Imagination  
Were it not for imagination, a man would be as happy in the arms of a chambermaid as of a duchess.

—SAMUEL JOHNSON (1709-1784)  
English critic

Imagination cannot make fools wise, but she can make the wise happy, to the envy of those in which she can only make its friends miserable. The one covers them with glory, the other with shame.

—BLAISE PASCAL (1623-1662)  
French philosopher

Wipe out imagination. Check desire. Extinguish appetite. Keep the ruling faculty in its own power.

—MARCUS AURELIUS (121-180)  
Roman emperor

"It is very probable that visions, enchantments, and all extraordinary effects of that nature, derive their credit principally from the power of imagination, working and making its chiefest impression upon vulgar and more easy souls, whose belief is so strangely imposed upon, as to think they see what they do not see."

—MICHEL DE MONTAIGNE (1533-1592)  
French essayist

## SEE THAT MAIL HAS COMPLETE ADDRESS

Although directory service for ordinary mail was discontinued by the Post Office Department ten years ago, letters continue to be received with the notation "Please Give Directory Service" or with illegible or incomplete address.

First class letter mail which cannot be delivered because of insufficient address, or which fails for other reasons to reach its intended destination, is carefully scrutinized at the address office by experienced distributors before it is returned. This does not mean, however, that city and telephone directories are searched in an effort to effect delivery.

Prior to the abolition of directory service, mailers were often not aware that they were addressing their mail improperly, as the post office was, in most cases, able to locate the addressee through the use of directories. As a result, patrons continued to address mail improperly and the post office continued to give expensive supplemental assistance. Now, however, mail addressed to carrier delivery offices which does not bear a complete street address or post office box number is usually marked "Insufficient Address" and returned. "The only exceptions," are those instances where the addressee is so well known that directory service is unnecessary.

Present regulations restrict directory service to perishable matter, parcels of obvious value, special services mail, mail from armed forces overseas, and international mail.

"If guess work is used in addressing mail intended for carrier delivery, it stands very little chance of accomplishing its mission. On the other hand, mail showing the full name of the addressee, the correct street address, or box number, and, of course, the city and state, has most of the basic equipment for reaching its goal."

Elizabeth H. Ronk, Postmaster.

Officers will escort the visitors to explain department operations and there will be a display of equipment.

"Visitors are always welcome at the post but 'Hospitality Day' offers a special opportunity to look us over," said Sgt. Ahlgrim. "They will see how the post functions and learn about the services we perform."

The open house programs at the posts during Michigan Week in past years have been very well received and have attracted thousands of visitors.

COUNTRY OF KOREA HAS STRANGE HISTORY

For a land of "Morning Calm", Korea has managed to incorporate a good deal of violence into her history.

Americans know the divided peninsula as the home of Heartbreak Ridge and Pork Chop Hill, landmarks in the Korean War,

and the demonstrations against recent elections won by Syngman Rhee's Liberal party.

But Korea has contributed more than a battleground to world affairs since 1122 B.C., when a Chinese exile founded the kingdom of Chosen, or "Morning Calm."

World Book Encyclopedia reports that the Koreans invented the first movable printing type made of metal, in the late 1300's. They built the first armored boats and used them to fight a Japanese invasion in 1592.

They taught the Japanese how to make the silk for which they became famous and passed on to them the Buddhist culture they had picked up from China.

Other early inventions credited to them include astronomical instruments, a mariner's compass and a suspension bridge.

Korea was given another name after 1598, when she drove out both the Japanese invaders and her own Chinese allies. Disillusioned with foreigners, she shut herself off from the rest of the world and for almost 300 years was known as "the Hermit Kingdom."

U - M DOCTOR'S DAY FOR PHYSICIANS SET FOR MAY 14

Michigan's six thousand physicians have been invited to attend "Doctor's Day" at the University of Michigan Medical Center May 14.

The day-long program will include a "five" surgery demonstration to be carried on the Medical Center's closed-circuit color television system.

Professional exhibits showing current work in research and clinical medicine, tours of medical facilities, clinical conferences and talks by staff members are included on the program.

Chairman of "Doctor's Day" is John R. G. Gosling, M.D., assistant professor of obstetrics and gynecology.

"Doctor's Day" is timed to precede the May 15 "Hospital Day" when the U - M invites the public to its annual medical open house. Many of the same exhibits will be on display both days.

FISHERMEN GET READY FOR "FIRST DAY"

In April, each day or so, small shipments of Lake Superior trout arrive in Flint from the shores of the Upper Peninsula. All winter long the fisherman has been getting ready for the "first day". They've repaired motors. All gear has to be in top shape to battle the ice fields. It's treacherous business guiding the small boats through the ice pack. Sometimes the lighter boats slide up on top of large cakes of ice. They really are stuck! Even the Coast Guard boats make slow progress through the ice when coming to the rescue.

The fishermen go out into the lake a long ways—one or two "hours" they call it. They drop their gill nets in water that may be three or four hundred feet deep. The nets ride about four feet off the bottom of the lake. The net of the "lucky" fisherman crosses the "swimways" or feeding grounds of the trout, says Josephine Lawyer, Consumer Marketing Information Agent for Oakland County.

MICHIGAN SET FOR ANNUAL INVASION OF PICNICKERS

It will soon be picnic time again and when it comes, the Michigan State Highway Department will have more than 4,000 picnic tables ready to serve travelers.

About 2,300 of them are placed at shady spots along the side of Michigan highways while the rest of them are located in the Highway Department's 111 roadside parks.

In addition, many Michigan counties have their own roadside parks and picnic tables, making Michigan one of the most accommodating states in the country from the picniker's standpoint.

The idea of placing picnic tables along the roadside originated in Michigan in 1929. The first tables were made from planks salvaged from wooden guardrails. They were soon replaced with the present type of table.

Ability to resist and overcome temptation is available to all mankind today. This is the theme of the Lesson-Sermon entitled "Adam and Fallen Man" which will be heard Sunday at Christian Science services.

The stirring account in Matthew (ch. 4) of how Christ Jesus met and mastered temptation will be featured in the Bible readings.

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include this (393:12): "Rise in the strength of Spirit to resist all that is unlike good. God has made man capable of this, and nothing can vitiate the ability and power divinely bestowed on man."

The Golden Text is from Matthew (26:41): "Watch and pray, that ye enter not into temptation."

## JUNIORS PLAY HOST TO SENIORS

by Cheryl Hipp  
 Mary Upward Joyce Galligan

The Juniors and Seniors attended their annual Junior-Senior Banquet at Clarkston High School on April 30, 1960. The cars began to arrive around six o'clock and by six-thirty all of the students, teachers, and honored guests were anxiously awaiting for the banquet to begin.

Bobo Christides looked exquisite in her beige sheath. Her date was Harold Weston. Sue Turek, escorted by Jim Gunter, was attired in a lovely black and white suit. Sally Moore had as her date for the exciting affair Fred Manning. Mary Robbins was very becomingly dressed in a powder blue costume. Cheryl Hipp looked lovely in her gold and white sheath. A pink and white checked dress that had an over skirt of white organdy was chosen by Sandy Asher for the banquet. Jane Zumbrennen's dress of black and white silk was eye catching.

Nancy Jennings looked elegant in her yellow full skirted dress. Her escort was Bob Parsons. Judy Martin was the date of Jim Manning. Judy looked lovely in her blue outfit. Pat Anthony, Gil Hellman, Georgia Merkel, Wayne Maynard, Bob Lawson and Marlene Payne were several of the couples seen seated in the senior section. Bill Bergman and Larry Landon had given their dates, Stella Chamberlain and Sandy Hollis, respectively, beautiful orchids for the occasion.

Mr. Ralph Thayer, toastmaster, introduced Reverend William J. Richards, who gave the invocation. At the conclusion of the meal, Mr. Thayer introduced Linda Chapman who gave the welcome in behalf of the Juniors. The senior response was given by Bob Porritt. Callie Douglas and Betsy Osgood presented the Class History, which started back when the seniors were beginning grade school and continued to the present.

Mr. Herb Stoutenberg from MSU-O was the guest speaker and he gave a very inspiring talk, "A Word With Young America". This was followed by the farewell given by Ron Walter.

The cafeteria was decorated with bells which carried out the theme of the banquet—"Echoes of the Past, Ring Bells of the Future."

The entertainment for the evening was a singing group composed of Dan Althouse, Willie Knox, Milton Frick, John Marsh and Marvin Frick.

## UNIVERSITY OF MICHIGAN TESTS

by Michele Beaumont

On April 21, twelve senior girls took a test given by University of Michigan in order to place girls in the U. of M. offices. The test consisted of a 5-minute typing test, and for those who know shorthand, an 80- for three minutes and a 100- for one minute. There was also a written test on which appeared, multiple choice questions, grammar, spelling, and a paragraph that they had to read and tell what statements were true or false. The girls are anxiously waiting for the test results.

## PETER PAN HAS SUCCESSFUL FLIGHT

by Sue Larkin  
 Linda Chapman

Wednesday, April 27, the Girls Glee Club of Clarkston High, under the direction of Miss Martha Jetter, presented the wonderful tale of Peter Pan to the public. Adults and children alike were swept away into that mystic place called "Never-Never Land." Martha Torr turned into the magical Peter Pan to the delight of everyone. Miss Torr kept the audience under her spell, with her singing and acting ability, throughout the entire performance. Mr. and Mrs. Darling, Blair Bullard and Barb Hagen, seemed to fit right into the type role they played. Carol Walter captured the audience in both her role as Nana the Dog and Snee the Pirate. The darling of the Darling family, Wendy, was skillfully played by Mary Hinkley. Her brothers, Michael and John, were played equally as well by Kathy Bird and Evonne Beni.

As the second act opened we found ourselves in Never-Never Land. Captain Hook, Betty Raby, entered the scene planning foul deeds in true Captain Hook fashion. As the play progressed through the songs and plots the audience seem captivated until the last strain of "I've Gotta Crow" rang through the gym. The girls who played pirates and lost boys were as follows: Mary Crosby, Susan Gallivan, Barbara Marsh, Edith McClard, Sandy Moble, Judy Powell, Terry Powell, Rosemary Richmond, June Woodall, Rose Amante, Blair Bullard, Pat Snyder, Karen Dennis, Barbara Hagen, Linda Hipp, Judy Lawless, Kathy Robinson, and Mary Saiz.

Congratulations are surely in order for the entire cast.

## ALBION, HERE WE COME

by Lucy Oakley

Saturday, April 30 was "meet the college day" at Albion Michigan College. Students from Clarkston attending the college that day were Richard Mansfield, Sharon Collick, and Lucy Oakley. All three of them are entering Albion this coming September.

Despite the wet weather the program for the day seemed to draw high school seniors from all over Michigan and out of state too, most of them planning to enter Albion in the fall. Registration began at 9:30 sharp and swim meets, campus tours, and track meets were scheduled for the morning. At 11:15 a.m. the young visitors and their parents filed in solemnly to Goodrich Chapel. This is one of the most outstanding buildings on campus and the center for many of the college activities.

The following hour was spent listening to speeches given by four high ranking students at the college and covering various phases of college life. Included in the program were welcoming speeches by the Dean and the President and several musical numbers by the band and a capella choir.

Following the convocation was a complimentary luncheon for all guests. That afternoon there were short plays and art exhibits.

All in all the day was complete and just enough to create excitement, anticipation, and high hopes in the hearts and minds of all the coming freshmen.

## QUILL AND SCROLL

The students who met all the requirements and were recommended by Mrs. Burnette, publications advisor at CHS were: Larry Blackett, Faye Burley, Linda Chapman, Bobo Christides, Stella Crosby, Joyce Galligan, Ron Jyleen, Carolyn Talmage, Sue Turek, and Dianna Williams. These students, plus their membership cards and pins, will receive a year's subscription to the Quill and Scroll Magazine.

## HEAD OF SCIENCE DEPARTMENT TO BE FILLED

by Cheryl Hipp  
 Callie Douglas

Mr. Mike Leonard, head of the Science Department left the teaching field to take a position with the Sun Oil Company. Mr. Leonard was the sponsor of the Sophomore class and they presented him with a pair of golf shoes as a going away gift.

His classes will be taken over by some of our teachers, gym classes will be taught by Mr. Jack Kelly, and Biology classes by Mr. Ralph Kenyon. The position of Head of the Science Department is still to be filled.

Everyone at CHS wishes Mr. Leonard good-luck in his new position.

## WE KEEP BUSY

April 26, the Y-Teens voted new members into the club. Due to the large number of girls applying for membership and since they all were so deserving, it was voted that the Y-Teens Constitution be revised allowing thirty-five members instead of the now thirty. The new members are: (Freshmen) Carol Walter, Lynn Ellsworth, Marlene Smith, Blair Bullard, Mary Hinkley, Janet Tisch, (Sophomores) Diane DeLongchamps, Janet Spangler, Paula Parker, Michele Kriehers, Barb Buzzell. (Juniors) Sally Moore, Linda Chapman, Nancee Elenbaum, Judy Booth, Rebecca DeLong, Donna Harris, Kay Derbyshire. New Officers are as follows: President, Mary Robbins; Vice-President, Diane Bogner; Secretary, Naomi Armstrong; Treasurer, Sandy Asher; Inter Club Council Representative, Sue Tur-ek.

The annual Y-Teens Tea was held at the home of Sue Turek, on Sunday, May 1. The members invited their mothers and as a token of their affection gave them beautiful red roses. Mrs. William Crisp, Vice-President of the Pontiac YWCA, also present as an honored guest.

Many of the girls in Y-Teens have been making regular weekly visits to the Pine Knob Nursing Home and last Tuesday was no exception. It seems so little time has to be given to cheer up these people who live alone. We sincerely hope we have past a few rays of sunshine on to them.

## COUNSELORS CORNER

"How Well Are You Doing?"

Mr. Terry Thomas

The 59-60 school year is rapidly drawing to a close. There are only twenty-five days of school left before summer vacation begins.

It is always wise to evaluate oneself upon completion of a semester of school. It provides one with a proper sense of direction and renews the emphasis on individual improvement which a student may begin the school year with.

Everyone should ask himself this question, "What have I accomplished during the past semester? Have I spent the amount of time on my studies as I had planned to do? Did I join a few activities and do very poorly in some of these?" Remember, beginning this year all of you who are involved in extra-curricular activities are being rated by the sponsor of the organization. This record becomes part of your permanent school record.

You still have twenty-five days to raise your school grades and improve your extra-curricular rating. The following is a sample of the rating sheet which you will have placed in your school records:

## FROM THE GUN TO THE TAPE

by Larry Blackett

This week the track article is on the Relays. The 880 yard relay is 1/4 mile and the Medley relay is 3/4 of a mile.

All track events are run on a 1/4 mile track. The 880 relay is composed of 4 men each running 1/2 lap or 220 yards. A relay is exactly what it sounds. You relay a baton to your team mate. This is done in a 20 yard exchange. If a runner drops the baton in the 20 yard exchange, either runner can pick it up and it is still a legal exchange. If the baton is dropped outside the exchange, only the runner who dropped it can retrieve it. The State Class B record for the 880 yard relay is 1:31 set in 1956 by a team in Inkster. The school record is held by Thompson, Carmean, Warman and Turek. It was 1:36.4 set in 1954.

The medley relay is run on a 3/4 mile distance. The first runner runs a 440 or 1 full lap. The next runner runs a 220 (1/2 lap) and the third a 220 and the last, or anchor man, runs a 440. The state record for the Medley is 2:31.9 held by Utica, set in 1958. The school record is held by Porritt, Powell, White and Caverly. It is 2:35.8 set in 1959.

## ELECTRON MICROSCOPE TAKES PRIZE

by Paulette Kimball

Bill Bergman, who entered his "Electron Microscope" in the 1960 Metropolitan Detroit Science Fair, has received the honor of having been awarded one of the two \$35.00 prizes offered by the Michigan Heart Association for high school students participating in the affair so they might be stimulated into fields of scientific research.

They commended Bill upon the start he has made in the "Scientific activity" which led to his exhibit and complimented him upon the way he carried through in the "clear and thorough display". They stated their hope that he might be able to attend the "Michigan Heart Day" and display his project. Although the occasion will be planned for sometime next February, the date and location have not been decided.

**OPEN HOUSE**  
AT MSU-O

Michigan State University Oakland will have a series of five open houses from 2 to 5 p. m. every Sunday in May. Chancellor D. B. Varner announced the series because with the coming pleasant weather many people have been driving out to see the nation's newest university on Walton Blvd. at Squirrel Road between Rochester and Pontiac. MSUO is located on the 1600 acre estate donated by Mr. and Mrs. Alfred G. Wilson.

Staff and faculty members will be available as guides and to answer questions. Descriptive material on the university will also be available.

From where I sit... by Joe Marsh

**More Than Color Blind When It Comes to "Red"**

"Red" Dolan has been going to painting class at night at the high school. They had an exhibition and we all went to see what Red had done.

Red's painting was one of the most beautiful there. We stared at it for the longest time, then all agreed it was a painting of a field close to town, and that it showed a woman in the distance who looked a lot like Red's wife. We congratulated our artist on his work. Red smiled, thanked us all, and was quite happy.

When he left, Slim Johnson noticed the title card by the painting. It read: "Storm Scene on The Lake" by Red Dolan.

From where I sit, there are often occasions when we don't see what we're really supposed to see. Why sometimes we can't even recognize intolerance when it comes along. For instance, if you berudde me the right to an occasional glass of beer, that's as intolerant as if I denied you a glass of iced tea. Why don't we step back and take another look at intolerance and see if for what it is?

Joe Marsh
