The Parish agreed at that time to adopt a new name, St. Andrew's Episcopal Church, and in March, 1953, after the men and women from the Mission had responded by pitching in to do all manner of work, the new Parish was able to move into their 'second home." At this home, a most adequate place was provided for Parish Church School study and Parish activity, and due to the great amount of Parochial interest and continuing growth of people in this section. by September, 1956, the congregation was ready for its third move

In May, 1956, work had begun, on a new building at 5301 Hatchery Rd., Drayton Plains. This was to be a first unit of a permanent Parish home. The new building, not being quite ready, the congregation moved into Pontiac Lake School for nine weeks, until November 11, 1956, when they moved into their fine new unit on Hatchery Rd.

Since that time, they have been plessed with steady growth and have also been working toward the point in the not far distant future, when their property will be free and clear, and they will be able to begin on active plans for a proper church building There are approximately 270 families in the congregation, and during the past year, 1959-60, an outstanding event has been the purchase of a small Fouser pipe organ, which has received considerable acclaim from church musicians as well as the congregation.
