Good Citizen Named By D. A. R.

General Richardson chapter Daughters of the American Revolution announces that eight area high school senior girls have been chosen by their classmates and faculty as D. A. R. Good Citizens. At Clarkston High, Cynthia Anderson, daughter of Mr. and Mrs. Casper Anderson of Middle Lake Road has been honored.

From Waterford Township High is Julia Mae Dove, daughter of Mr. and Mrs. Harold Dove of Brookdale Street.

In Pontiac, Central and North-Highs are represented also West Bloomfield High, Lake Orion High, Rochester High, and Avondale High.

This citizenship contest has been placed on the 1959-1960 approved list of national contests and activities by the National Association of Secondary School Principals.

The goal of the national D. A. R. contest is to encourage the appreciation among young people of character building as a basis of good citizenship. The girls are chosen for Leadership, Service, Dependability and Patriotism.

The eight girls and their mothers will be guests of the General Richardson chapter on December 3 at the home of Mrs. L. G. Rowley on Williams Lake Road. In Flint at the Michigan D. A. R. conference March 16, these girls will join Good Citizens from throughout Michigan as guests of the Michigan D. A. R. At that time, based on questionnaires filled out by each girl, the Michigan winner will be presented with a United States bond by the National Society D. A. R.

How many will be there for dinner? How big a turkey? What kinds of trimmings? These are the comfortable problems discussed by most American families as Thanksgiving nears.

Around the world, CARE reports a different kind of dinner talk. Two-thirds of the world's people still do not have enough to eat. In a country like India, diets average 1,750 calories a day, against a minimum requirement of 2,250. Even in West Germany, despite the "miracle recovery," 400,000 refugees still live in camps, dependent upon charity.

In this human drama of feast-versus-famine, each of us can help personally. By joining the annual CARE Food Crusade, we can help feed refugees, orphans, disaster victims and other needy in 15 countries of Asia, Europe, the Middle East and Latin America.

Every \$1 donated sends one food package, delivered with the name and address of the donor to bring a personal greeting. The foods are mainly flour, corn meal, milk powder given from the U.S. farm abundance. To balance diets more effectively, CARE buys other items—rice, meat, margarine, beans. Contents and weights vary according to country needs. In general, each \$1 package helps feed four persons for a month.

CARE's mail in past years shows that many American families at their Thanksgiving dinner, make a contribution to send food to the hungry in less fortunate lands. If your family would like to give thanks for our plenty in this meaningful way, mail your dollars to CARE Food Crusade, Detroit 33, Michigan.

Automation, the revolution in agriculture and the population explosion—all occurring at once—may create "unprecedented difficulties by accelerating the rate of change beyond anything in our past experience," says Dr. Charles C. Killingsworth.

Professor of economics and Labor and Industrial Relations at Michigan State University, counsels advance preparation for unemployment caused by these changes in the economy.

"We would betray the greatest traditions of our society if we tried to stop or slow the advance of automation," he declares, "but we will endanger those traditions if we do not start now to fashion the weapons to combat structural unemployment."

An area redevelopment bill under consideration in Congress may prove inadequate, but "represents at least a beginning," he says.

Thanksgiving Eve At First Methodist

First Methodist Church will hold its annual Thanksgiving Eve Service at 7:30 p.m. Wednesday, November 25th. The church will be decorated with a beautiful harvest scene depicting God's blessings upon his people. The service of meditation and prayer will be led by the pastor, Reverend William J. Richards. Mr. William Mansfield, Director of Music, has planned special music with the senior choir of the church. Mrs. Adele Thomas will be at the organ.

The Thanksgiving service will take place in a candle light setting during which Reverend Richards will present short meditations on "Thankfulness," "Prayer," "Hopefulness," "Faithfulness," and "Love of God." There is a warm-hearted invitation to all members of the community to attend.

G. M. GIRLS CLUB HAS DINNER MEETING

The General Motors Girls Club of Pontiac held its November dinner meeting in the Cottillion Room of the Kingsley Inn with ninety-five members present.

Miss Ellen Jenks of GMC Truck & Coach Division was chairman for the evening assisted by members who are employed at Plant Four of GMC T&C.

Mrs. Norma Kirschmeyer introduced Mr. Clarence Cone, who is also an employee of GMC T&C who makes a hobby of being a magician. He was assisted by his wife, and together they presented a very delightful show.

A short business meeting followed the entertainment, at which Miss Arlene Newcombe, President, presided.

A report was made that the Pontiac Club would be represented by four teams at the General Motors Girls Bowling Association's tournament which will be held in Detroit in January.

It was decided that no December meeting would be held this year; and that the next meeting be a dinner one in January with members from Fisher Body Division being in charge.

It was voted to donate \$255 to pay the tuition for one year for an Oakland County Student to attend Michigan State University Oakland. The student to be selected by the College. It was also suggested that we follow the student's progress and make an effort to provide future funds to continue the tuition of the student for the four years of his college term.

GAS CUSTOMERS PASS HALF MILLION MARK

Consumers Power Company announced today that its total number of gas customers has passed the half million mark.

"Reports just compiled show that at the end of October we were serving 500,171 gas customers," said President Dan E. Karn.

"This represents a gain of 100 per cent in number of customers since 1944 and suggests the tremendous growth that has occurred in the southern half of Michigan's Lower Peninsula, especially the Oakland, Macomb and Wayne County areas close to Detroit. Use of gas has grown six times as fast as number of customers in the same period, due in part to the popularity of gas for house heating."

Consumers Power Company supplies gas service in 300 cities, villages and townships in 30 Michigan counties. Larger cities served include Alma, Bay City, Flint, Jackson, Kalamazoo, Lansing, Pontiac, Royal Oak, Saginaw, Warren, Livonia, East Detroit, Mt. Clemens, St. Clair Shores and Plymouth.

Mr. Karn said the company's 500,000th gas customer probably was connected during the latter part of October.

"It would be difficult to determine who that customer is or where he is located," he added. "Our new gas connections this year have been averaging 75 per working day. With so many customers being added in so many communities it is impossible to know the exact order in which they begin receiving service."

The company still has a waiting list of more than 100,000 applicants for gas space heating, although this type of service already has been extended to 53 per cent of the more than 500,000 gas customers.

Consumers also supplies electric service to 861,000 customers in 61 Lower Peninsula counties.

Activities At St. Andrew's

St. Andrew's Episcopal Church will hold its traditional Thanksgiving Day Service of Holy Communion at 9:30 a.m., Tuesday. This year, parishioners of St. Andrew's will give special thanks, due to the recent attainment of Parish status; the receiving of more than fifty new Communicants last week; and the completion of the new memorial pipe organ.

Special Thanksgiving music will be offered on the new organ by Mr. Ivan F. Rouse of Clarkston. A special prelude is planned, and the Offertory "A Psalm of Praise" by P. Ivanov will be sung by the combined choirs of the church.

This service is called a Family Eucharist, from the ancient Greek word for "Thank Offering" (for the gift of redemption through the sacrifice of our Lord Jesus Christ.) At this service, the altar will traditionally be decorated with wheat stalks, bread, grapes and wine in a decanter, symbolizing God's basic gifts, and mankind's processing of these gifts. It has also become tradition for families to come to the altar rail together to receive either Communion or an altar blessing.

A Three-fold Thanksgiving Offering will be received: Offering for extra church operating expenses; loose offering for the Rector's Discretionary Fund; and an offering in kind brought by the children, of fresh, frozen, or canned foods to be taken to St. Peter's Home for Boys, Michigan and Trumble Avenue, Detroit, and to Mariners Inn, a home maintained for Homeless Men, 115 Ledyard, Detroit. Parishioners are also asked to bring Mens' used suits and or clothing, which will not be offered at the altar, but will be taken to Mariners Inn.

St. Andrew's Day, the age old memorial of the martyrdom of the apostle, St. Andrew, will be an historic day in the Church this year. The Reverend Waldo R. Hunt, newly elected Rector of the new Parish will be instituted and given the "keys of the Church" at an evening service of Holy Communion at 8:00 p.m., Monday, November 30.

The Very Reverend John W. French, Rector of St. Luke's Episcopal Church, Ferndale, and Dean of the Episcopal Oakland (County) Convocation will conduct the Office of Institution of the Rector.

The Reverend C. George Widfield, Rector of All Saints Church, Pontiac, which has been the sponsoring Parish of St. Andrew's during its eight years as mission, will preach.

Reverend Waldo R. Hunt will then install the recently elected Wardens, Officers and Vestry in their respective positions. Then, he will conduct a service of Holy Communion, assisted by visiting clergy. Local members of the Waterford Ministerial Fellowship, as well as fellow Episcopal clergymen outside of the Oakland Convocation have been invited for this St. Andrew's Day event.

An unusual feature will be that the newly confirmed Confirmands will, as a sort of "initiation as working members of the congregation", provide and serve refreshments for a period of fellowship after the service. Members of the Community are also cordially invited.

Sunday, November 29, being the First Sunday in Advent, St. Andrew's will participate in a National Episcopal Corporate Communion of Men and Boys at an 8:00 a.m. service of Holy Communion. This is promoted by the Ede and Coulthurst Chapters of the Brotherhood of St. Andrew at the local chapter. New confirmands will also make their first Communion at this service.

At the 9:30 and 11:15 service, Ante-Communion will be held, and inasmuch as it is a fifth Sunday of the month, the high school and college age youths of the Church will participate in portions of the service.

Presiding Bishop Lichtenberger will make his first telecast on CBS-TV Nationwide on Sunday, Noember 29, from 10:00 to 10:30 a.m.

Inaugural Meeting Of State C of C

At the inaugural meeting of the new Michigan State Chamber of Commerce Governor G. Mennen Williams and Senator Frank D. Beadle of St. Clair, Republican majority leader, will set forth their recommendations for long-range solution of Michigan's critical tax problems.

Their appearance during the morning session will be a major feature of the day-long Chamber meeting, scheduled for Wednesday, December 9, in Lansing's Civic Center. In the interest of maximum objectiveness, the Governor and the Senator propose to express their views in the form of a panel discussion, with opportunity for questions from their audience, rather than as a debate.

Commenting on the December 9 meeting, Creighton D. Holden, Chamber steering committee member and proprietor of the St. Clair Inn, said:

"The Michigan long-range tax program presumably will not be settled by the day of our inaugural meeting. With that in mind, the Chamber steering committee has asked Governor Williams and Senator Beadle to make a concise and non-emotional presentation to their recommended solutions to the problem. This should give their audience of Michigan business leaders a clear and balanced view of the alternative solutions proposed."

Holden emphasized that the newly-incorporated Michigan State Chamber of Commerce has been conceived as a "workshop" to produce new and better ways of utilizing our state's business and industrial resources.

"Functioning continuously, as planned, the Chamber cannot fail to assist in bettering our Michigan economy," he said.

Other highlights of the Lansing inaugural meeting program include a morning session addressed by Dr. Paul W. McCracken, U-M economist and professor of business conditions; a luncheon talk by Michigan Consolidated Gas Company president Ralph T. McElvenny; and a dinner address by Erwin D. Canham, U.S. Chamber of Commerce president and editor of The Christian Science Monitor.

Local boards, chambers and trade associations throughout Michigan are cooperating in the organization of the new State Chamber of Commerce.

ADVICE FROM SOCIAL SECURITY OFFICE

Advance filing of claims for social security benefits is now being encouraged, according to an announcement today by William E. LaRock, manager of the Pontiac social security district office. He explained that early filing of applications for retirement benefits will result in prompt receipt of the first check.

"Inquire before you retire" is a theme we've been emphasizing for several months now, in an effort to ensure speedy delivery of the first benefit check," LaRock pointed out. He went on to emphasize that retiring workers would do well to call at the Pontiac office two to three months ahead of their retirement date and get their applications in early.

Benefit claims require some handling in the Pontiac office before they are certified to the Treasury Department for payment. The worker's earnings, record and evidence of his age must be obtained. "Getting your claim filed ahead of your retirement will allow time for completion of these necessary details," LaRock continued, "so that when you have stopped work, your first social security check will arrive when you need it most."

He also commented upon two questions which he says are commonly asked about filing for social security: (1.) What should a claimant bring with him? and (2.) Is an appointment necessary?

"Generally speaking, some proof of age and an earnings statement (Form W-2) or a copy of last year's Federal income tax return should be brought along when you come to apply for your social security," LaRock stated. Other documents may be necessary in some cases. He emphasized in conclusion that no appointment is necessary. The Pontiac office, located at 18 S. Perry Street is open Monday through Friday from 8:45 A.M. to 4:45 P.M.

Card - Fashion Show A Great Success

An evening of cards and fashions, sponsored by the Clarkston Community Women's Club to benefit the Independence Township Library, was enjoyed by a "full house" in the Community Center on November 19th.

The showing of the latest fashions from The Town Shop was based on activities of our local ladies on "A Day in Clarkston". The styles ranged from ultra-casual morning wear for chauffeuring children to school and "Kaffee Klatching", through informal fashions suitable to wear to the various community functions, to more formal evening ensembles for occasions such as dance club, theatre, and at-home parties. The entertaining and descriptive commentary was presented by Mrs. Cornelius Migan.

Decorations were beautifully done in muted fall tones. Two large potted palms set an attractive background for the fashion models. An aerial view of Clarkston was projected on a screen in front of the audience, carrying out the theme of the Fashion Show and adding a bright spot of interest to the decoration.

The fifty card tables that filled the ballroom were covered with especially printed table covers. On each table were bags of useful free prizes for each player. Forty-one door prizes were also given.

Refreshments were served in the downstairs dining room where the serving table was decorated with an autumn centerpiece and brown candles. In this room also was a display of cosmetic products from O'Dell's Drug Store and of children's wear from Walter's Department Store.

SCIENTIST GETS TOO MANY WARTS

A short time ago, Dr. Walter N. Mack was looking for warts. Now he has offers of more than he can use.

The Michigan State University virologist is doing research for the American Cancer Society to find the virus believed to cause warts. Two Detroit dermatologists have been removing warts from patients and giving them to him for his experiments.

When he announced that he needed more persons to give up their warts, he received more than a thousand responses.

Warts are considered tumors. If Professor Mack can show that a virus causes warts, it would indicate that a virus causes other tumors.

PEPPERMINT STICK GIRLS AT ST. JOSEPH'S MERCY

The Peppermint Stick Girls of St. Joseph Mercy Hospital have been chosen as the November Volunteers of the Month by the Central Volunteer Bureau, a member agency of the Pontiac Area United Fund.

The young ladies, 16 years and older, all attending area public and parochial high schools, spend from 9 A. M. to 2 P. M. every Saturday as volunteer workers under the direction of Miss Marie Hickey, Supervisor of Nurses at St. Joe's.

Six girls work each Saturday for a period of three months. Then a new group comes in. All the girls are volunteers who have passed a physical examination and have their parents' permission to make application.

Their unique name—Peppermint Stick—comes from their white pinafores with peppermint stripe that they wear "on duty". Many of the girls use their school colors when making their pinafores.

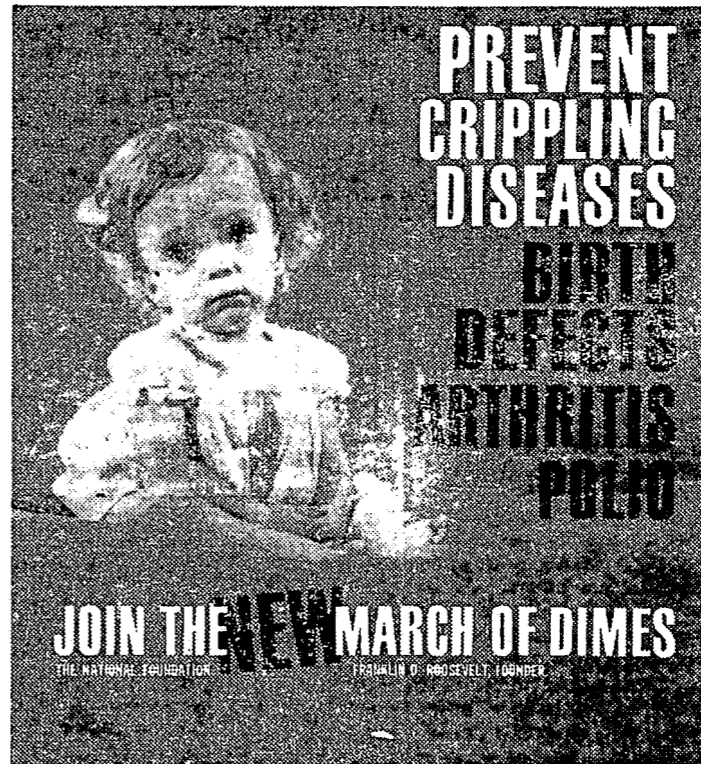

According to Mrs. Arthur Kinney, Public Relations Director of the hospital, the girls do a variety of tasks during their five-hour day. Included are the duties of stripping released patient's beds, handling many errands for the nurses and doctors on duty, completing personal errands of patients, feeding patients, and doing routine clerical work. Mrs. Kinney emphasized that everything the girls do is under the direct supervision of the nursing staff. The girls do not give medication, she added.

The program began in the fall of 1956. 25 to 30 girls per year take part in the volunteer program.

Miss Marie Hickey, Director of Nursing Service, has high words of praise for the girls. "This is a real education program for them. They learn by doing and we have a group of very fine young ladies. It's gratifying for them and we certainly enjoy the cheery note that they do their work on. We just plain enjoy having them."

The Central Volunteer Bureau salutes the Peppermint Stick girls.

2-Year-Old Is 'Dimes' Poster Girl

Mary Beth Pyron, 2, daughter of Mr. and Mrs. James T. Pyron of Florence, Ala., has just been chosen national poster girl for the New March of Dimes 1960 campaign in January. Her picture will appear on millions of posters (above), canisters and coin collectors in every town and village of the country, symbolizing the New March of Dimes attack on crippling birth defects, arthritis and polio, diseases that affect one in every four U. S. families. Mary Beth was born with an open spine and water on the brain. Medical science knows no way of helping her. Hope lies in scientific research supported by the New March of Dimes. Mary Beth is a sunny, affectionate child and loves to ride her new walking horse (left). Her brother Tommy, 4, is a normal child.

MICHIGAN BELL telephone lines AN OPERATOR ONCE ANSWERED A CALL from a youngster whose mother was teaching him to make his first Long Distance call. "What number are you calling from?" the operator asked. Then she added, "It's right there on the dial." After a moment's hesitation, the child's proud voice replied, "1-2-3-4-5-6-7-8-9-0..."

HOW CAN SHUT-IN boys and girls keep up with their school work? One successful solution has been Michigan Bell Telephone Company's School-to-Home telephone installations. Even though a child is in bed, he can still take part in the lessons of his own class. He can ask questions and recite as if he were in school. Two-way speaker units make this possible. Here is an invention that ends a worry for many a parent and removes a handicap from scores of children who are confined to their homes for long periods.

"OVER THE RIVER AND THROUGH THE WOODS, To grandfather's house we'll go..." How long has it been since you recited that poem in school? It's called "Thanksgiving Day," and it was written in the last century by Lydia M. Child. Things certainly have changed since then: today instead of a sleigh ride, you can often get to grandfather's house in a few minutes by car. But if he does live too far away to visit, and you'd like to remember him on Thanksgiving Day, there's no better way to do it than with a leisurely Long Distance call.

AND NOW - Something For The Girls

If you've been curious about the new HOOVER floor washing machine we'd be glad to show you the one in our window. This marvelous contraption dispenses clean scrub water onto your floor, scrubs it thoroughly, then draws the dirty water back up into a special plastic bag. You always scrub with clean water. The HOOVER floor washer is easy to handle and even with a full tank of water weighs only as much as a 10-quart pail of water! When not in use it hangs up tidily in your broom closet.

If we sound enthusiastic it's because we've seen the HOOVER floor washer demonstrated in our store. (Put the rest of our floor to shame.)

Festive Fresh Date Treats

Delight visitors with a snack tray of cheese and fresh California dates stuffed with both sweet and savory fillings. "Date Fancies" are stuffed with a flavorful mixture of ground semi-sweet chocolate, candied ginger, nuts and a little orange marmalade, and topped with almond or pecan halves. For those who prefer savory fillings, stuff fresh dates with grated sharp cheese or with paper-thin slices of ham or prosciutto. A mild cream cheese also makes an excellent stuffing for California dates.

The cheese-and-ham-stuffed dates should be eaten the day they are made. The other date goodies may be made ahead, covered and stored in the refrigerator to keep them from drying out.

For "Date Fancies," put 1/2 cup nuts and 1/2 cup semi-sweet chocolate pieces through food chopper, using a fine blade. Combine with 1 tablespoon finely chopped candied ginger, 3 tablespoons orange marmalade and 1/4 teaspoon salt, stirring until mixture is evenly moistened. To prepare 1 (10-ounce) package pitted fresh California dates for stuffing, slit sides with sharp knife and press open. Stuff with chocolate-nut mixture. If desired, top each stuffed date with a pecan or blanched almond half.

Makes about 2 1/2 dozen stuffed dates.

Your refrigerator may give you up to 31 years of service, but the average "life" is about 17 years, according to studies reported by home economists at Michigan State University.

Fumes and coal gas from heaters and stoves may cause yellowing of silver, say home economists at Michigan State University.
