ACTIVITIES FOR MAY

Campbell - Richmond Post, No. 63, American Legion has a busy month ahead. There will be a combination dance and poppy committee meeting on Wednesday the 18th. Poppy sales will be held on the 19th, 20th and 21st. Our Building Fund Dance will be held on Saturday, May 21st, at Groveland Grange Hall. There will be flag displays and of course preparations are being made for Memorial Day services.

First, we would like to give some facts about our Poppy Sales. The supervision and making of memorial poppies, which are worn throughout the nation on Poppy Days in tribute to the war dead, is one of most important American Legion activities.

The poppies are made by disabled veterans of all wars, working in veterans hospitals and in convalescent workshops maintained by American Legion Auxiliaries in every part of the country. The work is beneficial to the veterans both because of the money they earn and because of the occupational therapy that the work provides. More than 8,900 disabled vets were given employment in the 1959 program, when approximately 22,000,000 poppies were made.

On Poppy Day, observed this year on May 19, 20 and 21st, workers from Legion Posts, Auxiliary units and women's organizations, all unpaid, distribute the poppies of streets of cities and towns throughout the nation. There were approximately 50,000 workers last year.

Contributions received for the poppies go entirely to the Rehabilitation and Child Welfare Funds of the American Legion and Auxiliary, forming the major source of financial support for these vast activities. The bulk of the money stays in our Post for use in local rehabilitation and relief work during the following year.

To "honor the war dead and aid wars living victims" is the purpose of the poppy program. This year's theme is: "Time to Remember 1917 - 1941 - 1950, and we are asking that you remember us on May 19, 20, 21 of 1960. All donations for poppies are purely voluntary. Any one, whether a veteran or not, wishing to donate a little time selling poppies for a good cause, your help would surely be appreciated.

I would like to remind members and the public that tickets to our dance on May 21st may be obtained from Ronk's Barber Shop or any Legion member.

Post Commander

LAKELAND PLAYERS PRESENT BELL, BOOK AND CANDLE

Lakeland Players third production is scheduled for May 12 and 13 in the Cray Junior High School, 501 N. Cass Lake Road. The play to be presented is "Bell, Book and Candle", a comedy written by John Van Druten.

In this amusing and sometimes mysterious story the author assumes that a few modern people can cast spells and perform feats of supernaturalism. Gillian Holroyd of the Murray Hill district in New York City, cast a spell over an unattached publisher, partly to keep him away from a rival and partly because she is attracted to him. He falls head over heels in love with her at once, and wants to marry her. But witches, unfortunately, cannot fall in love, and this minute imperfection leads into a number of difficulties.

Attend the play and see how the story ends. You know that van Druten's plays are always interesting. He wrote the ever popular "Voice of the Turtle"; "I Remember Mama" and "I Am a Camera".

The cast for "Bell, Book and Candle" includes Shirley Long, Duke Chaffee, Dorothy McArthur, Jimmy Starnes and Bill Solley. Tickets are reasonable and are available at the door the nights of the play.

FIRST METHODIST HAS QUARTERLY CONFERENCE

Dr. Milton S. Bank, pastor of First Methodist Church, Pontiac, presided at the annual business meeting of First Methodist Church, Clarkston last week. Such a meeting is termed The Quarterly Conference, and enjoyed one of the largest turnouts of church officers in the last few years.

Mr. Everett Butters was again elected Lay Leader of the church, however, the Department of Religious Education had a complete turnover in executive personnel. Succeeding Mr. Stanley White in the General Superintendency of the Church School is Mr. William Kratt. Co-worker with him is Superintendent of Church School Enrollment Mr. Royce Hyatt. Administrative head of The Commission on Christian Education is Mrs. Edgar Collick who succeeds Mrs. Richards. Mr. White, in giving his closing report stated that the church school of the church has now grown to nearly 600 pupils led by over 80 officers and teachers. He indicated this growth by mentioning the Nursery Department under the leadership of Nursery Superintendent Mrs. Curtis Bishop who has 16 ladies conducting 7 nurseries every Sunday morning with the help of 14 Girl Scouts.

Reverend William J. Richards, the pastor, along with Mr. Percy Lowery, Membership Chairman, reported that 82 new members had been received into the church during the last year with over 300 registered on the Preparatory Membership Roll. Reverend Richards made 1354 pastoral calls during the year spending two afternoons a week in the hospitals and homes of shut-ins. He conducted 23 funerals and officiated at 31 marriages. 72 baptisms were held in the church. In the program of the church covering the Michigan Area, The Detroit Conference, Reverend Richards serves on the Board of Ministerial Training and The Board of Finance of the church. Through the reports of the ushers it was noted that Sunday morning church attendance was up over a year ago.

Other officers and leaders of the church organizations also reported a like growth. The church reports full use of its three buildings with weekday activities involving over 400 children in Boy Scouts, Girl Scouts, Choirs, and Youth Fellowships. Wesley Hall is the scene of many activities for early elementary children, Epworth Hall for later elementary children, and the church for youth.

Three new members were elected to The Board of Trustees, Mr. Fred Warrick, Mr. Everett Butters, and Mr. Richard Huttenlocher. Twenty-one new people were admitted to the administrative body of the church, The Board of Stewards: Mr. John DeLind, Mr. Clyde Beattie; Mr. Earl Hawke, Mrs. Ed Collick, Mr. Glenn Ellerthorpe, Mr. Ralph Thayer, Mr. Charles White, Mr. Keith Leak, Mrs. N. DANCE CLUB HAS GUEST NIGHT

The first Saturday Night Dance Club held its annual "Guest Night" Saturday, May 7 in the High School Cafeteria. The theme for the evening was "The Streets of Paris".

The guests were greeted on a tree-lined street amid art work still standing on easels, and artists, in turtle-necked sweaters and French tams, engrossed in their painting. Going on down the street, they passed a lighted model of the Eiffel Tower, a news post and a flower cart. The light from a street lamp glimmered through the leaves of a tree to a park bench.

On arriving at the Champs Elysees, which is the Fifth Avenue of Paris, they beheld the dazzling sight of blinking lights over the night clubs, and the bright neon tubing of the cafe and shop signs, and the street lights down both sides of the tree-lined avenue. Strolling down one side, the guests window shopped for beach wear at Les Modes La Cote d'Azur; beautiful hats from Mlle Chapeaux; French perfumes from Louise Parfum and exciting gifts from La Boutique. Awnings striped in lavender and aqua covered them all.

Looking toward the north from here, guests could see through the lavender night all the way up the Champs Elysees with its colorful awnings and sidewalk cafes to L'Arc de Triomphe. When the darkness really descended, the discerning eye could see the headlights of autos in the distance.

On the east side of the street was the Pink Poodle Night Club. Here an orchestra played on a balcony, with a wrought iron rail and tall pillars. Overhead was a Paris pink awning with deep white fringe. Art work on the walls depicted the adjoining buildings with flower shop, church and fountain. Through the doors on either side of the balcony, one could enter the foyer of the Pink Poodle to lounge and rest a bit. Here a gorgeous blond in a short "short skirt" with a pink poodle on a leash and a cocktail glass in hand toasted those who came to the fountain for a drink (aqua of course).

Back on the street again, the sidewalk cafe tables were overflowing into the street to accommodate the record breaking crowd. Each table was centered with lavender candles, glowing in a bed of deep purple pansies.

Pink poodles marked the places of la femme and pink hydrants showed the messieurs where to sit.

An immense lavender umbrella with fluttering white fringe topped an open-air buffet table which was a petaled circle like a three-leaf clover. This was skirted to the floor with a white flounce, and beautiful with pink flowers and candelabra. Here the early guests found hors-d'oeuvres on which to nibble until all the guests had arrived and dinner was served. On another white organically skirted table under the trees, was such an assortment of delectable French pastries that it was hard to choose.

While the patrons ate, the hosts and French hostesses, with foot-long cigarette holders, circulated among their guests. A la jeune fille accordionist strolled through the street and spontaneous singing broke out wherever she went adding more merriment to an already merry crowd—then to top it all, the fellow in top hat and tails who had been leaning on a street light with his poodle when the guests arrived, apparently came "to" and made his way through the crowd on the Champs Elysees with a real pink poodle.

Then, dinner over, the tables were whisked inside—the mellowness of the music poured into

ROTARY HEARS NOVEL TALK

The regular meeting of the Clarkston Rotary Club, held last Monday was novel and interesting. It was novel because everyone received a box of cigars (4) in different popular sizes. He was secured by Keith Hallman through Jim Hollinger, the local representative.

RESIDENTS OF DRAYTON HELP ELECT SUFFRAGAN BISHOP

Four of the local residents of Drayton Plains had part in one of the historic occasions of the Episcopal Church, in this Diocese, when they took part in the election of the Reverend Robert L. DeWitt, rector of Christ Church Cranbrook, Bloomfield Hills, as Suffragan Bishop of the Diocese of Michigan.

Mr. and Mrs. H. S. Richardson, 3444 Meinrad St., and Mrs. Waldo R. Hunt of Rowley Road, attended the meeting. They were accompanied by Mr. C. E. Granfors and the Reverend W. R. Hunt, Rector of St. Andrew's Episcopal Church.

The special convention was held at St. John's Episcopal Church, Vernor and Woodward Ave., Detroit, on Friday, May 6.

The day began with an 8:00 a. m. service of Holy Communion, with the Bishop Richard S. Emrich and Bishop A. H. Crowley as celebrants, assisted by Reverend Canon I. C. Johnson and Reverend J. O. Hart of St. John's Church.

The delegates reported the Reverend DeWitt was elected only after the most exciting election balloting. Two leading nominees, in addition to the Bishop-elect DeWitt, were the Venerable Charles D. Braidwood, Archdeacon of the Diocese in charge of 60 churches in the district north of Flint, and the Reverend John M. Burgess, Archdeacon of the archdiocese of Boston, in the Diocese of Massachusetts.

Archdeacon Burgess has been chaplain of one of the largest schools in the country, Howard University, of Washington, D. C., and has held many outstanding positions in the Episcopal Church. A Negro, had Reverend Burgess been elected, he would have been the first negro bishop in the Episcopal Church in the United States.

It took nine ballots, lasting from 10 a. m. until 9:30 p. m. before the result was finally decided. On several ballots, Archdeacon Burgess had the majority of the clergy's 186 ballots, but not of the 323 lay-delegates. After Archdeacon Braidwood withdrew

the night. In the soft glow of the street lights and the merry blinking of city lights, the guests danced on for even a few more numbers after "Good Night Ladies".

It surely was a night to remember in Gay Paree.

FIRST CHURCH OF CHRIST SCIENTIST

Oxford, Michigan Sunday School 11:00 A. M. Sunday Service 11:00 A. M.

Why spiritualization of thought is essential to the peace and progress of mankind will be explained at Christian Science services Sunday.

Keynoting the Lesson-Sermon on the subject "Mortals and Immortals" is the Golden Text from Romans (8:6): "To be carnally minded is death; but to be spiritually minded is life and peace."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this will be read (256:7-5): "Progress takes off human shackles. The finite must yield to the infinite. Advancing to a higher plane of action, thought rises from the material sense to the spiritual, from the scholastic to the inspirational, and from the mortal to the immortal."

One of the opening Bible passages to be read states (Ps. 37:37): "Mark the perfect man, and behold the upright: for the end of that man is peace."

Bad Women

"Tis clear how great a curse a woman is. The very father that begot and nurtured her, to rid him of the mischief, gives her a dowry and packs her off, while the husband who takes the noxious weed into his home fondly decks his sorry idol in fine raiment and tricks her out in robes, squandering by degrees his house's wealth." -EURIPIDES (c. 480-406 B.C.) Greek dramatist

O, what a mansion have those vices got Which, for their habitation chose out thee, Where beauty's veil doth cover every blot, And all things turn to fair that eyes can see!

-SHAKESPEARE (1564-1616)

The elegance of dress, of motion, and of manners gives a lustre to beauty, and inflames the senses through the imagination. Luxurious entertainments, midnight dances, and licentious spectacles present at once temptations and opportunity to female frailty.

-EDWARD GIBSON (1737-1794) English historian

A shifting changeful thing was women ever.

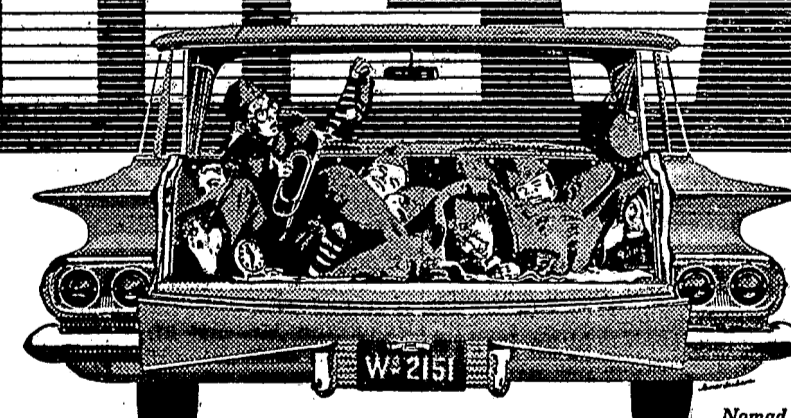

-VIRGIL (70-19 B.C.) Roman poet

"My wife's mother is staying with us, and yesterday she tripped while getting off a bus and sprained her ankle. Will my auto extended medical payments insurance cover the cost of her treatment?"

BURNING THE MIDNIGHT OIL

by N. E. Masters

If that light next door was on all night, or that typewriter click clacking into the wee hours of morning, you are probably living next door to a Junior or Senior, or are the parent of one. Gary Allen, just one example, didn't get any sleep at all during the night of Sunday the first and morning of Monday the second. He was learning about T. S. Eliot and writing about him.

Such are the consequences of term papers put off until the last minute—which in most occasions, is the case.

The teacher this time was Mr. Glenn Karseboom; the oil burners, his Junior and Senior English classes. The term papers, due Monday, May 2, were the second required from the Seniors and first from the Juniors by Mr. Karseboom this year. Last semester, Senior term papers were primarily limited to English Literature; this time they could be on almost any topic; but those on English Literature will be receiving extra credit.

Junior term papers could be written on any approved topic. Representative of the papers handed in on Monday were "The Philosophy of the Christian Religion" by Frank Strother, "Frank Lloyd Wright" by Stella Chamberlain, a paper on railroads by Sam Miller, and one on Ernest Hemingway by Mary Upward.

FUTURE PLANS FOR A SPIRITED CLUB

by Jane Zumbunnen

The election of new officers for the Pep Club last Wednesday found Jane Zumbunnen re-elected for president and Kay Derbyshire as Secretary again. As vice-president Ron Jyleen will be a very capable one. To handle our money situation is Blair Bullard for treasurer.

The members of the club also voted on the issue of "helping send the cheerleaders to camp". To do this, the Pep Club donates a certain amount of their money. The vote was unanimously in favor of helping them.

MAJORETTES CHOSEN

by Janet Tisch

Majorette tryouts were held at Clarkston High on May 5th and 6th, for all interested girls. The girls were judged on such things as poise, accuracy and routine. Faye Jenks, Shirley Beach, Kay Kath, Emily Harrison, Judy Fife, and Sue Jackson were elected to be the coming years majorettes.

YOU BE THE UMPIRE

by Rocky Bullard

8. It is the last of the 7th inning with 2 out and the score tied. There is a runner on 2nd. The pitcher is wild, it passes the catcher and goes through the screen. The runner stops at 3rd. The umpire gives pitcher a new ball while he is standing near (but not on) the plate. The batter steps into the batters box and the catcher walks out to talk to the pitcher. The runner steals home.

9. Bases are full. The batter hits a long fly to center. The left and center fielders collide in trying to make the catch and both are injured. All runners cross home plate. Captain requests time to prevent the last two runs from scoring.

Rulings:
 8. The ball became dead when it went through the screen and remains dead until held by the pitcher on his plate and Umpire calls play.

9. Ball does not become dead when a player is injured during a batted or thrown ball. The umpire shall not call time until no further play is possible. All four runs score.

STUDENTS PLACE HIGH AT REGIONAL CONTEST

Wednesday, May 4 six of our C. H. S. students won top honors at the Regional Forensics meet at Milford. John Kieft won a banner for placing first in extempore speaking. Frank Strother placed second in extempore speaking; Janet Tisch won second place for declamation while Diane Moller placed third in humorous reading. In original oratory Paulette Etter placed second and Linda Chapman third.

This year the forensics team under the direction of Miss Lorna Wildon has done exceptionally well.

TRIP TO NEW SCHOOL PLANNED

by N. E. Masters

Wednesday morning, May 4th, a Senior class meeting was held in the school gym. Bob Porritt, Senior class vice-president, called the meeting to order.

Mr. S. F. Goedde, the Clarkston High School Principal, commented on the fact that he'd been approached by several Seniors on the question of whether they'd be able to see the new school. Plans have been made to conduct groups of 25 to 30 students on a tour through the new school on Tuesday, May 31.

An invitation has been extended to all graduating Seniors to attend an open house to be held at the Community Center from about 10:30 to 1:00 on the night of graduation. This gala affair, complete with disc jockey, games and refreshments, is being presented by parents and citizens living in and about Clarkston.

Since this will probably be the only time the entire Senior class of 1960 will be so wholly together again, planners are trying to obtain an 8 mm projector to show all 8 mm films taken on the Senior Trip.

Bill Powell also won the 220-Yard Dash and Larry Blackett took a first in the 880-Yard Run.

HONOR SOCIETY TO INITIATE NEW MEMBERS

by N. E. Masters

For a second time this year CHS Chapter of the National Honor Society will present an assembly before the high school student body for the purpose of initiating new members into the society.

New members are judged and chosen for their high attainments in leadership, character, scholarship and service.

The spring-term assembly will be presented on May 17, and both Juniors and Seniors are eligible for membership.

BEAUTY WHERE IT COUNTS

When you meet a person, what is the first thing you look at? Their face of course. Naturally a pleasant appearing face will make you attractive to others and most girls want to look attractive, especially to the opposite sex.

Merle Norman is an expert on facial beauty. The Future Teachers were interested in what tips the Merle Norman Cosmetic Studio has to offer to young girls, especially those with complexion problems. Wednesday, May 4, Eve Wethington, a representative from Merle Norman Studio, gave an interesting lecture on facial care, and how to use make-up. Sue Fulton volunteered to be the model for Miss Wethington. She walked away with a brand new face.

As the meeting drew to a close, new officers were elected and they are as follows: President, Joyce Galligan; Vice-President, Jean Powell; Secretary, Sue Fulton, and Diane Delongchamp. Congratulations girls and good luck for an active and prosperous year next year in the Future Teachers Association.

FROM THE GUN TO THE TAPE

by Larry Blackett

This week from the Gun to the Tape will give you a basic idea of what the Shot Put is. This is part of the field events which are going on before and during the races.

The Shot Put is a steal or brass ball weighing exactly 12 pounds. (16 for college). The putting circle is 7 feet in diameter and 4 feet of the circumference shall be a white toebord 4 1/2 inches wide and 4 inches in height.

The shot is put from the shoulder with the hand. If stepping out of the 7 foot circle is a foul. You have 3 tries for best put.

The school record for the shot is held by Bullen and was set in 1953. It is 48' 4 3/4". The state record is 54' 9 1/2" set by Earl Glenn of Belleville in 1953.

PANEL PICKS CHEERLEADERS

by Susan Turek

Cheerleading tryouts were quite different this year. Other years the girls have tried out in front of the student body; but this year a selected panel chose them. This panel consisted of faculty members; Mrs. Doris Wilkinson, Mrs. Ron Schebor, Mr. Tom Taylor, Mr. Dom Mauti; Senior Cheerleaders: Shanna Stewart, Purdy Hutchins, Sheila Goins, Dave Gresham, Rocky Bullard, Jess Rogers, and Danny Craven, who were chosen by their class sponsors. They rated the girls on such qualities as neatness, appearance, poise and agility.

Out of eighteen 8th and 9th grade girls the following were chosen as J. V. cheerleaders; Marty Madison, Carol Walter, Mary Bates, Vicki Burley, Joan Mansfield, Nancy Stanquits.

Jane Zumbunnen, Bobo Christides, Susie Martin, Carolyn Ruggles, Janet Spangler, and Sharon Gotschall were the six chosen out of the twelve 10th and 11th grade girls for next year's Varsity cheerleaders.

LOCAL H. S. GRADUATE RECEIVES U of M SCHOLARSHIP

Students in 375 state high schools will receive 640 Regents-Alumni Scholarships to The University of Michigan, Dean of Men Walter B. Rea, chairman of the Committee on University Scholarships announced Wednesday, May 11.

Last year, 513 seniors in 338 accredited high schools won the awards.

For the first time, the amount of the stipend will vary according to the financial needs of winners, ranging from an honorary \$50 entrance award to a \$500 a year grant. However, most of the scholarships will be granted for undergraduate freshman year fees.

The scholarships formerly were awarded to cover semester fees only. They are renewable for a normal-length degree program if the student's academic record

JUSTIFIES IT

Each accredited high school is entitled to at least one Regents-Alumni Scholarship if a qualified senior applies. This year, there were 1,615 applicants.

In addition to school awards, a number of scholarships are granted at large on the basis of a state-wide competitive comparison of qualified applicants from all participating schools.

There is no limit on the number of applicants or awards for any one school.

Mary F. Brewer of 5785 Clarkston Road, a June graduate of Clarkston High School received a scholarship to the College of Literature, Science and the Arts.

MSU ANNOUNCES SCHOLARSHIP WINNERS

Trustees scholarship winners for the 1960-61 school year have been announced by Michigan State University.

The scholarships cover tuition at Michigan State for one year and are renewable for a total of four years, provided the student maintains a satisfactory grade level as prescribed by the university's scholarship committee.

The awards are made on the basis of academic achievement and leadership ability.

Sally M. Taylor of Clarkston is one of the scholarship winners.

why there's no heat like ELECTRIC HEAT

EVERY ROOM HAS ITS OWN THERMOSTAT TO HOLD ITS OWN BEST TEMPERATURE. The ideal temperature will vary according to personal taste, the use of a room and its exposure to wind or sun. Dial that temperature, and electric heat keeps you perfectly comfortable. Here's uniform heat—warmth that seldom varies more than two or three degrees in any part of the room, even between floor and ceiling. And should conditions change, you can quickly warm up one room without overheating others. Built-in electric heat may cost more but it's worth every penny in solid comfort. And when you heat your home electrically, Edison's Budget Billing Plan equalizes heating costs over the year.

IDEAL WHEN MODERNIZING OR ADDING SPACE. Electric heating units can be built in where you want them, where they will be most efficient. Installation is simple since there's no need for connections with any existing heating system.

CHOOSE FROM SEVERAL TYPES TO MATCH YOUR NEEDS PRECISELY. Built-in electric heat systems may be baseboards; forced air units or radiant panels set in walls; cable embedded in ceilings.

NEW MARCH OF DIMES ANNOUNCES DRIVE RESULTS

The 1960 New March of Dimes raised \$1,503.03 in Independence Township, according to Mrs. Everett Dennis, chairman.

This figure contributed to a highly successful county-wide campaign which raised \$116,501 to finance the operation of the Oakland County Chapter of the National Foundation for 1960.

The Foundation still provides treatment and equipment for more than 250 polio victims in Oakland County, and finances education and research in polio-fighting programs as well as the new targets of the campaign, arthritis and birth defects.

The campaign report was made at the annual meeting of the chapter.

Mrs. Dennis announced that the traditional Mothers' March raised nearly \$2,000 more in the county than it raised in 1959. However, due to a fall-off in corporate contributions and funds raised through special events, the campaign total was \$1,700 less than in 1959.

'However,' said Mrs. Dennis, 'there can be no doubt about the success of the campaign. The increase in individual contributions which saw our mothers collect \$73,116 this year against \$71,393 in 1959 is very heartening. The Mothers' March is the heart of the New March of Dimes and its wider, warmer acceptance this year makes our campaign a good one.'

'Our executive committee joins with the entire county and especially our patients in congratulating the thousands of mothers who once again have proven their genuine love of their neighbors.'

Mrs. Dennis pointed to another area of the campaign where 'promising increases were noted.' This, she said, was in the teenage program which raised \$2,693, or nearly double the \$1,389 raised in 1959.

'When the mothers, the homeowners and the youngsters of Oakland County increase their interest in the New March of Dimes and their support of our program,' said Mrs. Dennis, 'certainly we can look forward to healthy growth and expanded service in this chapter.'

More Red Carpet, Less Red Tape and Just One Jet to the Soviet

U.S.S.R. vacations assume new plausibility as Russia cuts costs and relaxes restrictions to attract more American travel. For instance, the most recent parting of the Iron Curtain allows SABENA Belgian World Airlines to bring her giant Boeing 'Intercontinental' jets right on in. This exclusive grant has made possible SABENA's new one-plane thru-jet run from New York to Moscow which puts passengers on the scene in only nine and three-quarter plush, uncomplicated hours.

There are further indications that Russia's Welcome Mat is out. Faster action on visas has been effected, frontier formalities simplified, and, in vast contrast to the supervised sight-seeing of the past, the tourist is on his honor—and on his own.

Expenses of staying in Russia have dramatically decreased from an estimated average of \$30 per day to an estimated average of \$16 (room, bath, three meals, and transfer by car counted in). Hotels have conceded notably to western notions of comfort, menus offer wider range and hospitality beams more broadly as the Soviets (always genuinely anxious to show off their country) grow easy and proficient at playing host.

A choice of some fifty far-flung itineraries now are offered; tours allowing for special interests, as well as hitting historic highspots. The hunter, for instance, may put up in Yalta for \$22.50 a day including meals but must pay a fee on a scale of his bounty. The camper, traveling in his own car, sleeping in a tent, eating in a canteen, gets off as easily as \$3 a day.

Rest tours at the resorts of Crimea and Caucasus in high favour and vacation Russians are rated the most congenial of companions. A stay at swank semi-tropical Sochi averages \$8.75 daily

including meals and access to the beautiful Black Sea beaches, a bargain which would be hard to come by off-season in Miami.

For sheer stimulus, a sojourn in the U.S.S.R. is unrivalled. Here is a challenging outlook, a vigorous people, a way-of-life (incomprehensible to us) being made to work, and still the cultural heritage of the Czars glittering through. The places to go and sights to see are as indescribably vast and various as the nation itself.

An efficient domestic jet network now makes it feasible for the traveller to cover tremendous terrain in a limited stay. He may gasp at the ancient art treasures of Leningrad (Tolstoy's St. Petersburg) saunter through storied Kiev, witness Moscow's Bolshoi Ballet and fabulous Georgian circus, shop the exotic Tashkent bazaars, sample the spas of the Russian Riviera and still have time to idle down the Volga-Don by boat—in a total two weeks.

In 1959 alone, some 15,000 Americans sallied forth to the Soviet on trips of combined enlightenment and enjoyment. With this year's improvements in transport, accommodations, rates and courtesies, SABENA authorities confidently look for that number to double.

A new film on rescue breathing will be shown and latest water safety patrol craft and especially equipped emergency trailer will be displayed.

Highlight of the program will be a demonstration of equipment by the Seif Contained Underwater Breathing Apparatus (SCUBA) team from the Sheriff's Office.

A conducted tour of the Michigan Bell central office building at 3059 Sashabaw Road also is

Purpose of the program is to promote water safety.

scheduled. The program is open to employees from Drayton Plains, Commerce, Auburn Heights, Rochester, Oxford, Lake Orion, Walled Lake and Clarkston.

The Lie

To lie to your enemy has rarely been thought a sin, as the history of modern diplomacy too plainly shows.

—CHARLES DARWIN (1809-1882) English naturalist

Rostov was a truthful young man and would on no account have told a deliberate lie. He began his story meaning to tell everything just as it happened, but imperceptibly, involuntarily, and inevitably he lapsed into falsehood. . . . It is very difficult to tell the truth, and young people are rarely capable of it.

—LEO TOLSTOY (1828-1910) Russian novelist

The public weal requires that men should betray, and lie, and massacre.

—MONTAIGNE (1533-1592) French essayist

Everyone admits how praiseworthy it is in a prince to keep faith, and to live with integrity and not with craft. Nevertheless our experience has been that those princes who have done great things have held good faith of little account and have known how to circumvent the intellect of men by craft and in the end have overcome those who have relied on their word.

—MACHIAVELLI (1469-1527) Italian political philosopher

From where I sit... by Joe Marsh

Tune-in on the Pastime?

The electronic age continues to amaze me. Just read in a farm journal that cows can now be wired for sound... so that you can tell if they've been overeating!

Seems that before you turn a cow out to pasture, you can feed her a small transmitter powered by a flashlight battery.

Then all you do is sit comfortably at home and wait for a signal to show up on a recorder. Soon as you get a "bleep," you go out and fetch

"Bossie"—that signal means she's had enough.

From where I sit, I'd need a lot of "proving" before I would buy an idea like this one. But I'll listen! A closed mind on any subject—even to whether a cup of tea or a glass of beer is the best "refresher"—is not a tolerant mind. The American way is to never "short-circuit" what the other fellow has to say.

Joe Marsh

after the sixth ballot, an apparent failure of Archdeacon Burgess to gather enough lay votes, enough of the clergy swung their votes to Reverend DeWitt, so that on the ninth ballot, he had a clear majority of the clergy and lay votes.

Elections of Bishops, who according to the belief of the Episcopal and Orthodox churches are consecrated in due succession from the time of the Apostles, themselves, is one of the great privileges, which is guarded well in the Episcopal practice.

Announcement of consecration ceremonies will be made at a later date.
