400 Walton Blvd. Mr. Strong said Jehovah's Witnesses carry on their teaching

work in 175 countries world wide. He explained that they believe God's Kingdom will remove all trouble makers from the earth and set up a peaceful new world within the present generation.

POLICE CAUTION WATER ENTHUSIASTS

With drownings outnumbering traffic fatalities, 15 to 13, over the Fourth of July weekend, the State Police are urging water enthusiasts to be especially careful over the long Labor Day holiday and wind up the summer season without tragedy.

Of 293 water accidents reported up through August 24 this year, 170 were fatal, 86 resulted in personal injury and there were 37 accidents resulting in property damage exceeding \$50.

Of the 194 drowned, 23 were boat operators, 41 boat passengers, 54 swimmers, two skin divers, one water skier, 18 children who wandered away from parents, 11 youngsters who slipped into the water while fishing or playing and 44 were victims of miscellaneous causes.

Major causes of boat accidents, which should serve to caution Labor Day boaters from making similar mistakes, include overloading, inattentiveness of the driver or reckless operation, using high powered motors on boats too small to handle the power load, and failure to beach crafts soon enough after storms appear.

Swimmers drown mainly because they try to swim unaided by boats near enough, swimming too soon after eating, swimming alone, or diving before checking the depth of the water.

corporation, and thus be "charter members of the Parish." A Vestry of 9, 12, or 15 men and/or women will be elected; By-Laws will be accepted; and three delegates and three alternates will be elected to carry the application to the annual convention of the Diocese of Michigan scheduled to be held Feb. 3rd, 1960 in The Mason's Auditorium, Detroit.

All Canonical steps having been complied with, and evidence being accepted that the new parish is and will be self supporting, and will be able to maintain its proper financial support of the Diocese and General Church, that new parish will then be formally received into Union With The Diocese, and will take its place

as 101st parish in the Diocese of Michigan. There being at present exactly 100 parish as well as 77 parochial and Diocese Missions within the eastern half of the Lower Peninsula of Michigan, which comprises the Diocese of Michigan.

Comparing statistics from the end of 1952, to the end of 1958, — seven years, the local congregation showed it has moved from 85th out of 146 Parishes and Missions, in number of families and/or individuals, and 85th in number of souls (all baptized men, women and children). Dec. 31st, 1952 (after 18 mos. operation — it showed 97 families and/or individuals, comprised of 231 baptized souls.

As of Dec. 31st, 1958, it shows 218 families and/or individuals, or 532 'Souls'. This moves the

congregation to 61st in size among the 173 parishes and missions reported in 1958. In communicant strength it has moved from 91st out of 146 Parishes and Missions in 1952 to 64th out of 173 in 1958. In Church School enrollment it has moved from 65th with 92 pupils and teachers at end of 1952 to 40th out of 173 church units with registration of 260 in 1958.

When you go peach shopping, don't complain because peaches are too firm. Producers and retailers like to handle peaches that are firm-ripe. These peaches get bruised less in handling and shipping. Home economists at Michigan State University point out that peaches picked while still firm will ripen at room temperature within a few

days. Just be sure the background color is yellow—not green.

WE DON'T MISS WATER TILL THE WELL RUNS DRY We take water for granted. But let the well run dry, and we're in trouble. It's like that with the industries that provide work for our people. We take them for granted. But let one of these industries close and we realize how much it has meant to us. Industries already present are the community's greatest potential for economic growth. Help your local industries to expand and you will share in the rewards that follow bigger payrolls, more retail sales, and greater community prosperity. Become familiar with the needs of industries in your community. Show that you are interested in helping them find ways to meet their needs.
