NEW BROWNIE TROOPS BEING ORGANIZED

Clarkston Neighborhood Girl Scouts held their new brownie troop organizational meeting Tuesday evening, November 3, at the Clarkston Methodist Church with 30 interested mothers present. Troop organization and programming was discussed. Carol Storm and Carol Keiff of Girl Scout Troop No. 200 gave an excellent talk telling what 'Girl Scouting' has meant to them.

A motion picture entitled "The Story of a Brownie Troop" was shown by Don Hoff, a brownie father, after which coffee and cookies were served by our two visiting Girl Scouts. It was most gratifying that several of the mothers volunteered their help in providing Leadership and Program for the new troops to be formed. It is expected to have the new brownies started in scouting by having them placed in troops within the next 10 days.

A Christmas craft workshop is the next program planned for the Leaders. This workshop will be held Thursday evening, November 12, between 7 and 10 o'clock at the Clarkston Community Center. It is requested that all leaders will display any craft ideas which they have used in their scouting program.

Participating in this workshop besides Clarkston Neighborhood will be Davisburg, Holly and Ortonville neighborhoods. All leaders and co-leaders are especially invited to attend this workshop for new program material.

CLARKSTON LOSES TO NORTHVILLE

Northville clinched a tie for its third straight Wayne-Oakland League championship, by defeating Clarkston 27-0.

The Wolves held the defending champs scoreless until reserve Tom Darling broke through in the second quarter with a 24 yard touchdown gallop. The score at the half was 7-0.

In the third Gary Morgan smashed over from the four and Atchinson scooted into the end zone enabling the home team to pull away. Atchinson connected with Joe Gotro on a 60 yard pass play to end the scoring at 27-0. Bob Porritt and John Parks were the Clarkston High School standouts.

APPLICATION DEADLINE FOR WAYNE STATE EARLY

Anyone seeking admission to Wayne State University for the spring semester must have all pertinent information in the hands of admissions officials by Tuesday, December 15.

Graduate School applications must be sent to the Graduate School; others must be sent to the Office of Admissions.

Applications received before December 15 are certain of a decision, said Dr. Hugh E. Sarles, director of admissions. But, chances of admission are greatly reduced for the following reasons; if the high school requirements are inadequate, entrance examinations are required; there is not enough time to process the application and set up an examination date.

Examination dates are: Saturday, Oct. 31; Friday, Nov. 20; Saturday, Dec. 5; and Saturday, December 19.

Only one student in four qualifies for admittance after taking entrance tests, according to University records.

Approximately 50 per cent of the students accepted to Wayne State have taken entrance tests. Others are admitted on the strength of their high school record.

Graduate School applications will be accepted after the deadline, but no guarantee can be made as to their acceptance. Complete undergraduate files must be obtained before the student is considered for graduate study.

In his many visits to high schools and junior colleges, Dr. Sarles has observed an increased demand for information about Wayne State. Potential applicants seem to be increasing, he said.

Back To School A Real Success

The 4th annual "Back to School" night was held Monday evening with approximately six hundred parents attending.

After meeting in the gym for a short orientation period and introduction of the High School Faculty, the parents were dismissed to attend ten minute sessions of each class their son or daughter has during the school day.

Much enthusiasm was shown by parents as they came "Back to School" for the evening. Both parents and teachers agreed it was an evening well spent.

At the end of the last class, refreshments were served by the cafeteria staff. Everyone enjoyed the cookies and coffee while visiting with their teachers and friends.

VISITATION SUNDAY AT CHRIST LUTHERAN

Every Member Visitation Sunday will be observed at Christ Lutheran Church, next Sunday, November 8th. It is a part of the Protestant emphasis on the second Sunday of November of Stewardship. More than fifty men of the congregation will visit the homes to inform the families about the world-wide and local work of the Church for 1960.

Heading up the Every Member Visitation program is Robert Dika, General Chairman; Richard Kroninger, Education Chairman; Robert Klingler, Program Chairman; and Mrs. Earl Weber, Arrangements Chairman. Last week the congregation attended two meetings at the Church to prepare for the visitation.

John Wiley, is the visits chairman, in charge of the selection and training of the large group of visitors.

One of the important works of the Lutheran Church in 1960 is the support of five colleges with a special emphasis that will bring 4½ million dollars over a two year period to strengthen the work of Christian Higher Education. Augustana College at Rock Island, Ill. is one of the schools of the Augustana Lutheran Church. In the local congregation one of the important goals in the program for 1960 is the securing of a full time worker to assist the pastor in the growing congregation.

At the morning Service next Sunday the Visitors will be commissioned for the task by the Reverend Arvid E. Anderson, Pastor of the Congregation. The Service is at 11:00 A.M. The Sunday School meets at 9:30 A.M.

COSTUMES AT PARTY WERE EXTRAORDINARY

The adult masquerade Hallowe'en dance sponsored by Chief Pontiac Post, No. 377, American Legion, was a huge success. Approximately 150 Post members and guests attended.

Acting as judges for the best costumes were the members of the Fenton Weaver Orchestra, assisted by Robert Bastedo of S. Anderson Street, Pontiac. First prize went to Mr. and Mrs. Raymond Riley of Parnell Street, Waterford Township, who were dressed as witches. Second prize went to Mrs. Katy Macom of Whittemore Street, Pontiac, who was dressed as a straw man scarecrow. In her costume there was no doubt that she could scare off all crows.

There were many varied and very good costumes. The task of judging the best was not an easy one.

Refreshments were served by L. D. McLaughlin of Melrose Street, Pontiac and Don Richmond, also of Pontiac.

FAREWELL RECEPTION FOR REVEREND AND MRS. BOHN

A farewell reception was held Sunday, October 25, by the membership of Crescent Hills Baptist Church for their Pastor Reverend Benjamin A. Bohn and Mrs. Bohn. Reverend and Mrs. Bohn left Monday for their new pastorate in Council Bluffs, Iowa. Reverend Bohn will be pastor of the Trinity Baptist Church of that city.

Greetings from the Waterford Township Ministerial Fellowship were given by the Reverend Mr. Andrews of the United Presbyterian Church of the Atone-ment. Dr. Joseph Chapman of Bethany Baptist Church brought a short message of best wishes for Reverend and Mrs. Bohn in their new work. Bethany Baptist Church has been a sponsoring church for Crescent Hills Baptist. Reverend Percy Walley also of Bethany Baptist led in prayer.

A wonderful program of music was enjoyed by the over one hundred guests present. Mr. Kenneth Clark of the Holly Baptist Church sang several numbers. Mr. and Mrs. Arthur Simpson and Mr. Clayton Murphy of the Emmanuel Baptist Church also offered several musical selections. Mr. Rouse, the organist of St. Andrews Episcopal Church, played the organ and also led the group in the singing of "Blest Be The Tie" in honor of Reformation Sunday.

Reverend Jack Barker of the Church Extension Service in Lansing brought messages to Reverend and Mrs. Bohn from the leaders of the American Baptist Convention in Michigan. Reverend Barker will also be speaking Sunday at Crescent Hills Church and will preside at the serving of Holy Communion. Each Sunday until a new pastor has been chosen the pulpit at Crescent Hills Church will be filled by guest speakers.

Refreshments were served from a table covered with a linen cloth and centered with a large four tier cake beautifully decorated with pale yellow and white roses. The cake was made by Mrs. Carl Meng a member of the church.

Utschig, a fourth grade teacher in the Clarkston Elementary School. Miss Utschig was born in Appleton, Wisconsin, daughter of a dairy owner and eldest of seven children. Perhaps the problem of making herself heard in such a happy family, steered Gloria's footsteps to dramatics and English beginning with her active participation in many high school plays. She attended Mt. Mary College in Milwaukee and graduated from Lawrence College in Appleton. This is her third year in the township school system.

After attending a Women's Club meeting Miss Utschig took her fourth grade class for a library visit in October. This was followed by her trip on October 19th to get her library card. Miss Utschig withdrew her first book, a very special one on antique furniture, so perhaps this will have far-reaching results on the residence at 112 Orion Road where she lives with Miss Beverly Bell, Miss Lucy Crandall and Miss Bobby Sanborn.

Those familiar with the financial situation of the library know Miss Utschig did not win a trip to our 50th State. However, Mrs. Keith Hallman, president of the Library Board announces that Miss Utschig will be awarded a book. The Book Fair will be held on November 17th, in the power house, and there the lucky card holder will have her choice of six hundred books from which to choose.

The community has reason to be proud of the progress made by the library. Come in soon and browse around, take out a card while you are there and perhaps number two thousand will come up very quickly!

The meaning for today of the book of Genesis will be set forth in the Lesson-Sermon entitled, "Adam and Fallen Man" at Christian Science services Sunday.

Opening selections to be read from the Bible present these verses: "God created man in his own image, in the image of God created he him; male and female created he them. . . And God saw every thing that he had made, and behold, it was very good". (Genesis 1:27, 31).

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read (183:21-23): "Divine Mind rightly demands man's entire obedience, affection, and strength. No reservation is made for any lesser loyalty. Obedience to Truth gives man power and strength. Submission to error superinduces loss of power."

YOUNG SCULPTRESS TOWN HALL SPEAKER NEXT WEDNESDAY

A young sculptress, Fiore de Henriquez, who has won fame on both sides of the Atlantic for her sculptures of famous persons will be Pontiac-Oakland's next Town Hall speaker on Nov. 11. As she demonstrates her art on the stage, she will give a running commentary on her experiences with the renowned persons she has sculptured. These include Sir Laurence Olivier, Noel Coward, Margot Fonteyn, Vivien Leigh and many others. She calls her program "In Love With Clay."

Following the lecture, 300 guests (the number is necessarily limited) will go to Pine Lake Country Club for the "Celebrity" luncheon. Reservations for this event must be made in advance to Mrs. Clyde N. Dearing, 191 Ottawa Drive, Pontiac.

Mrs. Cecil McCallum is ticket chairman of the Town Hall series.

VISIT YOUR CHILD'S SCHOOL NEXT WEEK

Will you visit your child's school during American Education Week, November 8-14?

The Michigan Education Association reveals that 26 million adults visited their schools throughout the nation during AEW in 1958. In Michigan, 70,000 teachers and 1.6 million students have extended this invitation to everyone: "Won't You Come To Our School?"

This year's theme is "Praise and Appraise Your Schools."

Formed in 1921, American Education Week grew out of the revelation that a shocking percentage of American people were illiterate and physically unfit. Representatives of the National Education Association and the American Legion established a plan for "securing for America a program of education adequate to meet the needs of the 20th century, and which will give every boy and girl that training and equipment which is rightfully his under our democratic government."

From 1922 on, the observance has been co-sponsored by the U.S. Office of Education, and in 1938 the National Congress of Parents and Teachers became the fourth national sponsor.

The basic purpose of American Education Week is to make every

American aware of the important role education plays in democracy . . . and to help him realize that good schools are his personal responsibility.

The purpose of American Education Week are to increase public understanding and appreciation of education; to explain the modern school — today's curriculum, current teaching methods and materials; to increase pupil appreciation of their school; to reveal school problems and needs; to strengthen the bonds of cooperation between school and community.

"American Education Week is an opportunity extended to educators and laymen to work together in common cause for the benefit of the children of this nation, and of the nation itself," says Dr. E. Dale Kennedy, MEA executive secretary.

"Public education is a shared responsibility between those who serve in the schools and those who make the school program possible through support by taxation and contributions of services. Taxation is not limited to those outside the profession, for all of us contribute through our taxes to the development of the schools of this country.

"This, then, is a joint responsibility which we have an opportunity to review and appraise during American Education Week, 1959."

President Eisenhower has officially proclaimed the period from November 8 to 14, 1959, American Education Week.

"Let us display to the world and to ourselves our pride in this primary instrument of democracy — public education — complemented by private education, which is supported by the willing sacrifices of each citizen and which benefits all," the President said.

Careless Hunting Spells Calamity

There is no substitute for hunting safety. This statement may sound trite but statistics speak well in its behalf. Twenty-three persons were killed and 246 wounded during Michigan's deer and small game seasons last year. In 15 of the 23 fatalities, the victim was within 10 yards of the fired weapon. Careless gun handling claimed 11 lives and wounded 79. Sixty bullets and hunter firing errors killed three and injured 87. Hunting is not a guessing game—be sure before you shoot!

takes certain precautions each fall.

Roses require a little pruning to go into the winter stretch. Trim or tie any canes that might become broken during ice or wind storms. Roses should be fertilized with bone meal and mulched at this time. There are many materials that will serve as a mulch and all have their advantages. Ask any member of the Michigan Association of Nurserymen, or any nurseryman if you have questions regarding the type of mulch for your own particular project. The purpose of the mulch is to keep the plant from drying out and to stabilize the ground temperature, that is, to equalize the alternate freezing and thawing cycles so prevalent during the cold months.

It is the wise gardener who soaks all flowers and shrub beds in the late fall or early winter, as most winter injury is caused by a lack of water in the plant. The more sensitive and tender plants should be mulched immediately after the watering. Plants located on wind-swept corners, broad-leaf plants, or those having a shallow root system, as well as any plant going through winter at a particular location for the first time should receive particular attention.

Dormant spraying can be done either in late fall or early spring but if you have the time, it is wise to do it now. The spray will help control many insects that winter over on shrubs and evergreens. There are many good dormant sprays on the market, but whichever one you use, be sure to read and follow the directions of the manufacturer.

It should be remembered that most forms of fertilizers having phosphate or potash are very slow acting. If you want your flower beds rich and ready by spring, the fertilizers should be applied during late fall.

Before winter sets in, all annuals should be removed from the garden and all perennials should be cut back. Clippings and dead stock should then be burned to help control plant disease and pesky insects that might otherwise winter over on these plants.

For those who like the bright colors of the early spring plants, don't forget that spring-flowering bulbs, such as tulips, daffodils and hyacinths should be planted in the fall. Added insurance to nice blooms and healthy plants is again, to add bone meal when planting.

A little time and energy combined with this knowledge will protect your garden from what might otherwise be a killing winter.

were paid to 31,659 persons in Oakland County in February 1959, William E. LaRock, manager of the Pontiac District Office of the Social Security Administration, announced today. The number of beneficiaries increased about 15% from the previous year. At this rate, social security benefits paid in 1959 will exceed \$26 million.

Payments to retired Oakland County workers averaged \$85.00 a month, while the national average was \$67.50. Benefits paid to 599 disabled workers in the county averaged slightly over \$100 a month.

The increase in the number of beneficiaries is attributed to several factors, including the larger proportion of persons over 65 in relation to the total population, the increase in the number of persons who have worked under social security long enough to qualify for benefits, and recent changes in the law, which permit additional persons to qualify for payments. As examples of these changes, LaRock cited the 1958 Amendments to the Social Security law, which permits payments to wives and children of persons who are entitled to disability benefits, and a relaxation of the rule that dependent parents of deceased workers are disqualified from receiving benefits because the worker was survived by a widow or child under age 18.

Less than half of the beneficiaries in Oakland County are retired workers. The other eligible persons are wives or dependent husbands and children of retired workers, disabled workers and their dependents, or certain surviving dependents of workers who have died.

For the entire State of Michigan, social security benefits were being paid to 540,548 persons at the rate of \$35,977,645 a month in February 1959. Nationally, 12,674,727 beneficiaries received payments of \$768,656,793.

APPETIZING SALADS SIMPLE AND PRETTY

Arranging a colorful salad can be just as much fun as arranging a beautiful floral center piece, says Anita Dean, extension spe-

cialist in foods and nutrition at Michigan State University.

When arranging salads, try for pleasing color combinations, a balanced arrangement, and interesting contrast in texture and shape, says Mrs. Dean. Flavors

should be blended to take advantage of appealing combinations and contrasts.

Keep your salads simple and casual, and they'll be easy to prepare. A handled or 'too arranged' look will spoil their appearance. To show off your salad handiwork, try serving the salad on a harmonizing plate or bowl. You might choose a clear glass plate for a colorful fruit salad, or perhaps a wooden bowl for tossed greens. A bright pottery dish will offer a pretty contrast to a frosty white frozen salad.

If you want salads to reach the table cold and crisp, it's a good idea to chill the serving dish beforehand, adds Mrs. Dean.

Thyme and marjoram are two of the most versatile herbs. Home economists at Michigan State University say they can be used to season almost any dish.

FRIENDS, Romans, customers, lend us your ears: We come to the subject of appliances; their usefulness is unquestioned, their presence in our homes is a comfort. We have sent many appliances to Detroit Edison to be strengthened and repaired; their terminals have been restored, their wires adjusted, their rotors replaced.

MANY times these old friends return to us, ready for battle again with their owners, only to sit on a shelf for many days - even weeks. The local ironmonger tends them lovingly until they are called for, but often space is at a premium and he knows not where to place them.

IRONS, toasters, fry pans, hot plates, clocks, coffee makers, ad infinitum, ad infinitum. Please come for them.

Card Of Thanks

We wish to extend our heartfelt thanks to our friends and neighbors for their many kindnesses and expressions of sympathy during our recent bereavement. Special thanks to The Rev. W. J. Richards; Campbell-Richmond Post, American Legion; and Austin Chapter, No. 369, O. E. S.
