Vows Spoken At Davisburg

On Saturday, November 21st a very pretty wedding took place in the First Baptist Church in Davisburg when Carol Ann Saiz and Orren R. Thomas spoke their nuptial vows to the Reverend Jack McCurry.

The bride is the daughter of Mr. and Mrs. Frank Saiz of 5960 Ware Road. Parents of the bridegroom are Mr. and Mrs. J. A. Thomas of Maple Drive, Waterford.

Mr. Saiz escorted his daughter to the altar and Mary Jean Saiz was her sister's bridesmaid.

Mr. Thomas was assisted by his brother, Richard, as best man, and seating the guests were Claude Trim of Davisburg and Roger Rose of Clarkston.

Alice Lounsbury of Royal Oak, formerly of Davisburg, presided at the organ for the traditional music and accompanied Dottie Garrison who sang "O Promise Me" and "The Lord's Prayer."

Following the ceremony a reception was held in the church parlors.

When the newlyweds return from their honeymoon they will make their home on Tappan Drive, Clarkston.

LOCAL O.E.S. CHAPTER MEETS MONDAY EVE

Joseph C. Bird Chapter O.E.S. will meet at 8:00 P.M. Monday, December 7th. Plans will be made for a family Christmas party to be held December 21st, and for the distribution of Christmas baskets.

Grand Committee member of the Grand Chapter of Michigan, Mrs. Lettie Goulette, chairman of proficiency, will be present and will bring a message from the Worthy Grand Matron.

Members of the Bible Degree Team, Helen Gowan, Barbara Gowan, Lorena Paine, Devota Stitt, Violet Nelson and Marion Urlick will be hostesses for the social hour following the meeting.

BOY SCOUT TROOP 126 ENJOYS CAMP-OUT

The week-end of November 20, 21 and 22, the Boy Scout Troop 126 of Clarkston, put into effect their slogan, "Let's put the outfit back into scouting," at the Highland Recreation Area.

Despite winter winds and snow, the twenty-two boys and eight adults had a memorable week-end. It takes good planning and an integrated group to make a successful winter camp-out. The boys are lucky to have a planning group who don't blanch at such a project. The meals were planned in advance and the boys were divided into four cooking patrols.

Five Tenderfoot Scouts, Thomas Cushman, Nick Gura, Arthur Alexander, Paul Hoxsie, and Harold Gladding worked on their second class requirements and passed their compass tests on a five-mile hike.

Clarkston Locals

The Y-Teens of Clarkston High School had their first pajama party at the Y.W.C.A., in Pontiac, Saturday night, November 21st. Chaperoning the fifteen members attending were Miss Pat Kelly, the Teen-age Director of the Y.W.C.A., and Miss Roberta Sanborn.

Many people spent Thanksgiving Day visiting relatives. The Charles Robinsons spent the day with their family in Detroit. The Charles Sparks visited with friends in Lapeer. The Chris Christides entertained their family and friends in their home.

Mr. and Mrs. David Beals of Edgar Road have returned from a three weeks trip to California where they visited their son-in-law and daughter, Mr. and Mrs. Howard Cook, and family in Santa Ana. They also visited Mr. Beals' sister in Los Angeles. They said the weather was ideal and the roads were excellent all of the way. In fact while they were in California the temperature was in the 80's and they really didn't like the idea of returning here for the winter.

ROTARY PLANS FOR CHRISTMAS

The meeting this week of the Clarkston Rotary Club was devoted to planning for the Christmas Season. The lights have been hung across Main Street giving the town a Christmas glow. On the 21st of December the club will go caroling and the regular tree ceremonies will be held the night before Christmas. The goodfellow edition will go on sale Friday and Saturday, December 18 and 19th.

During the month Bruce Embrey presented a film on coal mining as it is done in this modern age. The film also placed the strength of this industry in a time when people think of other fuels for heating. The film was very interesting.

Rotarian Embrey also presented a film on hunting the brown bear, the biggest breed of bears in the world, in Alaska. This film had some of the most beautiful scenery one could imagine as well as the actual hunting of bear. The club is lucky to have seen these two pictures.

Mr. Robert Varner, one of the sponsors of the group, started the service by explaining the purpose and symbol of the Methodist Youth Fellowship. Then as the lights were dimmed the officers came forward and lit the candles which they were holding. Directly following the candle lighting the entire group of officers and members went into the candlelit sanctuary, singing "Kum By Ya."

After everyone was seated, the Reverend William J. Richards asked all those who were to be installed to come forward. As they did Rev. Richards reminded them of the duties they were to take on concerning their office. Following the ceremony Mr. Varner came forward and presented the officers with a Methodist Youth Fellowship pin.

Clarkston Local

Thanksgiving is sort of a special holiday of the fall season and being close to December it starts the Christmas season. But it serves also as a vacation for the school children and the college students. For some, Thanksgiving is the first chance to spend some time with their folks. Several college students seen in town over the holidays were: Carolyn Warwick, John Greene, Charlene Wilson, Sandra Gresham, Dorothy Staley, Diane Taylor, Barbara Gillis, Fred Turek and Allen Wells. Dave Montreuil was on leave from his naval base in Newport, Rhode Island.

Parties Honor Borst Family

Farewell surprise parties were given recently for Winifred and Darlene Borst, daughters of Mr. and Mrs. Henry Borst of Clarkston. Friends of the girls on hearing of the family's intended trip to Europe on December 8th planned parties for them.

Mary Jo Willits, daughter of Mr. and Mrs. George Willits of Waterford, had a lovely dinner party for Winnie at the Willits home. Nancy Jennings, Barbara White, Diane Moller, Karen McIntyre, Joan Ward, Mary Ann Jackson and Mary Jo gathered around Winnie as she opened her going-away gifts. The beautifully appointed dinner table, with a theme of "bon voyage," was centered with a large cake made in striking likeness to an ocean-going ship.

Darlene's surprise party was planned by Diane Crites, daughter of Mr. and Mrs. Robert Crites of Clarkston and Cheryl Newbigger, daughter of Mr. and Mrs. John Newbigger of Drayton Plains. The party was held at the Crites home and approximately 60 of Darlene's friends attended. The basement recreation room was decorated in blue and white bunting and balloons. Gracing the refreshment table were two huge cakes bearing the nostalgic "bon voyage," Darlene.

More and more surprises for the Borsts. Mr. and Mrs. Borst were invited to a neighbor's home last Saturday evening for a friendly game of cards. They were having a good time when they were summoned to their own home by their daughter who said they had guests from a distance. On arriving at their home at 6489 Snowapple they were greeted by over forty friends and neighbors who had planned a delightful evening, even to the buffet table which was laden with the most tempting food.

The group presented Mr. and Mrs. Borst with a beautiful stainless steel carving set with staghorn handles by Case Cutlery. This gift said "good going" and "happy landing" to the Henry Borsts who will leave on December 8th for Europe and they will be there for two years. Mr. Borst accepted a position as Representative Engineer with USAFTA Corporation.

CHRISTMAS TREE SALES A BIG BUSINESS IN MICHIGAN

Christmas trees, which are a \$5 million business with Michigan producers, are beginning to move to market in preparation for the yuletide season. Bills of sale accompany such movements under state law to discourage theft of such trees from public and state lands. Each year arrests follow illegal transportation of trees.

Requirements of the "Christmas Tree Law" are enforced by the Michigan Department of Agriculture's plant industry division. Cooperating are the Conservation Department, State police and sheriffs' departments.

Under the law bills of sale should accompany all Christmas trees being moved in quantities of more than six. Forms are obtainable from offices of the Michigan Department of Agriculture, Michigan Department of Conservation, county agricultural agents, state police posts, or sheriffs' offices.

A bill of sale given by the original owner must contain legal description of property where trees were cut. When trees are resold by someone besides the original owner no special bill of sale form is needed. Regular bills of sale such as might be used for other merchandise may be used. Dealers who buy and resell to others must retain bills of sale for a two-year period.

The law applies to cut Christmas trees, but there is an added stipulation for trees transported with roots on. In addition to other requirements trees with roots must also have an inspection certificate showing the growing trees have been inspected by representatives of the plant industry division.

Plaid designs should be matched at seams lines, so the plaid continues in unbroken lines, say home economists at Michigan State University.

Methodist W.S.C.S. Plans Program

The Woman's Society of Christian Service of the First Methodist Church will depart from the usual procedure for the December meeting and have planned instead a "Meet Your Neighbor" Christmas program and brunch for Thursday, December 10, beginning at 10:00 A.M.

All newcomers in the community who wish to worship and to celebrate the birth of the Saviour in the fellowship of other Christian women and in an atmosphere of devotion and sincere friendliness are invited to attend this meeting.

Each member of the Society is to bring a neighbor or some new member of the church or community and during the program, time will be given for introductions. It is hoped that all may become neighbors in the truest sense of the word and if there is any "stranger in the midst" or one who is lonely, that that one may experience a more joyous Christmas season in the knowledge of having found new friends.

Mrs. Russell Colton, president of the Society, will preside and will expedite any necessary business after which, she will open the morning's program with a word of welcome.

The devotions will be given by Mrs. Ray Ainsley before an altar arranged beneath a lighted picture of Jesus. The rest of the program to be presented against this background will be a solo, "O Holy Night" by Muriel Mercer, The Christmas Story read by Mrs. Howard Huttenlocher, a solo, "Jesus Bambino" by Donna Redwood, and a closing prayer by the pastor, Rev. William Richards. Both soloists will be accompanied by Mrs. Jack Skarritt.

A very informal get-acquainted period will follow with Virginia Leonard in charge of merry mix-up activities, and refreshments will be served by members of Priscilla Circle. The decor of the buffet table, as well as other decorations throughout the room, will be in keeping with the season.

Mrs. Harold Bauer, chairman of the program and all other arrangements, has planned it so that mothers can attend and still be home when their children arrive for luncheon.

Your Natural Gas Comes A Long Way

The natural gas you get at the turn of a valve has traveled hundreds of miles. Laying pipelines to carry it to you presents many engineering problems.
Rivers are only one of the hazards which must be overcome on the pipeline's cross country journey. Since gas is lighter than air, 30 pounds of ballast are used for each foot of 30-inch pipe in a water crossing.
Corrosion is another headache engineers have minimized by coating and wrapping the pipe before it goes into the ground.
Millions of dollars in equipment join with labor and know-how to keep natural gas flowing to your home or place of business. Natural gas is your dependable low-cost servant.

Only GAS does so much, so well... the modern fuel for automatic cooking... refrigeration... water-heating... house-heating... air conditioning... clothes-drying... incineration.

School News

Last week, the junior high school elected their basketball cheerleaders. The seventh grade had a choice of forty-seven girls from which they chose twelve: Donna Ventemiglia, Nylia Locklar, Jennifer Pike, Louise Sexton, Donna Nelson, Vickie Fife, Sandra Smalley, Carol Sage, Kerry Sanford, Lucy Embrey, Connie Papi, and Sue Munsee.

Eight girls were chosen out of the twenty-two eighth graders who tried for the position. Selected were the following: Connie Buzzell, Martha Madison, Beverly Galligan, "Punky" Golembeski, Nancy Stanquits, Corrine Blackett, Charlene Barber, and Angie Nelson.

It has been decided that any new club that wishes to become part of the school's activities must first have the permission of the student council. Clubs already established, as well as new ones, must enter a copy of their charter to the file in the principal's office.

A request was granted by the principal to have one day of the school year to be under the supervision of the student body. A committee of seven is to present the reasons for having such a day, and present suggestions on how it is to be managed. The committee is under the chairmanship of Jerry Powell, and also in the hands of the following council

members: John Hicks, Rosalie Lippert, Jackie Phelan, Sandy Asher, Jerry Powell, Betty Cobb, Mary Fusilier, and Pam Lovejoy.

Two new girls clubs, the Stenographer's Club and The Future Homemakers Club, have recently been established for both entertainment and practice in their chosen plans for the future.

The Stenographer's Club, organized in the second year shorthand classes, is planning a trip to Chicago by plane next spring. To accomplish their goal, they are engaging in such money-making projects as: typing term papers and book reports, charging small membership dues, and they intend to have a Candy Sale once a month. During their monthly meetings, Jeanne Underwood presides, assisted by Secretary, Mary Brewer; Treasurers, Mary Beaumont and Nancy Peters, and Pat Schebor, Sponsor.

The PHA holds meetings twice a month, during one they have a demonstration of some nature, either in a speaker or a movie workshop, where the girls will be instructed in baking, cooking, textile painting, and be helped with their projects. Later in the Spring, the most deserving girl will be sent to the State Convention. Officers of the club are: Maureen O'Mara, President; Fay Ann Burley, Vice-President; Edith McClard, Secretary; Geo-

gina Vliet, Treasurer; and Helen Gernaat, Sponsor. To be eligible, a girl must have had a year of Home Economics. The club is arranging many projects such as Bake and Candy Sales, and passing out Christmas baskets to needy families during the coming holiday.

AIR FORCE SEEKS RECRUITS

The Air Force Pilot is here to stay. "The Air Force is currently proving this fact by seeking hundreds of qualified young men who are interested in flying," says T/Sgt. Chas. A. Ahnen, local Air Force recruiting representative. "The Air Force is stressing its need for additional pilots and navigators by making opportunities in these challenging and rewarding career fields available to more and more single men between the ages of 19 and 26½, who desire to earn their wings and a commission as an officer in the U.S. Air Force."

Annually the Air Force loses scores of veteran flying personnel through retirement. These vacancies must be filled by younger men if the required strength is to be maintained. They also provide an opportunity for rapid advancement for rank and pay purposes.

Through its Aviation Cadet Program, the Air Force trains qualified young men to become pilots and navigators. The program has become the Air Force's traditional source of leadership by providing commissioned flying officers for active duty. It also enables the Air Force to maintain a sizeable reserve in the lower age bracket.

"Contrary to popular belief," says Sgt. Ahnen, persons applying for Aviation Cadet school need not be a college graduate. A diploma from Clarkston High School or any other accredited high school is the minimum requirement.

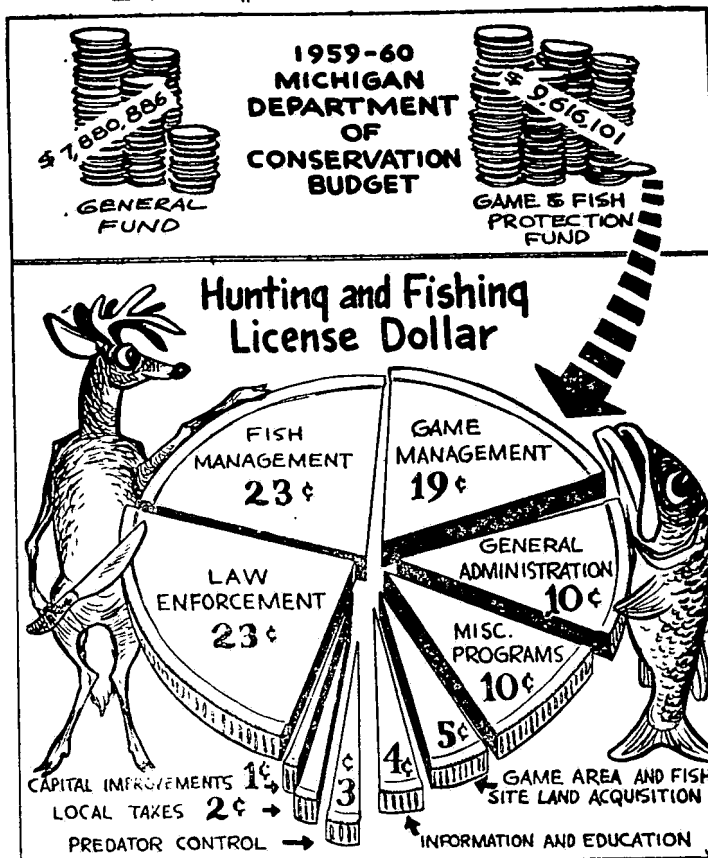

Persons interested in Aviation Cadet training should take their birth certificate and high school diploma or transcript of college credits to their nearest Air Force Recruiting Office. If qualified, the applicant will be scheduled to take the Aircrew Aptitude Test and a physical examination at the nearest Examining Center. Applicants successfully completing the tests will return home to await selection and a class assignment. Classes for pilots begin every six weeks and for navigators every two weeks. Travel, food, and lodging are furnished at Government expense during processing.

The draft-eligible applicant, who is subsequently notified of his acceptance for Aviation Cadet training, will be furnished a 4-month draft deferment.

A graduate from the Aviation Cadet program receives a commission as a Second Lieutenant in the U.S. Air Force Reserve with an aeronautical rating of pilot or navigator, a uniform allowance, and a 30-day annual leave with pay. Subsequent to completion of Aviation Cadet training, if married a Second Lieutenant receives \$455.68.

Sgt. Ahnen is located at 53½ W. Huron St., Pontiac, telephone FE 2-9116.

Dollar\$ for Conservation

Michigan's Conservation Department draws from two main sources—the General Fund and the Game and Fish Protection Fund—to expand and conserve the state's natural resources. The General Fund appropriation, totaling some \$7,850,000 this fiscal year, comes from state taxes and several federal aid grants. These monies are used to carry out the Department's parks, forestry, lands and geology programs. Completing the budget picture is the Game and Fish Fund (license fees) which is providing more than \$9,600,000 for ten major programs of the Department as shown above. Federal apportionments have added about \$1,100,000 annually to this fund in recent years.

EDUCATION WORKSHOP AT WAYNE STATE U.

Chairman of local and council PTA organizations will get assistance at a parent and family life education workshop, December 9, at the Wayne State University McGregor Memorial Building.

Sponsoring the workshop, which will extend from 9 A.M. to 3:15 P.M., is the Michigan Congress of Parents and Teachers. The conference will emphasize the 1959-60 theme of the National Congress of Parents and Teachers, "Strengthening the Home — Source of Our Nation's Greatness."

Invited especially to participate in the workshop are the chairmen of the following PTA committees — character and spiritual education, citizenship, exceptional child, health, juvenile protection, legislation, mental health, pre-school, reading and library services, safety program, magazine, and parent and family life education.

"This is a Michigan PTA project designed to help PTA local and council chairmen work more effectively by providing information, ideas and techniques," explains Mrs. Edward H. Lloyd, Southfield, chairman of the state parent and family life education committee.

The growing popularity of winter cottons are crease-resistant fabrics makes it easy to be fashionable as well as practical.

Sweaters of new fibers can go into the washing machine and will dry quickly. Mrs. Olson notes that tweeds and prints hide soil better than plain color fabrics.

Being a mother is a full-time job, even when a baby-sitter takes over for the evening. Mother may find herself bending to lift little Suzi or Johnny as she says goodbye. Filmy or delicate fabrics are not designed to take this extra strain and may easily tear at the armholes. A sturdier fabric is a more practical choice.

Babies find jewelry and beaded dress trims fascinating to tug. Rings and sturdy, close-fitting bracelets and necklaces withstand this treatment best. If Mother wants to wear a special necklace, Mrs. Olson suggests the necklace be kept in her coat pocket until she's safely out of the house. If Mother wears glasses, a metal cord fastened to them may be a safety addition.

CHILDREN NEED EDUCATION FOR CHANGING WORLD

Seventy per cent of the things our school children will be using 20 years from now haven't been invented yet, declares Alvin D. Loving (Ed.D.), University of Michigan associate professor of education, Flint College.

"Our children are growing up in a rapidly changing world — and their education must prepare them to live in the world of tomorrow," he says.

Professor Loving is in charge of elementary education at the U-M's Flint College. Affiliated with Detroit area schools for 20 years, he is state president of Michigan Council on Family relations and a director of Flint Urban League.

"American schools have a responsibility to the world to prepare students so they will be ready to take advantage of the unlimited opportunities offered in this country," he states.

"Education has advanced just as science has. Although not as readily accepted as scientific change and discovery, new meth-

LONG before the Iron Horse snorted its way across the western prairies, passenger travel was a hazardous affair and not to be lightly undertaken. How much depended on the stagecoach driver!

Jack of All Trades

His fame as one of North America's most valuable fur bearers has long overshadowed the mink's versatility. Whether he is swimming, climbing, digging or hunting, this crafty member of the weasel family does a creditable job. His all-around agility is as valuable for warding off or escaping the enemy as it is in catching food. As might be expected of a predatory animal so adaptable and capable as the mink, his diet is widely varied. He alternates between the role of hero and villain, depending upon his choice of diet.

From where I sit ... by Joe Marsh

Junior's Name was "MUD"

Red Jackson's seven-year-old, Junior, was passing by the local beauty parlor the other day. He looked in the window and saw a lady with one of those mud packs on her face. Busting with curiosity, he walked in and asked her why she had all that stuff on. The lady was taken back for a moment but politely answered, "It's to make me look pretty." When the beautician removed the mud pack, Junior took a close look at the lady and commented, "It didn't really work, did it?"

From where I sit, count on children to tell the truth—sometimes, the embarrassing truth. Maybe we adults could use more of that. For instance, maybe we ought to admit that tolerance "doesn't really work" until we eliminate all our intolerances—even to respecting a neighbor's right to enjoy a quiet glass of beer. Good neighborliness begins when intolerance ends... and, in truth, we all ought to work towards that end.

LICENSE SALES DROP
Automobile weight tax license sales for the first 17 days of the 1960 license year fell more than 25 per cent below that of the same period one year ago.

This year tabs marked "60" in green on gold are given to indicate that the 1960 weight tax has been paid. These are bolted in the upper left hand corner of the 1959 license plates.

According to Secretary of State, James M. Hare, total vehicle weight tax items in the

first 17 days of November, 1958 reached 96,296. This month the total sold was 70,612, or 25,686 less than a year ago.

KEEP FROM PARKED CARS

WINNER, 15TH AAA TRAFFIC SAFETY POSTER CONTEST

LET'S FACE IT—cars are mechanically superb; it is the driver who usually is at fault. Safety officials and engineers believe that 90 per cent of all auto accidents are caused by driver errors, ignorance, or recklessness.

If a man write a better book, preach a better sermon, or make a better mousetrap than his neighbor, tho' he build his house in the woods, the world will make a beaten path to his door.

—Ralph Waldo Emerson

In St. Catherines, Ontario, the police have designed a ticket for motorists who commit "border line traffic violations. It invites offenders to come into the station and have a chat with the traffic department officer.

Only two persons had signed the Declaration of Independence when it was proclaimed July 4, 1776.
