The selection of the finalists who will be awarded Merit Scholarships in 1960 is performed by the Merit Scholar Selection Committee, a panel of experts in academic selection, and by special judging teams convened by various donors of Merit Scholarships High school grades, leadership, citizenship, and extra-curricular activities are considered as well as test scores.

Merit Scholarships are fouryear awards, and carry stipends that range from \$100 a year to \$1500 a year. Each stipend is individually determined on the basis of need. The amount is based upon family resources, summer earnings, and college costs, all of which vary for each

No Merit Scholar may accept other major scholarship assistance in addition to his Merit Scholarship stipend, a rule followed by most private scholarship donors. The aim is to distribute available funds to as many outstanding students as possible. Most Merit Scholarships also carry grants to the colleges. Each student chooses his college and course of study. Gaining admission to college is the responsibility of the student, but in 1960, the National Merit Scholarship Corporation gave additional assistance to the 37,000 top scorers in the National Merit Scholarship Qualifying Test, by sending, without charge, test scores to

# Safety Is No Accident!

With Michigan continuing to rank high on the list in traffic deaths, it is time each of us who drives a motor vehicle takes a solemn oath to do something about it . . . Like the professional truck driver who makes his livelihood piloting a truck or truck-trailer over our streets and highways, we need to know the rules of safe driving and practice them. Safety is no accident — it's planned that way . . Obey all traffic laws, be courteous, drive "defensively" (trying to anticipate the other fellow's move), be sure your vehicle is in good mechanical condition. There are other sound rules, but these are four of the most important and if you'll practice them conscientiously you'll help to save a life - and it may be yours!
