C. H. S. Homecoming A Big Success

The Homecoming festivities at Clarkston High School were most successful. Thursday opened the big event with the tapping of the Queen. Bob Porritt tapped Gay Ann Park as Homecoming Queen of 1959. Shanna Stewart was tapped by John Parks as Senior maid; Carolyn Ruggles, sophomore maid, was tapped by Willie Knox; Sandy Asher, Junior maid, was tapped by John Marsh; Dan Ragatz tapped Vicki Burley as Freshman maid.

The Queen's assembly was the next event in the festivities. The student council presented the Queen and her court to the student body in a candlelight atmosphere. Carnation corsages were presented to each of the maids and a bouquet of red roses was presented to Gay Ann by the co-captains, John Parks and Bob Porritt. The stage for this occasion was decorated with a white throne with red, white and blue streamers extending to the floor.

Friday night found the students and cheerleaders at the bonfire. Cheers and school songs were sung, as the enthusiasm was built for the all important game with Brighton. The highlight of this event was burning a Brighton cheerleader (dummy) at the stake. The cheerleaders then led the snake dance to the game.

At the halftime the past Queens of Clarkston Homecomings were presented. Kay Robinson and Mrs. Robert Jones, 1955; Mrs. George Lang, 1956; Judy Weaver, 1957; and Char Wilson, 1958, were there to help make the homecoming festivities complete.

The Clarkston High School band formed a heart in the center of the field at halftime. In the center of the heart our 1959 Homecoming queen and her court were presented to the fans. Char Wilson placed the crown of rhinestones and pearls upon the head of Gay Ann Park and proclaimed her Homecoming Queen of 1959. For this occasion Gay Ann wore a lovely white net and lace formal gown. It was highlighted with a spray of red roses at the back. Shanna Stewart was attired in a pink chiffon ankle length gown with flowing panels in the back. Her bodice was of lace. Carolyn Ruggles was striking in a bright red formal. The dress was designed with a harem skirt. Sandy Asher wore a lovely white dress that was trimmed with pink taffeta and flowers. Vicki was attired in a beautiful blue formal. It featured a strapless bodice.

Friday night, following the game, coffee and donuts were served by the Student Council members to alumni and faculty members.

The all important dance was held on Saturday night with the Kim Tones furnishing the music. About seventy-five couples danced in a setting of soft light and decorations of imaginary monarchs. The throne for the occasion was also white. The Queen and her court led the grand march. The successful week of Homecoming was made possible by the Student Council, Bobo Christides, Jody Wilford, Mrs. Wilkinson, Mr. Thomas and Mr. Connors.

CLARKSTON VS. BRIGHTON

Clarkston made its Homecoming complete by downing Brighton on 14-7 in a hard fought gridiron battle that will long be remembered by C.H.S. fans. Jim Snover, who is usually a defensive player was switched to offense with only 13 seconds left in the game, scored to put the Wolves out in front by 7 points.

Ron Morgan and Bob Porritt were the other offensive stars. Morgan went over for the first touchdown from the 4 and kicked two extra points. His running and Porritt's passing featured the final drive which covered 80 yards after Brighton had fumbled the ball.

Brighton got off to a fast start when Randy Marx zipped 60 yards on the second play of the contest. The 7-0 lead stood up until midway in the 3rd.

Snover and Galligan recovered fumbles to halt apparent B.H.S. touchdown marches. C.H.S. has 261 yards total offense and 14 first downs. Bill White and Don Marsh were defensive standouts.

The most outstanding feature of the ball game was quarterback Bob Porritt's brilliant play calling and team handling during the last 30 seconds of the game.

What is A Truck?

A truck is a lot of things . . . food for your table, clothes for your back, heat for your home. A truck is medicine for a sick child, gasoline for an automobile carrying a traveling salesman, merchandise for the store on the corner. . . A truck is something you simply could not do without — housewife, manufacturer, farmer, retailer teen-ager or whoever you may be. Because everything you eat, wear, or use depends on trucks to get to you . . . So, next time you see a truck on the road, remember — it's there because it's got a very important job to do — for you.

G.M.C. GIRLS CLUB GUESTS OF M.S.U.O.

One Hundred and eleven members of the General Motors Girls Club of Pontiac were guests last night of M.S.U.O. The group was welcomed by Chancellor D. B. Varner, who briefly outlined the history leading up to the founding of the University, the need

for it, how it got started and its physical layout.

After this brief outline, the group was divided into four sections. Each section was escorted through the new building by Dr. Varner, Dr. Loren Polk, Vice Chancellor of the University, Dr. Lowell Eklund, Director of Continuing Education Service, Mr. George Karas, Director of Physical Plant.

After the tour through the building, dinner was served in the new cafeteria, and later Dr. Varner again addressed the members of the Club. He explained the layout of the campus, stating that eventually with its 1600 acres it could accommodate 25,000 students and believed that with the rapidly rising population in this immediate area, it would not be many years before there would be such a need to educate those hoping to obtain college education.

The charter class consists of 507 students, with 76% of this group drawn from Oakland County.

He went on to tell how the faculty was recruited, emphasizing the quality of its staff; how the present curriculum was evolved and the plans for eventually increasing the number of courses to be offered as resources allow the physical plant to be enlarged and the enrollment increases; the scholarship and student financial assistance programs; and explained the advantages to the community of the continuing education service. This last subject was of particular interest to women in business who wished to improve themselves either professionally or culturally.

Miss Arlene Newcomb was in charge of the tour assisted by Mrs. Elsa Leece and Mrs. Phyllis Rorison.

EDUCATIONAL MOVIE AT KINGDOM HALL

An educational movie in color, "The Happiness of the New World Society" will be shown by the Drayton Plains congregation of Jehovah's Witnesses at Kingdom Hall, 4400 Walton Blvd., October 28th, at 7:30 P. M. Mr. W. P. Strong, presiding

minister, in making the announcement said that the hour-long film will show actual scenes from famous world assemblies of Jehovah's Witnesses and answer many questions about them and their activity throughout the earth. The film is produced by the Watchtower Bible and Tract Society governing body for Jehovah's Witnesses, Brooklyn, N. Y. It takes the audience through ten different countries from New York's famed Yankee Stadium through Vancouver, London, Paris, Rome, Germany and the heart of Africa. Bringing the film from the Brooklyn headquarters and acting as narrator will be Mr. Peter D'Mura. Mr. D'Mura accompanied by Mrs. D'Mura, is visiting the congregations in this area as district supervising minister.

"The New World Society is a designation given the international group of Jehovah's Witnesses," explained Mr. Strong, "because through study of the Bible they have gained faith in God's Kingdom and the New World it will bring about in which righteousness is to dwell. According to Mr. Strong, the New World Society of Jehovah's Witnesses is to be found in 175 different lands, including Africa and Latin American countries, where many natives must be taught to read before they can study the Bible. In iron-curtain countries the Bible teaching work of Jehovah's Witnesses is done through underground methods. In extending the invitation to local residents to come and see the film Mr. Strong stated, "People of many different faiths have seen the movie and have expressed their appreciation for what they have seen." The film is shown free of charge, with no collections.

Our Trick Is To Treat "All the World's Children"

LASSIE AND TIMMY JOIN UNICEF CAMPAIGN... Lassie and Timmy (Jon Provost), stars of the weekly "Lassie" show over CBS-TV, this year join the 9th annual "Trick or Treat" campaign sponsored by the United States Committee for UNICEF. The United Nations Children's Fund, or UNICEF, each year enlists the aid of the nation's youngsters at Halloween, asking them to trick or treat for UNICEF. Over 10,000 communities across the country participate in the program which seeks to help needy children throughout the world. The pennies, nickels and dimes collected through the "Trick or Treat" campaign go toward providing milk, hot soup and other nourishing foods and medicine to the world's needy children. Lassie and Timmy's slogan is "Our trick is to treat all the world's children."

SENIORS PUT JUNIORS TO SHAME

In the Junior-Senior race for magazine sales, the Seniors outdid the underclassmen by a margin of \$100.00. In the Junior class, there was a side-competition between the girls and the boys, which the girls forged ahead with about \$325 more than their less-persuasive fellow-classmen. The top selling Senior, Eddie Glennie, and high Junior salesman, Sue Turek, both received Benrus watches. Eddie sold a high \$168.00, while Sue came along with \$91.00 worth of merchandise. Other winners and their rewards for superior salesmanship were: Seniors-Georgia Robinson, luggage; Dick Spohn, Belforte watch; Nancy Peter, a transistor radio; Cindy Anderson, Scheaffer pen and pencil set. Juniors were: Andy Winterbottom, clock radio; Frank Richmond, sleeping bag; Ron Walter, transistor radio; Sue Larkin, Scheaffer pen and pencil set. The mystery students were Ron Russell, a senior, and Jackie Barnes, the Junior. They were picked before the contest started, and would have been given a flash camera if they had sold \$10.00 worth of magazines. However, Ron forgot to turn his money in before the deadline, so his prize was forfeited, but Jackie was able to accept her prize. Both classes earned about \$50,000.00.

The Clarkston High yearbook for 1960, the Hilltopper, edited by Thespo Christides, will start its sale on October 26 and last until October 30. The theme of "Past, Present, and Future" will be included all through the book by use of art, copy and pictures. In 144 pages, the staff hopes to have a thorough coverage of the year's events. The Y-Teens held the second meeting on October 5 to discuss the "Constitution" and elect officers. This year's executives will be: President, Jeanne Cunningham; Vice-President, Mary Robbins; Treasurer, Naomi Armstrong; Historian, Sally Morgan; Chaplain, Rosalie Lippert; and Recorder, Kathy Taylor. Every first Tuesday of the month was designated as meeting day. Thirteen new members were initiated into the Clarkston High School Varsity Club. The only prerequisite was a varsity letter in some sport. Those who joined were: Ron Applegate, Mike Applegate, Mike Bates, Larry

MICHIGAN BELL

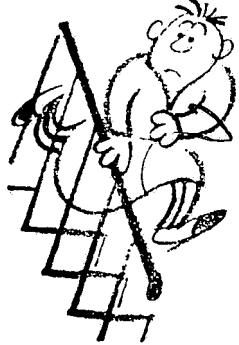

A TELEPHONE INSTALLER was recently working outside a woman's house. After climbing the pole, he rang her number to tell her that her telephone service would be discontinued for a few minutes.

"Just a minute," the woman answered. "There's a telephone man working outside. I'd better tell him, too."

Before the startled lineman could say a word, the housewife had come out to tell him that he was wanted inside on the telephone—a real example of a one-way conversation!

THE TIME: Evening THE PLACE: A bedroom SOUND: A telephone ringing from a distance.

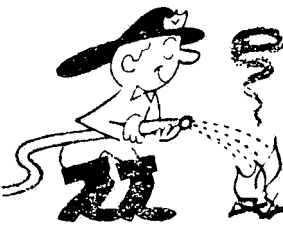

"George! George, wake up! The telephone is ringing... George!" Still half asleep, the husband struggles out of bed and dashes to answer the telephone before it stops ringing...

Has this ever happened in your home? If it has, then you

already know the best reason for installing a convenient, colorful bedroom extension. It will cost about a quarter a week, but it's worth lots more than that in pleasure and security. For more information about bedroom extensions, call the Business Office.

FIRE! FIRE! Volunteers everywhere drop what they're doing and rush to the scene of the emergency. Before long, the community whose volunteers arrive fastest will probably be equipped with one of Michigan Bell's Alerting and Dispatching Systems. These systems were developed by telephone company engineers at the request of volunteer fire departments all over the country. Because they use regular telephone exchange equipment to warn volunteers, these Alerting Systems are both faster and more accurate than old-fashioned sirens or fire whistles. All in all, they are a great improvement in public safety for small towns.

BEST WAY TO SERVICEMAN'S HEART IS VIA STOMACH

Home-cooking is the greatest Christmas gift of all to an overseas serviceman.

That's the word from the servicemen themselves according to

a poll taken by the American Red Cross of military units around the world and announced here by Adolph F Klein chairman of the Oakland County Red Cross. "After discounting the usual request for one-way tickets home" Klein said, "cookies, fruit

cake, and other homemade food topped the list of most-wanted gifts by a wide margin."

Following food were moeny, home town newspaper subscriptions, and family photos, he added.

According to the Red Cross survey, servicemen agreed on the gifts suggestions, adding only expensive lingerie to their list. Both servicemen and men agreed, too, those gifts definitely not wanted: civilian clothing, toilet articles, jewelry, wallets, and cameras.

All such gifts can be purchased from exchanges or ship stores at less than civilian prices.

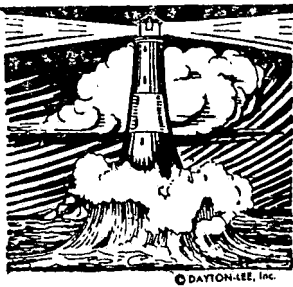

Klein pointed out that there are some practical considerations in sending both food and money. Food should be packed in a coffee tin or similar tin sealed tightly and placed in a heavy, corrugated pasteboard box to prevent breakage and preserve freshness. Cookies should be individually wrapped before packaging.

As for money, it should be sent in the form of a money order, the Red Cross executive said. Personal checks are almost impossible to cash overseas, and cash is dangerous to send through the mails.

Klein also suggested that families of servicemen start thinking far in advance about gifts to be sent overseas. Packages to be sent by surface mail should be sent between November 1 and November 20, he said, while air mail deliveries should be sent by December 10.

He added that the Post Office Department recommends mailing packages as early as possible, particularly for servicemen stationed in remote areas.

CENSUS QUESTIONNAIRES MAILED TO FARMERS

Questionnaires for the 1959 Census of Agriculture are now in the mail and will be in the hands of local farmers within a few days, it was announced by Field Director John E. Tharaldson of the Census Bureau's regional office at Detroit.

The farm census questionnaires are being mailed from Chicago, Illinois with the distribution timed so that the report forms will reach farmers about a week ahead of the date when census takers will begin the field canvass. The advance mailing is for the purpose of giving farm operators time to consult their records before filling in the answers required by the questionnaires and getting them ready for the census takers to pick up. This procedure is designed to insure greater accuracy of reporting and to save time both for the farmer and the census taker when the latter calls at the farm.

The 1959 Census of Agriculture questionnaire is designed to provide information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment, selected farm expenditures, farm values, and mortgage debt. On the average, each farmer is asked about 100 questions, many of which can be answered by simply checking "yes" or "no."

FIRST OF TOWN HALL SERIES DRAWS CAPACITY CROWD

Pontiac-Oakland's first program of the five number Town Hall series for the coming year met with spontaneous enthusiasm from the capacity audience which filled Oakland Theater last Wednesday morning. Meredith Willson, composer of the famed "Music Man" and his wife Rini presented a program of music, anecdote and pure fun as they illustrated some of the obstacles they encountered in getting the popular musical under production. Mr. Willson's impromptu piano illustrations and Mrs. Willson's charm resulted in unqualified delight for those who attended. They called it "How I Wrote 'The Music Man.'"

At the luncheon at Pine Lake Country Club, later, the Willsons extended their performance through further impersonations,

and comments on current musical happenings. Especially interesting was Mr. Willson's opinion of Rock and Roll. "It is the most tragic thing which ever has happened to American young people," he said. "It is kept alive by disc jockeys who are promoting the sale of below standard recordings. It violates all the principles of American culture, refinement and traditions. The young people themselves are tired of it, but are afraid to protect through the fear of being called 'squares'. If they only knew it, Rock and Roll has all the aspects of being 'Square' through its imitations."

From where I sit... by Joe Marsh

Mrs. Davis Ignores the "ADvice"

Last week, the *Clarion* advertised a homemaking course given by the Woman's Club.

"Seemed a fine idea to me," Red Davis told me later, "so I showed the ad to my wife. Told her she'd learn how to do new things—more efficiently, too."

"But all she did was look at me and smile," Red continued. "You men, she said, 'always thinking of more work for women. Learn new things? Why, I haven't even got the time to do all the old ones!'"

From where I sit, a lot of us do leap into the new at the expense of the old. Take the idea of tolerance, for instance. It's been around for centuries . . . but it's something we can never bypass. Tolerance demands daily respect for the other fellow's preference—and that includes beverages. Tolerance doesn't mean that you have to like a glass of beer for Saturday night supper—just as I don't have to choose buttermilk. Just respect the next man's choice.

RAILROAD FEATHERBEDDING:

\$500,000,000 LOSS

TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman — even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

AMERICAN RAILROADS
