United Fund Parade Thursday, October 1

Independence Township will be well represented in the United Fund Parade in Pontiac on Thursday, October 1st, at 7:00 P.M. The Clarkston High School Band will lead our township section, followed by our Boy Scout group headed by Scoutmaster Jack Frost. Mr. Don Woods will follow in one of his famous collector antique cars which you see parked around his Motel McNieve.

This parade marks the "kick off" for Pontiac and the four townships allied with them, Independence, Orion, Oxford and Brandon.

Our residential Chairman, Mrs. Harry Fahrner, advises that solicitors have volunteered for nearly all areas. Lewis Wint similarly advises that the Commercial, Industrial and Professional solicitors are likewise well organized.

The following agencies will receive a share of our \$5800 goal: our own Recreation Fund will receive the largest share, namely \$856; our Boy Scouts will receive \$513 and the Girl Scouts will receive \$435. These monies totaling \$1802 (31%) will be used entirely in Independence Township.

Other agencies sharing proportionately will be: American Cancer Society (Michigan use only), American Red Cross, Big Brothers, Michigan Children's Aid Society, Oakland County Child Guidance Clinic, St. Joseph's Mercy Hospital, Salvation Army, and Catholic Social Services.

Anyone wishing to do so, may have their entire contribution given to any of the above agencies.

After the business meeting Mrs. Klingman, program chairman, called on Mrs. Race to present some piano selections. This display of talent by Mrs. Race is always enjoyed by the club members because they know that when she seats herself at the piano she is master of the keyboard.

The highlight of the evening was a speech by a national winner, Carol Saul, a senior at Waterford Township High School, who recently was the champion in a speech contest. Her approach to her speech was very clever and the Rotary Anns admired the ease with which she handled herself before a group of strangers.

Her subject was, "My Favorite Character in History - Jesus Christ". Carol knew her subject well and her enunciation, pronunciation and her platform manners all denoted the work of a champion.

NOW..60 CHEVROLET TRUCKS WITH REVOLUTIONARY TORSION-SPRING SUSPENSION THAT GIVES ASTONISHING NEW SHOCKPROOF ACTION !!!!!

Chevy's done the next best thing to paving every road in America! First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it—a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day's time. Brannier bulldozer build! Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal. More comfortable cabs! Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. More real comfort! Big in the power department! With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in L.C.F.'s. More models than ever! New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer soon for a ride! Anything less is an old-fashioned truck!

VA ADVISES WORLD WAR I VETERANS

Veterans who were discharged as aliens during World War I, may be entitled to pension or compensation as a result of a law signed by President Eisenhower on July 28, Mr. Jameson, Detroit Manager for the Veterans Administration announced.

Although the VA will review all such cases on file that can be identified where claims for pension or compensation have previously been denied, Mr. Jameson suggests that all veterans who believe they may be eligible for benefits under this new law file their claims at their earliest convenience.

FURNITURE CAN FIT YOUR WAY OF LIVING

Enjoy your furniture. If it has to be hidden under a "throw" covered with plastic, perhaps you have the wrong kind of furniture.

Why we built two cars for 1960... as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium. And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets.

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrills, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

tural strength... it's a welded unit that is virtually rattle-free. The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride.

CHURCH BUILDING FUND

(continued from page 1)
ton, Ada E. Mills, substantially left her estate to the church for the construction of a new parsonage. In as much as her home was eventually sold for \$11,000 and the ensuing land contract is still held by the church, funds from The Building Fund Crusade were used for the parsonage construction. The total sum reported above is in addition to this generous gift of Mrs. Mills in 1957. The church was also a recipient of a gift of a new church site consisting of 6.8 acres located at the heart of the population area of Independence Township. This site was made possible through the generosity of the Howard Huttenlocher family it being the home of Mrs. Howard Huttenlocher during her childhood. The gift was a memorial to Mrs. Huttenlocher's parents, Mr. and Mrs. Eber Darius Parent. At that time the site was valued at nearly \$20,000. With the construction of

the new Clarkston High School across Waldon Road the church's location is also near to the cultural center of the community. When constructed it will be readily seen from south Main Street across a small valley. The Board of Trustees of First Methodist Church has invested the Building Fund in 3% Savings Certificates with \$45,000 of that investment with The Clarkston State Bank and \$9,000 with The Waterford Branch of the Pontiac Community National Bank. \$17,701.51 is in a 2% savings account with the Clarkston State Bank. In addition to these assets is \$7,906.02, the balance of the land contract from the Mills Estate earning 6% interest. Mr. Robert L. Jones, treasurer of The Building Fund, reports the total assets of The First Methodist Church Building Fund as \$79,607.53. The Building Committee of the church is in hopes that these assets will be increased to a cash total of \$100,000 by the conclusion of The Ground Breaking Crusade

Visitation on October 6th. This will be necessary if the church is to go ahead with its building plans in April.

MICHIGAN CONSERVATION DEPARTMENT BEAR STAMP \$2.00
Bear hunters will need this special \$2.00 stamp on small game licenses before stalking the burly animals in Michigan this fall. Conservation Department game men feel the new stamp requirement will improve management of these big game animals and curtail a waste of bears which has increased in recent years because of indiscriminate killing. A metal seal will be issued with each stamp, similar to the one used for deer. Bears may still be hunted during deer seasons on a deer license. No stamp or seal will be required. Bear stamps and seals are available through mail or personal application at the Department's Lansing office. They may also be obtained at all Department district headquarters and the Highway Department's information office at Mackinaw City.

FALL CARILLON CONCERTS

During October's bright blue weather, Sunday afternoon visitors at Cranbrook will hear music from Christ Church Cranbrook's 62-bell carillon.

Beginning Sept. 27 and continuing through October, the annual fall carillon concerts will be presented each Sunday at 4 p.m.

Weather permitting, the Gardens and Park of Cranbrook House will be open to the end of October from 2 to 5 p.m. daily except Mondays. There visitors may stroll among fall flowers, and walk in the richly hued woods of autumn. Tickets to the Gardens, with admission benefiting a Cranbrook Scholarship fund, may be purchased at the Academy of Art Galleries or the main gate of Cranbrook House on Lone Pine Road, opposite Christ Church.

Sunday concert goers are invited also to sit on the church lawn or in their cars to hear the carillon music.

OF INTEREST TO FARMERS

September 30 marks the deadline for farmers to apply for their 1960 payment rates under the conservation Reserve phase of the Soil Bank program.

County committees of the Agricultural Stabilization and Conservation organization will establish rates and farmers then must bid under these prices by October 16. This year, top priorities for annual payments will be accorded to low bidders on a graduated basis. These bids must also indicate the type of practice desired for 1960.

After being notified that their bids have been accepted, farmers will have 15 days to sign contracts.

Through these payments and cost-sharing, farmers are assisted in establishing practices for erosion control purposes and wildlife habitat improvements.

Farmers are reminded that Conservation Department game biologists will help them determine what type of wildlife food and cover plantings are best suited to their eligible land.

In addition, the Department will supply free planting stock for wildlife habitat improvements to farmers in Michigan's 40 southern-most counties. This stock, consisting of shrubs, trees, grass and seed, cannot exceed a
