Rotary Anns Here Forensic Winners

On Tuesday evening the Clarkston Rotary Anns met at the home of Mrs. Earl Terry. Mrs. S. F. Goedde and Mrs. Howard Kieft were co-hostesses.

At the business meeting June 17 was set as the tentative date of the installation luncheon. It was reported that so far \$36,000 had been realized from the Crippled Children's Easter Seal Sale.

The program for the evening was exceptionally interesting. The group had the extreme pleasure of hearing the local school winners in the recent Forensic Contest. John Kieft was the announcer for the group, composed of Janet Tisch, Frank Strother, Linda Chapman, Alita Lawrence and Diane Moller. These young people gave their speeches and the Rotary Anns decided that the judges at these forensic meets must have had a difficult time if the participants from the other schools were as capable as those from Clarkston.

The evening closed with refreshments served from a table covered with a pink cloth and centered with a beautiful arrangement of apricot blossoms flanked by pink tapers in crystal holders. Mrs. Robert L. Jones presided at the lovely china service with was handpainted by the hostess.

SOCIAL HOUR TO FOLLOW CHAPTER MEETING

The Master Masons affiliated with the Joseph C. Bird Chapter O. E. S. will be hosts at a social hour following the regular meeting of the chapter Monday evening.

During the business session, Mrs. Roy Conrad will give a report on "The Villa" a children's home in Adrian which is maintained by the Michigan Chapter of the Order of Eastern Star.

Plans for a public smorgasbord to be served at the Clarkston Masonic Temple Friday evening, May 6th will be one of the major items of business on the agenda.

Roy-Blimka Rites Read Last Saturday

Last Saturday, April 23, Constance Marie Blimka and Ronald Patrick Roy spoke their marriage vows to the Reverend Frederick Delaney at a twelve o'clock noon service in Our Lady of the Lakes Church in Waterford.

The bride is the daughter of Mr. and Mrs. Lloyd E. Blimka of 2266 Meyers Road, Drayton Plains and parents of the bridegroom are Mr. and Mrs. Gerald A. Roy of 10081 Ortonville Road, Clarkston.

One hundred and fifty guests witnessed the ceremony performed before an altar decorated with white gladioli, chrysanthemums and lilies.

Mr. Blimka escorted his daughter to the altar. She was charming in white satin trimmed with lace and seed pearls. The gown featured a sweetheart neckline, long sleeves pointed at the wrists, a fitted bodice with a large bouffant bow in the back. Her fingertip veil of silk illusion fell from a crown of seed pearls and sequins. She carried a cascade of white roses with a white orchid in the center.

Kathryn Ann Blimka was her sister's maid of honor and Mrs. Ira Pence of Ann Arbor and Mrs. Thomas Bergman of Pontiac were her bridesmaids. All three attendants wore ballerina length gowns of orchid chiffon over orchid taffeta and orchid picture hats. They carried white carnations and yellow roses. In the center of the maid of honor's bouquet was an orchid corsage.

Assisting Mr. Roy as best man was Christopher Ward of Clarkston and seating the guests were the bridegroom's brother, Richard Roy and Raldoris Pelham.

For her daughter's wedding Mrs. Blimka chose a Newport blue suit with black patent accessories and an orchid corsage. Mrs. Roy wore a two-piece navy dress with matching accessories and an orchid corsage.

An evening reception was held at the home of the bride's parents.

For their honeymoon in northern Michigan the bride wore a white and toast suit with beige accessories and the orchid corsage from her bridal bouquet. This beautifully made suit was the handiwork of the bride, who is an expert seamstress.

Upon their return to Waterford they will take up residence temporarily, because in three weeks they intend to leave for Alaska where the bridegroom has spent the past two years.

Ron graduated from the Clarkston High School in 1956 and Connie in 1958. She then attended Business Institute.

Four Members To Be Elected To Board of Education

The Clarkston Board of Education makes two alterations regarding school elections pursuant to recent Michigan legislative amendments.

The amendment provides: "After the annual election in 1960, the Board of all fourth class districts operating grades kindergarten through twelve shall consist of seven members." At the annual election, the voters shall elect by ballot for a term of four years, two board members; and the voters shall elect by ballot for a term of three years, successors to the members whose terms of office shall expire.

The two members whose term of office expire are Ronald Weber and R. E. Spohn. Both members will seek re-election. Mr. Weber has served on the Board of Education for twelve years, and has been Board Treasurer for the entire time. Mr. Spohn is completing his ninth year as trustee.

All candidates seeking election to the Board of Education must file petitions in the Board of Education office on Waldon Road not later than 4:00 p. m. May 24, bearing not less than twenty-five signatures. Petitions for securing signatures may be obtained at the Board of Education office.

The date for the annual election has also been changed from the second Monday in July to the second Monday in June. The 1960 election will be held on June 13.

PAST PRESIDENTS HAVE ANNUAL DINNER

In keeping with a custom of the Clarkston Rotary Club, the past presidents of the club have a dinner for the President-Elect before he takes over his office.

Tuesday evening the dinner for this year and for the new president Frank (Tink) Ronk, was held in the Old Mill Tavern. There were twelve present, all of whom enjoyed a fine dinner. Following the meal the group went into a huddle and the subject of what was best for Rotary for the coming year was, to use the modern phrase, given a good "brainwashing".

All reported a good time with the added feeling that something good had been accomplished.

NORTHWEST OAKLAND UNITED FOUNDATION TO HAVE MAY TEA

Mrs. Palmer G. Bundy, 8621 Eaton Rd., Davisburg, Oakland county chairman for the Torch Drive, announced that the United Foundation Women's Organization was undertaking a long-range program to acquaint the people in each community with basic philosophy of the United Foundation and the many services made available by their efforts in the Torch Drive.

"Our first step in accomplishing our goal is to inform our key Torch Drive and community leadership. This will be done at the May 12 tea," stated Mrs. Bundy.

SCHOLARSHIPS AVAILABLE FOR REGISTERED NURSES

Three tuition grants of \$1,000 each, will be awarded by Wayne State University's College of Nursing to registered nurses. Applications for the scholarship contest are to be returned no later than Monday, May 9 in order to be eligible.

Recipients will be provided with a tuition scholarship for three years of fulltime study required of graduates of hospital diploma schools to complete requirements for the Bachelor of Science in nursing degree.

WSU's College of Nursing has the only accredited baccalaureate degree program in Michigan for graduate nurses. The program in General Nursing combines general and professional education to prepare for the practice of clinical nursing in all areas, including public health nursing, and for beginning positions in clinical teaching and nursing service administration.

"Demand for university prepared nurses is so much greater than the available supply that excellent employment opportunities are available to all these students after graduation," stated Katharine E. Faville, dean, College of Nursing. Graduates are eligible for admission to the Graduate School of the University for advanced preparation in teaching and administration on the same basis as are graduates from other colleges in the University.

Registered nurses who can begin full-time in September, 1960, are eligible to enter the contest. For further information, write to: Dean, College of Nursing, Wayne State University, Detroit 2, Michigan.

NEW SCHEDULE AT CHRIST LUTHERAN

A new schedule of Worship Services at Christ Lutheran Church, Airport and Williams Lake Roads, is announced by the Pastor, The Reverend Arvid E. Anderson, and the Board of Deacons, Roy Klingler, Vice-chairman. Beginning next Sunday, May 1, and continuing throughout the summer there will be two worship Services each Sunday at 8:00 a. m. and 11:00 a. m. The Sunday School hour is at 9:30 a. m. with classes for every age group including adults.

The spring Adult membership and inquiry class begins Tuesday, May 3, at 7:30 p. m. at the Church. The six week series of discussions led by the Pastor is intended to inform those interested in finding a church home for themselves and their families. The basic teachings and practices of the Church are presented. Attendance is without obligation to membership.

Next Sunday, May 1, the Youth of Christ Lutheran Church will attend the Eastern Michigan District Spring rally for the Lutheran League at Messiah Lutheran Church, Bay City, Michigan. The program begins at 3:00 p. m. The theme of the Rally will be "Our Christian Colleges." Susan Elliott is the President of the local Lutheran League.

LIBRARY NOTES

The lucky winners of the drawing for records held at the closing of National Library Week were: Joan Mansfield Bob Kriss and Linda Hallman.

Community members who helped make the library fashion show and card party a success last fall may be interested to know how a portion of the money was spent. Mrs. P. Smith purchased a typewriter for the library. This will be good news to the volunteers who spend hours typing library cards and filing information on borrowed and aging typewriters. As in any well-run organization the public is better served with efficient equipment.

The month of March saw a record number of books in circulation. There were 1147 books taken out and this figures out to one person out of every four taking advantage of their library. This is considerably above the national average and the people of Independence Township have reason to be proud of their reading habits.

On Tuesday, May 3rd, the Independence Township Library will welcome the members of the North Oakland Library Project. The meeting will be from 10:00 a. m. to 2:00 p. m., with time out for a sack lunch and coffee served by our Library Board of Trustees. It will be a pleasure to have these visitors and give the community an opportunity to show off an excellent library supported with local funds.

Comment from the Capital

Heads You Lose -- Tails They Win!

by Vant Neff

You know how it is. You go down to the polling place on Election Day. You wouldn't miss it on a bet. It is your duty, you tell yourself. And so it is. You insist that your wife be a registered voter, too. So far so good.

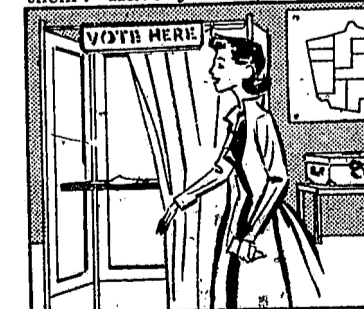

What happens when you draw that curtain around the voting booth. You vote Row A or Row B, or maybe C or D or a combination of candidates. You leave the booth feeling pretty darn good. You are a citizen who takes his civic duties seriously. Now here is the \$64,000 question.

How did those candidates get their names up on that machine? Who decided which men to offer up to your choice? Did you? Did your neighbor? Did 17 Or were they put up there by a nameless group you never heard tell of?

A nameless group did it... unless you voted in the primaries. Yes, the primaries! Primaries are held from time to time and they don't get nearly the publicity the big elections get. Of course, you've heard about primaries. But maybe you usually skip them because they seem to be unimportant. Chew on this for a minute: It is in those primaries where the list of candidates is chosen!

If you ignore the primary election you really don't have

much to say about who gets elected in this country. All you are really doing is picking from a list put up by the men who are anxious to get their man elected. The candidates have been "approved" by the "boys in the back room" but who else has checked on them? Have you?

If you give up your vote in the primaries, your approval isn't needed. You may find a good man on the ballot, it's true. Or you may not. But if any of us gives up our vote in a primary election, we neglect a fundamental fact of the democratic process. It's this: The health of democracy is based on the assumption that you and I are always interested, that we always exercise our rights and duties.

You have nothing to say about the candidates -- unless

you take an interest in the primaries where the candidates are selected. If you don't you're likely to get the short end of the stick, any way you vote. Heads you lose, tails they win. Learn who the people are running for the nomination. Find out which ones are most likely to have the public interests at heart instead of those of some pressure group. Look into their backgrounds. Have they promised allegiance to some sinister self-seeking group or special interests? The primary is the place to stop these men. By election day it is too late.

The information you need is not hard to come by. Look up voting records. Read your newspapers. Usually the papers give both sides and try to present a true, unbiased picture. Find out which groups are backing which candidates. Then, when you have the facts, decide which man is best for you and your community and vote for him in the primary.

Then on election day you will truly have a choice. Vote for the man you want, not the hand-picked candidate of some group who serves only its own interests with no thought to what is best for the people. For your own good, make primary day an important day in your life!

NEWS FROM ST. ANDREW'S EPISCOPAL

St. John's Episcopal Church, Detroit, will host the Diocesan Special Convention on Friday, May 6, beginning at 9:00 A. M.

This convention is called by order of the regular convention, which was held in February. The purpose of the special session is to elect a Suffragan Bishop. A Suffragan Bishop in the Episcopal Church is a bishop with full authority for Confirmations, Ordinations, and full membership in the House of Bishops, but who, in the Diocese, is an assistant in administration.

The Diocese of Michigan recently has been organized into three geographical districts, each with between 40 and 65 Parishes and Missions.

Bishop Emrich now has personal administration of the Parishes and Missions in Wayne and parts of Macomb counties. Suffragan Bishop A. H. Crowley has administration of Parishes and Missions in the central district, running from Port Huron through Oakland County and Jackson and Adrian. The Northern District is being supervised by Archdeacon Charles Braidwood and covers from Flint and Lapeer to Machinaw and Rogers City. It is possible that the new Bishop will have administration over one of these three districts. When the new Suffragan Bishop is elected, the Diocese of Michigan will be one of only four or five in the nation to have more than one Bishop.

Delegates elected to attend from St. Andrew's include: Mr. C. E. Granfors, Mrs. C. E. Hoffmann, and Mr. Harry S. Richardson, to accompany the Rector, Reverend W. R. Hunt. Alternate delegates are Mrs. George D. Elliott, Mr. Darrell Kelley, and Mrs. Harry S. Richardson.

St. Monica's Guild will hold their annual Mother and Daughter Event in the form of a Mother and Daughter Fashion Tea, from 3:00 until 5:00 in the afternoon on May 7. Fashions will be modeled by the children of guild members and will be supplied from Cecile's in Drayton Plains. Open to the public, the tickets are very reasonable. They may be obtained from Guild members or at the Church office.

St. Catherine's Guild will hold a Rummage Sale at the Church

Mushrooms for Meals

About to be plucked is this cone-shaped delicacy known as a morel. Rated by many mushroom gourmets as the tastiest species of them all, morels are most abundantly found in the northern lower peninsula, principally in aspen and hardwood timberlands and old orchards. The peak of the morel harvest usually occurs in the spring following warm rains. Morels, puffballs, sulphur shell fungus and shaggymanes are commonly called "the fool-proof four" because of their distinctive appearance. This quartet of edible fungi has no poisonous look-alikes.

For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord - (Romans 6:23) Even in the full vigor of mortal life, a sinful man may be as one dead, for his soul and his conscience, all beauty and kindness are dying within him. But the magnificent promise is that through Christ Jesus the Savior, he still may be redeemed.

The other night at a party the subject of insurance came up. A friend bet me that the value of our furniture and personal possessions would amount to three or four times our estimate. My wife and I made a list and, sure enough, our friend was right. Knowing that most of this isn't covered by insurance bothers us. Can you add this protection to our existing fire policy? CARNIVAL STORMS CLARKSTON HIGH SCHOOL

by Mary Upward
 The annual carnival sponsored by the Student Council was a big success this year. Friday afternoon saw concession chairmen and workers busily rushing around in order to get their projects set up and decorated. When the doors opened at 7:30, the gym and surrounding rooms had a typical carnival atmosphere. All had fun seeing and trying the various concessions.

The Spook House certainly was terrifying and you needed a strong heart to go in and stay in! How many people smashed their fingers trying the Nail Pound? A favorite among the children was the Fish Pond. If you wanted to get revenge you should have tried the Sponge throw for many a Sophomore teacher got a sopping sponge in the face. Loud "pops" could be heard all over. These "pops" were from the cork gun, the popcorn popper and balloon shave. The baseball throw, football throw and the basketball throw provided a lot of entertainment. Rings were involved in many ways: Ring the Duck, Ring Toss, Ring the Bell and also in the wedding ceremony. Of course there were many other concessions along with those that provided a lot of fun for all.

As the evening concluded Bob Porritt and Carol Lumm were crowned King and Queen. These candidates up for this honor were: Carol Lumm, and Bob Porritt Seniors, Susie Martin and Jim Johnson Juniors, Diane Bogner and Ron Zumbunnen Sophomores, Vicki Burley and Ben North, Freshman.
 Corrine Blackett and Gary Bass, eighth graders and Donna Ventimiglia and Randy Armstrong, seventh graders were the candidates for the Prince and Princess. Corrine Blackett and Gary Bass were the ones chosen.
 At the end of the crowning a cavalcade of doorprizes was given.

 3. Jones is on 2nd base and Smyth hits to the 3rd baseman. The ball takes a bad hop and hits the 3rd baseman on the chest, it rebounds several feet ahead of him. As he goes after it there is a collision between him and Jones. What is the Ruling?
 4. With 2 out, Jonsen is on 1st when Jones hits a double. As Jonsen goes into 3rd, the short stop stands in his path so it is necessary for Jonsen to push him out of the way or run into him. Jones attempts to stretch his double into a triple and is thrown out at 3rd. Because of the delay of Jonsen, the out is made before he can reach home. Is Jonsen awarded the base or does the side retire?
 3. Neither player may intentionally jostle the other but, in case of doubt, the runner is given the advantage unless he is out of the path.
 4. Jonsen is awarded home since he would have reached it. His run counts.

 This article is on the 180 yard low and 120 yard high hurdle.

A hurdler shall be disqualified if he advances or trails his leg or foot along the side of a hurdle. It does not matter how many hurdles you knock over as long as you stay in your own lane.
 The size of a hurdle should be the width of a lane and not less than 41" wide.
 The 120 yard high hurdle shall be over 10 hurdles 39 inches high. The first hurdle shall be 15 yards and there should be 10 yards between each hurdle. The school record for the high hurdle is held by Gordon Campbell which was set in 1955 at 18.9. The state record for the high hurdles is 14.9 set in 1949 by Davis Hill of Ypsilanti.

The 180 yard low hurdle shall be over 8 hurdles 30 inches high and shall be placed so that there is 20 yards between the start and the first hurdle and 20 yards between all other hurdles. The school record for the low hurdles is 21.9 set by Sharrock in 1951. The state record is 20.0 set in 1959 by Arthur Welsh from River Rouge.

The girls were divided into two groups for the test, one covering clerical typing and lasting one hour and a half. They were tested in typing, shorthand, and verbal comprehension. Within two weeks the participants should receive their own results through the mail. Good luck girls!

SPRING HAS SPRUNG

by Callie Douglas
 Would you actually believe it? Spring has finally sprung. Personally I was beginning to wonder whether spring was coming to Clarkston this year, but now that it has arrived it's simply marvelous. Just think of the nice warm weather and the coming events, such as the Prom.
 Shall we all go swimming or am I a bit late? I'm going anyway see you later.

TESTING

by Jane Zumbunnen
 The new way that Mrs. Campbell is giving her Art classes a test is quite different indeed. She has prepared an "Art History" test which she gives by showing historical buildings, paintings, & sculpture in which her students are to tell various things about them.

First, the students have twenty-five tiny slips of paper on which they place the letters A, B, etc., and their names on each slip.

Mrs. Campbell has four boxes numbered from zero to three. She shows the class a picture out of a book and tells a little about it. Then she gives her students one or more questions to answer on the slips of paper. The ones that think their answers are correct put the slip in box zero. Students that aren't sure may wait for the first of the three hints. As each hint is read, the answer becomes easier to figure out. Hint one goes in box one, hint two in box two, etc. Of course, if you put a correct answer in box zero it counts much more than if you put a correct answer in box three, because you have gotten an answer without any hints.

The test is taking much more time to give than an ordinary one, but the students seem to be "enjoying" it.

So this goes to show, if the monotony of tests is broken in some way, the students will be more attentive and alert. Psychology, Yes-

TEE OFF

by Ron Jyleen
 The Clarkston High School golf team came out of their first meet on top by defeating Milford, Wednesday, April 21. Clarkston finished with a 178 to beat Milford's 185.
 Jim Gunter was low for Clarkston with a score of 36. This score tied for the course record for high school competition.
 The next in line was Gar Wilson with 40. Dan Althouse and Ed Glennie finished with 44 and 58 respectively.

THE EDITOR OBSERVES:

It's April and spring is in the air. Talk of spring sports, dances, and the banquet seem to occupy everyone's time. But besides all these things there seems to be a growing trend in our school about this time of year. This trend isn't something new and it actually doesn't happen just when spring arrives but it makes itself more evident about now. What is this trend? It's called school skipping and it means just what the name implies. Taking a holiday when one isn't due. The idea of skipping school is bad enough, but some of the excuses brought in are even worse. "We felt good so we took-off" or "It was too nice out to be stuck in school". These so-called excuses are pretty poor. The rest of us stick it out. Why can't those few, who spoil our record by skipping, stick it out too.

This idea of school-skipping brings to mind the story we have all heard about, how fortunate we are to have the schools we take so much for granted. Think of all the people who yearn for an education and would gladly trade places with you and live in free America. Think about it, will you?

TROUT SEASON OPENS APRIL 30

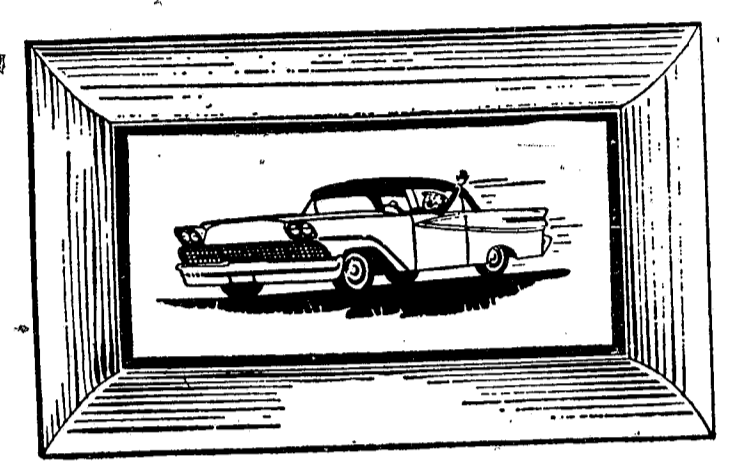

"Gone Fishing" signs should be as commonplace as flags on Memorial Day come April 30 when Michigan trout opener will lure thousands of fishermen back into the fold.
 Beckoning these anglers eager for action will be crafty and scrappy browns, rainbows, brooks and lake trout, many of which are being planted in lakes & streams throughout the state by the Conservation Department.

Department fisheries workers will release approximately 245,700 trout in streams and another 105,500 in lakes before the April 30 to September 11 season arrives. The Department's stream trout plantings will total around 1,000,000 for the year while an additional 600,000 hatchery trout will be stocked in about 350 lakes.
 Roughly one of every three trout caught from the state's 36,350 miles of streams this season will be a Department hatchery product, judging from the lake trend of previous creel censuses. Lake plantings, composed mostly of rainbows and brooks, provide "bonus fishing since many

of these waters lack conditions for natural production.
 For those who can't make the trip north, there are approximately 20 special trout ponds stocked with hatchery fish. Most of these are located in southern Michigan.
 Fishermen will find some 500 public fishing sites affording them access to many of Michigan's popular lakes and streams. A listing of these sites is free for the asking from the Department's Fish Division, Lansing 26.

CHEVROLET
 OVER BACK-COUNTRY ROADS AT 45 WITH A SKY-HIGH LOAD OF TIMBER

Chevy middleweight shows the big rigs how it's done!

That's a 6303 medium-duty Chevrolet powered by a 283-cu.-in. V8. But there's sure nothing medium-duty about the load. Mr. J. E. Blankinship, Arkansas logging contractor, says both of his torsion-spring 6303's "move along at 40 to 50 miles per hour with 55,000 pounds gross weight and maintain a 5-trip-a-day schedule with no trouble at all." Figure the money you save when you've got a medium-duty truck that can cover 30,000 back-country miles a year with a high-tonnage load!

We've never seen anything like the amount of praise truck owners are heaping on Chevy's new torsion spring suspension. Owners like the fact the truck handles a whole lot easier, can move faster off the road without beating the driver to death and shaking loose all the sheet metal. They like the idea of extra thousands of miles before trade-in... Drive a '60 Chevy just once. It's a whole new experience.

Chevy middleweight averages 200 miles of back roads a day logging timber out of the woods and delivering it to the mill at Crossett, Arkansas.

Trout Plantings for Sport

Conservation Department fisheries workers are busy on lakes and streams setting the stage for Michigan's April 30 trout opener. Hoping to repeat this fisherman's luck, thousands of anglers will turn their fancy toward rainbows, browns, brooks and lake trout this spring. The Department plans to complete 25 percent of its stream trout plantings, totaling around 1,000,000 for the year, before the April 30-September 11 season opens. Normally, these plantings add about one-third to the catch of wild fish from the state's streams. Approximately 600,000 hatchery trout will be stocked in about 350 lakes during the year.

teacher, urged school officials and librarians to teach youngsters to utilize the resources in their own communities before taking time and postage to communicate with State officials.
"In the interests of economy and efficiency, we would like to slow down this avalanche of student correspondence," Hare said. "On the other hand, if students do not find the information they are seeking in the Michigan Manual or in other library reference books, we welcome their letters. INFORMATION ABOUT MICHIGAN AVAILABLE IN SCHOOL AND PUBLIC LIBRARIES

Throughout the school year thousands of school children write letters to governmental agencies asking for information regarding the State flag, the State flower, the State tree, as well as for facts about Michigan government.
Before and during Michigan Week the flow of letters increase and the Department of State and other governmental units are swamped.
James M. Hare, Secretary of State and Chairman of the Efficiency and Economy Committee, believes much of this effort is needless.
"By law public-school libraries and nearly all community and

county libraries get a copy of the Michigan Manual each year," Hare pointed out. "This valuable compilation contains many thousands of interesting facts about the Great Lakes State.
Also available in most school, county, and community libraries is a colorful 8 page brochure called "Know Your Michigan", which contains illustrations of the Great Seal and the State Flag, a chronology of significant Michigan dates, and other interesting in-

formation.
"Many school children write for a chronology of Michigan history, to ask how our 83 counties were named, for information about Michigan's many boards and agencies, for biographies of public officials, and for the State Constitution. All of these," Hare pointed out, "and thousands of other bits of important and interesting information are in the Michigan Manual."

Label those packages of food you put in your freezer and you can find the one you want at a glance. Home economists at Michigan State University suggest you use a special pencil so the writing won't rub off or disappear during storage.

STOP TO EAT
Get ready for a good morning of work or play with a good breakfast. Home economists at Michigan State University say that a breakfast of one-fourth to one-third of your required food for the day may help you avoid that mid-morning slump.

From where I sit... by Joe Marsh

He "Auto" Know Better

Should have seen the crowd come running when Cap Edwards breezed up to the Post Office in his brand-new buggy. It's one of those pint-size foreign cars with the motor in back and the trunk up front. While folks opened doors, poked upholstery and peeked under the hood, Cap went in to pick up his mail. A minute later a fellow came up to him, all out of breath. "Say, mister," he said to Cap, "better get back to your car. Somebody's opened the hood and swiped your whole darn engine!"

From where I sit, most of us are people of habit—new things take some getting used to. And, too, most of us have "favorites" for which there'll never be a substitute. For instance, my summer Saturday nights are spent on the porch with a refreshing glass of beer and close friends. Now maybe you have a "newer, better" way to spend Saturday. Fine! You do it your way, I'll do it mine. That's American— isn't it!

Chocolate Peppermint Ice Cream Pie

"Cereal and Milk for All in Recipes" is one of the themes of the Seventh Annual Spring Cereal and Milk Festival sponsored jointly during April by the Cereal Institute and the American Dairy Association. All ages will enjoy this luscious Chocolate Peppermint Pie in a No-bake Cereal Crust. So quick and easy-to-make, this pie could be made by the most inexperienced cook. Simply follow the directions as outlined in the recipe.

Chocolate Peppermint Ice Cream Pie
In No-Bake Cereal Crust

2 tablespoons butter or margarine
1½ cups marshmallow creme
¼ teaspoon salt
3 cups sweetened corn flakes

1 pint chocolate ice cream
1 pint vanilla ice cream
½ cup chopped peppermint candy

Combine butter or margarine, marshmallow creme, and salt in large fry pan. Place over low heat. Stir constantly until mixture is smooth and hot. Add cereal; stir carefully until all cereal flakes are coated. Press mixture gently over sides and bottom of buttered 9-inch pan. Chill. Fill with a layer of chocolate ice cream, top with a layer of vanilla ice cream. Smooth top. Place in freezer to become firm. Garnish top with chopped peppermint stick candy. Yield: 1 9-inch pie.

Note: This ice cream pie can be served without freezing. Few foods, at such low cost, can equal the nutritional contribution of cereal and milk, whether served in a bowl or used as ingredients. Cereal and milk supplement each other in important nutrients. The nutrients that are in smaller amounts in milk, such as thiamine, niacin, and iron, are supplied in larger amounts by cereal and vice versa. For instance, cereal is low in calcium and riboflavin; milk supplies these in greater proportions. This is an outstanding example of nutritional supplementation.

CARD OF THANKS

I wish to express my sincere thanks to everyone who thought of me while I was in the hospital.
