

**Waterford**

Mr. and Mrs. Karl Terry of Bear Lake, Michigan, visited Waterford friends for several days recently. They are former Waterford folks and while here made their headquarters at the Ernest Blinka home on Meyers Road.

Mrs. A. L. Purcell (Ruth) is convalescing at her home following recent surgery in the William Beaumont Hospital in Royal Oak.

Several Waterford folks have been, and some still are, north for the hunting season. Among the hunters from here are: Clyde Lehman, John Profant, Bob Amos, Ed. Amos, Gary DeVar, K.K. P. Dusenberry, Jerry Shell, Ethel and Jim Lambertson, Bob Materna and Al Beebe.

Mrs. Oscar Virgin from near Rochester spent several days last week visiting Mrs. Henri Buck of Andersonville Road.

The annual Thanksgiving Breakfast will be held at the Waterford Community Church at 8:00 A. M. November 26th. Those attending are to bring their own table service and food for their breakfast. Coffee will be served by the Ladies Auxiliary.

Mr. and Mrs. Jack Seeborg (Joyce Amos) of Drayton Woods are the parents of an 8 pound 11 ounce son, Timothy Scott, born November 6th at St. Joseph's Hospital. Mr. and Mrs. Wallace Brown of Waterford and Mr. and Mrs. Alfred Selberg of Lake Angelus are grandparents of the baby.

Nancy Lou Giddings came from Oxford Sunday to observe her birthday at the home of her parents Mr. and Mrs. Laurence Giddings of Van Syckle Street. Also home for the day and to help her celebrate were Mr. and Mrs. Donald Halsey

(Maxine Giddings) and their small son Johnny of Big Lake Road.

Henry Mehlberg, Lyman Girst, Al Goll and Reverend Robert Winne are enjoying a few days of hunting and are at the Girst cabin near Luzerne. Also joining them this week are Reverend Wright Van Plew and son Phillip from Grand Rapids.

Mr. and Mrs. Robert T. Snyder of Hillsboro, Ohio, are visiting their son and family, Mr. and Mrs. Robert F. Snyder of Mace-day Drive.

The Waterford Women's Club will meet this Thursday evening at 8 o'clock at the C. A. I. Building with Mrs. Glenn Byington and Mrs. Lawrence Hawke as hostesses. Plans will be made for the Christmas activities of the club, according to Mrs. Robert Snyder, president. The club members will leave by chartered bus on Friday evening and attend the Ice Follies at the Olympia in Detroit.

Mrs. Mary McFarland of Hatchery Road entertained the ladies of the Waterford Birthday Club at her home last Wednesday. There were 12 members and 1 guest at the pot-luck luncheon. The Christmas meeting will be at the home of Mrs. Jack Hall and will be a planned pot-luck dinner at 6:30 on Wednesday, December 16th.

Twenty-two ladies were present for the November 5th meeting of the Ladies' Auxiliary at Waterford Community Church. Following the co-operative luncheon packages of candy for Christmas were filled to be sent to the Carlsons, home missionaries in Arkansas. Ten pairs of pajamas have been purchased for missionaries in Tennessee.

Mrs. Elmer Davis and Mrs. Thomas Corbin are on the quilt committee and four quilts were tied last Tuesday.

On December 1st this group will combine with the Adult Bible Class for a Christmas party and pot-luck supper at the church at 6 o'clock.

**ADVICE FROM SOCIAL SECURITY ADMINISTRATION**

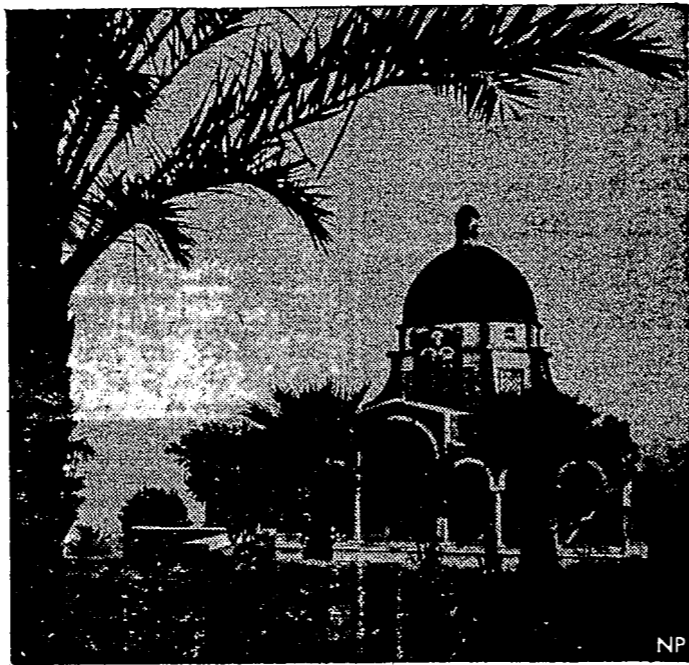

Disability insurance benefits under the Social Security Act are payable to persons who were in work under that program for five years out of the 10 years immediately preceding the onset of disability. These benefits are payable at age 50 to individuals who are unable to engage in further substantial gainful activity. The condition, either mental or physical, must be one which is expected to be of long continued or indefinite duration.

Disabled people whose social security disability payments were reduced or not paid at all because they received disability payments from other Federal programs or State Workmen's Compensation, can now receive full payments under social security.

Many disabled people throughout the country have not applied for these benefits because of the offset mentioned above. These full payments under social security can now be made as far back as one year from the date an application is filed.

Every person who has collected or is collecting a periodic benefit because of injury or illness, other than the social security disability benefit, and who has at least five years of employment or self-employment under social security, should contact his nearest social security office for full information and assistance. These benefits are not paid automatically. An application must be filed.

**Christmas in the Holy Land**

Israel Govt. Tourist Office Photo

Thousands of Americans who come to Israel at Christmas time will visit this lovely chapel on the Mount of the Beatitudes. It was built on the site where Jesus pronounced the Sermon on the Mount: "Blessed are the poor, blessed are the meek, blessed are the merciful..."

This part of the Lower Galilee is at its best during Christmas time. Slopes and fields are covered with lovely multicolored wild flowers, and the Sea of Galilee in the background, upon whose waters Jesus walked, is as peaceful and impressive as it was 2,000 years ago.

Visitors can actually follow the footsteps of Jesus by walking down the Mount of the Beatitudes to the Sea of Galilee, and a spot near which He performed the miracle of the loaves and fishes, and where He preached on the "Bread of Life."

Nazareth and Cana are only a few minutes away.

Sunday Service 11:00 A. M.  
The supreme power of God will be emphasized at Christian Science services Sunday.  
Keynoting the Lesson-Sermon entitled "Soul and Body" is the Golden Text from Psalms (86:8, 9): "O bless our God, ye people, and make the voice of his praise to be heard: which holdeth our soul in life, and suffereth not our feet to be moved."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include this statement of the supremacy of God, Soul: "God is infinite, the only Life, substance, Spirit, or Soul, the only intelligence of the universe, including man" (330: 11-12).

From the King James Version of the Bible, the following will be read: "Bless the Lord, O my soul. O Lord my God, thou art very great; thou art clothed with honour and majesty" (Psalms 104:1).

**FOR A HUNDRED BARGAINS IN A NUTSHELL**

**READ YOUR LOCAL WEEKLY**

Each week, your home town newspaper comes to you filled with hundreds of bargains that can aid you in making sound, economical purchases. By patronizing the local merchants who send you these advertisements, you get the extra benefits of close, convenient store locations, fast courteous service, and most important, by making the wise local buys you're helping to build a better community for the future. These are just some of the reasons why smart shoppers use their home town weekly as a guide for all their purchases... they know that you buy better, when you buy locally.

**YOU BUY BETTER WHEN YOU BUY LOCALLY**

**CONSERVATION DEPT. TO COLLECT EYES FROM DEER**

A new angle will be added to the Conservation Department's aging studies of deer during Michigan's firearm deer seasons this month.

With the permission of hunters, game men will collect eyes from deer at the Department's various roadside biological checking stations. The eyes will be sent to Department wildlife laboratories where actual age determinations will be made.

This latest approach to aging, based on the growth rate of the eye's lens, has brought encouraging results in Illinois where it has been used on cottontail rabbits. Similar studies are already underway at the Department's Rose Lake wildlife experiment station where biologists are collecting eyes from rabbits and squirrels shot at the station.

This technique may be more accurate for aging older deer than the usual tooth-wear method. Results of the latter method are occasionally slanted by nutritional deficiencies of deer.

Previously-tested aging studies will be continued. Department checking stations will be located at Standish, Sanford, Mt. Pleasant, Morley, White Cloud and the Straits of Mackinac.

**INDONESIANS ATTEND WSU: LEARN POLITICAL SCIENCE**

For the fifth successive year, Wayne State University's political science department, is training public officials from abroad, the current group being 15 officials of the national, provincial, and local governments of Indonesia. Dr. James A. Jarvis, assistant professor of political science is directing the program.

The program provides for a year's study in governmental administration. The program was set up by the U. S. International Cooperation Administration upon request of the Republic of Indonesia.

NEWS LINERS BRING RESULTS

**OF INTEREST TO VETERANS**

An additional year for presuming service connection for veterans who have contracted multiple sclerosis and an additional three years for leprosy have been allowed by recent action of Congress.

Lloyd H. Jameson, Manager of the Veterans Administration Regional Office in Detroit, explained today that under new legislation a veteran developing a 10 per cent or greater disability from multiple sclerosis within three years from the date of termination of war-time service shall be considered to have incurred or aggravated the disease in service.

A similar three-year provision applying to veterans who contract leprosy is authorized in another law, Mr. Jameson said.

**FARM CENSUS HALF COMPLETED IN AREA**

The 1959 Census of Agriculture is about 50 per cent completed in this area, it was announced today by Field Director John E. Tharaldson of the Census Bureau's regional office at Detroit.

The Census official stated that he was well pleased with the cooperation the census takers are receiving from farmers in the area and has hopes of completing the canvass within the next ten days. He pointed out that the field canvass of farms is one of the larger costs of the census and that cooperation of farmers in completing questionnaires promptly will be a vital factor in keeping down the final cost of the undertaking.

Quick completion of the census will not only help in keeping costs down but will aid in prompt publication of the results, the field director said. He urged local farmers who have not already done so to complete the census questionnaire and have it ready when the census taker calls.

**ATTENTION! DEER HUNTERS**

Hunters are reminded that the 10,575-acre Houghton Lake state game area will be open to the public shooting during the Nov. 15-30 deer season.

Only a 160-acre tract encircling the area's deer pens will be closed to hunting. This off-limits zone will be posted.

Those with special permits for Area 35 may take deer of any age or sex within the state game area. All other hunters, of course, must restrict their shooting to bucks.

Successful hunters are urged to stop at the area's headquarters to have their deer aged and studied for sex, weight and antler data.

**Fall Fishing A Colorful Treat**

While fall is considered by many as the season for hunting, it also offers many opportunities for fishermen. Displaying its scenic array of forest colors, fall provides cooler and more comfortable temperatures which generally sharpen the appetites of fish after pesky mosquitoes and black flies are gone. Lake fishing is often better in the fall than at any other time. Some of the finest perch fishing is available along the shores of the Great Lakes. Rainbow trout remain fair catch through November 30 in a score of lakes and streams designated by the Conservation Department.

The headquarters are located about one and one-half miles south of M-55 and approximately five miles west of U. S. 27.

**U. S. EUROPE TRADE TREES FOR CHRISTMAS**

A Christmas tree—like the grass—is always greener in the other fellow's yard.

The Scotch pine is becoming a favorite Christmas tree in northern U. S. because of its lush, long-needed beauty and lasting quality.

As its name implies, this tree is not native of North America, but had to be imported originally from Scotland and elsewhere in Europe, reports G. Robinson Gregory (Ph. D.), associate professor of resource economics at The University of Michigan.

The favorite Christmas tree in Scotland, on the other hand, is the Sitka spruce. You guessed it!—this is a native North American tree, growing extensively along the northern Pacific coast, for which seed had to be exported to Europe from British Columbia and the U. S.

Until recent years, Professor Gregory adds, almost all of England's few Christmas trees were imported from France. Post-war rise in British incomes coincided with the availability of aromatic evergreens from Britain's large plantations. As home production increased, imports declined and "just about wrecked the French Christmas tree industry."

Balsam fir, the biggest U. S. seller, is similar to the tree first used—the silver fir in Germany. Reputedly introduced here by Hessian troops during the Revolutionary War, the Christmas tree tradition spread through northern Europe during the 19th century. Martin Luther, inspired by moonlight on a snow-draped evergreen is credited with first lighting a tree with candles.

Some Michigan trees move to market early in November, but the bulk of them begin to move the latter part of the month, reaching a peak during the first half of December. Many are imported from Canada.

The trees come from three main sources: 1. contractors who secure cutting rights and harvest wild trees on private, state

or federal lands; 2. pulpwood harvesting operations which yield tree tops usable as Christmas trees, and 3. commercial growers who plant nursery stock on private acreage, prune, shape and tend the trees over the six to 10 years of growth required. The latter group supplies high quality trees though a relatively small proportion of the total supply as yet, Professor Gregory explains.

What is the best Christmas tree to buy?

"The Scotch pine earns its growing popularity," according to Frank Murray, forest manager in the U-M School of Natural Resources. "It grows fast, maturing in six to eight years, it is attractive, holds its needles, is easiest to grow in the nursery and easiest to transplant."

The buyer should try to get a fresh-cut tree and then keep it in water to preserve the "almost fireproof" quality of a fresh evergreen, Murray adds. Such care also helps keep the needles on the tree.

There's nothing like a new car—and no new car like a Chevrolet. This is the 1960 Chevrolet Bel Air Sport Coupe!

**PEOPLE SAY THESE ARE THE THINGS THEY WANT IN A CAR...and CHEVROLET for '60 comes closest to meeting every need!**

Interviews with thousands of car owners across the country show clearly what they like or dislike about their present cars . . . and what they want most in their 1960 cars. Here's what the people tell us they want . . . and here's how Chevrolet meets their needs.

**"Price, that's what's uppermost in my mind."** All Impalas and Bel Airs with V8 engines are lower in price, as are automatic transmissions and many other popular options. Also Biscaynes now include as standard equipment conveniences formerly optional at extra cost.

**"And how about operating economy? And resale value?"** You keep right on saving after you buy your favorite Chevrolet, too. And Chevrolet's traditionally higher resale value means you'll get more back when you trade.

**"Give me plenty of good old-fashioned comfort."** There's comfort and then some in this one. Chevy's long on space, for one thing. Once you're under way you'll know just how comfortable Full Coil suspension makes your ride.

**"Safety—don't forget safety!"** You're surrounded by safety features in a new

Chevrolet. You've got big, sturdy brakes underfoot, for example, that last longer. As it has been for years, safety is standard equipment in Chevy.

**"Let's keep upkeep down, too."** More than ever, Chevrolet for 1960 is built to stay on the road and out of the repair shop. You can tell that from its hushed, unruffled way of going, from the solid thunk of Chevy's big doors. Of course, if you should need service, you're always near efficient, economical attention to your needs.

**"I want a car that will stand up to the driving I do."** For proof of Chevy's staying power, just spend a minute watching the nearest road. You'll see more Chevrolets traveling on it than any other car—evidence-on-wheels of Chevrolet durability. (And that higher resale value attests to it, too.)

**"Me for a sweet-handling car."** Handling's always been Chevy's forte, and

1960 is no exception. But really, this kind of lightness and precision you've simply got to enjoy for yourself.

**"... a car you can look at and be smug about buying it."** Chevrolet for 1960 leaves the low-price field far behind when it comes to fashion. But you're the best judge of styling, so take a good close look at Chevrolet. We warn you: you're about to fall in love.

**"And performance. Let's have a hot one!"** Chevy's spirited V8's have set the standard for ultra-efficient power in American-built passenger car engines. You've got a long list of performance-minded transmissions to pick from, too.

So that, friends, is what you told us you want. We think it can be summed up rather well in just one word: *value*.

Get the full story of Chevy's brand of value soon at your Chevrolet dealer's.

Nearest to perfection a low-priced car ever came . . . **CHEVROLET**

tubful after tubful after tubful...

there's always plenty of hot water

the new electric water heater way

**GET IT HOT . . . GET A LOT** with a new electric water heater! No more waiting for baths. No more rationing shower-time because you're low on hot water.

Thanks to Edison's Super Supply Plan, a new electric water heater is always on the alert—day or night—to supply hot water for all family needs. There is no "off" period.

Here's the convenient, modern way to **GET IT HOT . . . GET A LOT** for an operating cost as low as \$3.88 per month.

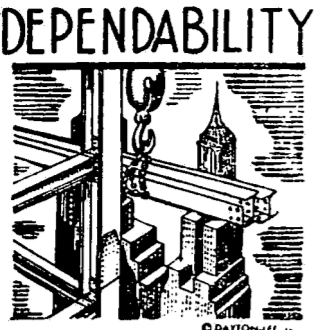

**Only electric water heaters give you all these important advantages:**

- Efficient—the heat goes into the water
- Install anywhere—need not be near a chimney
- Long life—meet Edison's rigid standards
- Automatic—all the time
- Fast—new, more efficient heating units
- Outer shell—cool to the touch all over
- Edison maintains electrical parts without charge
- Safe—clean—quiet—modern

## DEPENDABILITY

TOWERING scores of stories above the thronged streets rise these monuments to Man's engineering triumph. Every one of the glorious facades and spires owes its existence to the dependability of structural steel.

Each ceremony we conduct is a commemoration of thoughtful dignity. Appropriate appointments and a wholehearted desire to be of practical assistance merit our dependability.

**VENISON STORAGE LAW REVIEWED**

Legal storage of venison to be brought back from the woods by some of Michigan's 450,000 deer hunters is of concern to nimrods and locker plant operators alike in the opinion of Chief J. L. Littlefield of the Michigan Department of Agriculture's foods and standards division.

Storage of unskinned deer in a locker plant in the same room with other meat or other food products is prohibited by state locker plant regulations. Deer with hides or skins on must be stored in a separate room.

The regulation provides that "the storage of hides and skins is prohibited unless separate storage rooms with no open passages leading into the locker room, chill room, aging room, or sharp freeze room are provided."

Deer placed in other than locker plants such as grocery stores, meat markets and similar establishments must be stored so there will be no violation of state regulations that require that all food shall be protected from contamination by dust, vermin, animals or persons.

Of interest to store owners is the fact that state standards for hamburger do not provide for the use of venison. State Department of Agriculture inspectors are continually on the alert during hunting season and thereafter to make sure deer meat does not reach trade channels for human consumption.

**REGULAR MEETING OF THE VILLAGE COUNCIL HELD NOVEMBER 9, 1959**

Meeting called to order by President Thomson.

Roll: Beach, Butters, Huttenlocher, Jones, Terry, Wilford, present.

Minutes of the last meeting were read and approved.

Moved by Butters, "That all boats at Deer Lake must be removed from Village property by December 1. Any boats remaining after that date will be impounded and returned to owner upon payment of costs as determined by the Council. The Village President to instruct the police to pick up all boats after December 1." Motion seconded by Beach. Motion carried.

Moved by Beach, "That the following accounts be paid: GENERAL FUND: Consumers' Power, heat for hall, \$4.65; Morgan's Service, gasoline, \$5.37; Detroit Edison, street and rink lights, \$109.27; Milton Cooney, legal fees, \$225.00; Bob's Hdwe, water pump, brooms, hdwe, \$129.96; Miller & Beardslee, lumber, \$20.57; Alger's Hdwe, fence, \$8.33; The Clarkston News, time sheets & publications, \$27.60; Oakland County Rd. Comm. traffic light, \$11.97; Secretary of State, truck license, .50; Frank Green, police, \$97.00; John Ronk, police, \$30.00; Jack Hess, police, \$30.00; Rex Fenstermaker, police, \$30.00; Bill Allen, police, \$20.00; Robert Jones, Jr., police, \$49.00; Jack Beach, police, \$29.00; Mike Thayer, police, and street work, \$70.00; John Reabe, police and street work, \$125.00.

Seconded by Butters. Roll: Beach, yea; Butters, yea; Huttenlocher, yea; Jones, yea; Terry, yea; Wilford, yea. Yeas, 6; Nays, 0. Motion carried.

Moved by Butters, "That the meeting be adjourned." Seconded by Terry. Motion carried.

Village Clerk

**Legal Notices**

**MILTON F. COONEY, Attorney,**  
812-815 Pontiac State Bank Bldg., Pontiac, Michigan  
No. 70,581

STATE OF MICHIGAN—The Probate Court for the County of Oakland. At a session of said Court, held at the Probate Office, in the City of Pontiac, in said County, on the 10th day of November, A. D., 1959. Present: Hon. ARTHUR E. MOORE, Judge of Probate.

In the Matter of the Estate of August D. Palace, Deceased, Samuel B. Palace, Administrator of said estate having filed in said Court a petition, praying for license to sell at private sale the interest of said estate in certain real estate therein described.

It is Ordered, That the 21st day of December, A. D., 1959, at nine o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said Court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted.

It is further Ordered that notice be given to all interested parties as shown by the records in this cause by delivering a copy of this order to each of them personally, or by mailing such copy to each of them by registered mail with return receipt demanded, addressed to their respective last known addresses as shown by the files and records in this cause.

And it is further Ordered that public notice thereof be given by publication of a copy of this order once each week for three successive weeks previous to said day of hearing in The Clarkston News a newspaper printed and circulated in said county.

## New Flavor Combination With Sweet Potatoes

Sweet potatoes go with holiday menus like turkey and cranberries. There is something highly attractive about a serving of this vitamin-rich food that adds color and flavor to any special meal. Ideas for variation in the preparation of sweet potatoes are welcomed by most homemakers. Here is one new idea which varies ingredients as well as method of preparation. Mix and blend the ingredients in this recipe early in the day when you are not hard pressed for time. Place sweet potato mixture in a buttered baking dish that also can be used for serving. Wrap the dish snugly in saran film and refrigerate until time to put the dish in the oven. The plastic film will keep the food moist and good until time to heat for serving. This is a time and worry saving way of adding a variation to the meal. The flavor and color of this sweet potato dish will be enjoyed by all at mealtime.

**California Sweet Potatoes**  
2 cans sweet potatoes No. 2 1/2 1 cup chopped walnuts  
4 tablespoons butter 1 cup finely chopped dates  
Milk if needed

Mash and whip the sweet potatoes using some of the liquid. Add milk if still too dry. Blend in butter and season with salt. Add chopped walnuts and dates. Spread in a buttered casserole. Bake in electric oven 350° F. about 30 minutes or until lightly browned and heated through. Serve with baked ham. Makes 6-8 servings. Prepare this recipe in advance, wrap in saran and refrigerate until time to put in the oven.

From where I sit... by Joe Marsh

### "Sizing-up" the Situation

When a lady in our town's looking for a new dress... her first target is Sandy Philip's Shop. The other day I finally asked Sandy how come he's been so successful. "Well," Sandy said, "I've always treated my customers with courtesy. And my secret ingredient—which isn't really a secret—is flattery. "Whenever a new shipment of dresses comes in, I cut off the size markers in every dress—and make them a size smaller. Size 16 becomes size 14 and so on. Course, all the ladies

know I change the number—but they like it. Helps them pretend their figures are a little better than they really are." From where I sit, we all like to think the best of ourselves—often "brink" the truth to do it. Reminds me of people who claim they're not prejudiced then turn around and argue against a neighbor's choice of a glass of beer. Even a little intolerance is too much in a person or in a town—and that's exactly the size of it.

### AND NOW - Something For The Girls

If you've been curious about the new HOOVER floor washing machine we'd be glad to show you the one in our window. This marvelous contraption dispenses clean scrub water onto your floor, scrubs it thoroughly, then draws the dirty water back up into a special plastic bag. You always scrub with clean water. The HOOVER floor washer is easy to handle and even with a full tank of water weighs only as much as a 10-quart pail of water! When not in use it hangs up tidily in your broom closet.

If we sound enthusiastic it's because we've seen the HOOVER floor washer demonstrated in our store. (Put the rest of our floor to shame.)

### New Cars Ride In Style

The shiny new '60 cars you've seen appearing in show rooms all over Michigan—know how they got there? 85% of the new automobiles the country over travel by motor carrier from factory to dealer—and this applies pretty well to Michigan . . . That's only part of the story of how much the automobile industry depends on trucks. The basic materials, the parts and accessories—everything that goes into the manufacture of automobiles—travels most if not all the way from source to destination by truck . . . So, you see, cars just couldn't be turned out in today's volume—or get to their destination as quickly—if it weren't for the direct, dock-to-door service truck transport provides.
