

NEW EXECUTIVE DIRECTOR FOR NORTHERN OAKLAND GIRL SCOUT COUNCIL

New Executive Director of Northern Oakland County Girl Scout Council is Mrs. Anthony La Macchio of Birmingham. Mrs. La Macchio has spent 12 years as religious education director in the interest of children doing area, state and national work. A college graduate, she holds a degree from Chaffee Nobel School of Speech and Dramatics, and Post-graduate and religious education degree from Anderson College Extension and Berean College and National Council of Churches Affiliation. Both Mrs. La Macchio and her husband, Anthony, have shared in volunteer youth work. They have taken an active part in promoting World Citizenship and also in having part in the giving of assis-

tance in establishing an orphanage in Alaska. Although in factory management, Mr. La Macchio has given much of his time, also, to Youth Work and has taken an active part in Boy Scouts as well. The family consists of two sons, Richard, who is studying Business Administration in Anderson College, Anderson, Indiana; and 10 year old Tony Howard, who at present is active in Cub Scouts. Mrs. La Macchio stated cheerfully that in addition to her two sons she now feels she has approximately 8,000 daughters as well. She will fly to Chicago this week to attend a 3-day session of Orientation Courses in Scouting.

In accepting her new position as Executive Director, Mrs. La Macchio stated that "Since Scouting is the practical application of the fundamental principals of democracy and spirituality within the broad concept and common ground of all races and faiths to bring about happy, wholesome, purposeful living for the individual girl, it correlates with past work and devoted interest towards youth in this area and the well being of children. The Girl Scout organizations out-reach and effective functioning is due to the many leaders, committee members, officers, and workers who gave 415 thousand volunteer hours towards mutual goals this past year. This is very commendable and the community is to be congratulated for its contribution to Scouting."

Plans for a Recruitment Program are now under way and are under the leadership of Mrs. Leonard Methner, Northern Oakland County's Organization Chairman. The affair will take place at the C. A. I. Building in Waterford, Sept. 22, from 7:30 P. M. until 9:30 P. M. Refreshments will also be served. Any interested adult who has a few hours to spare will enjoy the very provocative program which demonstrates various phases of Scouting. Mrs. Lloyd Porter, Program Chairman for the 22nd has stated that the agenda will include a Flag ceremony by Troop 106 of Trinity Baptist Church, a Brownie Troop from Rochester will participate and Troop 241 of Southwest and Troop 31 of Pontiac will do a campfire skit. Also on hand will be the 16 Senior Delegates who represented Northern Oakland County at the Roundup in Colorado in July. They will demonstrate the Scottish and Indian dances they performed in the Roundup and report on some of the other demonstrations as well as their own experiences which they shared with 8,000 other Senior Scouts at their tent city in Colorado. Also, on the program are the Alternate Roundup girls who planned and participated in a trip to Beaver

MICHIGAN QUIZDOWN prepared by MICHIGAN TOURIST COUNCIL... No. 17

Island this August. Mariner Troop 468, consisting of 14 girls, will tell of their exciting moments when they won the John Turner Award at the Menominee Bay Jamboree, sponsored by the Nicolet Area Council Boy Scouts of America. Participating were 70 units which included 1,000 Scouts. The trophy was awarded for "Outstanding Participation and Sportsmanship", which included such things as canoe racing, canoe tilting, swimming and marlin spike. Skipper of this busy troop is Mrs. Otis Walton and 1st Mate is Mrs. E. C. Bowles. Due to the high interest and rapid expansion of the Girl Scout movement in Northern Oakland County, additional openings are now available for volunteer adults to serve in the capacity of leaders, as board members or committee chairmen. Adults able to give only a portion of their time will still be able to serve in some capacity.

FALL STARTS SEPTEMBER 23

Fall will begin on Wednesday, September 23 at 2:09 P. M. At that time the sun will cross the equator on its way south and will arrive at the autumnal equinox.

It will rise and set exactly at the east and west points and the day and night will be said to be equal. The daylight hours, however, will exceed those of darkness by as much as nine minutes and the actual equal lengths of day and night will not come until Sept. 26.

Although the sun will be above the horizon for only 12 hours on the day of the equinox, it will be possible to see it for a while longer because of atmospheric refraction, or bending power of the earth's atmosphere. Light coming in from space is bent on striking this denser medium—the atmosphere—and objects always appear higher in the sky than they actually are.

Therefore the sun comes fully into view in the morning before any part of it really comes above the horizon and it remains visible in the evening after it would otherwise have passed out of sight. In other words, the rising of the sun is hastened and the setting delayed, resulting in the lengthening of the daily duration of sunlight.

For this reason, we do not get our day and night equal until a few days after the equinox, when the refraction effect will be balanced by a slightly longer night. As the sun apparently moves farther and farther south, the days will become correspondingly shorter and shorter until the shortest day of all in December.

COMPETITIVE EXAMINATION FOR POTENTIAL CADETS TO COAST GUARD ACADEMY

Competitive examinations for potential cadets to the Coast Guard Academy will be held February 23 and 24, 1960, announced Congressman William S. Broomfield (R-Oakland County) today.

The four-year course at New London, Connecticut, leads to a commission as a career officer in America's oldest sea-going service and a bachelor of science degree.

"There are no appointments of geographical areas for entrance to the Coast Guard Academy," said Broomfield. He urged all qualified young men who are interested in becoming cadets to write for details and applications to Coast Guard Headquarters, Washington, D. C. Applications must be postmarked before January 10, 1960, to be eligible to take the examination held in 118 cities.

Candidates must be single, must have reached their seventeenth but not their twenty-second birthday by July 1, 1960, and must be in excellent physical condition.

in home after home after home...

there's always plenty of hot water

the new electric water heater way

In home after home there's a new electric water heater. And the families in these homes enjoy all the hot water they want. You can be confident that an electric water heater, plus Edison's new Super Supply Plan, will provide round-the-clock hot water for all your family's needs, too. Then you can plan your day more efficiently—do the laundry, wash dishes, schedule showers when you want to. Here's the convenient, modern way to **GET IT HOT... GET A LOT** for an operating cost as low as \$3.88 per month.

- Only electric water heaters give you all these important advantages:**
- Efficient—the heat goes into the water
 - Install anywhere—need not be near a chimney
 - Long life—meet Edison's rigid standards
 - Automatic—all the time
 - Fast—new, more efficient heating units
 - Outer shell—cool to the touch all over
 - Edison maintains electrical parts without charge
 - Safe—clean—quiet—modern

COMING:
TRUCKS THAT DO THE NEXT BEST THING TO PAVING EVERY ROAD IN AMERICA!

Imagine a truck ride so smooth and cushioned that fragile loads can travel the worst "washboard" roads with ease. Imagine a truck ride that virtually eliminates shimmy and wheel fight, cuts side sway on curves, makes steering far steadier and easier, keeps drivers far fresher. Imagine a truck ride that permits higher safe cruising speeds, more trips per day with all kinds of cargo over every type of road surface. Imagine a ride that keeps up to 78% of all objectionable road shock and vibration from ever reaching the driver and cargo, a design that sharply reduces twisting and fatigue forces on chassis, cabs and bodies, that keeps trucks young for extra thousands of miles. / Soon you won't have to just imagine such a ride. You can try it for yourself in the trucks that do the next best thing to paving every road in America—new Chevrolet trucks for 1960. You'll see what happens when Chevy's truck engineers design a whole new line of trucks around a whole new kind of torsion-spring suspension. These trucks are new from the ride on up—with wonderfully roomier cabs, brawnier frames, style that's fresh as sixty and more! Don't decide on any new truck till you see the newest of all.

See them soon at your local authorized Chevrolet dealer's.

TRAFFIC FATALITIES HIGH IN 1959

One person died on an average of every five and six-tenths hours during the 78-hour Labor Day holiday period, the State Police reported today.

There were 14 persons killed in 13 accidents, an increase of two fatal accidents and two persons dead over the same period in 1958. Fatalities, however, were sharply reduced from the average of 22 killed during the eight year period of 1951 to 1958, and the 32 killed each year in 1952 and 1953.

There were 11 fatal accidents, six on rural trunk lines and five on county roads, in which 12 persons died, and all in the lower peninsula. Two urban fatal accidents, in which one person each was killed, occurred in Hamtramck and Pontiac.

Traffic although heavy was somewhat lighter than expected.

Since January 1 to September 6 there have been 878 deaths in Michigan compared with 846 during the same period last year, an increase of 32.

LOOK FOR QUALITY IN READY-MADE BLOUSES

Top price and top quality do not always go together in ready-made blouses.

Bernetta Kahabka, clothing specialist at Michigan State University, suggests you compare different blouses when you shop. She lists points you might like to check.

Buttonholes get a lot of wear, so stitches should be deep enough close enough and well-fastened enough to last the life of the blouse. They should be on the grain of the fabric. Buttonholes are more apt to stay buttoned if they are cut crosswise rather than vertical.

Collar should be neat with even stitches. Collar facing and interfacing should fit smoothly and lie flat.

All blouse seams should have adequate seam allowances so they will not pull out, and they should have suitable seam finishes so they will not ravel. Seam stitches should be smooth and neat—with no puckers.

Check buttons, too. Miss Kahabka suggests you look at the rim edge to see that buttons are

of uniform thickness. Button center should be strong.

If the blouse passes the quality check, try it on for size. It should have an easy fit through the bustline. Neckline and collar should be smooth and should not gap. Tail should be long enough to stay tucked in.

If the blouse is a poor fit, or if it needs too much reinforcing, Miss Kahabka concludes it is a poor buy at any price.

Is it true or false that small eggs are usually less expensive per pound than large eggs during September? It's true states the MSU Marketing Agent. This is true because spring chickens that are raised over the summer have just begun to lay small pullet eggs. There is an abundance of these eggs and the price is usually very favorable.

If you figure cost per pound between small and large size eggs, the minimum weight for small eggs is 18 ounces per dozen while the large size dozen weighs a minimum of 24 ounces.

Watch egg prices in the fall. Three small eggs will do the work of two large eggs, and usually for less money.

Are Grade B eggs suitable for cooking? Yes, Grade B eggs are very usable for cooking, remarks the Marketing Agent. Grade B eggs have larger air cells than Grade A eggs. The whites of Grade B eggs are less firm and the yolks don't stand so high when the eggs are broken. Grade B eggs may have an occasional blood spot, but this can be easily removed. While you might prefer Grade A for poaching and frying, Grade B eggs are suitable for cooking and baking, and cost few cents less per dozen all year.

MORTGAGE SALE

DEFAULT having been made for more than thirty days in the terms and conditions of a certain mortgage made by Alexander H. Evans and Gertrude T. Evans, his wife, also known as A. H. Evans and Gertrude Evans, his wife to William Hennecke and Mary Hennecke, his wife, dated the 29th day of August, A. D. 1955, and recorded in the office of the Registrar of Deeds for the County of Oakland and State of Michigan, on the 1st day of September, A. D. 1955, in Liber 3395 of Mortgages, on page 580, on which mortgage there is claimed to be due, at the date of this notice, for principal and interest and taxes, the sum of Five thousand eight hundred thirty-two and 39/100 (\$5,832.39) Dollars, and an attorney's fee of Seventy-Five and no/100 (\$75.00) Dollars, as provided for in said mortgage, as provided for in said mortgage. No suit or proceedings at law or in equity having been instituted to recover the moneys secured by said mortgage or any part thereof.

NOTICE IS HEREBY GIVEN that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, on Monday, the 19th day of October, A. D. 1959, at 10:00 o'clock in the forenoon, Eastern Standard Time, the undersigned will at the easterly or Saginaw Street entrance

of the Court House in the City of Pontiac, Oakland County, Michigan, (that being the place where the Circuit Court for the County of Oakland is held), sell at public auction, to the highest bidder the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with 7 per cent interest, and all other legal costs, charges and expenses, including the said attorney's fee, also any sum or sums which may be paid by the undersigned, necessary to protect his interests in the premises. Which said premises are described as follows:

Lots 41 and 42 Rochester Road Farms, a subdivision of part of the Northwest quarter of section 14, Town 2 North, Range 11 East, Troy Township, Oakland County, Michigan, according to the plat thereof as recorded in Liber 80 of plats, Page 22, Oakland County Records.

REGULAR MEETING OF CLARKSTON VILLAGE COUNCIL HELD AUGUST 10, 1959

Meeting called to order by President Thomson.

Roll: Beach, Jones, Terry, Wilford, present; Butters, absent.

Minutes of last meeting read and approved.

Moved by Jones, WHEREAS, the death of Edward (Ted) O'Roark, a life-long resident, came as a shock to this community, and

WHEREAS, Mr. O'Roark had served the community faithfully and ably for the past thirty years as a member of the Board of Trustees of the Village of Clarkston, and

WHEREAS, he has shown his devotion to the community through this and other services, and

WHEREAS, his memory will long be cherished by those who had the privilege of knowing him.

THEREFORE BE IT RESOLVED: that the Board of Trustees of the Village of Clarkston does hereby place upon its official records this tribute to the memory of Edward O'Roark.

BE IT FURTHER RESOLVED: That deepest expressions of sympathy are hereby conveyed to Mrs. O'Roark, along with a certified copy of this resolution.

Motion seconded by Beach.

Roll: Beach, yea; Jones, yea; Terry, yea; Wilford, yea. Yeas, 4; Nays, 0. Motion carried.

Moved by Wilford, "That the Village President be instructed to pay the Burton Lumber and Wrecking Company One Thousand and Four Hundred Fifty Dollars (\$1,450.00) upon completion of the razing of the Caribou Inn prior to the next meeting of the Village Council". Seconded by Terry.

Moved by Terry, "That the Disabled Veterans be granted permission to carry on their annual sale on the streets of Clarkston." Seconded by Jones. Motion carried.

NAVY SETS DECEMBER 12 FOR ANNUAL NROTC EXAM

VADM H. P. Smith, Chief of Naval Personnel, announced today that the 14th annual national competitive examinations for the regular Naval Reserve Officers Training Corps will be given to

eligible high school seniors and graduates on December 12. Application forms are now available and must be received before November 14.

Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to

earn a regular commission while studying at the civilian college of his choice which has an NROTC unit. All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer of \$600 for 4 years. During the summers the student goes on interesting training cruises as a Midshipman. After completing the usual four year college course, he is commissioned in the regular Navy or Marine Corps and goes on active duty as a prospective Career Officer with the Navys far-flung fleets. For those who apply and qualify, immediate assignment to flight training will open new careers in Naval Aviation.

High School seniors and graduates who have reached the 17th anniversary of birth and have not reached the 21st anniversary of birth on 1 July, 1960, may apply for the NROTC aptitude test. Those who make a qualifying score will be given a rigid physical exam early in 1960. From the pool of qualified young men remaining in competition, approximately 1600 will be selected to begin their Naval careers next September.

The NROTC college training program is also open to enlisted men on active duty with the Navy and Marines. Separate quotas are established for appli-

cants within these services. Application forms are available at High Schools, Colleges, Navy Recruiting Stations or from the Chief of Naval Personnel, Department of the Navy, Washington 25, D. C.

FOR WANT OF A NAIL—

For want of a nail, the shoe was lost. And because the shoe was lost, the horse was lost... and the soldier was lost and, the story goes, the battle was lost.

Sometimes it is that way when the battle is a community's struggle to gain new industry. Sometimes the battle is lost for want of something it would seem every community should possess.

A community's attitude—how all of us feel about our town and the industry in our town—

is one of the most important elements considered by an industrial prospect.

Our attitude must be good if we are going to win. It is everyone's responsibility. The attitude of everyone toward our present industry can be our biggest asset or our biggest liability in the community's effort to get new industry.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community grow and prosper.

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.
