They play Lady Thiang. have organized and call their organization, "This generation of Christian Youth," as they have entered whole heartedly into the service of their Lord, thereby, creating a bond of christian understanding between themselves and our own christian youth.

As the Director of Youth Work, and as District Superintendent in his African field, Reverend Johnson's personal contacts and his consecrated services have been many and varied and most worthy. For the thousands of natives among whom he has labored his work assuredly is epitomized in the following lines:-

"Their eyes have seen a vision of a new and greater world.

In which all nations live at Peace,

Their tattered banners furled. Where all men work and find fulfillment in the common good, And sipritually, men are band-

ed in a Brotherhood." Reverend Johnson is a man highly esteemed and his services as a speaker while on furlough are much sought after. The Commission on Missions of the local church is very pleased to have had the request that he come to Clarkston honored and invite all ent recreational activity of the people in the community to hear

# **WORTH MORE BECAUSE THEY WORK MORE**

Chevy's new torsion springs and Sturdi-Bilt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out—Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem—Chevrolet trucks soak up punishment that means downtime to other makes! And trade-in time's put off for extra thousands of miles - '60 Chevrolet trucks stay new like never before!

**New Dollar-Saving Prices** 

Step-Vans, 4-Wheel Drives, many priced. Prices have also been reduced on all optional V8's.

**New Torsion-Spring Suspension** 

Eliminates I-beam shimmy and wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium- and heavy-duty models.

**Electronically Balanced Wheels** 

Front wheels and tires are balanced at the factory. Helps make that new ride revolutionary!

New Cabs-Wider, Safer, **More Comfortable** 

light-duty models with automatic Many models are a whole 7 transmissions—all are lower inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside: more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

> **Plus Improvements** All Through the Line

A new steering linkage system that cuts vibration, means better control. There's new V8 efficiency. Sixes long famous for saving. New key-turn starting. Higher, wider visibility. Talk to your Chevrolet dealer about the world's most advanced trucks.

#### PONTIAC LIONS PRESENT MICHIGAN JAMBOREE

The Pontiac Lions Club presents the Michigan Jamboree featuring two of the nation's top country and western singers, Ray Price and Stonewall Jackson. The show will take place at Pontiac Central High School on January 23, 1960.

Ray Price is recognized as the op name in the country and western field today. He has proved his reputation with his Columia record "Crazy Arms", which won the triple-crown by leading all country and western music trade magazine charts, and earned him a "Golden Guitar". His "Heartaches By the Numbers" was voted the top country and western song for 1959. It's still in the first 20 on the charts and has been there for more than 35 weeks. Ray's "City Lights" is still on the charts after 20 consecutive weeks. "Wasted Words" is also a hit. The current champion is "Same Old Me", which has been number 1 and never worse

than second since released. In two short years, Stonewall Jackson went from dirt farmer in Moultrie, Georgia to national fame in the country and western field, and cracked the pop market with his Columbia release

## You Name It -- We've Got It!

Ever see a rocket riding the highway? Or a tankful of flour? Or a load of oxygen? . . . Most peoplewhen they think of trucks -- think only in terms of the van or pick-up models they see carrying miscellaneous freight. These are in the majority, it's true. But it takes literally dozens and dozens of different types of trucks — many very special and very costly - to serve America's broad and bustling economy . . . Trucks are designed to transport almost every kind of cargo you can imagine — and to do so safely and efficiently. That's why it's truly said that everything you eat, wear or use — and more — comes to you by truck!

Yields from the relatively new Albion-Pulaski-Scipio pool area were instrumental in halting a 10-year oil production decline in Michigan during 1959. With this southern Michigan area producing approximately 30 percent of the state-wide total, oil output rose to an estimated 10,210,800 barrels, highest figure since 1956. Viewing the area's steady expansion and the increase in drilling interest there, Conservation Department geologists feel Michigan's oil production may near 12,500,000 barrels
