CLARKSTON, MICHIGAN, THURSDAY, JANUARY 7, 1960

NUMBER 19

First Methodist Has Undefeated Quintet

Resting in first place atop the standings of The Pontiac Recreation Basketball League is the undefeated quintet of First Methodist Church, Clarkston. This Clarkston basketball team has won its first four games from some of the outstanding teams in the greater Pontiac area under the leadership of their coach, Gus Birtsas, former coach and teacher at Clarkston High School. Mr. Birtsas has jelled his team into a smooth working outfit which has scored a majority of its points in the last quarter of each game.

In the first game of the season Clarkston took on the Commerce Lakers, composed of U.S. Airforce men from the Nike Base in that community, and led by guard, Leroy Parks who put 18 points through the net, they won 40-26. Encouraged by this first victory and led by hot-scoring Lanny Leak who poured in 24 points they swarmed over Walled Lake 40-31. In the third game Clarkston met the team who many picked to win the championship, Rochester, and with a not fourth quarter, and smooth teamwork which spoke of the team's fine condition they steam-rolled to victory 65-30. In this game Richard Johnston with 13 and Leroy Parks with 16 points led the way.

Last year's champions, Griff's Grub of Pontiac, was the fourth victim of Clarkston when they fell by a score of 71-59. Again Parks was high man for the team with 16 points followed closely by George Lang with 15.

Clarkston will wind up the First Round of games with two contests slated for the Pontiac Gymnasium. Tonight, Thursday, January 7th, they play a tough team from Avondale at 8:30 p.m. On Tuesday, January 12th they close the First Round of their schedule with the second place team, Booth Homes, of Pontiac, at 8:30 p.m.

With the exception of their coach, Gus Birtsas, all of the players on the team are graduates of Clarkston High School. They are: Jay Campbell, Leroy Parks, Bob Yahnke, Dick Lippert, Clark Rouse, Lanny Leak, Pat Thompson, Vern Carmean, George Lang, and Richard Johnston. Mr. Birtsas reports that there already is a delegation of spectators from Clarkston who attend the games, and that all of the contests are open to all residents of Clarkston. Those who have seen the team play, state it is one of the finest in the area and provides a night of skillful entertainment for everyone.

Mr. and Mrs. Floyd Davison and daughter Faye of Toledo, Ohio and Mrs. Lottie King of Dixie Highway were Christmas guests in the Mead Myers' home.

Mr. and Mrs. Lyle Hotchkiss entertained his parents and brother Lee and cousin, Miss Gladys Sherwood for Christmas. A brother-in-law, Roger Jacobs, and family were also guests.

Gere Notch of Pontiac was a weekend guest of her uncle and aunt, Mr. and Mrs. Peter Notch. On Sunday her parents, Mr. and Mrs. Mathew Notch were guests in the Notch home.

The E. V. Bailey family was entertained in the Clark Miller home on Christmas. Guests from away were Mr. and Mrs. Delmas Bailey from Akron, Ohio.

Mr. and Mrs. Peter Notch entertained the following guests for Christmas: A/2c Judy Campbell from Scott Air Base, Illinois; Terry Buck of Fort Sill, Oklahoma who was the guest of Joy Notch of Ypsilanti who was home to spend the holidays with her parents.

A family dinner was held in the George Miller home last Sunday evening. Guests were Mr. and Mrs. Russell Maybee and daughter, Charlotte Ann, and Mr. and Mrs. Stanley White and sons. The White family just recently returned from a two weeks visit with his father in New York.

New Program At MSUO

The second phase of the state-wide program of "Studying Michigan Schools" will be launched in the Oakland County area at Michigan State University Oakland on Saturday, February 6. Registration will take place at the Student Center at 8:45 A. M.

An invitation is being extended to all PTA's and PTO's of the Oakland County area to send delegates to the all-day program which will feature the Superintendent of Public Instruction, Dr. Lynn Bartlett, and several local education officials or experts.

The objective of the conference will be to provide local groups interested in problems of education in Michigan with an opportunity to examine and discuss the pertinent issues; and to provide local PTA's and PTO's with the information and suggested methods for accomplishing Phase II within their own districts.

The program which is a follow-up on the state-wide opinionaire survey made last year will stress ways and means of bringing the important facts and information on crucial school problems to the citizens of this area through PTA and PTO programs and other means. Maximum involvement by thoughtful persons on the local level will be sought.

The MSUO conference will present a symposium of experts on four educational issues which were found to be of major concern in last year's opinionaire survey in which over 100,000 participated. Participating on a panel which will be moderated by Dr. James Covert, Superintendent of Royal Oak Schools and president of the Michigan Association of School Administrators, will be Louis Schimmel of Pontiac, Director of the Municipal Advisory Council, who will speak on school financing; Eugene Richardson of the Michigan Department of Public Instruction who will treat the problem of the Teaching Staff; Dr. Harry Hahn of the Oakland County Schools who will discuss Educational Programs; and D.B. Varner, Chancellor of MSUO who will present problems of higher education in Michigan.

Mrs. Charles Neldrett, President of the Michigan Congress of Parents and Teachers and a resident of Pontiac, will chair the meeting. Following the invocation by the Reverend Edgar Lucas of Rochester and a welcome by Dr. Lowell Eklund of MSUO, Dr. William Emerson, Superintendent of Oakland County Schools, will key note the day's activities.

Upon completion of the Symposium Mr. Carl Anderson of Eastern Michigan University and member of the State's "Studying Michigan Schools Committee", will discuss local PTA and PTO responsibilities and functions in bringing this information to local groups and individuals for maximum effectiveness in involving the state citizenry in the resolution of these problems.

Discussion groups will be led by discussion leaders selected from the various PTA's and oriented in a pre-conference training session to be held at MSUO on January 15. They will focus on methods and techniques of local PTA and PTO programs on the subject.

The program will then be climaxed by the afternoon address by Dr. Lynn Bartlett, State Superintendent of Public Instruction. Adjournment is scheduled for 3:00 p.m.

The Oakland County program has been planned by a committee consisting of Mrs. William Wright of Pontiac, Program Chairman the Michigan Congress of Parents and Teachers, Mr. Merrill Bates of Bloomfield Hills and the Michigan Association of School Boards, Mr. Don Baldwin, Superintendent of Rochester Community schools, and Mr. Al Cowan of the State Department of Public Instruction. The committee is being chaired by Dr. Lowell Eklund, Director of Continuing Education, MSUO.

Clarkston Local

This year it was Mr. and Mrs. Joseph Hubbard's turn to stage the annual New Year's Eve party. Most of the activity took place in the family room on the lower floor. There was much visiting and games were enjoyed. At midnight a buffet luncheon was served with the traditional fish and beans. The trick is to take the first bite at the stroke of midnight and wish your friends "A Happy New Year". Special guests were Mrs. Geroge Perry's sister Mrs. Roy Sangboner and Mrs. Heinrich Kobrak.

Special Course At St. Andrew's

EPIPHANY-LENTEN SEASON ADULT EDUCATION COURSE

Following up on the well attended and successful course on the Scriptures held at St. Andrew's two years ago, the local church announced this week that a 16 week course on "The Doctrines of the Church" will be held on Tuesday nights at 8 p.m., beginning Tuesday, January 12, at St. Andrew's Episcopal Church 5301 Hatchery Road, Drayton Plains.

Starting with a session on "What It Means To Believe" the course will follow through on "The Doctrine of God"; "The Doctrine of Jesus The Christ"; "The Doctrine of Man"; "The Doctrine of the Church" and "Its Sacramental Life".

In such matters as the 'Doctrine of God' there will be discussed The Church's Teaching in contrast to Humanism, Atheism, Materialism, and other False or Inadequate Doctrines of God and Man.

Questions that will be raised include "In What Way Is God Omnipotent and Omniscient?" and "In What Way Does This Bear on the Doctrine of Man and 'Freedom of Choice'".

Another Question will be, "Who was and is Jesus The Christ?"

This course will be taught by the Reverend Jacob L. Andrews, who until recently has been on faculty at the Flint Branch of the Michigan Diocesan School of Theology and who has been Vicar at Church of the Epiphany at Mount Morris. He has recently been called as Vicar of St. George's Episcopal Church in Milford, where he will take office February 1. He is married and has two daughters and during this past summer has taken special studies at Sewanee, Tenn., The University of the South, which will lead to his Masters Degree.

Since the course will be general in nature, it is by no means limited to St. Andrew's Church Members but is open to anyone who wishes to make a serious continuing study of these basic articles of belief that are expressed in the Apostles Creed. A fee will be requested to cover course materials. Since husband and wife can use the same set, the fee will be charged for one or two adults at the same address using the same material.

"SNOWBALL SWIRL"

SATURDAY, JANUARY 9

Ten boys were the guests of Jack Frost, Jr., Saturday for his birthday party at his home on Cramlane Drive. After a lunch was served the boys spent the afternoon skating at the Pontiac Rolladium. The boys who helped celebrate Jack's eleventh birthday were: Tommy Woodard, John Pringle, Hugh Rose, John Gettel, Mike Dougherty, Charles Horsh, Frank Galligan, Roger Erickson, Herbie Beach and Mark Richards.

GOVERNOR KICKS OFF 1960 MARCH OF DIMES

Holding Governor Williams' official proclamation designating January as March of Dimes month in Michigan is Jerry Van Liew, 10th grade student at Lansing's Eastern High School. Jerry, a wheel-chair victim of crippling Rheumatoid Arthritis, is typical of thousands whom the March of Dimes seeks to help through its expanded fight against Arthritis and Birth Defects as well as Polio.

Young People Have Busy Week

Sashabaw United Presbyterian Church

The members of the Methodist Youth Fellowship were in a giddy social whirl this past Tuesday. The beginning was last Tuesday with their annual Alumni Banquet. The Woman's Society of Christian Service prepared one of their dinner menu specialties and several girls from the Intermediate Youth Group served. The guest speaker was Mr. Russell Gutsaon of the Pontiac Travel Service. His informative topic was "Our Fiftieth State Hawaii." The talk was enhanced with a colorful film. Jody Wilford was Master of Ceremonies; Cliff Irwin, co-president of the group was asked to give the invocation and Mr. Everett Buttress gave the closing prayer.

The following morning Shanna Stewart and Georgia Robinson began rounding up decorations for the New Year's Eve Ball to be held in the Community Center. Lucy Oakley, a member of the decorating committee, insured the freshness of a tall Christmas tree by having one cut from a field the day before the party. The tree, resplendent with tiny, twinkling, pastel lights, was placed in the center of the floor and the dancing was done around it. Clarkston young people began arriving shortly after nine and danced to the music of the Invictas, a three piece combo. Just before midnight Mr. Charles Robinson gave the call for a grand march and at the same time passed out noisemakers. The party was chaperoned by Mr. and Mrs. Charles Robinson, Mr. and Mrs. L.M. Oakley, Mr. and Mrs. Alfred Hadrill, Mr. and Mrs. Robert Irwin and the Reverend Mr. William J. Richards.

Shanna Stewart and Prudy Hutchins were co-hostesses at a cocktail party for their friends preceding the dance. The guests were delighted with the attractive hors-d'ouvres; the conversation was gay and the girls were pretty in their holiday party clothes.

After the party there were many get-togethers in homes for coffee cake and warm drinks. It takes the vigor of youth to complete the activities planned for the M. Y. F. The Fred War-ricks hosted an evening hayride and dinner party at a Lodge in Rochester on New Year's Day. Shortly after a caravan of cars from Clarkston arrived at the Lodge, wagons, pulled by teams of horses were loaded. The hay wagons rode over country roads under a cold starry sky and the ride whetted the appetites for the spaghetti dinner that ended the evening.

Young David Masta had six friends for lunch to celebrate his birthday Saturday. When dessert was served, the guests were delighted with the beautiful birthday cake and attached to each candle was a favor. David's friends were: Danny Race, Doug Denise, Suzanne Adams, Jerie and Kathy Dawley and Davey's brother, Danny.

Family Night At Sashabaw Church

Sashabaw United Presbyterian Church will hear a talk given by Mr. Dean Spooner at its January Family Night, Wednesday the 13th. Mr. Spooner will speak during the first part of the evening on his recent trip to the Presbyterian Institute of Industrial Relations at Chicago. This Institute dealt with management-employee relations. Included were trips to various industries and contacts with labor and management leaders. Mr. Spooner will report on the work the Church is doing in this area.

During the second part of the evening a color motion picture titled "The New Faces of Africa" will be shown. This film is being shown in preparation for the February Family Night when Mr. Alec Brooks, a missionary from the United Presbyterian Church in West Africa, will be a guest of the church.

The January Family Night will begin with a cooperative supper. An invitation is extended to visitors.

MARTHA CIRCLE MEETS JANUARY 14

The Martha Circle of the Methodist W. S. C. S., will meet on Thursday, January 14, at the home of Mrs. Joseph Hubbard, 8400 Allen Road. A planned luncheon will be served at 12:30. Co-hostesses will be Mrs. Heinrich Kobrak and Mrs. Clyde Becker.

FASCINATING FACTS ABOUT NATURAL GAS

Old As the Earth
Natural GAS came into being millions of years ago. Ancient peoples thought it to be the gift of the great God of Fire and temples were erected for the thousands of fire worshippers. The Chinese people—inventive and practical—piped the GAS and used it to dry salt from brine.

Modern As Tomorrow
After many years of perseverance and the expenditure of millions and millions of dollars, Natural GAS is today pumped out of the ground and through thousands of miles of pipelines to communities all over America. Natural GAS is now a major contributor to the fuel needs of the nation.*

*GAS gives you clean, efficient, economical fuel for residential, industrial and commercial needs. Call or write Consumers Power Company to learn how Natural GAS can serve you better.

ALIENS TO REPORT DURING JANUARY

Mr. Walter A. Sahli, District Director of the Immigration and Naturalization Service said today aliens in Michigan have only two more weeks in which to comply with the Federal law requiring that aliens report their address to the Government during January of each year.

The Immigration official urged all aliens who have not yet complied to go as soon as possible to the nearest Post Office or Immigration Service office to file the report.

Parents or guardians must file the report for alien children under 14 years of age.

Mr. Sahli said the address report is required each year from all aliens except those in diplomatic status, representatives of certain international organizations and persons admitted temporarily as agricultural laborers.

He pointed out willful failure to comply carries penalties including a fine and deportation.

The official said an estimated 65,000 aliens in this State have already complied with the address report requirements, compared to 168,000 who filed address reports last year.

SOIL CONSERVATION MEETING JANUARY 14

It was announced by Jay Poffenberger, Oakland County Extension Agent, Agriculture, that the annual meeting of the Oakland County Soil Conservation District will be held at the Pontiac Federal Savings and Loan Building, 761 West Huron Street, Pontiac, on Thursday, January 14, at 7:00 p. m. The meal will be prepared by the County Farm Bureau Ladies. Tickets may be secured from the Farm Bureau Ladies, or any one of the following District Directors: Harold Mitchell, Robert McCrory, Keith

Clarks Delicious GUM 5 Delicious flavors King Cigar Co. Flint, Mich.

Middleton, William Scramlin, or Stuart Hutchins. Tickets may also be secured from the Soil Conservation District Office or the A. S. C. Office, Hubbard Building or from the Cooperative Extension Service Office.

Ken Brown, Deputy Superintendent Schools, Oakland County, will be toastmaster. The program will consist of a talk and motion pictures of Russia by Max Benne, who has spent a year as a student in Russia. He will discuss his experiences of living and studying with the Russian students, and show motion pictures of the places that he visited. Max is a capable speaker and will present a very interesting program. LaRue Heard of the Milford 4-H Club will present a skit and the Mitchell children will present a musical number. Larry Middleton, State Conservation winner will tell of his trip to Chicago. Also, the District's annual reports and treasurer's report will be given. Certificates will be presented to the winners of the 1959 Oakland County Corn Contest.

DIABETIC CLASSES BEGIN JANUARY 13

A new series of five classes for diabetics and their families will begin the 13th of January at the Oakland County Health Center, 1070 North Telegraph Road.

The classes which will be held at 1:00 o'clock on Wednesday afternoons, "Offer a splendid opportunity for diabetics to gain important information and knowledge about diabetes," declared Dr. John D. Monroe, Director of the Oakland County Health Department.

"The education of the patient is vital to the proper treatment of diabetes. With proper care diabetics can expect to live as long as anyone else and lead a useful and active life," advised Dr. Monroe.

The classes are unique in Michigan. "Insofar as we know, no other county in Michigan offers this type of program," said Dr. Monroe.

Both diabetics and their physicians have found the classes helpful in controlling diabetes. The Oakland County Health Medical Society has endorsed the program.

Persons interested in obtaining more information about the course should call the Oakland County Health Department at FEderal 2-9255.

All persons attending the classes must have the written approval of their physician.

A FEW TIPS FOR ICE FISHERMEN

Fishermen might do well to heed a few tips and warnings offered by the Conservation Department before making their outings on the ice this winter.

All shanties must be identified on the outside by the owner's name and address. Letters must be of insoluble material and not less than two inches high.

Last winter's deep snow and freezing rains left many shanties firmly anchored in the ice. To avoid the problem this year, it is suggested that fishermen elevate their shanties with blocks of some type. Items used to do this must also be removed when the season ends.

Persons driving their cars on the ice are urged to use extreme caution since they may endanger other fishermen as well as themselves and their riders. Ice should not be taken at "face value", especially when it is to be subjected to the load of an automobile.

Fishermen are advised to be wary of thin ice near shorelines. Discarded ice is one reliable sign of weak areas. Tree branches or other suitable markers should be placed at large freshly-frozen holes and other danger spots.

Fishermen are warned not to dump debris on the ice. Cans and broken glass left on the ice are washed upon shores during spring breakup, posing a hazard to bathers, and causing unnecessary clean-up chores. Persons caught dumping litter on lakes face a \$100 fine and/or 90 days in jail.

As a reminder to avoid trespassing on private property, public access points should be used.

DRIVE SAFELY AND LEGALLY

Throughout the winters, highway crews of the state, counties, cities, townships and villages are ready to keep streets and highways in the best possible condition.

With the first indication of snow or ice conditions, these crews are prepared to battle the elements. Their objective is to save our lives.

Winter driving conditions, at best can be hazardous. During the period when there is ice and snow, there are more hours of darkness, adding to the peril of highway driving.

Everything possible is done to remove the hazards of winter from our streets and highways. But, there is one element which highway crews cannot control. They are powerless to control the action of drivers.

With all the help which is provided in an effort to make our highway safe during winter, each of us must do our part. The effort of those who work on the highways must be backed by considerate driving.

If we bear in mind that even with the work of highway crews, highways are apt to be hazardous, we can reduce our winter highway death toll. At all times we should be prepared for the worst possible driving conditions. Trips should be started in ample time so that there is no need to hurry. Never drive if you have been drinking. Never take a chance.

Drive considerately and legally. It may save your life and the lives of your family.

JANUARY IS MARCH OF DIMES MONTH

Traditionally in America, January is March of Dimes month. Since 1938, when President Roosevelt founded the organization, the National Foundation has asked for voluntary contributions to provide medical care for victims of poliomyelitis and to finance medical research. In both respects, the organization has been eminently successful.

Certainly, in Oakland County, or in any other community in America, you are never very far from some family that in time of great distress, has received direct, personal, financial assistance from the National Foundation.

In the field of medical research, the Foundation's success has been great and dramatic. March of Dimes grants enabled Dr. Jonas Salk to complete his education at the University of Michigan and then to develop the world-famed Salk vaccine. Other grants have financed the research projects that led to the recent development of the promising live-virus, oral vaccine by Dr. Albert Sabin.

Now, the National Foundation, with its technical skills, medical know-how and scientific experience, has trained its sights on arthritis and birth defects. Along

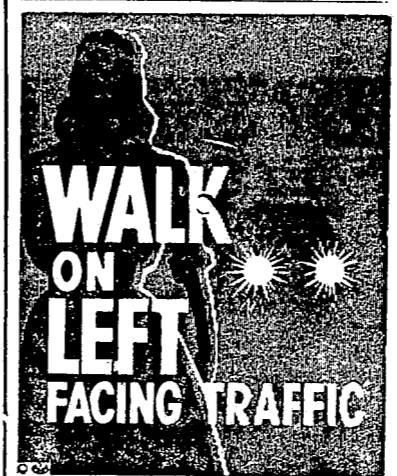

with the continuing polio program, it now fights diseases and disabilities that strike one out of four families in the United States.

In Oakland County, the Foundation is still caring for 250 polio victims. Among these are many of your neighbors' children. These children are to continue to have their chances at productive, happy lives and if the National Foundation is to be able to carry on its good work throughout the land, each of us must give generously this month.

Be good to your community. Be good to yourself. Give.

A THRILLING STORY FOR TOWN HALL AUDIENCE

The thrilling story of a crusade to bring good health and happiness to the under-privileged of the world will be told to the Pontiac-Oakland Town Hall audience by Dr. Peter D. Commanduras, secretary-general of Mexico on January 13 at the Oakland Theater, Pontiac. This tireless man who is recently back from a tour of Asian and African countries will tell of his contacts with Dr. Albert Schweitzer in Africa, Gordon Seagrave and Tom Dooley in Laos and with other medical personalities in

WINNER TWELFTH NATIONAL SAFETY POSTER CONTEST

their dedicated efforts to benefit mankind.

Dr. Commanduras is a native of Lowell, Mass., a graduate of Tufts University Medical School, the University of Pennsylvania and has served in clinics at Henry Ford Hospital, Detroit and extensive practice in Washington, D. C. in 1957 to take on the task of administering Medical the

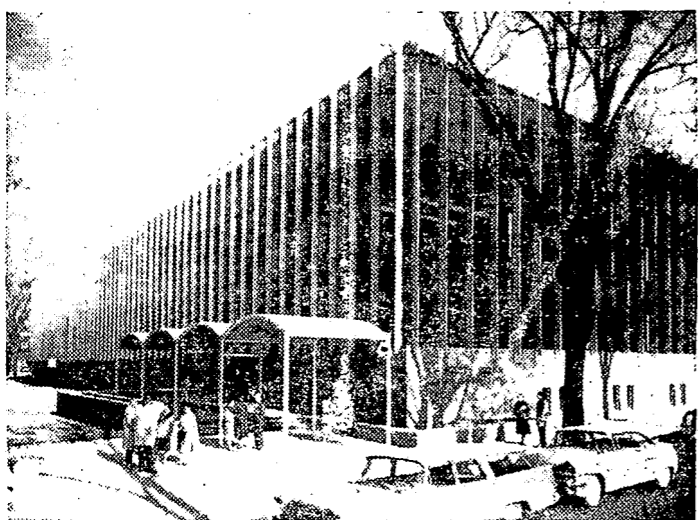

International Rescue Committee's non-sectarian program which sends American Medically trained personnel to serve at grass roots levels in remote villages.

The lecture will be given at 10:30 A. M. and will be followed by a "celebrity luncheon" at Elks Club. The luncheon must be made with Mrs. Clyde N. Dearing or Mrs. D. B. Eames in Pontiac.

A cross-country tour through Michigan's state parks, recreation areas and state forests offers an enjoyable blend of sightseeing and exercise for skiers in the snow-laden Winter Wonderland. Skiers eager to test their skill on the slopes will find ski tows and other facilities available at Holly and Highland recreation areas and Porcupine Mountains state park. Although they lack towing services, many other parks and recreation areas feature hills and slopes for thrills and . . . spills.

Wayne State's New Memorial

The Richard Cohn Memorial Building, Wayne State University's new multiple-purpose structure, is serving a vital need in centralizing the housing of three campus programs.

DETROIT — The Richard Cohn Memorial Building, dedicated November 18, has joined the ranks of new buildings on the ever-growing campus of Wayne State University and is already thronged with students. The three-story structure on Cass between Palmer and Ferry houses the College of Nursing, the Graduate Division and the School of Social Work. Funds for the building, named for a Detroit business leader and philanthropist, were provided in part by two grants: one from the Richard Cohn Foundation in the amount of \$425,000; the other from the Greater Detroit Hospital Fund in the amount of \$270,000. Facilities in the Cohn Building will include classrooms, staff offices and minor dining facilities. A concealed radiant system controls temperature.

Water for The Future—A Challenge

By 1984—the generation of these youngsters' children—Michigan's population is expected to number almost 14,000,000, nearly twice the present figure. It follows that this rapid growth will increase the various demands for water, both in scope and volume. How will the state's water supply meet this test? Many resource leaders feel the answer lies in legislation to develop a new code of water rights. Stepped-up efforts in land management measures such as watershed improvement, reforestation, and soil conservation are frequently mentioned. Any approach to this challenge, whether it be through legislation, actual land practices, or both, must weigh all of man's various needs in light of nature's limitations.

DENTISTRY HAS REWARDS

Dentistry, just completing its first century of service as an independent profession, offers a number of opportunities to its members, reports a University of Michigan professor of dentistry.

Dr. Floyd D. Ostrander (D. D. S.), a past president of the Michigan State Dental Association, says that dentistry is a rapidly growing profession. The type of person who should become a dentist he describes as:

1. A person of the highest integrity;
 2. A person who likes other people;
 3. A person who wants to make an adequate financial return while contributing to the health and happiness of mankind;
 4. A person who is a good student and is not afraid of work;
 5. A person who has adequate ability to work with his hands.
- "For the youth who can qual-

ify", Dr. Ostrander concludes, "dentistry offers a challenging and rewarding career. The financial returns will be comparable to those in other professions, and the satisfaction which comes from being a part of the health team will be great."

I think both labor and business have a right to get into politics. Rather than complain about the political activities of labor leaders, business men should devote the same amount of effort to politics to see that their views are also adequately represented.

Security

THE OBJECT of man's desire is not to enjoy once only, and for one instant of time, but to assure forever the way of his future desire. And therefore the voluntary actions and inclinations of all men tend not only to the procuring, but also to the assuring of a contented life.
 —Thomas Hobbes (1599-1679)
 English philosopher

Be it mine to reach old age, not in proud pomp, but in security! Moderation wins the day first as a better word for men to use, and likewise it is far the best course for them to pursue. Greatness that doth overreach itself brings no blessing to mortal men.
 —Euripides (5th Centu. v B.C.)
 Greek playwright

Civilized man has exchanged some part of his chances of happiness for a measure of security.
 —Sigmund Freud (1856-1939)
 Austrian psychoanalyst

The conscience of good intentions, however succeeding, is a more continual joy to nature than all the provision which can be made for security and repose.
 —Francis Bacon (1561-1626)
 English philosopher

A great fortune depends on luck; a small one on diligence.

Science gives us knowledge, but only philosophy can give us wisdom.

Bob's Hardware

MA-5-6111 27 S. MAIN • CLARKSTON

There are so many talented people in the Village, that occasionally we like to offer our windows as a showcase for their arts, crafts and hobbies.

During January, our windows will be available to all interested friends, customers and neighbors.

"Mrs. Bob" will be happy to consult with you in regard to your exhibit.

We have a number of used ice skates, variety of sizes, both boys and girls. SOME REAL BARGAINS!

Card Of Thanks

We would like to thank our many friends and neighbors for their acts of kindness and expressions of sympathy during the loss of our beloved son and brother, Floyd. Special thanks to our minister, the Reverend Waldo Hunt of St. Andrew's Episcopal Church, Mr. and Mrs. L. E. Wint of the Lewis E. Wint Funeral Home for their spiritual consideration; the Boy Scouts, DeMolay Brothers, Pontiac Motor and Michigan Bell employees.

The Augur family,
 Edgar, Frances, Alan
 and Johnny

UNWANTED IN MICHIGAN

Bumper Pusher

DESCRIPTION

Might be anyone, any age, either sex. Generally ignorant of distance required for stopping at different speeds. Delights in crowding car ahead. Considers himself/herself a "better than average" driver.

METHODS OF OPERATION

- Specializes in rear-end, side-swipe collisions
- Depends on driving skill rather than driving sense
- Drives too close to the car ahead
- Tailgates when waiting for passing opportunity
- Uses the horn instead of the brake
- Relies on other drivers to compensate for his/her mistakes of judgment

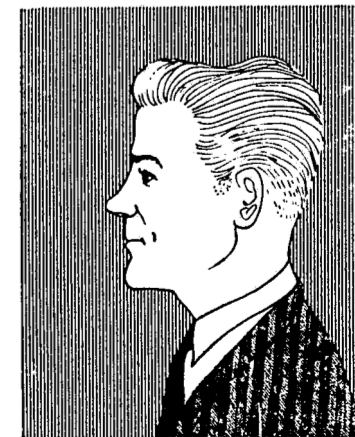

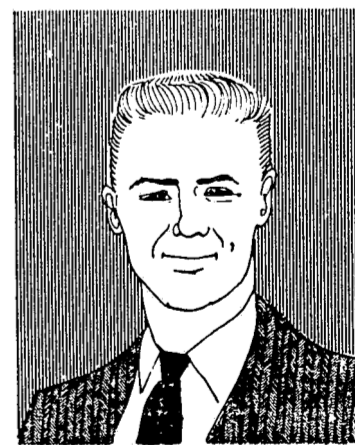

RECORD

Involved in thousands of accidents last year in Michigan in which 12 were killed and 2,440 were injured. Cost Michigan people in excess of \$1.6 million. Will kill or maim more than 2,500 in Michigan this year.

REMARKS

All Michigan drivers are warned to ward off BUMPER PUSHER when overtaken by flashing your brake lights "on and off" rapidly. If this doesn't warn him/her to fall back, pull over to the side and let this Unwanted Driver pass. Avoid sudden stops when BUMPER PUSHER is crowding you.

The next victim of BUMPER PUSHER is unknown.

COULD IT BE YOU?
