WHAT'S YOUR OPINION?

by Jane Zumburrun
 Sue Larkin

What was your opinion of the Junior Play, The Night of January 16th?

Susie Martin: I think it was really terrific, especially for a high school play.

Harold Weston: It was a good play, everyone did a good job of acting and I think the parents enjoyed it better yet.

Betty Sarvis: I thought it was really great, tremendous production.

Emily Harrison: It was very good but I didn't think it was the right kind of play for the Junior High. I thought the acting was very good.

Eyonne Beni: It was all right I guess, but it wasn't too interesting.

Rocky Bullard: I thought it was a good play and the acting was very good.

Carolyn Ruggles: The first time I saw it and was sitting in the balcony I couldn't hear it, and the second time I was so busy writing reviews I didn't pay attention to the play on the whole, but actually I thought it was very good and the actors were very convincing.

Bill Powell: I liked it. The play was new and different.

Ron Hetherington: It was good, the jury was with me.

Ron Applegate: It was good, but I thought Karen Andre was guilty.

Gary Pike: Different. It held your attention.

Sue Turek: It was very good—all the kids did a terrific job. I think the reason this play went over so well, is the audience took part in it.

JR. HIGH CHATTER

by Nancy Stanquits
 April 8th the 21 Club Dance was held in the Clarkston High School Cafeteria, and was open to students in grades seven, eight, and nine.

Linda Hallman in a gray full skirt and print blouse was seen talking with Chuck Denton, Connie Papi, and Larry Faust.

Corinne Blackett, looking very collegiate in her black skirt, and sweater topped with a white blazer, danced the evening away with Kenny Abbott. The refreshment table had a lively group gathered around it. Ada Powell, Marie Holler, Lucy Embrey, Randy Armstrong, Bill Bailey, Kris Smith, Carol Sage and Mike Turek.

Summer outfits for an evening of dancing were the choices of Connie Buzzell, Nyla Locklar, Carol Kieft and Bobette Buehrig. Richard Lord, Tom Wager, and Bob Jennings, seemed to favor the summer debs.

A note of excitement filled the evening as a birthday cake and a beautiful iridescent necklace was presented by Kathy Clark to Mrs. Gray from the 21 Club.

FROM THE GUN TO THE TAPE

by Larry Blackett
 This series of articles is designed to familiarize our readers with the different events held at a track meet. The first in our series are the Dashes; our school and state record holders.

The life of a track meet, a dash, is an even run at full speed for a given number of yards. They consist of 100 yard dash, 220 yard dash, and the 440 yard dash but the 100 and 220 yard dashes are the most popular. The 100 and the 220 yard dashes are run on a straight away.

The men that hold the state record for the 100 yard dash are Dant from Alpena, Voorheis from Frankemuth with a 9.8. Our school record is held by Mel Joseph with a 10.6 second. The 220 record for the state is held by Voorheis of Frankemuth with a 21.4 second. Clarkston High School's record was set by Turek in 1954 at 23.7 seconds. Campbell from Dearborn Fordson holds the state title for the 440 at 49.7 seconds, while our school record was made in 1953 by Thomas Bullen at 52.3 seconds.

They are: President, Mary Robbins; Vice-President, Diane Bogner; Secretary, Naomi Armstrong; Treasurer, Sandy Asher; Inter-club Council Representative, Susan Turek. The club voted by ballot Monday and the above girls were elected.

Any girls who will be in grades 10, 11, or 12 next year who wish to join Y-Teens, must write a letter explaining the goals and purpose of the club and the reason they wish to join. A copy of the Y-Teens constitution, which will help them realize the purpose of the club, may be picked up in Mrs. Wilkinson's office. A committee consisting of Jane Zumburrun, Paulette Etter, Ann Wignall, Mary Robbins, and Mrs. Wilkinson, will look over the applications. These letters will then be presented to the members of the club for acceptance.

21 CLUB MEMBERS HONOR MRS. GRAY

Jan Gray says that it is most rewarding to work with young people, but it is really something wonderful when they turn the tables and completely surprise you with an unexpected birthday gift. She found herself at a loss for words except to say "thank you" Saturday night. Those thoughtful young people called a halt to the dancing about 9:30 p.m. and presented Mrs. Gray with a beautiful crystal necklace and another member & his family gave her a birthday cake.

Mrs. Gray wishes to thank each and every one for a gift she will always cherish.

CRITICS REVIEW OF JUNIOR PLAY

by Linda Chapman, Sue Turek, Rocky Bullard, Carolyn Ruggles, Janet Tisch and Joyce Galigan.

On April 8th and 9th the Junior Class of Clarkston High School transformed the gym into a courtroom, to present "The Night of January 16th." The audience truly felt a part of the panel before whom the case was tried. Intense interest was shown in the intricate plot which lay around the death of Bjorn Faulkner. The jury listened to each clue brought forth by the varied witnesses.

The curtain opened to disclose the courtroom of the Superior Court Number II of the State of New York. A seemingly experienced actor, Jim Gunter, portrayed the part of the bailiff. Jon Hicks, played the part of the court clerk like a professional. After the formalities of the court were over the actual trial began. The Honorable William Heath, played by Dave Galligan, showed the stern manner expected of a judge. District Attorney Flint, Lee Pike, then opened the case for the State. His manner of presentation proved to be well accepted.

He acted as though he were an experienced lawyer and knew the law inside and out. The first witness was Dr. Kirkland, Ron Webster, who brought out the vital facts of a professional doctor. The second witness for the state was Mrs. Hutchins, Kathy Blimka, the wife of the night janitor of the building, the site of the Faulkner death. Kathy proved to be the master of the accent she used and was very convincing in her part. The third witness called by the state was Homer Herbert VanFleet, Ron Jyleen, who supposedly was shadowing Bjorn Faulkner on the day of his death, January 16th. Ron brought out the part of the devil-may-care detective very well. Elmer Sweeney, Fred Warrick, proved to be the State's fourth witness. He portrayed the part of a young policeman who had "been on the force just a year."

Fred seems to have taken to the part easily. Jane Chandler, Mary Upward was the next witness for the state, a Handwriting expert called by D. A. Flint to clarify some evidence. This role seemed tailor-made for Mary Nancy Lee Faulkner Nancy Walker, was the last witness for the state in the first act. Nancy Faulkner the widow of the late Bjorn Faulkner she carried out her part extremely well. Her emotion convinced the audience of her sincerity.

Magda Svensen, Mary Robbins, was the first witness for the State in Act II. Mary brought out her part of the Swedish maid as though she were one and her

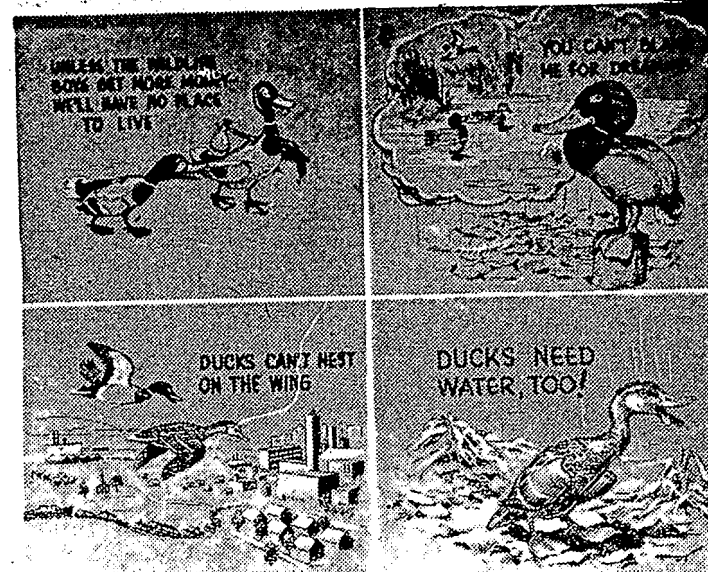

story was so well carried out that she brought many chuckles from the audience. John Graham Whitfield, the father-in-law of Faulkner, was played by Gary Baker. The part of Whitfield left the impression that he really was the ruthless businessman he was said to be. After Whitfield the State rested. Defense Attorney Stevens, Ron Walter, then opened the case for the defense. Ron seemed to be at ease in his role and he knew what he was doing. There was a purpose behind his every question and in his opening speech he proved to be a competent lawyer. The first witness called for the Defense was Sigurd Jungquist, Ron Lundy. Ron was the Swedish secretary to Faulkner and his accent was perfect. The emotion showed by Ron throughout his part was real and he knew what he was doing. There was a purpose behind his every question and in his opening speech he proved to be a competent lawyer. The first witness called for the Defense was Sigurd Jungquist, Ron Lundy. Ron was the Swedish secretary to Faulkner and his accent was perfect. The emotion showed by Ron throughout his part was real and he knew what he was doing.

Act III brought Karen Andre back to the witness chair and following her was Larry Regan played by Larry Blackett. Larry was very capable in the role of a gangster. He put across the idea that he was an experienced underworld character. After Regan the Defense rested. The state then had one witness in rebuttal, Roberta Van Renssler. Gay Ann Huffman. Gay played the part of a well-known gangster's wife. Her husband had also met his death on the Night of January 16th. Varied clues were brought to light in the enjoyable testimony of Roberta. Whitfield was then recalled by Stevens and after that Jungquist again took the stand. The trial closed with the arguments prescribed by Stevens and Flint. The cast also included several non-speaking parts which were necessary for a courtroom. The following people looked convincing in their parts: Prison Matron, Rosalie Lippert; Secretary to the District Attorney, Jane Zumburrun; Secretary to the Defense Stenographer, Fred Manning; Policeman, Mel Joseph. Sue Larkin was the prompter. The entire production was under the direction of Mr. Gene Scholler and his assistant, Linda Jean Chapman.

Save Wetlands for Waterfowl

Conservationists, here's a chance to show your colors. Federal wildlife officials, seriously concerned over a 25-percent skid in sales, are sounding a nation-wide call urging you to buy post-season duck stamps. Stamp sales are the government's only source of revenue for purchasing wetlands. Noting their present plight in Michigan and generally throughout the nation, ducks can ill afford any setback in the wetlands acquisition program. Persons buying stamps between now and June 30 will also receive a certificate recognizing their contributions to conservation. Checks and money orders should be sent to the Bureau of Sport Fisheries and Wildlife, Washington 25, D. C.

CHEVY! YOU CAN'T BUY ANY CAR FOR LESS ...UNLESS IT'S A LOT LESS CAR!

Anyone who's looked around knows the majority of Chevrolet models—6's and V8's together—list for less than comparable models of other low-priced cars. But the price tag alone is only one of a whole raft of reasons a Chevy does better by your dollars.

Nothing near Chevy's size and price can match the Full Coil cushioning of its ride, or the fine, finished workmanship of its Body by Fisher. That even applies to some cars that cost a lot more. You're up in the higher price brackets before you find a car that moves as quietly as a Chevrolet or offers the inner space that Chevrolet does.

Or look at the extras Chevy gives you—at no extra cost—that others in its class can't offer at any price. Shock-cushioned steering. Safety Plate Glass in every window. Keyless locking of all doors. Crank-operated vent windows. Chevrolet offers the widest choice of power teams, too. Drive a Chevy just once. You'll have a tough time settling for anything less.

WORD OF CAUTION FROM MICHIGAN STATE POLICE

Now is the time to warn your children about talking with strangers, advises Sergeant Lorenz Ahlgrim, commanding officer of the Pontiac post of the Michigan State Police, who reminds that the season of warmer weather always brings an increase in child molestation cases.

Sex offenses against children reach their peak during the summer vacation period. A word of caution now could help your child from becoming involved in a degrading experience that could mar his life or even bring physical harm.

"The safest rule for children to follow," Sergeant Ahlgrim said, "is to have nothing to do with strangers and to tell their parents immediately if any strangers approach them and offer them candy or other things if

they will go with them." Child molestation cases investigated by the State Police increased 3.2 per cent last year, 18 more than the 538 reported the previous year. The highest incidence was in August with 76 as compared to 71 in July, the high month the year before. June last year was second with 73 cases and July next with 61.

April, as the previous year, showed a marked jump from 29 cases in March to 52. With the start of school in September, incidents dropped off, which is characteristic of the pattern each year according to State Police records.

One of the difficulties in coping with the child molestation problem, according to Sgt. Ahlgrim, is the reluctance of parents to report incidents to the police for fear of embarrassing publicity. For this reason, the problem is a larger menace than

figures indicate. The press, radio and television never use the names of children except in cases of murder, and if all incidents were reported police would have a much greater chance of apprehending offenders and offenses could be reduced considerably.

Another important factor which could lessen the problem, Sgt. Ahlgrim said, is to impress children that policemen are friends who want to help and protect them. They should be encouraged not to be afraid to notify police of any strangers seen loitering around playgrounds, neighborhoods, schools or at public comfort stations.

Because depraved men and women are often successful in enticing children to become victims of their immoral and criminal sex behavior, Sgt. Ahlgrim suggests several "don'ts" and "do's" for parents to tell their children to protect them:

1. When you meet strangers walking or in cars, do not stop to talk with them.
2. Always know the person you are with. If you don't, do not accept rides or go for walks with them.
3. Don't let strangers join you during play hours at school or around home.
4. If it is necessary for you to use public toilets, leave immediately after you are finished.

5. Don't play or walk alone in alleys, deserted buildings or other secluded places. Always arrange to be with one or more playmates.
6. If strangers offer you money, a gift, candy or ice cream, do not accept them.
7. If a stranger offers to give you a job to earn some spending money, do not accept or go with him until you have talked with your parents and they have given their consent.

8. When you go to a movie, always take a pal along. Do not let a stranger sitting next to you touch your clothes or body. If one attempts to report it to the theater manager immediately.

9. Do not play or walk too close to the road. Keep a safe distance away to prevent strangers touching or grabbing you.

10. If pals or strangers ask you to disobey these rules, don't. They are for your protection.

Here are some helpful "do's" to recommend to children:
1. Either write down or memorize the stranger's description, approximate height, weight, color of eyes and an estimate of his age. Remembers particularly any special things like a moustache, scars, blemishes on his face, tattoos, or physical defects like a limp or glasses with thick lens, and peculiar actions.

2. Make a note of the color, type and style of clothing worn, particularly any jewelry or other unusual thing which might help identify the person.
3. If possible get the license number of the stranger's car. Write it down with a pencil or, if you don't have one, scratch it on the sidewalk with a stone or in the sand with a stick. This is particularly helpful in police investigation. A description of the license plate should include the letters, numbers, color and state.
4. Whenever you can, keep together in a group during outside activities at school or away from your home.
5. If a stranger or suspicious acting person is hanging around school, a playground or other place where children congregate, promptly report the fact to your parents, the police or teacher. Police investigation will reveal whether the person has a legitimate reason for being there and if he does, he will not be offended by being contacted.

Water Management in Action

Implicit in this year's National Wildlife Week theme, "Water—Key To Your Survival," to be observed March 20-26, is the need for unified and harmonious action in the resource's management. Such land practices as watershed improvement (above), soil conservation and reforestation can maintain and improve water resources when properly managed. There is literally a warehouse of other tools available for conserving Michigan's water, although conflicts arising from their misuse can produce bad side-effects. Use of each separate tool must be directed with skill and vision to produce a constructive and lasting program of water management.
